Keep on Running - Ben Coulter 2013-04-29

Billy Stone is an ex-Marine and boxing champ living a lavish criminal lifestyle whilst on the run in Thailand. But, when a botched hijacking on the Burmese border leaves three men dead, Billy must make fresh alliances with a feared mafia boss, whilst trying to keep hold of a newfound love and himself out of one of the world's toughest prisons. In this follow up to the Amazon number 1 bestseller *Poisoned Saints*, Billy runs headfirst into trouble whilst on a marijuana run inside the treacherous Burmese border. Back in Thailand, Billy is forced to make a new deal with a murderous crime lord whilst keeping Islamic terrorists and ruthless Russian gangsters at bay. As love unsuspectingly enters his life in the form of all American girl next door, Mel, Billy struggles to keep his gang of criminal misfits in line; Che, his old Stambro friend and struggling drug addict, Nate, a former US Marine and Compton psycho and Orly, the laid-back, weed smoking Frenchman. Can Billy keep up his affluent lifestyle whilst cultivating his newfound

romance? Can Che resist the hedonistic delights of South East Asia? In the contrasting land of Buddhism and the death penalty lessons will be learnt. Billy must stay one step ahead of his past whilst out smarting the present, or be forced to Keep on Running.

Lives of the Saints - Rev. Fr. Alban Butler 1995-07

Butler's *Lives of the Saints* is the most revered Catholic book after the Bible, the Missal and *The Imitation of Christ*. A Saint or two for each day of the calendar. Great for a daily meditation; each life is followed by a "lesson" from the life to help us apply the virtues of the Saint to ourselves. Great for the entire family. Includes famous Saints since Fr. Butler's time; all

recounted in the same beautiful, reverent spirit that was his. Impr.

Poisoned Wells - Tzafir Barzilay 2022-03-22

Between 1348 and 1350, Jews throughout Europe were accused of having caused the spread of the Black Death by poisoning the wells from which the entire population drank.

Hundreds if not thousands were executed from Aragon and southern France into the eastern regions of the German-speaking lands. But if the well-poisoning accusations against the Jews during these plague years are the most frequently cited of such cases, they were not unique. The first major wave of accusations came in France and Aragon in 1321, and it was lepers, not Jews, who were the initial targets. Local authorities, and especially municipal councils, promoted these charges so as to be able to seize the property of the leprosaria, Tzafir Barzilay contends. The allegations eventually expanded to describe an international conspiracy organized by Muslims, and only then,

after months of persecution of the lepers, did some nobles of central France implicate the Jews, convincing the king to expel them from the realm. In *Poisoned Wells* Barzilay explores the origins of these charges of well poisoning, asks how the fear took root and moved across Europe, which groups it targeted, why it held in certain areas and not others, and why it waned in the fifteenth century. He argues that many of the social, political, and environmental factors that fed the rise of the mass poisoning accusations had already appeared during the thirteenth century, a period of increased urbanization, of criminal poisoning charges, and of the proliferation of medical texts on toxins. In studying the narratives that were presented to convince officials that certain groups committed well poisoning and the legal and bureaucratic mechanisms that moved rumors into officially accepted and prosecutable crimes, Barzilay has written a crucial chapter in the long history of the persecution of European minorities.

100 Chemical Myths - Lajos Kovács 2014-09-26

100 Chemical Myths deals with popular yet largely untrue misconceptions and misunderstandings related to chemistry. It contains lucid and concise explanations cut through fallacies and urban legends that are universally relevant to a global audience. A wide range of chemical myths are explored in these areas; food, medicines, catastrophes, chemicals, and environmental problems. Connections to popular culture, literature, movies, and cultural history hold the reader's interest whilst key concepts are beautifully annotated with illustrations to facilitate the understanding of unfamiliar material. *Chemical Myths Demystified* is pitched to individuals without a formal chemistry background to fledgling

undergraduate chemists to seasoned researchers and beyond.

Drinking with Your Patron Saints - Michael P. Foley 2020-03-17

There's a patron saint for everything. And Michael Foley has a drink for every patron saint.

Have a problem with the IRS? Pray to St. Matthew and mix up a classic Income Tax cocktail to toast the tax collector apostle.

Looking for a deal at a gun show? Try St. Adrian of Nicomedia, the patron of arms manufacturers, and raise a glass of craft beer from Denver's Call to Arms in the saint's honor. Or stir up a Gunfire, traditionally served to British soldiers on Christmas Day. Need to sell your house? Ask St. Joseph for his help and honor his patronage with a Sazerac, made with wormwood in honor of his trade as a carpenter. *Drinking with Your Patron Saints* gives you a saint for every occasion. Packed with inspiring stories and delicious drink recipes for saints from Adam to

Zita, this book will be a boost to your spiritual life—and your spirits.

