The Athlete's Guide to Diabetes - Sheri R. Colberg 2019-02-08

Diabetes doesn't have to slow you down. Whether you're a recreational exerciser or a competitive athlete, The Athlete's Guide to Diabetes has the training and performance advice you need to remain active while effectively managing your condition. Renowned researcher and diabetes expert Dr. Sheri Colberg offers best practices and tips for managing blood glucose levels for athletes of all ages with type 1 and type 2 diabetes. She provides the most up-to-date information on insulin and other medications and their effects on exercise, nutritional practices and supplements, including low-carbohydrate eating, the latest technologies used to manage glucose, including continuous glucose monitoring (CGM), injury prevention and treatment as well as tactics for diabetes-related joint issues, and mental strategies for maximizing performance and optimizing health. You'll find 15 profiles of athletes with type 1 diabetes who share their accomplishments and how they manage medications, food intake, and other tools available to manage their activities with diabetes. Guidelines for 165 different sports and activities will reduce your trial and error when it comes to performing and feeling your best during fitness activities, endurance sports, endurance-power sports, power sports, and outdoor activities. The Athlete's Guide to Diabetes adheres to latest guidelines from such trusted sources as the American Diabetes Association and the American College of Sports Medicine. It is the one resource you can't be without if you want to stay healthy and active, train smarter, and reach new levels of athletic success without losing control of your blood glucose management. CE exam available! For certified professionals, a companion continuing education exam can be completed after reading this book. The Athlete's Guide to Diabetes Online CE Exam may be purchased separately or as

part of The Athlete's Guide to Diabetes With CE Exam package that includes both the book and the exam.

Extreme Alpinism - Mark Twight 1999-08-31

* The book that launched a renaissance in climbing technique and remains relevant today * Techniques and mental skills needed to climb at a more challenging level * Illustrated with full-color photos throughout Big, high routes at the edge of a climber's ability are not the places for inventing technique or relying on old habits. Complacency can lead to fatal errors. So where does the hard-core aspirant or dreamer turn? The only master class in print, Extreme Alpinism delivers an expert dose of reality and practical techniques for advanced climbers. Focusing on how top alpine climbers approach the world's most difficult routes, Twight centers his instruction on the ethos of climbing the hardest routes with the least amount of gear and the most speed. Throughout, Twight makes it clear that the two things he refuses to compromise are safety and his climbing ethics. In addition to the extensive chapters on advanced techniques and skills, Twight also discusses mental preparedness and attitude; strength and cardiovascular training; good nutrition; and tips on equipment and clothing.

Conquistadors of the Useless - Lionel Terray 2008-09-16

"If my library was to somehow catch fire and I could only save one book, the long out of print Conquistadors of the Useless, by Lionel Terray, would be it." -- Explore magazine "The finest mountaineering narrative ever written." -- David Roberts, author of Mountain of My Fear * One of National Geographic Adventure's "100 Greatest Adventure Books of All Time" * The story of ground-breaking climbs told with insight and wit * A mountaineering classic brought back into print Frenchman Lionel Terray is one of mountaineering history's greatest alpinists, and his autobiography, Conquistadors of the Useless, stands among the "100 Greatest Adventure Books of All Time", according to National Geographic Adventure magazine. Following World War II, when France desperately needed successes to heal its wounds, Terray emerged as a national hero, conquering summits atop the planet's highest mountains. This biography of Lionel Terry is filled with first-time feats and acts of bravery in the

face of unspeakable odds. He climbed with legends such as Maurice Herzog, Gaston Rebuffat, and Louis Lachenal. He made first ascents in the Alps, Alaska, the Andes, and the Himalaya. Terray's gripping story captures the energy of an optimistic world shaking off the restraints of war and austerity. It's a mountaineering classic.

Plundered Skulls and Stolen Spirits - Chip Colwell 2019-10-07

"A fascinating account of both the historical and current struggle of Native Americans to recover sacred objects that have been plundered and sold to museums. Museum curator and anthropologist Chip Colwell asks the all-important question: Who owns the past? Museums that care for the objects of history or the communities whose ancestors made them?"--Provided by the publisher

Healing Your Magical Body with Plants and Minerals - Jo-Jo Sherrow 2020-07-24

A helpful, hand-written compendium for herbal remedies for a wide variety of body systems, from the teeth to the nerves, plus info about herbally treating various ailments like colds, parasites, and heavy metal toxicity. Sections on herbal preparations, recipes, aromatherapy, and general principles for health. So much is packed into these pages it's incredible.

