Weather and Climate - Joe Greek 2017-12-15

This book invites young readers to explore the science behind weather and climate and to discover how these forces shape the world around them. With the aid of visuals and age-appropriate language, readers will learn how the combination of different elements, such as temperature and wind, create Earth's weather. They will also learn the importance of understanding weather patterns and how they affect various aspects of life. Sidebar content throughout the book will also enhance the reader's experience and encourage the development of critical-thinking skills.

Farmers' Almanac 2008 - Peter Geiger 2007

Provides weather predictions for the entire United States and includes such features as the best days for fishing, recipes from the Wild West, and tips for tightwads.

Toad Weather - Sandra Markle 2021-03-02

A young girl, her mother, and her grandmother embark on a rainy day adventure in this engrossing story of discovery and wonder, inspired by a true story. There's nothing to do on a rainy day—or so Ally thinks. But Mama says she's seen something amazing, so despite Ally's misgivings, she sets out on an adventure with her mother and grandmother. On their journey, she sees all sorts of things: dripping awnings, wet cardboard, splashing cars...but also earthworms, storm drain geysers, and oil slick patterns. And then they turn the corner, just in time to see a big crowd. What's happening? Lyrical text from Sandra Markle and stunning paintings from New York Times best-selling illustrator Thomas Gonzalez tell a captivating, multigenerational story of a toad migration, inspired by the real-life Toad Detour in Roxborough, Pennsylvania.

Little Cloud - Eric Carle 2020-07-28

The clouds drift across the bright blue sky--all except one. Little Cloud trails behind. He is busy changing shapes to become a fluffy sheep, a zooming airplane, and even a clown with a funny hat. Eric Carle's trademark collages will make every reader want to run outside and discover their very own little cloud.

More Than Sunny - Shelley Johannes 2021-05-11

Rain or shine, two siblings always find the silver lining in this joyful, shining picture-book debut Is there anything better than a sunny day? How about a day that's sunny . . . and birdy? Or breezy and buzzy? Blue and wishy? Cloudy and fishy? In this enchanting, buoyant picture-book debut from Shelley Johannes, a pair of siblings find the bright side during all the seasons of a year—bringing optimism, curiosity, and wonder to each situation they encounter, no matter the weather.

Worm Weather - Jean Taft 2015

"Join in the rainy-day fun as kids splash through the puddles, affecting another weather enthusiast, a nearby worm. The worm delights in the weather just as much as the kids"--

Yesterday's Weather - Anne Enright 2009-06-16

Named a Best Book of the Year by the New York Times Book Review, the San Francisco Chronicle, Kirkus Reviews, and the Washington Post Book World. From the Booker Prize-winning author of *The Gathering and Actress*, this is a collection of sharp, unpredictable short fiction about people struggling to connect in an increasingly disconnected world. *Yesterday's Weather* shows us a rapidly changing Ireland, a land of family and tradition, but also, increasingly, of organic radicchio, cruise-ship vacations, and casual betrayals. An artisan farmer seethes at the patronage of a former Catholic-school classmate, now a successful restaurateur; a bride cheats on her rich husband with an old college friend—a madman who refuses his pills, disappears for weeks on end, and plays the piano like a dream. These and other stories make up a volume that is “astonishing: moving, emotionally accurate, sly, and laugh-out-loud funny” (*O*, the Oprah Magazine). “A dazzling collection.”—*Time Out*

Wendy's Weather Warriors - Kathryn Lay 2010-09-01

Six narratives featuring Wendy Peters and her club, *Wendy's Weather Warriors*, explore weather phenomenon and the science behind lightning, tornadoes, snow, hail, floods, and hurricanes.

Gusts and Gales - Josepha Sherman 2003-07

Explains what causes wind, the various kinds of wind, and describes hurricanes and tornadoes.

How Does Weather Change? - Jennifer Boothroyd 2017-08-01

Why is it sunny outside one day and rainy the next? Readers will learn the ins and outs of why weather changes in this book. Accessible text and appealing photos show changing weather conditions and encourage students to observe and think about the changing weather in their own environments.

Yucky Worms - Vivian French 2021-05-04

“Vivian French tells a gardening adventure and offers underground facts, including helpful hints on how to become a ‘wormologist.’ “ — USA Today Who would want to be friends with a wiggly, slimy worm? You can't even tell which end is which! But there's more to these lowly creatures than meets the eye. Kids are invited to find out where worms live, see how they move, and understand why gardeners consider them friends with the help of this humorous and informative look at an unappreciated — and fascinating — creature. Back matter includes further information about worms and an index.

Tap Tap Boom Boom - Elizabeth Bluemle 2014

As a thunderstorm sweeps into the city, the people of the neighborhood rush into the subway to wait out the wind and weather.

Sunny Weather - Sally Lee 2018-08

"Ah, it is sunny. Put on your sunglasses and find out why we need the sun and sunny days. Bring augmented reality to your students by downloading the free Capstone 4D app and scanning for access to an online article, video, and discussion questions"--

What Are Air Masses and Weather Fronts? - Bobi Martin 2015-01-01

Even though we can't change the weather ourselves, we can understand the factors that account for changing conditions. Weather fronts are responsible for a host of meteorological phenomena, and learning how to interpret them can help us prepare for the worst of winter or celebrate the best of summer. This volume breaks down the differences between the various weather fronts and explains how they generate the weather we experience. It also examines the relationship between weather fronts, air masses, jet streams, and related events, such as El Niño.

The Weather Girls - Aki 2018-03-06

Summer, Fall, Winter, or Spring--the Weather Girls are ready for whatever the seasons might bring! Charming rhyming verse and adorable art make this picture book irresistible and ideal for sharing.

Worm Weather - Jean Taft 2015-10-20

Drip, drop, skip and hop. Splish, splash, sidewalk dash! It's worm weather! Join in the rainy-day fun, as kids splash through the puddles, affecting another weather enthusiast, a nearby worm. An imaginative and playful story, readers will love seeing the worm delight in the weather just as much as the kids. Worm Weather covers the concepts of Imagination and Weather.

The Story of Snow - Mark Cassino 2011-10-21

How do snow crystals form? What shapes can they take? Are no two snow crystals alike? These questions and more are answered in this visually stunning exploration of the science of snow. Perfect for reading on winter days, the book features photos of real snow crystals in their beautiful diversity. Snowflake-catching instructions are also included.

Weather - Dona Herweck Rice 2005-01-05

Authentic, leveled content that helps students practice and develop their nonfiction reading skills.

Severe Weather - Kristin Schuetz 2015-08-01
