Manna from Hades - Carola Dunn 2009-03-17

Eleanor Trewynn is a widow of some years living in Port Mabyn, a small fishing village in Cornwall, England. In her younger days, she traveled the exotic parts of the world with her husband. These days, she's retired and founded the local charity shop. Her niece, Megan Pencarrow, transferred nearby, and was recently promoted to the rank of Detective Sargent. Perhaps the only downside is that she is now working for a DI who doesn't approve of women on the police force and who really doesn't much approve of Megan's aunt Eleanor, as she is something of a thorn in his rather substantial side. All of these factors collide when, the day after collecting donations, Eleanor and the vicar's wife find the dead body of a longhaired, scruffy-looking youth hidden in the stockroom of the charity shop. Then they discover that some donated jewelry thought to be fake is actually very real, very expensive, and the haul from a violent robbery in London. Making matters more complex, the corpse found in the storeroom is apparently not one of the robbers. Carola Dunn's *Manna from Hades* is a confounding Cornish case of daring theft, doublecross, and a wily older woman confronted by a case of murder most foul.

Shadows Over Baker Street - Neil Gaiman 2005-03-01

The terrifyingly surreal universe of horror master H. P. Lovecraft bleeds into the logical world of Sherlock Holmes, Sir Arthur Conan Doyle's champion of rational deduction, in these stories by twenty top horror, mystery, fantasy, and science fiction writers. Arthur Conan Doyle's Sherlock Holmes is among the most famous literary figures of all time. For more than a hundred years, his adventures have stood as imperishable monuments to the ability of human reason to penetrate every mystery, solve every puzzle, and punish every crime. For nearly as long, the macabre tales of H. P. Lovecraft have haunted readers with their nightmarish glimpses into realms of cosmic chaos and undying evil. But what would happen if Conan Doyle's peerless detective and his allies were to find themselves faced with mysteries whose solutions lay not only beyond the grasp of logic, but of sanity itself? In this collection of all-new, all-original tales, twenty of today's most cutting-edge writers provide their answers to that burning question. "A Study in Emerald" by Neil Gaiman: A gruesome murder exposes a plot against the Crown, a seditious conspiracy so cunningly wrought that only one man in all London could have planned it—and only one man can hope to stop it.