The Colorado 14ers - Colorado Mountain Club Foundation 2018-03

"The best routes for most climbers."--Back cover.

Where the Light Fell - Philip Yancey 2021-10-05

In this searing meditation on the bonds of family and the allure of extremist faith, one of today's most celebrated Christian writers recounts his unexpected journey from a strict fundamentalist upbringing to a life of compassion and grace—a revelatory memoir that “invites comparison to Hillbilly Elegy” (Publishers Weekly, starred review). “This stunning tale reminds us that the only way to keep living is to ask God for the impossible: love, forgiveness, and hope.”—Kate Bowler, New York Times bestselling author of Everything Happens for a Reason Raised by an impoverished widow who earned room and board as a Bible teacher in 1950s Atlanta, Philip Yancey and his brother, Marshall, found ways to venture out beyond the confines of their eight-foot-wide trailer. But when

Yancey was in college, he uncovered a shocking secret about his father's death—a secret that began to illuminate the motivations that drove his mother to extreme, often hostile religious convictions and a belief that her sons had been ordained for a divine cause. Searching for answers, Yancey dives into his family origins, taking us on an evocative journey from the backwoods of the Bible Belt to the bustling streets of Philadelphia; from trailer parks to church sanctuaries; from family oddballs to fire-and-brimstone preachers and childhood awakenings through nature, music, and literature. In time, the weight of religious and family pressure sent both sons on opposite paths—one toward healing from the impact of what he calls a “toxic faith,” the other into a self-destructive spiral. *Where the Light Fell* is a gripping family narrative set against a turbulent time in post-World War II America, shaped by the collision of Southern fundamentalism with the mounting pressures of the civil rights movement and Sixties-era forces of social change. In piecing together his fragmented personal history and his search for redemption, Yancey gives testament to the enduring power of our hunger for truth and the possibility of faith rooted in grace instead of fear. “I truly believe this is the one book I was put on earth to write,” says Yancey. “So many of the strands from my childhood—racial hostility, political division, culture wars—have resurfaced in modern form. Looking back points me forward.”

Appalachian Trail Thru-Hikers' Companion - Appalachian Long Distance Hikers Association 2003-01-01

First-hand information from hikers and trail volunteers. Spiral-bound, and portable size make this guided ideal for taking along the trail.

Wild Expectations - Zach Hively 2020-09

Poetry and photography by Magdalena Lily McCarson and Zach Hively.

Victorian Radicals - Martin Ellis 2018-10-11

Drawn from Birmingham Museums Trust's incomparable collection of Victorian art and design, this exhibition will explore how three generations of young, rebellious artists and designers, such as Edward Burne-Jones, John Everett Millais, and Dante Gabriel Rossetti, revolutionized the visual arts in Britain, engaging with and challenging

the new industrial world around them.

Base Building for Cyclists - Thomas Chapple 2006

Once the season starts, most cyclists are saving every spare moment for the road. The miles to ride in preparation for upcoming races leave little time for fundamentals like strength training or cross-training. This is just one of the reasons why Thomas Chapple argues that the success of the upcoming season depends on the extent to which you can build your foundation of aerobic fitness, or your “base,” for the road ahead. After identifying a cyclist's strengths and limiters, it is time to sacrifice the volume of training and the perceived level of fitness in order to increase intensity and broaden the aerobic base. In effect, this builds a bigger engine and the cyclist is then able to work back up to the higher volumes and an overall improved levels of fitness and speed. But Chapple's guidance for cyclists extends past the important off-season months to establish a more efficient plan for the upcoming year. A stronger base makes a stronger, faster cyclist.

