X/1999 - CLAMP (Mangaka group) 1998

Japan's greatest seer, the blind prophet Hinoto, has foretold the end of the world. At the center of her prophecy is a young man named Kamui Shiro, who possesses startling psychic powers. Although Kamui's future seems to have been predetermined from his birth, he has a choice--save the earth, or destroy it.

Comparative Corporate Law - Marco Ventoruzzo 2015

This book is a multipurpose text that can be used in any class with a focus on comparative legal systems for corporations, taught in the U.S. or abroad. It contains cases, statutes, analysis and readings, the majority of which are from foreign jurisdictions. It also has extensive notes and questions. The focus is primarily on the U.S., U.K., major European continental civil law systems (France, Germany, Italy) and European Union law, and Japan; with references to other jurisdictions such as China, India and Brazil. In addition to law schools, the book may also appeal to non-law school professors of business administration, economics, and political science. In setting out to produce a casebook to meet the needs of students in different legal systems and on both introductory and advanced courses, make a contribution to scholarly

debates and address practical and policy concerns, the authors set themselves ambitious goals, which they have amply achieved. This methodologically rigorous, insightful and stimulating book is rich in technical content but details are never allowed to obscure the main questions. The distinguished authors wear their scholarship lightly and the book is written in an admirably clear and accessible style. This book is a major addition to the growing literature on comparative corporate law and it is destined to shape the way we think about and teach the subject. Eilís Ferran, Professor of Company and Securities Law, Faculty of Law, University of Cambridge Corporate law rules vary considerably around the world, and there is much that students of corporate law can learn from a comparative analysis of how different systems deal with similar problems. This casebook, co-authored by a group of experts with a rich set of perspectives, is thus a valuable and welcome addition to the literature. Lucian A. Bebchuk, Professor of Law, Economics and Finance, Director, Program on Corporate Governance, Harvard Law School This excellent book is a welcome addition to the still relatively sparse comparative corporate law literature. It is a wonderful teaching resource and a useful reference for the scholar. Tan Cheng Han, Professor of Law and Chairman, Centre for Law & Business, Faculty of Law, National University of Singapore [Comparative Corporate Law by Ventoruzzo and

others] is both comprehensive and readily understandable. I think it will be a significant addition to both the literature and teaching material on comparative corporate governance. Martin Lipton, Founding Partner, Wachtell, Lipton, Rosen & Katz In-house counsels of firms operating internationally will find the book a practical and useful tool. Your own corporate issues aren't so unique after all, learning how others have approached theirs, across the world, is both instructive and refreshing, a must read! Antonino Cusimano, General Counsel and Secretary to the Board of Directors, Telecom Italia The materials collected and translated in English are precious and fascinating for a broad and international audience. The richness of the book is not, however, only in the materials carefully selected and sewn together, but also in the stitches that fasten them: The introductions, notes and questions, economic insights and empirical data that connect the materials allow readers to consider the causes and consequences of different legal rules in different systems, and compare different regulatory strategies. Viviane Muller Prado, Professor of Corporate Law, Escola de Direito, Fundação Getulio Vargas, Sao Paulo, Brazil This book proves not only that corporate law is global, but also that a global approach is essential in order to understand the laws of different countries and how they interact. The book, innovative in both methodology and contents, will be indispensable for anyone who studies and practices corporate law

The Lost Recipe - Secret Dishes of Mediterranean Diet - Giuseppe Felitti 2018-06-13

This book was born with the intent of preserving part of the traditional recipes belonging to the Mediterranean diet, linked to Southern Italy: an undoubtedly popular cuisine, a nutritional model that has demonstrated to the world its beneficial effects on health and longevity. Particularly, we will focus on the geographical area of Cilento, near the border between Campania and Basilicata regions: a fairy and unspoiled landscape characterized by small villages lurking in the hills, often surrounded by forests, secular trees, mountains, streams and rivers... This is Lucania, the ancient land of Lucani. The origins of the name remain mysterious today: according to some historical studies, it seems that the meaning can be derived from the combination of Latin words ""Lucus"" ("Holy Woods") and ""Lux"" ("Light"). ""The Lost Recipes"" are now finally rediscovered and made available to everyone in this book, with the hope that you too can become ""Guardians of Tradition"" over time.

Guida a Projectlibre. Con Nozioni Di Project Management - Ferrero Gemma 2017-09-12

Il presente libro vuole essere una guida al software di gestione progetti open source ProjectLibre sui sistemi operativi Windows(c) 7, 8.1, 10 e Ubuntu, nella versione 16.04, accompagnato da nozioni di Project Management. Ed infatti, generalmente i manuali che si occupano di gestione progetti non contengono riferimenti ai software di gestione dei

