"Angels" and Pawprints - Jeanette Mercer

Gardner 2010-02-18

In the memoir Angels and Pawprints, Jeanette Gardner continues the rest of her life story, detailing how she managed to survive all the adventures, hardships, and mishaps that accompanied raising five children born in rapid succession with a mere six years separating all of them. Gardner, the author of Dirty Feet and Hungry Hearts, begins by sharing details of the day she left Greybull, Montana, for Billings, met the love of her life, married him after a five-week

courtship, and began what she calls the great adventure into marriage and motherhood. As she relays her poignant and humorous experiences, Gardner divulges the entertaining antics of her five children as they grew from toddlers to teens. From eating Drano, to starting fires in the chimney, to falling from trees, and swallowing pins, Gardner's anecdotes highlight one mother's sometimes hilarious, sometimes tearful struggle to survive the challenges of raising a large family where the daily goal was often to just keep everyone alive. Gardner's look back at the craziness of motherhood filled with gray hair, laughter, tears, heart-stopping emergencies, and a heart overflowing with love prove that the absolute best job in the world is to be a mother.

All the Steps I Have Taken - Linda L.

Christianson 2012-08-07

As a six-month-old infant, Linda Christianson was diagnosed with poliomyelitis, a highly contagious disease that crippled thousands of

children and adults before a vaccine became available in 1953. In her memoir, she now shares the intimate story of her struggle with the disease and of learning to approach her life in as normal a way as possible. She details the struggles that she faced growing up and the challenges that she handles each day of her life. Because she contracted polio at such a young age, Linda was never able to enjoy the carefree childhood of skipping, dancing, and jumping that other children, including her sister, were able to experience. She had to learn how to live with her disease and to carve out a productive life for herself. Today, she approaches tasks with planning and much forethought. She works within the limitations of her disease but still finds joy and accomplishment in each day. All the Steps I Have Taken presents the chronicle of her life, which has given her a magnificent family, a superlative set of friends with whom she shares her life, and her beloved home. "...a remarkably moving story of one woman's courage and resilience. It is a real inspiration for us all." —Barb Blome "Anyone who has never been stricken with polio will give thanks for what they have been spared, yet may wonder why another is not so lucky. This story makes one realize how God works in their life through their adversity. It brings back the footprints in the sand quote "during your times of trial and suffering, when you see only one set of footprints, it was then that I carried you" "A true inspiration." —Vikki Wacek
