Digging Up Mother - Doug Stanhope 2016-05-10

Doug Stanhope is one of the most critically acclaimed and stridently unrepentant comedians of his generation. What will surprise some is that he owes so much of his dark and sometimes uncomfortably honest sense of humor to his mother, Bonnie. It was the cartoons in her Hustler magazine issues that molded the beginnings of his comedic journey, long before he was old enough to know what to do with the actual pornography. It was Bonnie who recited Monty Python sketches with him, who introduced him to Richard Pryor at nine years old, and who rescued him from a psychologist when he brought that brand of humor to school. And it was Bonnie who took him along to all of her AA meetings, where Doug undoubtedly found inspiration for his own storytelling. Bonnie's own path from bartending to truck driving, massage therapy, elder abuse, stand-up comedy, and acting never stopped her from being Doug's genuine number one fan. So when her alcoholic, hoarding life finally came to an end many weird adventures later in rural Arizona, it was inevitable that Doug and Bonnie would be together for one last excursion. Digging Up Mother follows Doug's absurd, chaotic, and often obscene life as it intersects with that of his best friend, biggest fan, and love of his life-his mother. And it all starts with her death-one of the most memorable and amazing

farewells you will ever read.

Diary of An Investigative Reporter - Gene Camerik 2004-11

In 1984, at the age of ten, Terry Marsh is witness to the murder of an abortion doctor that remains unsolved. Fifteen years later, as an investigative reporter who has experienced reasonable success for one so young, he finds himself drawn back to that incident during the course of an investigation. In a unique stroke of irony that validates the expression: "Be careful of what you wish for," Terry discovers the identity of the perpetrator but is unable to go public with it. Additionally, his idealism in seeking a career as an investigative reporter unearthing corruption and malfeasance in high places turns to disillusionment as the mainstream media falls into the abyss of concentrating its reporting on the politics of personal destruction during the Clinton era 1990s.

Alanbrooke War Diaries 1939-1945 - Lord Alanbrooke 2015-04-30

The first complete and unexpurgated edition of the war diaries of Field Marshall Lord Alanbrooke - the most important and the most controversial military diaries of the modern era. Alanbrooke was CIGS - Chief of the Imperial General Staff - for the greater part of the Second World War. He acted as mentor to Montgomery and military adviser to Churchill, with whom he clashed. As chairman of the Chiefs of Staff committee he also led for the British side in the bargaining and the brokering of the Grand Alliance, notably during the great conferences with Roosevelt and Stalin and their retinue at Casablanca, Teheran, Malta and elsewhere. As CIGS Alanbrooke was indispensable to the British and the Allied war effort. The diaries were sanitised by Arthur Bryant for his two books he wrote with Alanbrooke. Unexpurgated, says Danchev, they are explosive. The American generals, in particular, come in for attack. Danchev proposes to centre his edition on the Second World War. Pre and post-war entries are to be reduced to a Prologue and Epilogue). John Keegan says they are the military equivalent of the Colville Diaries (Churchill's private secretary), THE FRINGES OF POWER. These sold 24,000 in hardback at Hodder in 1985.

First Time for Everything - Henry Fry
2022-05-10

A “hilarious, tender, raw, and heart-stoppingly moving” (Amanda Eyre Ward) debut about a down-on-his-luck gay man working out how he fits into the world, making up for lost time, and opening himself up to life’s possibilities “Fry brings a refreshing voice to the queer coming-of-age novel with characters whose stories don’t revolve around trauma. Instead, everyday experiences are portrayed with drama and delight.”—The Washington Post (New & Noteworthy) Danny Scudd is absolutely fine. He always dreamed of escaping the small-town life of his parents’ fish-and-chip shop, moving to London, and becoming a journalist. And, after five years in the city, his career isn’t exactly awful, and his relationship with pretentious Tobbs isn’t exactly unfulfilling. Certainly his limited-edition Dolly Parton vinyls and many (maybe too many) house plants are hitting the spot. But his world is flipped upside down when a visit to the local clinic reveals that Tobbs might not have been exactly faithful. In fact, Tobbs claims they were never operating under the “heteronormative paradigm” of monogamy to begin with. Oh, and Danny’s flatmates are unceremoniously evicting him because they want to start a family. It’s all going quite well. Newly single and with nowhere to live, Danny is forced to move in with his best friend, Jacob, a flamboyant nonbinary artist whom he’s known since childhood, and their eccentric group of friends living in an East London “commune.” What follows is a colorful voyage of discovery through modern queer life, dating, work, and lots of therapy—all places Danny has always been too afraid to fully explore. Upon realizing just how little he knows about himself and his sexuality, he careens from one questionable decision (and man) to another, relying on his inscrutable new therapist and housemates to

help him face the demons he’s spent his entire life trying to repress. Is he really fine, after all?

