Young George Washington - Andrew Woods 2007

A simple biography of the man who was in charge of America's army during the Revolution and became the new nation's first president.

George Washington - Carlton Keim 2022-09-17

You are about to begin a fascinating historical and geographical journey. It features sights and attractions that were part of George Washington's life when he lived and worked along the Potomac in the later part of the eighteenth century. The journey follows a section of one of the Nation's most famous rivers-the Potomac as it plunges over Great Falls and then races through Mather Gorge and on past Little Falls to the Tidewater section upon which Mount Vernon is located. This guide is constructed considering sites, places, and activities associated with George Washington, the first President of the United States. Our objective is to use these associations as a framework that shows the places that were part of his life and further reveals what life was like during the late colonial and early national periods of American history. This captivating history book covers topics such as: She Was Horrified! From Tranquility to Turmoil Two If by Sea! One Shot Starts the Revolution Victory George Washington, The First President The New Capital Washington Reelected And much more! You'll learn how his early fame as a hero of the French and Indian War, and his illustrious marriage to a wealthy widow, led to this farm boy becoming one of the most important men in Virginia, a delegate at the Continental Congress where the Founders of America gathered to decide the nation's fate. The first guardian of American liberty looks serene in his portraits, but he didn't always rise above the fray.

Washington fought for what he believed in, and his political convictions shocked contemporaries like Thomas Jefferson. Do you know what kind of country George Washington wanted America to be?

Washington's Circle - David S. Heidler
2016-02-09

History enthusiasts and admirers of Team of Rivals will rejoice in this magisterial account of the extraordinary Americans who served the nation's first chief executive: Together, they created the presidency for a country disgusted by crowns and the people who would wear them. In 1789, as George Washington became the first president of the United States, the world was all but certain that the American experiment in liberty and representative government would founder. More than a few Americans feared that the world was right. In *Washington's Circle*, we see how Washington and his trusted advisers, close friends, and devoted family defied the doomsayers to lay the foundation for an enduring constitutional republic. This is a fresh look at an aloof man whose service in the Revolutionary War had already earned him the acclaim of fellow citizens. Washington was easy to revere, if difficult to know. David S. Heidler and Jeanne T. Heidler reveal Washington's character through his relationship with his inner circle, showing how this unlikely group created the office of the presidency. Here is a story of cooperation, confrontation, triumph, and disappointment, as the president, Congress, and the courts sorted out the limits of executive power, quarreled over funding the government, coped with domestic strife, and faced a world at war while trying to keep their country at peace. Even more, it is a story of remarkable people striving for extraordinary achievements. Many of these characters are familiar as historic icons, but in these pages they act and speak as living individuals: the often irked and frequently irksome John Adams, in the vice presidency; the mercurial Alexander Hamilton, leading the Treasury Department; the brilliant, deceptively cunning Thomas Jefferson, as secretary of state; James Madison, who was Washington's advocate—and his eyes and ears—in Congress; and Washington's old friend and former brother-in-arms Henry Knox, at the administration's beleaguered War Department. Their stories

mingle with those of Edmund Randolph, John Jay, Gouverneur Morris, and the others who stood with a self-educated Virginia farmer to forge the presidency into an institution protective of its privileges but respectful of congressional prerogatives. Written with energy, wit, and an eye for vivid detail, *Washington's Circle* is the fascinating account of the people who met the most formidable challenges of the government's earliest hours with pluck, ability, and enviable resourcefulness. When the world said they would fail, they rolled up their sleeves. This is their story. Praise for *Washington's Circle* "A fine, readable history of the first presidency . . . [David and Jeanne Heidler] provide not only a lively history but a group portrait of Washington and the various figures vying to influence him."—*The Wall Street Journal* "*Washington's Circle* positively glows with narrative exuberance. This is a book that will make even the most jaded student of the American Revolution bark little laughs of pure delight while reading."—*Open Letters Monthly* "Traditional accounts portray Washington as a solitary actor in the drama of American nationhood, as chilly and featureless as the marble shaft that dominates his namesake capitol. In fact, he was the intensely human lead in one of history's most colorful, and contentious, ensembles. David S. Heidler and Jeanne T. Heidler bring the whole cast to unforgettable life in this character study-cum-group portrait-cum-old-fashioned page-turner."—Richard Norton Smith, author of *On His Own Terms*

