[J.K. Lasser's Small Business Taxes 2020](#) - Barbara Weltman 2019-11-19 Maximize your bottom line with the nation's most trusted small business tax guide J.K. Lasser's *Small Business Taxes 2020* is the small business owner's ultimate guide to a money-saving, stress-free tax season.

Providing straightforward advice from the nation's most trusted tax expert on small business taxes, this book gives you the answers you need quickly, with clear, concise guidance. Updated to cover changes from the Tax Cuts and Jobs Act and other legislation, this edition also includes an e-supplement covering additional developments from Congress and the IRS to keep you fully up-to-date. A complete listing of all available business deductions and credits helps you identify those you qualify for, and includes critical information on dollar limits, recordkeeping requirements, and how to actually take the write-off—all the way down to the IRS form to use. Organizational and planning strategies help you get through the process quickly and with fewer headaches, and this year's changes to the tax laws are explained in terms of how they affect your filing. Keeping up with the intricacies of tax law and filing is a full-time job—but it's not your full-time job. You have a business to run. This book gives you the guidance you need in the time that you have so you can get taxes out of the way and get back to work. Learn which expenses qualify for deductions—and which ones don't Adopt a more organized recordkeeping system to streamline the filing process Explore small-business-specific strategies for starting or closing a business, running a sideline business, and operating in multiple businesses Decode the various forms and worksheets correctly with step-by-step guidance Audit-proof your return Review obligations for the “other taxes,” including payroll and excise taxes Every year, millions of small business owners

overpay their taxes because they lack the time and expertise to make tax-sensitive business decisions throughout the year only to learn that it's too late to act when it comes to tax time. Now you can put your money back where it belongs—in your business. J.K. Lasser's *Small Business Taxes 2020* helps you take wise actions during the year and tells you how to file completely and accurately while maximizing your bottom line.

[Dan Pilla's Small Business Tax Guide](#) - Dan Pilla 2020-04-14

More than a half-million new businesses are started every year by creative, energetic people looking to capitalize on their ideas and ingenuity. Unfortunately, only about 3 out of 10 last more than two years, and only about 50% those make it five years. A key reason small businesses fail is because of IRS problems. The tax code heaps a mountain of reporting, payment, and compliance obligations on small businesses that most business owners don't know anything about. In fact, the Government Accountability Office once counted more than 200 distinct obligations placed on the shoulders of businesses. Can you name all 200? Can you name even 20? If not, you need this book. And since the tax code was changed more than 5,900 times just since 2001, you need this book now more than ever. In the *Small Business Tax Guide*, Dan covers important topics, including: - Identifying the 15 most common mistakes small business make, and how to avoid them - - Whether an LLC, Subchapter S corporation or partnership is best for you - - Everything you need to know about hiring employees and using independent contractors - - How to properly set up and use an office in your home - - How to avoid the IRS's costly "hobby loss" rules - - How to avoid tax penalties that can kill your business - - How to properly deduct business travel and mileage expenses - - Understanding the complex new rules for business meals and entertainment expenses - - Dan's fool-proof record-keeping system to keep you out of trouble with the IRS - - Plus much, much more! It's not enough to be the creative genius behind your company. You also have to keep your company out of trouble with the IRS. Don't get clobbered for violating tax rules you never knew existed. If you currently operate or intend to operate your own small business, you need this important new book right now.

Tax Accounting - Greg Shields 2021-01-09

If you're a business owner wanting to learn more about taxes without going through boring textbooks, then keep reading... Benjamin Franklin once said that "in life, only two things are certain: death and taxes." He wasn't exaggerating about the latter. And because you must deal with taxes for as long as you live and earn money, you must get it right every time. Unlike any other infractions or violations, tax-related offenses have major repercussions. At a minimum, you will pay fines and expenses. But if your tax violations are serious, you may end up in jail. Think about this: the infamous mafia gangster boss Al Capone was indicted and sent to prison not because of his violent crimes, but because of tax violations. Hence, you must take your taxes very seriously. So, what does it take to manage your taxes successfully and avoid the massive inconveniences associated with being flagged by the Internal Revenue Service for tax violations? There are so many answers to this question, but they can be summed up in one term: tax accounting. And that is what this book is all about. Written with non-accountant entrepreneurs in mind, this book can help you learn important tax accounting principles for ensuring optimal tax management in your business. These include: What tax accounting is. Important tax accounting guidelines. The difference between accounting and bookkeeping. How to claim tax deductions legally. How to choose the right business entity. How to manage payroll tax. Discover if you need an S corporation or a C corporation. And much, much more! By the time you're finished with this book, you'll be armed with sufficient

knowledge to ensure proper management of your businesses' income taxes. And while you can never avoid taxes, what you'll learn here can make you and the IRS the best of friends. So, grab your copy of this book now and start your journey towards optimal tax management for your small business.