Diary of the Other Guy - Dorian Xanyan
2018-03-30

A comedic look into social apathy, *Diary of the Other Guy* is a philosophical discussion between character and reader. Literally asking to be disagreed with at every turn, John `Jack` Fabbrico gives his day to day life by dictating

every lurid detail of his sex-capades with a slew of women, all of which are either married or committed, during the course of what he classifies as a `standard weekend`. Sharing his thoughts throughout one really get to know the mind of this hard to hate anti-villain. He is a self-proclaimed `Cad`, both loving and lamenting every moment of his affairs be they professional or personal. Filled with a set of complex but relatable character this book looks at love, lust and ethics in the modern age with a raunchy tongue and cheek humor.

This Is Not Fame - Doug Stanhope 2017-12-05
An unfiltered, unapologetic, hilarious, and sometimes obscene assemblage of tales from the down-and-dirty traveling comedy circuit Doug Stanhope has been drunkenly stumbling down the back roads and dark alleys of stand-up comedy for over a quarter of a century, roads laden with dank bars, prostitutes, cheap drugs, farm animals, evil dwarfs, public nudity, menacing third-world police, psychotic breaks, sex offenders, and some understandable suicides. You know, just for levity. While other comedians were seeking fame, Stanhope was seeking immediate gratification, dark spectacle, or sometimes just his pants. Not to say he hasn't rubbed elbows with fame. He's crashed its party, snorted its coke, and jumped into its pool naked, literally and often repeatedly -- all while artfully dodging fame himself. Doug spares no legally permissible detail, and his stories couldn't be told any other way. They're weird, uncomfortable, gross, disturbing, and fucking funny. **This Is Not Fame** is by no means a story of overcoming a life of excess, immorality, and reckless buffoonery. It's an outright celebration of it. For Stanhope, the party goes on.

Madhouse at the End of the Earth - Julian Sancton 2021-05-04
NEW YORK TIMES BESTSELLER • The “exquisitely researched and deeply engrossing” (The New York Times) true survival story of an early polar expedition that went terribly awry—with the ship frozen in ice and the crew trapped inside for the entire sunless, Antarctic winter “The energy of the narrative never flags. . . Sancton has produced a thriller.”—The Wall Street Journal
In August 1897, the young Belgian commandant Adrien de Gerlache set sail for a three-year expedition aboard the good ship

Belgica with dreams of glory. His destination was the uncharted end of the earth: the icy continent of Antarctica. But de Gerlache's plans to be first to the magnetic South Pole would swiftly go awry. After a series of costly setbacks, the commandant faced two bad options: turn back in defeat and spare his men the devastating Antarctic winter, or recklessly chase fame by sailing deeper into the freezing waters. De Gerlache sailed on, and soon the Belgica was stuck fast in the icy hold of the Bellingshausen Sea. When the sun set on the magnificent polar landscape one last time, the ship's occupants were condemned to months of endless night. In the darkness, plagued by a mysterious illness and besieged by monotony, they descended into madness. In *Madhouse at the End of the Earth*, Julian Sancton unfolds an epic story of adventure and horror for the ages. As the Belgica's men teetered on the brink, de Gerlache relied increasingly on two young officers whose friendship had blossomed in captivity: the expedition's lone American, Dr. Frederick Cook—half genius, half con man—whose later infamy would overshadow his brilliance on the Belgica; and the ship's first mate, soon-to-be legendary Roald Amundsen, even in his youth the storybook picture of a sailor. Together, they would plan a last-ditch, nearly certain-to-fail escape from the ice—one that would either etch their names in history or doom them to a terrible fate at the ocean's bottom. Drawing on the diaries and journals of the Belgica's crew and with exclusive access to the ship's logbook, Sancton brings novelistic flair to a story of human extremes, one so remarkable that even today NASA studies it for research on isolation for future missions to Mars. Equal parts maritime thriller and gothic horror, *Madhouse at the End of the Earth* is an unforgettable journey into the deep.

