You will add 700+ French words and expressions into your vocabulary. You will be able to immediately put to use in everyday situations the vocabulary and grammar structures you learned. Ready to improve your French? Scroll up to the BUY NOW button and get started right away!

Remembering Simplified Hanzi 1 - James W. Heisig 2008-10-31

"The approach that has helped thousands of learners memorize Japanese kanji has been adapted to help students with Chinese characters. Remembering Simplified Hanzi covers the writing and meaning of the 1,000 most commonly used characters in the traditional Chinese writing system, plus another 500 that are best learned at an early stage." "Of

critical importance to the approach found in these pages is the systematic arranging of characters in an order best suited to memory. In the Chinese writing system, strokes and simple components are nested within relatively simple characters, which can, in turn, serve as parts of more complicated characters and so on. Taking advantage of this allows a logical ordering, making it possible for students to approach most new characters with prior knowledge that can greatly facilitate the learning process."--BOOK JACKET.

Submission - Michel Houellebecq 2016-09-08

As the 2022 French Presidential election looms, two candidates emerge as favourites: Marine Le Pen of the Front National, and the charismatic Muhammed Ben Abbas of the growing Muslim Fraternity. Forming a controversial alliance with the political left to block the Front National's alarming ascendancy, Ben Abbas sweeps to power, and overnight the country is transformed. This proves to be the death knell of French secularism, as Islamic law comes into force: women are veiled, polygamy is encouraged and, for our narrator François - misanthropic, middle-aged and alienated - life is set on a new course. Submission is a devastating satire, comic and melancholy by turns, and a profound meditation on faith and meaning in Western society.

How To English - Adam David Broughton 2019-07-10

Teachers are obsessed with telling you what to learn. The problem is, nobody teaches you how to learn. This is all about to change. In his new book, How To English, Adam David Broughton shares a revolutionary and powerful system that teaches you exactly how to make incredible progress in all aspects of English. In How To English, you will learn 62 practical techniques to become an independent learner in 31 days, and everything you will ever need to get the level you've always wanted in English and enjoy the process. How to master English fluency How to listen perfectly in English How to stop making mistakes in English How to improve your pronunciation How to expand your vocabulary in English How to have perfect English grammar How to stay motivated, be disciplined and create a habit ...and 55 other amazing techniques. Everyone knows that it's not what you do in class that determines your

progress in English, it's what you do when you are not in class. However, English learners often don't know what to do. As a result, at some point, every English learner stops making progress. Then they get frustrated. How To English is the antidote to this frustration. When you learn how to learn English, you never need to worry about what you learn in English.

[Sherlock Holmes Investigates](#) - Arthur Conan Doyle 2013-02-18

CRIME Sherlock Holmes is at work in three stories: solving the problem of a hat and a goose in 'The Blue Carbuncle'; finding a missing fiancé in 'A Case of Identity'; and discovering the identity of a strange creature in 'The Yellow Face'.

One More Ride on the Merry-Go-Round - Tiziano Terzani 2016-07-10

When he is diagnosed with cancer, in the silence of the hospital room broken only by the swish of cars outside, Italian writer Tiziano Terzani realizes that his whole life has been one long ride on a merry-go-round where he has always journeyed without a ticket. Now, for the first time, the ticket collector has come to demand his dues. At first, Terzani turns to Western medicine for a cure, but a question soon begins to haunt him: is cancer, as the doctors say, an enemy that needs to be destroyed, or is it a friend one can talk to? Travelling had always been a way of life for him, so he decides to make another trip, in search of a solution - to India. This final ride turns out to be very different though. And more difficult.

Because every step, every choice - often between reason and faith, between science and magic - is inextricably linked to his own survival. As he crisscrosses the country from an ashram in Coimbatore to a hut in Almora, the external journey in search of a cure transforms into an inner journey and a return to the divine roots of man. Then, one day, as he looks at the sun rising over the mountains, he stumbles upon the one truth that has eluded him: death is as desirable and eternal as life itself. A bestseller in Europe, this is a book about modern medicine and alternative cures, and the quest to understand the true meaning of mortality.

aspect of hieroglyphic script and encourages acquisition of reading skills with practical exercises. 200 illustrations.

Long Live Latin - Nicola Gardini 2020-09-03

Latin has given us so much, from Virgil's Aeneid to Ovid's Metamorphoses, from some of the world's most enduring stories to the words we use everyday. And yet we call it dead. Oxford academic Nicola Gardini argues the case for its vitality and value, offering a personal and passionate defence of its beauty and future. From ancient writers we can learn about such vital aspects of life as love, purpose, eloquence, beauty and loss. These lessons from the past can illuminate our present, and Gardini encourages us to dig to the roots of our own language to consider how Latin has influenced the ways in which we communicate, think and live today. A timely reminder that not everything needs to be 'leveraged', 'optimised' or 'efficient' - some things enrich our lives by simply being part of them. A formidable mix of history, memoir and criticism, this is a beautiful love letter to one language that ultimately celebrates the vital power of all literature.

