BODY SPEAK! Listen to Your Body... It Knows What It's Talking About! Written by: Certified Integrative Nutrition Health Coach, Michele M. Rizzo. BODY SPEAK is the book I wish I had the day my husband Mike was diagnosed with a rare and deadly cancer of the bile ducts. The world we knew ended that day and a new world began. The world of discovering natural cancer healing cures through nutrition and new 'upgraded' lifestyle choices. Due to my husband's life-threatening illness, I launched into researching the root cause of today's growing epidemic of heart failure, chronic illness, obesity and cancer. My husband's journey from death's door to thriving health happened because he chose to follow

a series of holistic, nutritional healing protocols - which are contained in this book. BODY SPEAK is a treasure-trove of knowledge that reveals why it is vital to listen to your body and respond to the 'help me' signals it is sending you. BODY SPEAK signals are symptoms of distress meant to get your attention and ignite you into taking the action necessary to fix underlying health issues. This book holds keys to help you not only listen to your body, but it teaches you how to respond in ways that will help you detox, lose weight, strengthen your immune system and recover your health. BODY SPEAK signals function like the dashboard of a car, when you do not pay attention to the 'change oil' or 'low fuel' lights, the car will stop running. In the same way, heartburn, indigestion, high blood pressure, high cholesterol, type-2 diabetes, irritable bowel syndrome, constipation, hemorrhoids, weight gain, skin rashes, frequent sinus and yeast infections, low energy and body pain are ALL BODY SPEAK signals that need your attention. If you fail to address BODY SPEAK symptoms early on, serious illness can develop, including cancer and premature death. BODY SPEAK is broken into Three Parts: WHAT, WHY & HOW: PART ONE - WHAT is Happening? 1-in-3 people can expect a cancer diagnosis in their lifetime if they do these three things: 1) Eat the Standard American Diet (SAD). 2) Never take the time to detox from heavy-metal environmental buildup. 3) Take over-the-counter drugs and pharmaceuticals. In PART ONE I share my husband Mike's cancer diagnosis and what we chose to do about it in light of today's 21st Century Healthcare Cancer-Industry options. PART TWO - WHY? We explore the WHY behind the media blitz of confusion, misinformation and false advertising - all purposely designed to distort the truth about science, health and nutrition. Government subsidies fuel the fast-food industry. Food corporations are in the business of selling factory farmed animals, dairy, eggs, sugar, soda-pop and energy drinks. These companies pour millions of dollars into advertising in a constant effort to drive up market shares for corporate stock holders. Buyer beware. Don't get sucked in by lies and glitzy marketing campaigns. PART THREE - "HOW" to Detox & Heal the Body: Periodic detoxing is vital for over-all health, longevity and well-being. If one embarks too strenuously on

detox, a 'healing crisis' can occur. There is no need for a healing crisis or undue stress on the body when detoxing gently by going on the 21-DAY ELIMINATION DETOX DIET (EDD) included in this book. As an Integrative Nutritional, Health Coach, I've designed THE 21-DAY EDD to be a gentle - and delicious - detox protocol that will help you locate food allergies and food sensitivities that may be causing you digestive distress. The EDD will naturally detox your body, release unwanted weight, decrease inflammation and bring balance and health to your body. BODY SPEAK INCLUDES: Over 75 delicious, nutritious and satisfying recipes. Everything from energy-packed breakfast smoothies, tasty, tangy fat-free salad dressings, roasted tomatillo & mango salsa, main meal salads, savory soups, luscious family pleasing entrées, and RAW scrumptious desserts.

Creating a Speaking and Listening Classroom - Lyn Dawes
2010-10-04

Providing children with opportunities to talk about their learning enables teachers to hear what children are thinking. Talking with one another

allows children to question, elaborate, and reflect on a range of ideas. Classroom talk can be motivating and involving, and helps children to think and learn. And yet it is difficult to organise such talk in a classroom. Children unaware of the importance of talk for learning may think of talk as 'just chat' - and learning falls away as they slip into social talk. This book provides teachers with strategies and resources to enable whole classes to work together through the medium of talk. Creating a Speaking and Listening Classroom provides timely professional development for teachers. Based on a theoretical approach underpinned by classroom research, this book offers classroom-tested strategies for engaging children in their own learning. Such strategies involve the direct teaching of speaking and listening. Activities in the book can ensure that children know how and why to support one another's learning in whole-class and group work. The approach enables teachers to ensure that personalised learning programs are based on what children already think and know. The suggested strategies for teaching speaking and listening can enable children to use one another's minds as a rich resource. This stimulating book will be of interest to professionals in primary education, literacy co-ordinators, and trainee primary teachers.

Talk It Through! - Kozyrev 2000-09

She Reads Truth - Raechel Myers 2016-10-04

She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? *She Reads Truth* tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, *She Reads Truth* is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away.

[How to Listen When God Is Speaking](#) - Mitch Pacwa 2011-03-01

How do we listen to God speak to our hearts, minds, and wills—especially above the noise and stress of the modern world? What is the process of discerning God's will? Best-selling author and popular EWTN host Fr. Mitch Pacwa, SJ, tackles these and other questions in this comprehensive book on discernment. He says that first we need to believe in God and his moral laws and make a commitment to please him in all that we do. Then we need to pray so that we can experience the peace that can come only from God. Fr. Pacwa draws from St. Ignatius' Spiritual Exercises, using plenty of everyday examples as well as stories from Scripture to help clarify his points. He encourages readers to develop a rich prayer life and says we can learn to listen to God's powerful voice and hear him

speaking lovingly to us even when we are suffering in some way. · Confronts modern-day assumptions that can prevent us from being open to God's will for our lives. · Emphasizes the many ways we can develop our prayer life to nourish an authentic relationship with the Lord.

Speak - Laurie Halse Anderson 2011-05-10

The extraordinary, groundbreaking novel from Laurie Halse Anderson, with more than 2.5 million copies sold! The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

Or feel frustrated with unproductive discussions where the loudest in the room adds limited insight and drowns out everyone else?