The Madhouse - Daniel Hammarberg 2011

Have you ever grown tired of the constant white-washing of Socialist countries by today's mass media? Well, here's the antidote - a 120,000 word expos on the real contemporary Sweden, fully unmasked in all its vileness. Hear about... ... the five teenagers who have taken their lives the last couple of years as a consequence of being forcibly taken from their families and put into orphanages. ... the families whose children were taken by the government as they attempted to leave the country, and the ex-Communists who want to make the very attempt to do so a crime. ... the social authorities justifying in official documents seizing a woman's new-born child at the maternity hospital. ... the Muslim man who won a discrimination lawsuit after botching a job interview from refusing to shake a woman's hand, and also sued the government after losing welfare payouts from not shaking the hands of the female welfare officer. ... the homosexual man who attempted to sue the municipality after he was prevented from browsing naked personal ads at the library, and about the prisoner who filed a complaint with the government after the warden in charge of him told him to shut up. ... the world's most luxurious prisons and the inmates talking about how joyful their stays were. Swedish inmates get to choose where they want to do their time, and they can afford to be picky. ... the convicted rapist who cost society eleven legal proceedings to keep the porn magazines that had been taken from him, and finishes by suing the government for damages because the prison had kept them

from him. ... the military man who while heavily intoxicated shot dead seven people and landed 48 out of 48 fired bullets against running victims, to then be granted furloughs after only a couple of years in prison. ... the male Supreme Court Justice who was convicted of having illegally bought sexual services from a young man and then was able to stay on his post. ... the elite of Swedish society during the 1970's molesting underaged girls who were wards of the state, including two prime ministers as suspects; as well as the society that has only a fine as standard punishment for distributing child porn. ... the physically disabled and immobile immigrant who's got eleven government-paid personal assistants so that he can drink whiskey and smoke cigarettes all day. ... the 79 parliamentary bills that address LGBT rights and cover everything in society, from elder care to foreign aid. "Unfortunately only a fraction of SIDA's the foreign aid agency] budget today goes to LGBT work" from one of the bills. ... how doctors can be sentenced to prison for refusing to perform abortions, and shepherds that risk being attacked by bears can't even get permits for revolvers. ... how citizens can be convicted of cruelty to animals if they don't spend "a couple of hours every day" petting their cat. ... the state TV that held a tribute night to Fidel Castro. "Castro isn't a dictator in the sense the propaganda claims" - actual quote from this evening, on top of repeated programming praising "Che" Guevara. ... the many political dissidents sentenced to prison for the views they've expressed, and learn about what they had to say. ... the young man who already as a teenager was convicted of "hate speech" and who within 12 years would have gone to court no less than 12 times over such charges. ... the country that almost banned publication of the Bible for its stance on homosexuality, and about the Christians sentenced to prison for preaching it. Yes... This is a compilation of stories, facts and anecdotes from what must truly be the most insane country on the planet, with nothing else like it, organized into twelve chapters covering different areas of society.

A #1 international bestseller in the vein of Fredrik Backman's *A Man Called Ove*: a funny and tender-hearted tale about friendship, love, and an old man who is young at heart. Technically speaking, Hendrik Groen is...elderly. But at age 83 1/4, this feisty, indomitable curmudgeon has no plans to go out quietly. Bored of weak tea and potted geraniums, exasperated by the indignities of aging, Hendrik has decided to rebel - on his own terms. He begins writing an exposé: secretly recording the antics of day-to-day life in his

retirement home, where he refuses to take himself, or his fellow "inmates," too seriously. With an eccentric group of friends, he finds the wickedly anarchic Old-But-Not-Dead Club, and he and his best friend, Evert, gleefully stir up trouble, enraging the home's humorless director and turning themselves into unlikely heroes. And when a sweet and sassy widow moves in next door, he polishes his shoes, grooms what's left of his hair, and determines to savor every ounce of joy in the time he has left, with hilarious and tender consequences. A bestselling phenomenon that has captured imaginations around the world, *The Secret Diary of Hendrik Groen* is inspiring, charming, and laugh-out-loud funny with a deep and poignant core: a page-turning delight for readers of any age.