Getting Things Done - David Allen 2015-03-17

The book Lifehack calls "The Bible of business and personal productivity." "A completely revised and updated edition of the blockbuster bestseller from 'the personal productivity guru'"—Fast Company Since it was first published almost fifteen years ago, David Allen's Getting Things Done has become one of the most influential business books of its era, and the ultimate book on personal organization. "GTD" is now shorthand for an entire way of approaching professional and personal tasks, and has spawned an entire culture of websites, organizational tools, seminars, and offshoots. Allen has rewritten the book from start to finish, tweaking his classic text with important perspectives on the new workplace, and adding material that will make the book fresh and relevant for years to come. This new edition of Getting Things Done will be welcomed not only by its hundreds of thousands of existing fans but also by a whole new generation eager to adopt its proven principles.

Sewing For Dummies - Jan Saunders Maresh 1999-07-28

Sewing is fun, relaxing, and tremendously rewarding. It feels great when you sit down and sew something together (and are tickled with the results)! Besides the fun and satisfaction you get out of sewing, this wonderful hobby can also save you money. You can make your clothes last longer when you stitch up your own hems, repair split seams, and sew on those loose buttons. You can save even more money by making your own home décor projects, such as curtains and pillows. *Sewing For Dummies* is a book for both absolute beginners and experienced sewers. If you're a stone-cold beginner, you'll find explanations of all the tools and skills necessary for beginning-level projects. If you've had some experience with sewing, you'll benefit from the tips and tricks that might otherwise take years to pick up. Whether you're quilting, embroidering, mending, or constructing a project, you'll need to know some sewing basics to get you through your projects. *Sewing For Dummies* covers all the important sewing fundamentals such as: Mastering hand stitches and machine stitches Reading a sewing pattern Sewing sensational seams Hemming a variety of fabrics Shaping garments with darts, tucks, and pleats Installing zippers, buttons, and other fasteners Negotiating sleeves and pockets Working with home décor fabrics Adjusting projects for better fit and function Once you've explored the basic techniques, you'll be ready to start some easy sewing projects. This friendly book will guide you through the following projects, and more, with confidence: Children's costumes Tablecloth and place mats Duvet cover Fleece scarf, hat, and jacket ensemble Teddy bear Window treatments Creative pillows Fabric touches almost everything in a person's daily life. Children cuddle up with pillows and soft toys and dress up in costumes for fun. People wear clothing to be comfortable, stay warm, and to be fashionable. People also appreciate and admire handmade heirlooms. When you finish your projects, wear them with pride, play in them, admire your work, and hand them down to your loved ones.

The audio-cd contains recordings in both American English and British English.

The Black Book of Speaking Fluent English: The Quickest Way to Improve Your Spoken English - Christopher Hill 2020-01-13

In the world we are living in, English has become the common language that people from different countries and cultures can use to communicate with one another. There are many reasons why people would want to learn English, but for a lot of them; It is work-related. Most large companies around the world require their employees to speak English. In some cases, these companies are requiring their workers to only use English at the workplace. English has also been referred to as "the language of business". If you have ambitions to become an international businessman or to work at some bigger companies, it's almost essential that you're able to speak English fluently. From The Intermediate Level to The Advanced Level From my years of teaching, I am confident to say that it is easy for an English learner to go from a beginner English level to an intermediate English level. However, it takes more time to go from an Intermediate level to an advanced English level. A lot of students have studied English for years but still aren't able to speak English on an advanced level. They have tried many methods, attending classes, learning how to pronounce every single word and even getting a private English tutor to improve their spoken English, yet they still have a hard time pronouncing English words correctly or feeling too nervous to speak. The Best Proven Way to Learn and Speak English In this book, Christopher Hill, "THE INTERNATIONAL ESL PROFESSOR" (with 20+ years of experience) will show you powerful unique ways to rapidly improve your spoken English. With topics you already have

interest in, you will find out how easy and effortless to learn and speak fluent English. This effective method is simple, yet powerful. You will be able to learn and improve your spoken English 3 to 5 times faster compared to the traditional way of learning. Inside This Black Book, You will Discover: - The 3 Golden Rules of Speaking Fluent English - The Power of Immersion - The Process of Shadowing - How Intensive Listening works - The Best Accent Reduction Techniques - Bonus Guide: The Secret Method to Become Super Fluent in 21 Days How do you know this book is for me? This book is for busy Intermediate students who wish to get to the Advanced English Level. If you can understand 60-80% of an English speaking movie and understand what you are reading so far, you have found the right book. Stop Using Ineffective Ways to Learn and Speak English. When you are using proper methods to learn, you'll find that improving English is effortless. Learn and adopt these Proven techniques, tips, and many more secrets revealed in this black book. Don't Learn Using The Old-fashioned Way. Get a Copy of "The Black Book of Speaking Fluent English" and Start Speaking Fluent English :)