George Washington - Kevin J. Hayes
2017-04-03

When it comes to the Founding Fathers, Thomas Jefferson, Benjamin Franklin, and Alexander Hamilton are generally considered the great minds of early America. George Washington, instead, is toasted with accolades regarding his solid common sense and strength in battle. Indeed, John Adams once snobbishly dismissed him as "too illiterate, unlearned, unread for his station and reputation." Yet Adams, as well as the majority of the men who knew Washington in his life, were unaware of his singular devotion to self-improvement. Based on a comprehensive amount of research at the Library of Congress, the collections at Mount Vernon, and rare book

archives scattered across the country, Kevin J. Hayes corrects this misconception and reconstructs in vivid detail the active intellectual life that has gone largely unnoticed in conventional narratives of Washington. Despite being a lifelong reader, Washington felt an acute sense of embarrassment about his relative lack of formal education and cultural sophistication, and in this sparkling literary biography, Hayes illustrates just how tirelessly Washington worked to improve. Beginning with the primers, forgotten periodicals, conduct books, and classic eighteenth-century novels such as *Tom Jones* that shaped Washington's early life, Hayes studies Washington's letters and journals, charting the many ways the books of his upbringing affected decisions before and during the Revolutionary War. The final section of the book covers the voluminous reading that occurred during Washington's presidency and his retirement at Mount Vernon. Throughout, Hayes examines Washington's writing as well as his reading, from *The Journal of Major George Washington* through his Farewell Address. The sheer breadth of titles under review here allow readers to glimpse Washington's views on foreign policy, economics, the law, art, slavery, marriage, and religion-and how those views shaped the young nation.. Ultimately, this sharply written biography offers a fresh perspective on America's Father, uncovering the ideas that shaped his intellectual journey and, subsequently, the development of America.

[George Washington](#) - Carin T. Ford 2003

A biography of the man who led the colonial army in its fight for independence from England and went on to become a new nation's first president.

[George Washington's Journey](#) - T.H. Breen 2016-01-12

Follows Washington's journey to each of the original thirteen states, during which he brought the government to the people and promoted the idea of a strong federal union.

[The Indian World of George Washington](#) - Colin G. Calloway 2018-03-09

Finalist for the 2018 National Book Award for Nonfiction. In this sweeping new biography, Colin Calloway uses the prism of George Washington's life to bring focus to the great Native leaders of his time--Shingas,

Tanaghrisson, Bloody Fellow, Joseph Brant, Red Jacket, Little Turtle--and the tribes they represented: the Iroquois Confederacy, Lenape, Miami, Creek, Delaware; in the process, he returns them to their rightful place in the story of America's founding. *The Indian World of George Washington* spans decades of Native American leaders' interactions with Washington, from his early days as surveyor of Indian lands, to his military career against both the French and the British, to his presidency, when he dealt with Native Americans as a head of state would with a foreign power, using every means of diplomacy and persuasion to fulfill the new republic's destiny by appropriating their land. By the end of his life, Washington knew more than anyone else in America about the frontier and its significance to the future of his country. *The Indian World of George Washington* offers a fresh portrait of the most revered American and the Native Americans whose story has been only partially told. Calloway's biography invites us to look again at the history of America's beginnings and see the country in a whole new light.

[Master George's People](#) - Marfe Ferguson Delano 2013

Presents an analysis of the president's lesser-known roles as a slave owner, sharing the experiences of the slave cooks, overseers, house workers, and farm hands at Mount Vernon while exploring how slave ownership shaped Washington's views.

[George Washington Was Not the First President](#) - Jean Waricha 1992-09

[George Washington](#) - Agnieszka Biskup 2012-07

"Describes the life of George Washington, focusing on his service during the Revolutionary War and his presidential inauguration"--Provided by publisher.