Awkward Family Photos - Mike Bender 2010-11-02

With twenty-five new photographs for the eBook edition, the New York Times bestseller is now more awkward than ever Based on the hit website, AwkwardFamilyPhotos.com (“painful, regrettable, horrifyingly awesome snaps of family bonding, you will laugh so hard that people in adjoining offices will ask what’s wrong with you”—Esquire), this full color book features never-before-seen photos and hilarious personal stories covering everything from uncomfortable moments with relatives, teen angst, sibling rivalry, and family vacations from hell. Cringe at the forced poses, bad hair, and matching outfits--all prompting us to look at our own families and celebrate the fact that we're not alone. Nothing says awkward better than an uncomfortable family photograph!

The Sweetest Valentine - Little Bee Books Inc. 2018-12-04

Strawberry Kiss decides to decorate special valentines for her friends to celebrate her favorite holiday. But when the cards go missing, Strawberry Kiss has to find another way to show her friends how much they mean to her.

The Art, Science, and Craft of Great Landscape Photography -

Glenn Randall 2015-03-16

The Art, Science, and Craft of Great Landscape Photography teaches photographers how to convert their visual peak experiences--moments of extraordinary natural beauty that evoke a sense of wonder and awe--into stunning images that elicit the same awestruck emotion in their viewers. Randall is an experienced wilderness photographer, and whether you want to venture into the mountains for once-in-a-lifetime shots of raw nature, or simply hone your landscape photography skills from the safety of your back deck, Randall explains the art, science and craft of creating astounding images. Randall begins by focusing on the art of landscape photography. He describes his three-step process for composing a photograph and shows how good composition is an organic process that begins with rules but ultimately transcends them. Randall then explores the science behind successful landscape photographs, which requires understanding key concepts from geography, optics, vision, and psychology. These concepts include: Understanding how the position of the sun at sunrise and sunset varies throughout the year, which will help you plan when and where to shoot. Understanding optics to predict where rainbows will appear, how polarizers will interact with reflections, and where to find spectacular light. Understanding how to use topographic maps and computerized mapping tools to help you find the most promising shooting locations in the wilderness. Understanding how our visual system analyzes images and the psychology of how we view art. These insights will help you produce successful photographs. Exposure is a central aspect of the craft of landscape photography, and Randall tackles the challenges of this topic from every angle--from tips on calculating exposures in the field, to achieving correct exposure in high-contrast lighting situations, to the best digital darkroom techniques. Great landscape photography can be mastered with practice and by applying the techniques taught in this book. The Art, Science, and Craft of Great Landscape Photography is intended for those who already understand the basics of photography and who are ready to master the finer nuances of creating magnificent landscape photographs. Foreword by Reid Callanan Director, Santa Fe Photographic Workshops

History of English Literature - Andrew Lang 1912

Trailer Trash - Angie Cavallari 2018-07-26

Trailer-park owners never use the word "trailer" and certainly not the term "trailer park." At some point in time, even the Mobile Home Park Owners Association (MHPOA for short) realized that the word "trailer" had a negative connotation. When was the last time you saw a "trailer park community" advertised on TV? "Trailer park" has come to represent, in the minds of most Americans, men in stained work shirts dotted with drippings of food fat and car excrement returning home to take out life's shortcomings on the innocents in their lives--the ol' lady, the dog, and the coffee table. This image--which, I can tell you, is a partially true cliché in our society--vaguely explains why my parents and my grandparents decided to rent to tenants without children or pets. Well, birds and rodents were deemed acceptable but not guinea pigs. Guinea pigs, due to size and temperament, were completely unacceptable. My name is Angie Cavallari, and this is my story about growing up as an '80s child in the shitty, impoverished, modern-age ghettos known as trailer parks.

Colorado's Fourteeners - Gerry Roach 1992

An accurate, complete guide to climbing the 55 peaks over 14,000 feet in Colorado--covering routes for all levels. Each route's difficulty is rated according to the Yosemite Decimal System. Includes round-trip mileage and elevation gain. Roach has climbed every peak in this guide. Photographs and maps.

Jesus - Philip Yancey 2010

The creators of this visual edition of *Jesus* designed it with the needs of contemporary postmodern readers in mind: both spiritual seekers and the younger, more visually oriented readers of today's culture. *Jesus* takes the text of the ECPA Book of the Year award-winning *The Jesus I Never Knew* and illustrates its themes and message with provocative full-color photography and visuals. Readers will understand when Yancey says, 'No one who meets Jesus ever stays the same.'

