**The Automatic Millionaire: Canadian Edition** - David Bach 2009-05-29

Internationally bestselling financial advisor David Bach's Automatic Millionaire promotes a revolutionary system for making even the most undisciplined money managers rich. The Automatic Millionaire shows readers how to change their financial practices and even their lives, the simple and automatic way. The

book begins with a powerful story about an average Canadian couple — he’s a low-level manager, she’s a beautician — whose joint income never exceeds \$55,000 a year, yet who somehow manage to own two homes debt-free, put two kids through college, and retire at fifty-five with more than \$1 million in savings. The incredible message Bach delivers is that the key to getting rich is “automating” the way to wealth by “paying yourself first,” using automatic funded retirement accounts and money market accounts to secure the future and pay for the present. A concise guide that’s a fixture on bestseller lists, *The Automatic Millionaire* introduces readers to a system that is powerful and simple — an automatically effective, life-changing system that delivers. Do it once, the rest is automatic.

**Financial Freedom** - Grant Sabatier 2020-04-07

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read *Financial Freedom* three times, cover-to-cover." —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. *Financial Freedom* is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: \* Create profitable side hustles that you can turn into passive income streams or full-time businesses \* Save money without giving up what makes you happy \* Negotiate more out of your employer than you thought possible \* Travel the world for less \* Live for free--or better yet, make money on your living situation \* Create a simple, money-making portfolio that only needs minor adjustments \* Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. *Financial Freedom* is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

**The Index Card** - Helaine Olen 2016-01-05

"The newbie investor will not find a better guide to personal finance." —Burton Malkiel, author of *RANDOM WALK DOWN WALL STREET* TV analysts and money managers would have you believe your finances are enormously complicated, and if you don't follow their guidance, you'll end up in the poorhouse.

They're wrong. When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling *Pound Foolish*, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4" x 6" card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.

**The Millionaire Fastlane** - MJ DeMarco 2011-01-04

10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future

will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.