George Washington (Presidential Biographies) - Jevon Bolden 2020-09

"Book introduces the reader to George Washington and his life."--

George Washington - Doug West 2020-12-11

Do you want to learn about George Washington but don't have the time or patience to read a thick book? Then this is the short and concise book for you!! George Washington, the revolutionary war hero, and first president of the United States has risen to the level of an

American legend. This one-dimensional view of the "founding father" turns out to be short sighted. For this complex man of the soil from Virginia, though of limited formal education, would change the very destiny of nations. Few knew Washington as well as did his Secretary of State, Thomas Jefferson, who wrote of Washington long after his death, "He was indeed, in every sense of the words, a wise, a good and a great man.." Just one of his many achievements would make him a notable American, but his accomplishments were many: Officer in the Virginia Militia during the opening battles of the French and Indian War. Top patriot leader in the Virginia House of Burgesses. Delegate from Virginia to the First Continental Congress. Commander of the Continental Army during the American Revolutionary War. President of the Constitutional Convention of 1787. First President of the United States. During his two terms he led the infant republic to form a stable federal government that has lasted over two centuries. The book "George Washington: A Short Biography" gives a crisp look at the life and times of the man George Washington. To illustrate the story of his life there are numerous pictures of the people, places, and events that were part of the life of the first president of the United States. In addition, the book contains: a list of reference books for further reading, a timeline of Washington's life and events of that period of history, and a section that contains short biographical sketches of the key individuals in the book. This is the 50th book in the 30-Minute Book Series. Books in this series are fast-paced, accurate, and cover the story in as much detail as a short book possibly can. Most people complete each book in less than an hour, which makes the books in the series a perfect companion for your lunch hour, a school project, or a little down time.

George Washington's First Victory - Stephen Krensky 2005

Describes an incident in the early life of George Washington, which provides a glimpse of his relationship with his mother.

[The Cabinet](#) - Lindsay M. Chervinsky 2020-04-07

The US Constitution never established a presidential cabinet—the delegates to the Constitutional Convention explicitly rejected the

idea. So how did George Washington create one of the most powerful bodies in the federal government? On November 26, 1791, George Washington convened his department secretaries—Alexander Hamilton, Thomas Jefferson, Henry Knox, and Edmund Randolph—for the first cabinet meeting. Why did he wait two and a half years into his presidency to call his cabinet? Because the US Constitution did not create or provide for such a body. Washington was on his own. Faced with diplomatic crises, domestic insurrections, and constitutional challenges—and finding congressional help lacking—Washington decided he needed a group of advisors he could turn to. He modeled his new cabinet on the councils of war he had led as commander of the Continental Army. In the early days, the cabinet served at the president's pleasure. Washington tinkered with its structure throughout his administration, at times calling regular meetings, at other times preferring written advice and individual discussions. Lindsay M. Chervinsky reveals the far-reaching consequences of Washington's choice. The tensions in the cabinet between Hamilton and Jefferson heightened partisanship and contributed to the development of the first party system. And as Washington faced an increasingly recalcitrant Congress, he came to treat the cabinet as a private advisory body to summon as needed, greatly expanding the role of the president and the executive branch.

Presidential Travel - Richard J. Ellis 2008

The author explores how presidential travel has reflected and shaped the changing relationship between American presidents and the American people in a study that takes readers along on presidential jaunts through the years.

George Washington - Dona Herweck 2011-12-01

Presents the life and accomplishments of the first president of the United States, who had been the victorious commander-in-chief of the Continental Army during the American Revolution.

George Washington - Brendan January 2003
Traces the life of the Virginia surveyor, soldier, and plantation owner who became the first president of the United States.

Meet George Washington - Jane Katirgis 2019-07-16

George Washington was one of the most

influential figures in American history. How did the first president of the United States become such a strong leader? This easy-to-read text clearly highlights Washington's life and accomplishments, from his time working as a land surveyor and planter to his service in the Virginia militia and the French and Indian War. Readers will be enthralled to learn about his rise to commander in chief of the American Army. Washington's leadership and time as president are just one example of how an American can contribute to a country and a culture. An array of primary sources, including historical paintings, maps, objects, and photographs is included.

[George Washington, 1st President of the United States](#) - Lucille Falkof 1989

Aligned to Common Core Standards and correlated to state standards. Checkerboard Library is an imprint of Abdo Publishing, a division of ABDO.

