Born to Parse - David W. Lightfoot 2020-08-25

An argument that children are born to assign structures to their ambient language, yielding a view of language variation not based on parameters defined at UG. In this book, David Lightfoot argues that just as some birds are born to chirp, humans are born to parse—predisposed to assign linguistic structures to their ambient external language. This approach to language acquisition makes two contributions to the development of Minimalist thinking. First, it minimizes grammatical theory, dispensing with three major entities: parameters; an evaluation metric for the selection of grammars; and any independent parsing mechanism. Instead, Lightfoot argues, children parse their ambient external language using their internal language. Universal Grammar is “open,” consistent with what children learn through parsing with their internal language system. Second, this understanding of language acquisition yields a new view of variable properties in language—properties that occur only in certain languages. Under the open UG vision, very specific language particularities arise in response to new parses. Both external and internal languages play crucial, interacting roles: unstructured, amorphous external language is parsed and an internal language system results. Lightfoot explores case studies that show such innovative parses of external language in the history of English: development of modal verbs, loss of verb movement, and nineteenth-century changes in the syntax of the verb to be. He then discusses how children learn through parsing; the role of parsing at the syntactic structure's interface with the externalization system and logical form; language change; and variable properties seen through the lens of an open UG.

Surfeit of Lampreys - Ngaio Marsh 2012-12-15

A suspicious inheritance comes to the rescue of a cash-strapped aristocratic family: “Entertaining and devious . . . Plenty of red herrings.” —Kirkus Reviews The upper-crust Lamprey family exemplifies charm, wit, and a chronic lack of funds. Their only source of hope is the wealthy but unpleasant Lord Wutherwood, and the Lampreys may perhaps be forgiven for doing a little jig when his Lordship is killed and the resulting inheritance saves their bacon. Inspector Roderick Alleyn wouldn't dream of judging the Lampreys' joy. But he would like to figure out whether they murdered their benefactor . . . Also published under the title Death of a Peer “It's time to start comparing Christie to Marsh instead of the other way around.” —New York Magazine “A mystery novelist of world renown.” —The New York Times

Theology, Disability and Sport - Nick J. Watson 2020-01-24

This ground-breaking book provides fascinating insights into the fast-emerging body of research that explores the relationship between sport, theology and disability within a social justice framework. In the shadow of two major sport-faith events that fore-fronted the theology of disability sport, the Vatican's international conference—Sport at the Service of Humanity and the Inaugural Global Congress on Sports and Christianity York St John University, UK, at which Dr Brian Brock led a thematic strand on the topic—this book provides a foundation for further research and practice. This text is a timely and important synthesis of ideas that have emerged in two previously distinct areas of research: (i) ‘disability sport’ and (ii) the ‘theology of disability’. Examples of subjects addressed in this text include: elite physical disability sport—Paralympics; intellectual disability sport—Special Olympics; equestrian sport; church, sport and disability, and; theologies of embodiment, competition and mercy. This book, written by leaders in their respective fields, begins a critical conversation on these topics, and many others, for both researchers and practitioners. The chapters originally published in the Journal of Disability and Religion and Quest.

Innocence Examined - Emily Tilton 2016-09-02

Sir Gerald is having great difficulties with Caroline, his eighteen-year-old ward. He has always been a doting guardian, shielding young Caroline from the truth about the differences between men and women and what they do behind closed doors. But now Caroline has become much too curious for her own good, to the point where he must bring himself to punish her repeatedly for hiding in closets in an attempt to witness the pleasures he takes with his mistress. At his wit's end, Sir Gerald calls upon the services of Dr. Reginald Brown and his colleague Dr. James Fairleigh. After a thorough, intimate examination, the physicians decide that since Caroline is of age, it would be appropriate for her to become acquainted with the pleasures a man can bring a woman. Instead of marrying her off to someone who won't give her the freedom Sir Gerald can afford, the men decide that Dr. Fairleigh will personally oversee young Caroline's erotic education. After Caroline is made to observe Sir Gerald's couplings for the first time, however, her wide-eyed innocence stirs Dr. Fairleigh far more than he thought possible. When she implores him to take care of her, the young doctor finds himself promising that he will. Before he knows it, she has utterly claimed his heart, and he can't imagine her being given to anyone else. But can he rescue Caroline from Sir Gerald's plans for her before it is too late? Publisher's Note: Innocence Examined includes spankings and sexual scenes. If such material offends you, please don't buy this book.

