Campanella - Tommaso
Campanella 2011-02-15
A contemporary of Giordano
Bruno and Galileo, Tommaso
Campanella (1568-1639) was a
controversial philosopher,
theologian, astrologer, and

poet who was persecuted
during the Inquisition and
spent much of his adult life
imprisoned because of his
heterodox views. He is best
known today for two works:
The City of the Sun, a dialogue
inspired by Plato's Republic, in
which he prophesies a vision of
a unified, peaceful world
governed by a theocratic
monarchy; and his well-
meaning Defense of Galileo,

which may have done Galileo more harm than good because of Campanella's previous conviction for heresy. But Campanella's philosophical poems are where his most forceful and undiluted ideas reside. His poetry is where his faith in observable and experimental sciences, his astrological and occult wisdom, his ideas about deism, his anti-Aristotelianism, and his calls for religious and secular reform most put him at odds with both civil and church authorities. For this volume, Sherry Roush has selected Campanella's best and most idiosyncratic poems, which are masterpieces of sixteenth-century Italian lyrics, displaying a questing mind of great, if unorthodox, brilliance, and showing Campanella's passionate belief in the intrinsic harmony between the sacred and secular.

Eranos Yearbook 70:
2009/2010-2011 - Eranos
Foundation

The 70th volume of the Eranos Yearbooks presents the work of the last three years of activities at the Eranos Foundation (2009-2011). It includes the papers given on the theme of the 2011 conference, About Fragility in the Contemporary World, together with talks given on the occasion of the seminar cycle entitled, Eranos Jung Lectures, which took place during the years 2010-2011 to commemorate the 50th anniversary of Carl Gustav Jung's passing. Eminent international scholars gathered to share their work, presented here primarily in English, along with some chapters in Italian. This publication carries additional special meaning in further consolidating the collaboration with the Fetzer Institute by presenting the manuscripts of the Dialogues on the Power of Love, held at

Eranos between 2008 and 2011. This project follows the path of the original model of Eranos, especially the aspect of dialogue, searching for understanding and deepening crucial themes in the contemporary world. Contents: 2011 Eranos Conference: About Fragility in the Contemporary World 2008-2011 Fetzer Institute Dialogues at Eranos - The Power of Love: - Love in the Esoteric Traditions - Love in the History of Eranos - Love and Beauty in the Visual Arts - Love and the Social Bond - Love and the Musical Arts 2010-2011 Eranos-Jung Lectures The Greek word 'Eranos' means a 'banquet', to which every guest contributes. From 1933 onwards, the Eranos Conferences took shape in Ascona-Moscia (Switzerland), springing from the idea of Olga Fröbe-Kapteyn to create a 'Meeting Place of East and West'. Under the influence of the psychologist Carl Gustav Jung and other prominent leaders of that era, the Eranos Conferences found

their way towards symbolical, archetypal, and mythological motifs. The Eranos gathering is symbolized by its famous Round Table, the image and meaning of which inspired many of the leading thinkers of the 20th century. For more than 70 years, depth psychologists, philosophers, theologians, orientalists, historians of religions as well as natural scientists find at Eranos a unique place where they could meet and exchange views. The rich collection of Eranos Yearbooks bears testimony to an immense and original work accomplished in various fields of learning.

Il Comento Alla Divina Commedia - Giovanni Boccaccio 1918

Palio and Ponte - William Heywood 1904

Contributions to the Textual Criticism of the Divina Commedia - Edward Moore 1889