Washington - Ron Chernow 2010-10-05

From the author of *Alexander Hamilton*, the New York Times bestselling biography that inspired the musical, comes a gripping portrait of the first president of the United States. Winner of the 2011 Pulitzer Prize for Biography "Truly magnificent . . . [a] well-researched, well-written

and absolutely definitive biography" —Andrew Roberts, *The Wall Street Journal* "Until recently, I'd never believed that there could be such a thing as a truly gripping biography of George Washington . . . Well, I was wrong. I can't recommend it highly enough—as history, as epic, and, not least, as entertainment." —Hendrik Hertzberg, *The New Yorker* Celebrated biographer Ron Chernow provides a richly nuanced portrait of the father of our nation and the first president of the United States. With a breadth and depth matched by no other one volume biography of George Washington, this crisply paced narrative carries the reader through his adventurous early years, his heroic exploits with the Continental Army during the Revolutionary War, his presiding over the Constitutional Convention, and his magnificent performance as America's first president. In this groundbreaking work, based on massive research, Chernow shatters forever the stereotype of George Washington as a stolid, unemotional figure and brings to vivid life a dashing, passionate man of fiery opinions and many moods. Lin-Manuel Miranda's smash Broadway musical *Hamilton* has sparked new interest in the Revolutionary War and the Founding Fathers. In addition to Alexander Hamilton, the production also features George Washington, Thomas Jefferson, James Madison, Aaron Burr, Lafayette, and many more.

[Let's Read About-- George Washington](#) - Kimberly Weinberger 2002

A simple biography of the first president of the United States.

George Washington - Josh Gregory 2015-01-01 Shares information on the first president, including his childhood, his military career, and his presidency.

[George Washington](#) - James MacGregor 2004-01-07

Examines the contributions of America's first president, tracing his accomplishments as a Revolutionary War hero and explaining how his decisions as president established precedents for the future governing of America.

[George Washington](#) - David O. Stewart 2022-02-08

A fascinating and illuminating account of how George Washington became the dominant force in the creation of the United States of America,

from award-winning author David O. Stewart "An outstanding biography . . . [George Washington] has a narrative drive such a life deserves."—The Wall Street Journal

Washington's rise constitutes one of the greatest self-reinventions in history. In his mid-twenties, this third son of a modest Virginia planter had ruined his own military career thanks to an outrageous ego. But by his mid-forties, that headstrong, unwise young man had evolved into an unassailable leader chosen as the commander in chief of the fledgling Continental Army. By his mid-fifties, he was unanimously elected the nation's first president. How did Washington emerge from the wilderness to become the central founder of the United States of America? In this remarkable new portrait, award-winning historian David O. Stewart unveils the political education that made Washington a master politician—and America's most essential leader. From Virginia's House of Burgesses, where Washington mastered the craft and timing of a practicing politician, to his management of local government as a justice of the Fairfax County Court to his eventual role in the Second Continental Congress and his grueling generalship in the American Revolution, Washington perfected the art of governing and service, earned trust, and built bridges. The lessons in leadership he absorbed along the way would be invaluable during the early years of the republic as he fought to unify the new nation.

George Washington - Augusta Stevenson
2014-08-12

Get to know George Washington as a kid and discover what made him the ultimate all-star in American history. George Washington was the first President of the United States, the commander-in-chief of the Continental Army during the American Revolutionary War, and one of the Founding Fathers of the United States. But what was he like as a kid? In this narrative biography, you'll learn all about George Washington's childhood, from his birth in Virginia on February 22, 1732, to his boyhood on a farm near Fredricksburg and later at Mount Vernon, to his relationship with his older brother, who was like a father to him. Find out what George did for fun—and what prepared him to eventually lead a new nation.

George Washington Reconsidered - Don

Higginbotham 2001

George Washington, heroic general of the Revolution, master of Mount Vernon, and first president of the United States, remains the most enigmatic figure of the founding generation, with historians and the public at large still arguing over the strengths of his character and the nature of his intellectual and political contributions to the early republic. Representing the finest recent scholarship on Washington, these thirteen essays by the leading scholars in the field strike a balance between Washington's personal life and character and his public life as a soldier and political figure. Editor Don Higginbotham provides an introduction about Washington and his treatment by historians, and an afterword devoted to how the American people have viewed Washington, including the 1999 commemorations of the bicentennial of his death. With three essays written specifically for this volume, *George Washington Reconsidered* is the first collection of its kind to be published in over thirty years.

