Make Money and Live BetterThe Side Hustle is for people who want or need to earn some extra money outside of their day jobs. Maybe you need a few extra dollars to make ends meet. Maybe you want to pay off debt. Maybe you want to save for a rainy day or for your children's education. Maybe you just want to treat yourself to a nice vacation or a new car without feeling guilty about it. Maybe you're looking for a way out of the corporate world, an escape plan. That's the ultimate financial freedom, right? That's how I got started down this entrepreneurial path, and it's the best choice I ever made. You're willing to work for it because your future is worth working for. But your time is limited, and you may not know where to start. There are a million and one ways to "make money online" and everyone wants to sell you their "proven system for Internet riches." It's hard to tell what's a scam and what's legit. Real-World ExamplesThis book offers real-world examples of how regular people just like you and me are earning side hustle income outside of traditional employment. Many have even turned these part-time ventures into full-time businesses, throwing off the shackles of their corporate overlords for good. (If you're a fan of Chris Guillebeau, Pat Flynn, or Tim Ferriss, you'll love this!) Why Side Hustle? > Build Skills Build Security Build Income Build Freedom My StoryAfter college, I did what you're supposed to do: I got a job. The problem was almost immediately I found myself looking for a way out. It wasn't that I hated the work or my coworkers, but it just wasn't what I wanted to do with my life. The thought of spending my next 30 years there was terrifying. So evenings and weekends I turned my attention online. I'd been dabbling with building rudimentary websites, learning online advertising channels, and even running my own small marketing campaigns for other companies' products to test the waters. And that's what The Side Hustle is about-finding a low-risk way make more money. Most entrepreneurship books assume you have limitless time and limitless startup capital, but I know from talking to thousands of side hustlers, that's simply not the reality. I started small and lean, but steadily built up my side hustle until I could say good-bye to corporate work. You can do it, too. I'll show you how. What's Inside? If you're looking for a get-rich-quick-scheme or the secret to overnight success, you won't find it here. But what you will find are the "Big 3" side hustle business models you can take action on right away. businesses work, how they make money, and most importantly, how you can replicate their success. Rich Dad, Poor Dad - Robert T. Kiyosaki 2016-04-27

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

Creating a Cash Cow in Kenya - Nat Robinson 2015-12-24

"What started as an eight-month assignment turned into a six-year adventure and the creation of a social business to help Kenya's farmers lift themselves out of poverty. The social business, Juhudi Kilimo, provides microloans to enable smallholder farmers to buy productive assets, such as cows, tools and so on. Since its foundation in 2009, Juhudi Kilimo has provided over 50,000 loans worth \$30 million and financed the purchase of 23,100 cows by some of Kenya's poorest farmers. In its six years Juhudi managed to rack up an impressive list of international investors The Rockefeller Foundation, The Ford Foundation, Acumen Fund, Soros Economic Development Fund, Grameen Foundation, Deutsche Bank and Kiva.org. The company also won a Charles Schwab Social Entrepreneur of the Year Award and part of CIO Magazine's top 100 list. The challenges faced by the company in its early years reveal a dark underbelly of investor greed, corruption and the deep multicultural misunderstandings that can lead to conflicts. The company was driven by a young entrepreneur from the US, who admits he had no idea what he was doing but learned along the way. The lessons he presents here can help guide those starting new ventures or trying to defy the odds with a new social business in East Africa. The business stories are intertwined with his adventures, racing camels, running from rhinos and much more."--Summary from Amazon.

Military Recruiting in the United States - Pat Elder 2016-12-08

Military Recruiting in the United States provides a fearless and penetrating description of the deceptive practices of the U.S. military as it recruits American youth into the armed forces. Long-time antiwar activist Pat Elder exposes the underworld of American military recruiting in this explosive and consequential book. The book describes how recruiters manage to convince youth to enlist. It details a sophisticated psy-ops campaign directed at children. Elder describes how the military encourages first-person shooter games and places firearms into the hands of thousands using the schools, its JROTC programs, and the Civilian Marksmanship Program to inculcate youth with a reverence for guns. Previously unpublished investigative work reveals how indoor shooting ranges in schools are threatening the health of children and school staff through exposure to lead particulate matter. The book provides a kind of "what's coming next manual" for European peacemakers as they also confront a rising tide of militarism. The book examines the disturbing, nurturing role of the Catholic Church in recruiting youth. It surveys the wholesale military censorship of Hollywood films, pervasive military testing in the high schools, and an explosion of military programs directed toward youth. This book shows you how. You won't find this information in traditional career guides. It is 100% possible for you, even if you've been considering how to quit your job or how to snag a job you love.2) You'll be entertained (and secretly educated). You'll laugh, cry, and maybe even feel compelled to leave a copy on your boss' desk. Stick with me, and you'll discover helpful principles that will make you the talk of the water cooler. This isn't another ho-hum professional development book, and it's not a "how to find a job" guide full of blank forms. You'll learn a new and inspiring perspective through unforgettably entertaining stories, like what I learned the day my shrink fired me, how I negotiated for a toilet seat on the corporate jet, and how I got called out by my masseuse.3) You'll become empowered, whether you're the mail clerk or CEO or you fall somewhere in between. This book has been endorsed by 5 senior executive leaders of Fortune 1000 companies and 3 mail clerks.4) You'll discover a return on your investment to earn a car. Invest a few dollars and a little bit of time to read this book, and you'll pick up career development tips that can save you enough to earn a car (page 9).5) You'll have a "Personal Career Counselor in Your Pocket." It's useful and practical with vivid case studies for how to negotiate with the boss to help pay for your MBA or support a relocation to the city of your dreams. You'll also learn how to deal with an unreasonable boss and even say "No" without getting fired.

