**Coloring Activity Book. Hi Alphabet! Getting to Know the ABC's Color and Identify Toddler Activity Book 1-3. PreK Alphabet A-Z and Dot to Dot for Writing Training** - Jupiter Kids 2017-03-15

Help your child find joy in learning through this Coloring Activity Book. Hi Alphabet! Getting to Know the ABC's Color and Identify Toddler Activity Book 1-3. PreK Alphabet A-Z and Dot to Dot for Writing Training. It contains almost 200 pages of age-appropriate activities banked on the following concepts: Letters A-Z Introduction to written letters. Each letter is linked to an animal for more efficient identification. Connect the Dots Letters - Connect the dots target two concepts: the familiarity of numbers and the curves of every letter. Connect the dots require kids to follow numeric sequences. Meanwhile, the creation of lines between dots will help speed up the familiarity of how letters are written. Numbers - This activity book features the numbers 1-10. Coloring - Both concepts of letters and numbers are delivered primarily through the hands-on exercise of coloring. The key is to improve grip and hold while boosting memory through experience. There is an evolution of control in this

activity book. At first, kids will be given the freedom to choose and use colors. Later on, strict instructions will be provided on what colors to use on specific numbers or letters. This slow introduction of control will be useful in the transition to formal education. This activity book comes in 8.5 x 8.5 inches pages, which make it easy to carry around and complete. A bleedthrough page is included to prevent color bleeds. The many

edutaining opportunities provided by this activity book will keep little ones busy for hours. They wouldn't even realize that they're immersing themselves in learning because they'll think that they're just having fun! This activity book is suitable for toddlers age 1-3, although it can also be used until kindergarten years.