Every Airbnb Host's Tax Guide - Stephen Fishman 2022-01-25

All 2.9 million Airbnb hosts in the United State can profit from this book. The first, and still only, one of its kind, it tells hosts everything they need to know about taxes for short-term rentals, including deductions they may take, depreciation, when short-term rentals are tax-free, repairs, and tax reporting for short-term rentals. The new edition covers all the latest tax changes brought about by the Coronavirus legislation passed by Congress. These include new tax breaks that can save hosts thousands in taxes: tax credits for sick leave and family leave for self-employed hosts, employee retention credit, and tax-free treatment of landlord PPP loans Many Airbnb hosts have lost money due to the Coronavirus pandemic. This book explain if, when, and how short-term rental hosts may deduct their losses from other nonrental income. *Occupational Outlook Handbook* - United States. Bureau of Labor Statistics 1976

The Payroll Book - Charles Read 2020-08-11

The *Payroll Book* is the only book that demystifies payroll with clear, concise, and real-world examples on how to tackle the process. "The *Payroll Book* will be a valuable resource for the small business owner as well as for the entrepreneur planning a new venture. Thorough, well-organized, and thoughtfully written, this practical guide is an essential tool for managing the payroll process." —Marilyn K. Wiley, Dean, College of Business, University of North Texas "Failing to comply with the withholding, tax remittance, and report filing requirements in handling business payroll carries a high cost. Charles' book will guide entrepreneurs through the minefields of payroll processing and reporting in language that business owners can understand. Whether you already own or are planning to start your own business, *The Payroll Book* is an essential tool." —James A. Smith, Past President and Chairman, Texas Society of CPAs "If accounting is something you have not paid keen attention to in your startup, then this book can demystify the whole thing for you and then some! Logically set-up and highly practical in its approach! I highly recommend this book for any startup, entrepreneur, and, frankly, anyone thinking about starting a business. That said, if you already started a business it's just as important—this is a must-read!" —Hubert Zajicek, CEO, Co-founder and Partner, Health Wildcatters "Wow! This is the most comprehensive book of its kind. I have worked in payroll for over 25 years, and I would recommend this book as a reference to anyone who has a hand in payroll. From the novice just entering the field to the seasoned veteran, there is something in this book for everyone." —Romeo Chicco, President, PayMaster

Taxes for Small Businesses - Mike Nelson 2017-02-14

Are you thinking about starting a business but are confused by the taxes? Do you already own a business and need to know the tax repercussions of having employees versus outsourcing to contractors? Are you confused on depreciation and how to use it to your tax advantage? Not sure which accounting software to use? Do you need an accountant or can you do your taxes yourself? Find the answers to these questions and more As a small business owner, you have a lot on your mind. Worries consist of how to increase sales, how much inventory to keep, and whether or not to rent office space. While these concerns are important, they're not as important as managing your taxes, which is an aspect of your small business that involves both profitability and legal compliance issues. If you don't handle your small business' taxes correctly, you can count on

the almighty Internal Revenue Service or IRS to come knocking, nay, banging at your small business' door to make things really hard and costly for you. That's why consistent and efficient tax management for your small business is something that you need to learn. In this book you will learn: How to manage your small business taxes How to improve your standing with the almighty IRS How to maximize your profits Which business structure is best for you? How your choice of business structure will effect your taxes How to plan tax management The different types of taxes your business will have to pay How your chose of accounting methods can change your tax implications Whether not to hire a professional The basic elements of computing for your business income tax returns. In addition: This book features a lengthy discussion on the issue of depreciation and how to maximize that as a tax-deductible expense. You'll learn how to manage your small business' payroll taxes, should you decide to or are already employing people to help you run your business. This is another crucial area where most small business owners tend to struggle with and often need assistance in. Don't wait until the IRS starts knocking - or banging - down your small business's doors before you take action. Buy this book now and learn how to manage your small business's taxes effectively and continue staying on the good side of the almighty IRS! Download your copy today!

Tax Savvy for Small Business - Frederick W. Daily 2021-01-26

"Create a business tax strategy that will save you time, energy, and money. Getting your tax matters on track will free up your time to do what really counts: run a profitable business. Tax Savvy for Small Business shows you how to: deduct operating expenses, deduct travel, vehicle, and meal expenses, take advantage of tax credits, write off long-term assets, compare business structures, keep solid business records, and handle an IRS audit. This completely updated edition of Tax Savvy for Small Business covers new tax rules under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and how those rules affect small business owners"--Page 4 of cover.