The Affair of the Poisons - Anne Somerset
2014-01-14

The Affair of the Poisons, as it became known, was an extraordinary episode that took place in France during the reign of Louis XIV. When poisoning and black magic became widespread, arrests followed. Suspects included those among the highest ranks of society. Many were tortured and numerous executions resulted. The 1676 torture and execution of the Marquise de Brinvilliers marked the start of the scandal which rocked the foundations of French society and sent shock waves through all of Europe. Convicted of conspiring with her adulterous lover to poison her father and brothers in order to secure the family fortune, the marquise was the first member of the noble class to fall. In the French court of the period, where sexual affairs were numerous, ladies were not shy of seeking

help from the murkier elements of the Parisian underworld, and fortune-tellers supplemented their dubious trade by selling poison. It was not long before the authorities were led to believe that Louis XIV himself was at risk. With the police chief of Paris police alerted, every hint of danger was investigated. Rumors abounded and it was not long before the King ordered the setting up of a special commission to investigate the poisonings and bring offenders to justice. No one, the King decreed, no matter how grand, would be spared having to account for their conduct. The royal court was soon thrown into disarray. The Mistress of the Robes and a distinguished general were among the early suspects. But they paled into insignificance when the King's mistress was incriminated. If, as was said, she had engaged in vile Satanic rituals and had sought to poison a rival for the King's affections, what was Louis XIV to do? Anne Somerset has gone back to original sources, letters and earlier accounts of the affair. By the

end of her account, she reaches firm conclusions on various crucial matters. *The Affair of the Poisons* is an enthralling account of a sometimes bizarre period in French history.

The Case of the Poisoned Eclairs - Howard
Fast 2011-12-20

A dog’s murder leads detective Masuto to a most unusual poisoning case In Beverly Hills, murder has suddenly gone out of style. For five weeks, the head of the city’s tiny homicide squad, Zen detective Masao Masuto, has worked only robbery investigations. But after more than a month without a corpse, this dry spell is about to end. The dead woman is Ana Fortez, a Chicana whose death was originally classified as terminal food poisoning brought on by a feast of botulism-infested éclairs. But because botulism can only

grow in an airtight space, the medical examiner warns Masuto that the fatal bacteria must have been purposefully injected into the pastry. When a wealthy housewife's dog drops dead after munching on premium chocolates, Masuto finds that her bonbons have been laced with the same toxin. He begins a search for a killer targeting the sweet tooth of Beverly Hills—proof that crime in Southern California never stays boring for long. This ebook features an illustrated biography of Howard Fast including rare photos from the author's estate.

The Man in the Iron Mask - Wilkinson Josephine 2021-07-06

A vivid, dramatic, and eye-opening historical narrative, *The Man in the Iron Mask* reveals the story behind the most enduring mystery of Louis XIV's reign. *The Man in the Iron Mask* has all

the hallmarks of a thrilling adventure story: a glamorous and all-powerful king, ambitious ministers, a cruel and despotic jailor, dark and sinister dungeons— and a secret prisoner. It is easy to forget that this story, made famous by Alexandre Dumas, is that of a real person, Eustache Danger, who spent more than thirty years in the prison system of Louis XIV's France—never to be freed. This narrative brings to life the true story of this mysterious man and follows his journey through four prisons and across decades of time. It introduces the reader to those with whom he shared his imprisonment, those who had charge of him, and those who decided his tragic fate. *The Man in the Iron Mask* reveals one of the most enduring mysteries of Louis XIV's reign; but it is, above all, a human story. Using contemporary documents, this book shows what life was really like for state prisoners in seventeenth-century France—and offers tantalising insight into why this mysterious man was arrested and why, several

years later, his story would become one of France's most intriguing legends that still sparks debate and controversy today.

Poisoned Water - Candy J Cooper 2020-05-19
Based on original reporting by a Pulitzer Prize finalist and an industry veteran, the first book for young adults about the Flint water crisis In 2014, Flint, Michigan, was a cash-strapped city that had been built up, then abandoned by General Motors. As part of a plan to save money, government officials decided that Flint would temporarily switch its water supply from Lake Huron to the Flint River. Within months, many residents broke out in rashes. Then it got worse: children stopped growing. Some people were hospitalized with mysterious illnesses; others died. Citizens of Flint protested that the water was dangerous. Despite what seemed so apparent from the murky, foul-smelling liquid pouring from the city's faucets, officials refused to listen. They treated the people of Flint as the problem, not the water, which was actually poisoning thousands. Through interviews with residents and intensive research into legal records and news accounts, journalist Candy J.

Cooper, assisted by writer-editor Marc Aronson, reveals the true story of Flint. *Poisoned Water* shows not just how the crisis unfolded in 2014, but also the history of racism and segregation that led up to it, the beliefs and attitudes that fueled it, and how the people of Flint fought-and are still fighting-for clean water and healthy lives.