progetti potendo quindi risultare poco immediati i concetti teorici, se non esemplificati con un software. Il libro si suddivide in due volumi. Nel primo libro sono presenti nozioni di Project Management. Nel secondo, i concetti appresi tramite illustrazione del funzionamento del software open source ProjectLibre, software che ha il duplice vantaggio di poter essere scaricato gratuitamente dal sito degli sviluppatori e di poter essere installato su diversi sistemi operativi. Per quanto si riferisce ad Ubuntu, in particolar modo, si sono indicate le spiegazioni a corredo delle immagini solo quando il funzionamento del software differisce dall'analoga procedura su Windows, in particolar modo in sede di installazione e nei supporti di salvataggio. Nella maggior parte dei casi, invece, non essendoci differenza alcuna, nel libro sono presenti solo le immagini relative al funzionamento su Ubuntu, per le cui spiegazioni il lettore può riferirsi a quanto indicato nei capitoli su Windows. Alla fine di ogni capitolo, sono previsti degli esercizi pratici e delle domande. Nel testo, inoltre, per richiamare l'attenzione del lettore su alcuni aspetti, si è utilizzata la parola "Attenzione" o "Nota," seguita dalle relative spiegazioni in grassetto, trattandosi di un testo da leggere su supporto digitale per il quale è stato necessario apportare alcune modifiche. Il Glossario, infine, riporta anche i riferimenti al primo volume. Roma, settembre 2017

Agile Project Management - Jeremy Savell 2019-11-22

Are you ready for a whole new way to manage your projects? If so, you need to read this book! Are you a project manager who is frustrated by the rigidity of traditional project management methods? Do you feel it stifles the creativity of your team? Have you seen projects fail because of an inability to respond appropriately to changing internal or external circumstances? If so, you're going to be very happy to learn about the superpower that is known as the Agile Methodology for Project Management. This book will help you gain a deeper understanding of the Agile principles of management. Why Should I Use Agile? Using the Agile method will greatly increase project efficiency and team collaboration, and that will improve your deliverables, your team's creativity, and your customer's satisfaction. Agile does this by providing for the following:

Continuous feedback
Creative problem solving in every sprint
Flexibility in responding to changes
Adaptive, highly creative teams
Increased team efficiency as you value individuals and interactions over processes and tools
Customer collaboration that dramatically increases satisfaction
Why should I buy this book? To put it simply, it explains in easy to understand language how to apply the Agile methodology to every phase of any project. Specifically, here's what you'll learn:
The Agile process
How to plan for success
How Agile will improve your communications
How the Agile method differs from other methods and why it is better
The Agile lifecycle
The Scrum Framework
The Kanban Framework
How to build an adaptive team
How to implement collaborative management principles
Why this book from among the 100s of others? This book is different in a number of significant ways. Whereas other books just skim the surface when explaining this method, this book offers specific tools and easy-to-follow instructions as well as in-depth information on the following topics:
Explanations of the Agile method and the paradigm shift in project management
The benefits of Agile over other methods
The Agile process
The tools that will allow you to manage any kind of project
The major Agile frameworks both Scrum and Kanban
Adaptive team building and collaborative project management
How to avoid the main pitfalls of using this method
Quite simply, this book offers a comprehensive guide to this highly successful method of project management. It gives you everything you need to know to manage any kind of project! So, if you're tired of having to push your team for success, if you feel constrained by your current management methodology, and/or if you just want to see more projects succeed with improved customer satisfaction, you need to take a look at this method. If you follow the principles in this book, you will see your project success rate improve and your customer satisfaction soar! So, what are you waiting for? There's no better time than the present, and there's no easier way to learn about it than by reading this book! Get started reading today by clicking on the BUY NOW button!

Damnation Marked - SM Reine 2014-03-01

There's something in the earth deep below Elise Kavanagh's territory. A shadow is falling upon local demons to devour their flesh and harvest their souls. And it's coming for Elise next. The Union has an easy way out. They want to send Elise into hiding again with her former partner, James Faulkner. All she has to do is surrender the territory and trust that they can protect the ethereal ruins, the dark gate, and the city she's come to know as home. Greater powers have other plans for Elise and her fabled power as Godslayer—plans that mean surrendering her life and blood to the most powerful demon alive. But if she descends, there's no turning back. Once she gazes into the abyss, it will gaze back into her...and Elise will be damned forever.

[The Altman Close](#) - Josh Altman 2019-04-09

Land the deals you want and develop your instincts with million-dollar negotiation techniques After selling over \$3 Billion in real estate, including the most expensive one-bedroom house in history, Josh Altman, co-star of the hit show Million-Dollar Listing Los Angeles, wants to teach you the real estate sales and negotiation tactics that have made him one of America's top agents. Buying or selling a house, whether for a client or yourself, is one of the most important (and most stressful) deals anyone can make, demanding emotional intelligence and a solid set of negotiating skills. But by mastering the same techniques that sell multi-million-dollar homes in Bel Air and Beverly Hills, you can attract buyers and close deals on any property. Josh breaks down the art of real estate into three simple parts. First, he'll help you get business in the door during the Opening. Then he takes you step-by-step through the Work: everything between the first handshake and the last. And finally, the Close, the last step that ensures all your hard work pays off as you seal the deal. Learn how to open with a prospect, work the deal, close, open, and repeat Build and market your reputation, creating more sales opportunities Develop the traits of a closer in you and your team Drive the deal forward and get the best price for your property by creating desire, scarcity, and demand Successful real estate sales are driven by the same principles, whether they happen in the Hollywood Hills or just down the street. Josh wants to put those principles, and the techniques for applying them, in your hands. Learn them and discover what you can achieve.
