Hunter Pocket Adventure Guides contain all the practical travel information you need - places to stay and eat, tourist information resources, travel advice, emergency contacts, and more - plus condensed sections on history and geography that give you good background knowledge of the destination. The author is fascinated with the destination and her passion comes across in the text, which is lively, revealing, and a pleasure to read. Sidebars highlight unusual facts and tell of local legends, adding to your travel experience. Detailed town and regional maps make planning day-trips or city tours easy. Adventures covered range from town sightseeing tours and nature watching to sea kayaking and organized jungle excursions. Travelers looking for a more relaxed vacation may want to sign up for traditional dance lessons in Bolivia, drum classes in the Dominican Republic, or attend a weaving school in Bolivia - these cultural adventures will introduce you to the people and afford you a truly unique travel experience. Over the last two years I have traveled Bolivia four times. Among the score of Bolivian guides that I have reviewed, two stand out: Pocket Adventures Bolivia and Footprint Bolivia. Both are solid guides, yet, both have their flaws.

*Saltwater City* - Paul Yee 2006

Written by Paul Yee, a third-generation Chinese-Canadian in search of his own roots as well as those of the community, Saltwater City brings the perceptions of a previously diffident community to its own history. A text resonant with often painful first-person recollections combines with 200 photographs, most reproduced for the first time, to form a chronological portrait of the community from its earliest beginnings to the present. With the assimilation of its people into the mainstream of Canadian life following World War II, Saltwater City, as early Chinese immigrants called the community, was threatened, but changes in attitude, government policy, and the opening of

diplomatic relations with China instead caused a renaissance. Now, Vancouver's Chinese community totals over 150,000 people, enjoys considerable political and financial influence and has matured beyond recognition into one of Canada's most successful ethnic enclaves.

The Cultivation of Taste - Christel Lane 2014-02-14

After many decades, if not centuries, of neglect

of fine food and high-level restaurants in Britain, we are seeing a massive explosion of interest in food, cooking, and dining out. Christel Lane's book charts the process of this transformation and examines top contemporary restaurants and their chefs. *The Cultivation of Taste* presents a comparative study of Michelin-starred restaurants in Britain and Germany, focusing on two countries without an indigenous haute cuisine but which nevertheless have developed internationally reputed fine-dining sectors, and comparing their development to the fine-dining culture in France. Written from a sociological perspective, chefs are portrayed as part of a complex network, in their relationships with their employees, their customers, gastronomic

critics, suppliers of food, and even their financiers. It will appeal to academics in the areas of economic and cultural sociology, and those with an interest in small entrepreneurial firms and their work relations, but also to all those who have an interest in fine-dining restaurants and the chef patrons at the centre of them. The book draws on a large number of interviews with renowned chefs, diners, and Michelin inspectors to provide an unprecedented insight into what goes on in Michelin-starred restaurants—what makes their chefs tick, intrigues their critics, and beguiles or annoys their customers. Restaurants are viewed not simply as businesses but as cultural enterprises that shape our taste in food, ambience, and sociality.