The Children Of Dynmouth - William Trevor 2010-04-01

The Children Of Dynmouth - a classic prize-winning novel by William Trevor Penguin Decades bring you the novels that helped shape modern Britain. The 1970s was a decade of anger and discontent. Britain endured power cuts and strikes. America pulled out of Vietnam and saw its President resign from office. Feminism and face lifts vied for women's hearts (and minds). And for many, prog rock, punk and disco weren't just music but ways of life. William Trevor's The Children of Dynmouth (Winner of the Whitbread Award and shortlisted for the Booker Prize) was first published in 1976 and is a classic account of evil lurking in the most unlikely places. In it we follow awkward, lonely, curious teenager Timothy Gedge as he wanders around the bland seaside town of Dynmouth. Timothy takes a prurient interest in the lives of the adults there, who only realise the sinister purpose to which he seeks to put his knowledge too late. 'A small masterpiece of understatement ... a work of rare compassion' Joyce Carol Oates, New York Times If you enjoyed The Story of Lucy Gault and Love and Summer, you will love this book. It will also be adored by readers of Colm Toibin and William Boyd. William Trevor was born in Mitchelstown, County Cork. He has written eighteen novels and novellas, and hundreds of short stories, for which he has won a number of prizes including the Hawthornden Prize, the Yorkshire Post Book of the Year Award, the Whitbread Book of the Year Award and the David Cohen Literature Prize in recognition of a lifetime's literary achievement. In 2002 he was knighted for his services to literature. His books in Penguin are: After Rain; A Bit on the Side; Bodily Secrets; Cheating at Canasta; The Children of Dynmouth; The Collected Stories (Volumes One and Two); Death in Summer; Felicia's Journey; Fools of Fortune; The Hill Bachelors; Love and Summer; The Mark-2 Wife; Selected Stories; The Story of Lucy Gault and Two Lives.

Feversham, the founder of Feversham's Academy of Young Women's Correctional Education. His offer astounds her. If she completes his rehabilitation regimen she will be released and her criminal record expunged; the only requirement is that she obey him without question. She eagerly accepts his terms, but she has no intention of being rehabilitated. Escape from a man as naive as the Professor should be easy, and once free she can disappear into the London slums. Frome at War 1939-45 - David Lassman 2020-03-20

Frome at War 1939-1945 is a comprehensive account of this Somerset market town's experience of the conflict, covering in detail life on the Home Front set against the background of the wider theatres of war. The narrative of that global struggle is given with a focus on the ordeals endured by the people of Frome, as they cheered their men and women fighters off to war, welcomed hundreds of evacuated men, women and children to the town, and contributed their part to the fight against Hitler and the Nazi threat. Rare insights into the life of the town are included, along with seldom told stories from the footnotes of history; from Frome's part within the secret underground resistance movement and the national fight for women's equality, to the gradual influx of American GIs and Field-Marshal Montgomery's stay in the aftermath of Dunkirk. The book incorporates memoirs and memories, along with in depth research from official records and newspaper accounts, which allow the reader to see the war not only from ordinary people's perceptive, but the military experiences of Frome's heroic men and women - and in many cases their tragic sacrifices - as well. More controversial aspects are also touched on, including injustice, espionage, racism and politics, to give a full and fascinating picture of a town facing profound trials of endurance and courage, but at the same time revealing the characteristics that have sustained Frome throughout its illustrious and turbulent history.

This book presents a general overview of our current knowledge of language development in children. All the principal strands of language development are covered, including phonological, lexical, syntactic and pragmatic development; bilingualism; precursors to language development in infancy; and the language development of children with developmental disabilities, including children with specific language impairment. Written by leading international authorities, each chapter summarises clearly and lucidly our current state of knowledge, and carefully explains and evaluates the theories which have been proposed to account for children's development in that area.