Disposable People? - Judy A. Mayotte 1992

For two years, Mayotte lived among refugee peoples when her family

became Afghan refugees in Pakistan, Khmer refugees on the Thai-Cambodian border, and Eritrean refugees in Sudan. Faced with stagnation and total dependency, the refugees' lives have been shattered, yet their hope remains alive—as do their dreams of returning home. Mayotte has received Peabody and Emmy awards. Photographs. Index.

Mennonite in a Little Black Dress - Rhoda Janzen 2010-04-01

A hilarious and moving memoir—in the spirit of Anne Lamott and Nora Ephron—about a woman who returns home to her close-knit Mennonite family after a personal crisis. Not long after Rhoda Janzen turned forty, her world turned upside down. It was bad enough that her brilliant husband of fifteen years left her for Bob, a guy he met on Gay.com, but that same week a car accident left her with serious injuries. What was a gal to do? Rhoda packed her bags and went home. This wasn't just any home, though. This was a Mennonite home. While Rhoda had long ventured out on her own spiritual path, the conservative community welcomed her back with open arms and offbeat advice. (Rhoda's good-natured mother suggested she date her first cousin—he owned a tractor, see.) It is in this safe place that Rhoda can come to terms with her failed marriage; her desire, as a young woman, to leave her sheltered world behind; and the choices that both freed and entrapped her. Written with wry humor and huge personality—and tackling faith, love, family, and aging—*Mennonite in a Little Black Dress* is an immensely moving memoir of healing, certain to touch anyone who has ever had to look homeward in order to move ahead.

Free Outside - Jeff Garmire 2019-09-03

Jeff Garmire was living the fast paced life of a successful young professional when he gave it all up to embark on the adventure of a lifetime. He set out to become only the fifth person to thru-hike the Pacific Crest Trail, Appalachian Trail and Continental Divide Trail in a single calendar year. Finishing the 8,000 mile Calendar Year Triple Crown would be an adventure of a lifetime. The journey was riddled with inclement weather, shady characters, wildlife attacks, and injuries. Along the way Jeff swam frozen rivers, encountered wildfires and battled his

own mind. He offers a captivating story of strength and courage. Hiking through some of the most remote areas in America, Jeff is continually overwhelmed by the kindness and generosity of strangers. *Free Outside* is the fascinating story of Jeff Garmire's journey along the national historic trails that define wild America. Finishing would take everything he had, and he was willing to give it all.

Colorado's Highest - Jeri Norgren 2020-09-10

Hilson, Hilson - Richard Parker 2020-12-15

A collection of essays, poems, memoirs and other works addressed to the poet Jeff Hilson. An extensive introduction to and elaboration to this poet's complex work. £8 +p&p

Classical Scholarship and Its History - Stephen Harrison 2021-04-06

It is unusual for a single scholar practically to reorient an entire sub-field of study, but this is what Chris Stray has done for the history of UK classical scholarship. His remarkable combination of interests in the sociology of scholars and scholarship, in the history of the book and of publishing, and (especially) in the detailed intellectual contextualisation of classical scholarship as a form of classical reception has fundamentally changed the way the history of British classics and its study is viewed. A generation ago the history of classical scholarship still consisted largely of accounts of particular scholars and groups of scholars written by other scholars from a broadly biographical and 'heroic individual' perspective. In these works scholars often sought to find their own place in the great tradition, choosing to praise or blame those whose work they admired or deprecated, and to identify with particular schools or trends, and there were few attempts to provide a broader and less prosopographical perspective. Almost all the chapters in the volume originated as papers at a conference in honour of the honorand, and have been improved both by discussion there and by the rigorous peer-review process conducted by the two experienced editors. It covers various aspects of classical reception, with a particular focus on the history of scholars, their institutions, and their writings; the main focus is on the UK, but there are also substantial engagements with continental Europe and (especially)

the USA; the period covered runs from the Renaissance to the present. The cast contains a number of world-famous names. Unusually, the volume also contains an essay by the honorand, but we are very keen to include this, especially as it focusses on the topic of scholarly collaboration.