The Collected Tales of Nikolai Gogol - Nikolai Gogol 2008-10-07

Collected here are Gogol's finest tales—stories that combine the wide-eyed, credulous imagination of the peasant with the sardonic social criticism of the city dweller—allowing readers to experience anew the unmistakable genius of a writer who paved the way for Dostoevsky and Kafka. All of Gogol's most memorable creations are here: the minor official who misplaces his nose, the downtrodden clerk whose life is changed by the acquisition of a splendid new overcoat, the wily madman who becomes convinced that a dog can tell him everything he needs to know. The wholly unique blend of the mundane and the supernatural that Gogol crafted established his reputation as one of the most daring and inventive writers of his time. From the acclaimed translators of *War and Peace*, *Crime and Punishment*, and *The Brothers Karamazov*, a brilliant translation of Nikolai Gogol's short fiction.

Anton Chekhov (1860-1904) was a Russian physician, dramaturge and author who is often referred to as one of the seminal figures in the birth of early modernism in the theatre. He made no apologies for the difficulties he posed to the readers, insisting that the role of an artist was to ask questions, not to answer them. Let Me Out - Amy Bingaman 2017-10-03

"In April of 2004, the long downward spiraling of Amy Bingaman's mental illness could no longer be hidden or ignored much less written off as a side-product of a colorful and quirky character. With no family able to help and no resources, she was involuntarily locked up in the draconian, archaic labyrinth that is the Wyoming Mental Health System. Armed with only a pocket dictionary and any paper she could find to write on, Amy wrote not only as a journal but at times as her only coping mechanism to salvage what was left of a breaking mind in a love/hate relationship with her alter-ego who she'd come to call "Lucille." Over the course of her first 33 days she kept copious notes of her time there, detailing treatment (or mistreatment) befitting a prisoner rather than the sufferer of a psychological disorder. These diaries roller-coaster between terrifying and hilarious, chronicling from her first morning waking up confused in a disheveled ball gown, living at the mercy of staff who range from inept to cruel and with fellow patients who's light, hope and

brilliance are twisted with the daily wrestling of their own debilitating psychotic breaks from reality. What results is an unedited, in-the-moment take-down of what consists of mental health care in this country, as lived from the inside by its weakest links, those it is intended to protect. And for all the dark humor and vivid humanity, she hopes you will be left with the knowledge that since that time, little or nothing in the system has changed." -DOUG STANHOPE

Mitsui Madhouse - Herbert Zincke 2002-11-22
Herbert Zincke was stationed at Clark Field in the Philippines when Japanese aircraft struck there only ten hours after the attack on Pearl Harbor. His unit had retreated to the island of Mindanao when all American and Filipino soldiers in the Philippines were ordered by their commanders to surrender. Zincke was shipped to Camp No. 2 on Tokyo Bay, where he was a slave laborer until the end of the war. Soon after their arrival at the Kawasaki labor camp, Zincke and his fellow prisoners began to call their barracks, which were owned by the Mitsui Corporation, the Mitsui Madhouse for the brutal treatment meted out by the Japanese guards. During three years at the camp, Zincke faced three life-threatening scenarios. He might survive the malnutrition, disease, and guard brutality, only to be executed with the other POWs if American forces landed in Japan. Ironically, he also faced a threat from American bombers, which endangered Camp No. 2 because it was located in the midst of a heavy industrial area. (Bombs did eventually destroy it.) This work tells the story of Zincke's survival and is drawn from the secret diary he managed to keep out of his Japanese captors' hands. Zincke recalls a terrifying blow from the Japanese camp commander's samurai sword, the diet of rice and thin soup that resulted in drastic weight loss and an inability to do the required factory work, the POW British doctor who attended the prisoners and was frequently beaten because of his constant efforts to keep the sick men from going to work, and many of the other terrible conditions and experiences he endured during three years of imprisonment.