In *The Conversation That Matters Most*, DeWitt Rowe takes his readers on a unique and fascinating journey of self-exploration and discovery. The author not only guides us toward a complete reevaluation of how we view success; he convinces us that the way we define it and pursue it must also be reexamined. How often do we stop and question the assumptions that have defined us? Are we more intelligent than we have been led to believe? Do our idiosyncrasies make us strange...or simply unique? How often do we make a decision based on what's expected of us, rather than on our innate sense of what works? DeWitt delves into areas that are rarely discussed, areas that reward us with a richness of comprehension, awareness, discovery, and wisdom. Every page is a reminder of the control we have over our lives if only we can understand how to use that control in a positive and result-oriented manner. Utilizing this book's guides and lessons, we can be assured of a fuller and more satisfying life.

Children Learn Business - Children Learn Business 2015-10-24

The most successful professionals starting learning business concepts at a very early age. Having these childhood experiences proved most valuable as adults. They grew up and entered the workforce leagues ahead of their peers in social skills, communication, and business acumen. Children are quick to learn from others and adapt to their environment, more so than any other age. Knowing this, we must ask ourselves an important question. If the best time to learn is during childhood, why there is a significant lack of business education tailored for children? Millions of children's books are available for sale, however they are written on tales of a fantasy world where animals can speak, everyone is free from responsibility, and there is no conflict. As expected, these books add no value to a child's development and may even paint an unrealistic viewpoint of the world.

Possum Living: How to Live Well without a Job and With (Almost) No Money - Dolly Freed
2019-02-26

After being out of print for decades, *Possum Living: How to Live Well Without a Job and (Almost) No Money* is being reissued with an afterword by an older and wiser Dolly Freed. In the late seventies, at the age of eighteen and with a seventh-grade education, Dolly Freed wrote *Possum Living* about the five years she and her father lived off the land on a half-acre lot outside of Philadelphia. At the time of its publication in 1978, *Possum Living* became an instant classic, known for its plucky narration and no-nonsense practical advice on how to quit the rat race and live frugally. In her delightful, straightforward, and irreverent style, Freed guides readers on how to buy and maintain a home, dress well, cope with the law, stay healthy, save money, and be lazy, proud, miserly, and honest, all while enjoying leisure and keeping up a middle-class façade. Thirty years later, Freed's philosophy is world-renowned and *Possum Living* remains as fascinating, inspirational, and pertinent as it was upon its original publication. This updated edition includes new reflections, insights, and life lessons from an older and wiser Dolly Freed, whose knowledge of how to live like a possum has given her financial security and the confidence to try new ventures.

The Pursuit of Passion - George Kahn 2013-09-25

Has it• Been a rough day?• Been a rough year?• Been a rough career?Do you• Dream about that creative idea just beyond your grasp?• Feel trapped in a job that pays you just enough to survive?• Regret not finishing your music, photography or screenplay?• Wish you had more time, more money, more ability to get things done?If so, *The Pursuit Of Passion* is the book for you.A concise book of deep thought and meditation, *The Pursuit Of Passion* is one of those rare experiences that comes along only once in a great while.It is a treasury of thoughtful, insightful reminders that can be read in one sitting, or can be referred to daily, one page at a time.The book takes you on a journey from the darkest days of the 2009 Great Recession to a place of recovery, creativity, hope and passion."These writings came from a promise. Right before Memorial Day 2009, I met with my business coach Joe Stumpf. After 20 years as a commissioned loan officer, I had just lived through possibly the worst year ever in the business. My previous company had collapsed in the mortgage meltdown of 2008. During the previous 12 months my assistant had earned more money than I had. About 50% of the people in my industry were either out of work or actively looking for jobs in other areas of business. Things looked bleak, and there was no fun left. Work had become a painful grind with very little financial reward to show for all the time spent.I shared my total burn out in the business of 20 years with my coach. Frustrated by what my life had become, it became clear that something had to give. Either I had to change jobs, or change my attitude. Maybe both! I promised to get up at 5:00 AM every day, meditate and journal, and focus on bringing passion back into every aspect of my life, my work, my family and my personal growth. Instead of going to work every day and having a pity party, I have decided to have a passion party.These writings (a sample of the 475+ entries from the website <http://passionparty09.blogspot.com>) are the outgrowth of that commitment. I hope they inspire you to find your passion, and that you enjoy reading them as much as I did writing them."-George Kahn"When a person integrates the practical and the artistic, the material and the spiritual, I listen. The world has more than enough disconnection; I am inspired by people who put things together. Real passion flows from these poems, the product of a mind and heart in synch."-Shmuel Klatzkin, Rabbi

In the 21st Century it is very possible to make money in ways which don't require you to get a job! My name is Bob Martin. I am an American, but have lived in a number of countries as an expat. I make a good living and I have not had a job for many years! You can do it too, and I will show you how! My book, *49 Ways to Make a Living Without a Job* will show you 49 different ways that you can do what I do - make a living without getting tied down by a job! My previous edition of this book was called "49 Ways to Make a Living in the Philippines" because I have lived in the Philippines for many years. Many people who read the book told me that it was not about making a living in the Philippines. They all said that it could be used to make a living anywhere in the world! They encouraged me to change it up a bit for the next edition, so I did! I updated all of my ideas, I took out references specifically to the Philippines and made the book completely applicable to a world where people need to make a living, and can do it in non-traditional ways! Start making a good living today, without having to answer to anybody but yourself! You can do it! I know for sure you can, because it is what I have been doing for years! Get all of my secrets when you read the book!

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.