Small Steps - Peg Kehret 1996-01-01

Peg Kehret was stricken with polio when she was twelve years old. At first paralyzed and terrified, she fought her way to recovery, aided by doctors and therapists, a loving family, supportive roommates fighting their own battles with the disease, and plenty of grit and luck. With the humor and suspense that are her trademarks, acclaimed author Peg Kehret vividly recreates the true story of her year of heartbreak and triumph.

Dispatches from Kansas - Tom Parker 2005-05-13

Ex-urbanite Tom Parker's award-winning weekly newspaper column, *The Way Home*, explores the natural world and rural Kansas and his place in it—an evolving process involving hit bugs, prescient store clerks, daredevil rodents, divine beetles, malevolent weather, failed quests, and the tribulations of living in a century-old house. Along the way he explains the true nature of women, the character of the months, and how sometimes not finding a sought-after bird can be better than finding it. Besides learning to see the little things of this world, readers follow Parker down the dark road into depression, and beyond.

Landscape and Nature - Musée d'Orsay 2004

A modern publication that traces the stages through which

Avalanche Essentials - Bruce Tremper 2013

"This new guide by renowned avalanche expert Bruce Tremper is simple, accessible, and offers just the basics an Everyman's guide to avalanche safety that won't overtax your average ski bums, but will keep them safe when they're going for 12 consecutive months of powder. *Avalanche Essentials* is for everyone who wants to learn the fundamentals of avalanche awareness, focusing on systems and checklists, step-by-step procedures, decision-making aids, visual terrain and weather cues, rescue techniques, gear, and more."--Provided by publisher.

The Rocky Mountain Region - Rick Newby 2004

Provides alphabetically arranged entries on the architecture, art, ecology, folklore, food, religion, and recreation of each major United States region.

Come for a visit in Bear Country with this classic First Time Book® from Stan and Jan Berenstain. Join Papa, Mama, and Brother, as they help Sister celebrate her birthday. The special day is not all fun and games when Sister becomes overwhelmed by all of the festivities. This beloved story is a perfect way to teach children about birthdays and what's most important about them.

What Good Is God? - Philip Yancey 2011-01-26

In this Enhanced eBook edition, Philip Yancey is featured in exclusive videos, offering insight into the stories and people he has encountered along the way. Journalist and spiritual seeker Philip Yancey has always struggled with the most basic questions of the Christian faith. The question he tackles in *WHAT GOOD IS GOD?* concerns the practical value of belief in God. His search for the answer to this question took him to some amazing settings around the world: Mumbai, India when the firing started during the terrorist attacks; at the motel where Martin Luther King Jr. was assassinated; on the Virginia Tech campus soon after the massacre; an AA convention; and even to a conference for women in prostitution. At each of the 10 places he visited, his preparation for the visit and exactly what he said to the people he met each provided evidence that faith really does work when what we believe is severely tested. *WHAT GOOD IS GOD?* tells the story of Philip's journey—the background, the preparation, the presentations themselves. Here is a story of grace for armchair travelers, spiritual seekers, and those in desperate need of assurance that their faith really matters.

The Man I Never Met - Adam Schefter 2018-09-04

A powerful true story of loss and hope by one of the biggest names in sports media. On September 11, 2001, Joe Maio went to work in the north tower of the World Trade Center. He never returned, leaving

behind a wife, Sharri, and 15-month old son, Devon. Five years later, Sharri remarried, and Devon welcomed a new dad into his life. For thousands, the whole country really, 9/11 is a day of grief. For Adam and Sharri Maio Schefter and their family it's not just a day of grief, but also hope. This is a story of 9/11, but it's also the story of 9/12 and all the days after. Life moved on. Pieces were picked up. New dreams were dreamed. The Schefters are the embodiment of that. This book will give voice to all those who have chosen to keep living. It's gratifying and

beautiful. But also messy and hard. Like most families. Except that one day every year history comes roaring back. How do you embrace that? How do you honor that? *The Man I Never Met* is also a peek at Adam Schefter, the man behind the headlines and injury reports; a real person who has a real family. His book will follow in the path of recent ESPN books by Tom Rinaldi and the late Stuart Scott - books that have transcended sport to examine the raw emotion of life.
Out where the West Begins - Arthur Chapman 1917