Small Business Taxes For Dummies - Eric Tyson 2019-02-12

Small business taxes taxing you out? For most business owners, their

single biggest “expense” (and headache) is dealing with their taxes. And while the just passed Congressional tax bill reduced taxes for many of the estimated 30 million small business owners in the U.S., the nation’s taxes continue to be complex. Not being up-to-speed on tax rules and strategies can lead to mistakes that cost business owners thousands of dollars in fines and penalties every year. *Small Business Taxes For Dummies* assists both current and aspiring small business owners with important tax planning issues, including complete coverage of the tax changes taking effect in 2018, creating an ongoing tax routine, dealing with the IRS, and navigating audits and notices. Includes issues influencing incorporated small businesses, partnerships, and LLCs Offers expanded coverage of other business taxes including payroll and sales taxes Provides websites and other online tax resources Gives guidance to millennials juggling multiple gigs If you’re a current or aspiring small business owner looking for the most up-to-date tax planning issues, this book keeps you covered.

The Tax Bible - Ken Koenen 2016-12-29

Most small business owners and self employed individuals are more concerned about the day to day issues of running your business rather than digging through thousands of pages of IRS publications to learn what deductions they might be entitled to on their tax returns. They also do not have the funds to hire a staff of tax attorneys to guide them through the maze known as the Internal Revenue Code. This book will be their staff of tax attorneys to guide them, and to provide them with legitimate deductions that they are entitled to take, but have not been doing so. More importantly, this book will give them methods of record keeping shortcuts designed to take less of their time, yet meet all IRS requirements. There is a lot of talk about a flat tax, and perhaps that would be a good thing. The chances of that happening anytime soon is remote, because politicians love to use (or abuse) the tax code to encourage investment, employment and other pet projects for their states. With the change of administration in the White House a few days away at the completion of this book, there will undoubtedly be many changes to the U.S. Tax Code over the coming months. They buyers of

this book will be provided a six (6) month membership to taxsaver.co, (LAUNCHING IN JANUARY, 2017) where the author will be providing updates and changes to the Tax Code for its members. This book is designed to provide the reader with a quick reference not only to different deductions available to them, but also reference to the tax code and other authorities that they can use to provide to their tax preparer at tax time to support their deductions. The book covers everything that a small business owner needs to know, from a brief explanation of the tax system, start up deductions and operating expenses. It covers long term asset deductions and how to handle inventory. It amplifies information on the home office deduction, car and truck use in business, how to combine personal and business travel to make both deductible, as well as getting the most out of their ability to deduct meals and entertainment. It also touches on the many miscellaneous deductions that are available. Finally, it explains how to amend previously filed tax returns when the reader learns how much money they have left on the table in those previous returns. We also discuss strategies to avoid audits and how to handle an audit if one comes up. This book will help the reader to fit their business and circumstances to the available deductions, and start saving thousands of dollars in taxes each year which they could be used by you to grow your business. As long as the Tax Code is allowing all of these deductions and perks, why shouldn't the small business owner take advantage of them? They should keep that money to build their own business. And with our record keeping guidance and shortcuts, the owner can make their tax return virtually AUDIT PROOF.

The Small Business Owner's Tax Guide - Katryna Johnson 2012-08-14 Taxes, taxes, taxes. They are a fact of life, especially a business life. Many small business owners overpay taxes each and every year because they are not educated on all of the possible allowable tax deductions they can take. They don't plan their expenses properly to maximize their deductibility. No one should overpay taxes -- ever. The tax laws are meant to be followed, just like any other law, so if you are allowed to take a deduction, doesn't it make sense that you would take it?The wealthy pay a lot less in taxes than you do because they know the rules.

And the biggest rule of all is: you need to own a business and then take full advantage of the tax savings allowed. Why don't you? Because you haven't learned the rules. That ends today. Here's a book, written in easy-to-understand English (not IRS double-speak) that explains many of the rules and gives you tips and suggestions on how you, too, can deduct, deduct, deduct. Do you work out of your home? Are you clear on how to qualify for the home office deduction? Are you deducting a proportion of every expense that could be allocated to your business? The IRS reports that there are over 300 expense categories for a home office, but most businesses take less than 20 deductions. The IRS says all "ordinary and

necessary" expenses you incur in operating your business are tax deductions. Interestingly enough, the IRS has never actually defined "ordinary" or "necessary." So sometimes only the actual business owner can know if the expense is ordinary and necessary. Proper record-keeping and having the right tax-saving mindset can help you maximize the value of your tax deductions, tax credits, and tax deferral strategies, dramatically increasing your savings. It's your money. Learn how to keep more of it in your pocket. (Oh, and the cost of this book ... it's deductible!)