English by the Nature Method - Arthur M. Jensen 2021-02-23

English by the by Nature Method. The aim of the natural approach is to develop communicative skills, and it is primarily intended to be used with beginning learners. It is presented as a set of principles that can apply to

a wide range of learners and teaching situations, and concrete objectives depend on the specific context in which it is used. Terrell outlines three basic principles of the approach: "Focus of instruction is on communication rather than its form." "Speech production comes slowly and is never forced." "Early speech goes through natural stages (yes or no response, one- word answers, lists of words, short phrases, complete sentences.)" These principles result in classrooms where the teacher emphasizes interesting, comprehensible input and low-anxiety situations.
Complete CAE Class Audio CDs (3) - Guy Brook-Hart 2009-04-23

Scroll up, add this book to your library, and Start Learning French Today! P.S. Get the first ebook of the series FOR FREE at LearnLikeNatives.com

My Father's Glory ; And, My Mother's Castle - Marcel Pagnol
1991-09-01

With warmth, lucidity and good humour, Pagnol, a boy from the city, recounts the glorious summer days he spent exploring the sun-baked Provençal countryside. He vividly captures the atmosphere of a childhood filled with the simple pleasures: a meal, a joke, an outing shared with his close-knit and loving family. These heart-warming stories

remind us of how children can invest the smallest event or statement with incredible significance, how mysterious the workings of the adult world can seem to them and how painful the learning process can often prove. However, Pagnol's writing is filled with enormous optimism and delight. And his triumph in these classic memoirs is to have created that rare thing, a work suffused with joy. 'Pagnol's place in the history of French culture is secure. The Prousts and Sartres may be admired, but Pagnol is loved' Times Literary Supplement

Hacking Chinese - Olle Linge 2016-03-26

Learning Chinese can be frustrating and difficult, partly because it's very different from European languages. Following a teacher, textbook or language course is not enough. They show you the characters, words and grammar you need to become proficient in Chinese, but they don't teach you how to learn them! Regardless of what program you're in (if any), you need to take responsibility for your own learning. If you don't, you will miss many important things that aren't included in the course you're taking. If you study on your own, you need to be even more aware of what you need to do, what you're doing at the moment and the difference between them. Here are some of the questions I have asked and have since been asked many times by students: How do I learn characters efficiently? How do I get the most out of my course or teacher? Which are the best learning tools and resources? How can I become fluent in Mandarin? How can I improve my pronunciation? How do I learn successfully on my own? How can I motivate myself to study more? How

can I fit learning Chinese into a busy schedule? The answers I've found to these questions and many others form the core of this book. It took eight years of learning, researching, teaching and writing to figure these things out. Not everybody has the time to do that! I can't go back in time and help myself learn in a better way, but I can help you! This book is meant for normal students and independent language learners alike. While it covers all major areas of learning, you won't learn Chinese just by reading this book. It's like when someone on TV teaches you how to cook: you won't get to eat the delicious dish just by watching the program; you have to do the cooking yourself. That's true for this book as well. When you apply what you learn, it will boost your learning, making every hour you spend count for more, but you still have to do the learning yourself. This is what a few readers have said about the book: "The book had me nodding at a heap of things I'd learnt the hard way,

wishing I knew them when I started, as well as highlighting areas that I'm currently missing in my study." - Geoff van der Meer, VP engineering
"This publication is like a bible for anyone serious about Chinese proficiency. It's easy for anyone to read and written with scientific precision." - Zachary Danz, foreign teacher, children's theatre artist
About me I started learning Chinese when I was 23 (that's more than eight years ago now) and have since studied in many different situations, including serious immersion programs abroad, high-intensity programs in Sweden, online courses, as well as on the side while working or studying other things. I have also successfully used my Chinese in a graduate program for teaching Chinese as a second language, taught entirely in Chinese mostly for native speakers (the Graduate Institute for Teaching Chinese as a Second Language at National Taiwan Normal University). All these parts have contributed to my website, Hacking Chinese, where I write regularly about how to learn Mandarin.