Who Was George Washington? - Roberta Edwards 2009-01-08

In 1789, George Washington became the first president of the United States. He has been called the father of our country for leading America through its early years. Washington also served in two major wars during his lifetime: the French and Indian War and the American Revolution. With over 100 black-and-white illustrations, Washington's fascinating story comes to life - revealing the real man, not just the face on the dollar bill!

George Washington - Hourly History 2016-08-21

George Washington, the first president of the United States, is much more than a monument on Mount Rushmore. Who was Washington, the general, president, and husband? He was first and foremost a man of impeccable honor which, despite military adversity and political wrangling, never abandoned him. The Founding Fathers who squabbled and competed amongst themselves did agree on one thing: only Washington could lead the country, first in the country's military fight for freedom and then as the man charged with transforming thirteen individual states into a united country. But in his youth, George Washington did not intend to become the Father of his Country. As a younger

son of a middling class Virginian, he intended to earn his living as a surveyor, and in that role, he was introduced to the vast potential of the country that would one day be a nation. But when the death of his older brother made him the heir to Mount Vernon, Washington ascended to leadership in the military, political and social spheres of Virginia and the United States. Inside you will read about... □ The Washington's of Virginia □ Europe Exports its Wars to the Colonies □ Washington at Mount Vernon □ An Englishman no Longer □ Washington at War □ The Father of His Country □ Return to Mount Vernon As a member and later officer in the Virginia militia, he fought with the British army against the French as the two European powers struggled for control of the rich Ohio Valley. The British, who would refuse Washington a commission in their army, would later meet him in battle as the commander-in-chief of the Continental Army, fighting for independence against the forces of King George III. As a political leader, he would become the architect of the American government. As the master of Mount Vernon, Washington's marriage to the wealthy Martha Dandridge Custis placed him among the elite of the Virginia aristocracy. His integrity established a model for subsequent generations to emulate. That few have managed to match his achievements is an indication of his influence and character. Meet George Washington, the man, and discover the identity of this remarkable leader.

You Never Forget Your First - Alexis Coe 2020

"In a genre overdue for a shakeup, Alexis Coe takes a closer look at our first--and finds he's not quite the man we remember Young George Washington was raised by a struggling single mother, demanded military promotions, chased rich young women, caused an international incident, and never backed down--even when his dysentery got so bad he had to ride with a cushion on his saddle. But after he married Martha, everything changed. Washington became the kind of man who named his dog Sweetlips and hated to leave home. He took up arms against the British only when there was no other way, though he lost more battles than he won. Coe focuses on his activities off the battlefield--like espionage and propaganda. After an unlikely victory in the Revolutionary War,

Washington once again shocked the world by giving up power, only to learn his compatriots wouldn't allow it. The founders pressured him into the presidency--twice. He established enduring norms but left office heartbroken over the partisan nightmare his backstabbing cabinet had created. Back on his plantation, the man who fought for liberty finally confronted his greatest hypocrisy--what to do with the hundreds of men, women, and children he owned--before succumbing to a brutal death. Alexis Coe combines rigorous research and un sentimental storytelling, finally separating the man from the legend."--

George Washington - 2005-03

A delightful mix of full-color historical reproductions, photos, and hilarious cartoon-style illustrations brings to life the Presidents of the United States of America, combining poignant anecdotes with important factual information.

The Story of George Washington - Patricia A. Pingry 2022-01-04

Explore George Washington's childhood and presidency with this 200-word board book perfect for little learners! This little book introduces George Washington, one of the forefathers of the United States, and its first president. Simple, toddler-friendly text tells the infamous story of the cherry tree from his childhood, his part in the Revolutionary War, and his presidency. Accompanied by vivid and engaging illustrations, *The Story of George Washington* will help even the smallest children understand who George Washington is, and why he is so important.

The First Congress - Fergus M. Bordewich 2016-02-09

"The First Congress was the most important in US history says prizewinning author and historian Fergus Bordewich, because it established how our government would actually function. Had it failed--as many at the time feared it would--it's possible that the United States, as we know it would not exist today,"-- NoveList.

George Washington: The First President - Sarah Albee 2017-12-05

The life of George Washington is introduced in this early reader biography. After General Washington led the American colonists to victory

in the Revolutionary War, everyone thought he should become the first president of the United States. Washington would turn out to be a strong leader and a wise president.
