Reason Why Advertising - With Intensive Advertising - John E. Kennedy 2017-08-18

""ADVERTISING should be judged only by the goods it is conclusively known to sell, at a given cost. Mere opinions on Advertising Copy should be excluded from consideration, because opinions on Advertising are conflicting as opinions on Religion. ""But, it is different with Advertising, as it is with Mechanics or with Medicine, all three of which can be conclusively tested. ""Many Advertisers, however, seem satisfied to spend their money on mere Opinions about Advertising when they might have invested it on Evidence about Advertising. ""When it is anything less than Salesmanship it is not real Advertising, but only 'General Publicity.' And, 'General Publicity' admittedly claims only to 'Keep the Name before the People, ' - to produce a 'General impression on the Trade, ' and to 'Influence Sales' for the salesman. ""The only way to judge Advertising is to judge it by the amount of goods It is conclusively known to Sell, at a given cost."" Get Your Copy Today.

Traffic Secrets - Russell Brunson 2020-03-26

Master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand this one essential skill: the art and science of getting traffic (or people) to find you. And that is a tragedy. Traffic Secrets was written to help you get your message out to the world about your products and services. I strongly believe that entrepreneurs are the only people on earth who can actually change the world. It won't happen in government, and I don't think it will happen in schools. It'll happen because of entrepreneurs like you, who are crazy enough to build products and services that will actually change the world. It'll happen because we are crazy enough to risk everything to try and make that dream become a reality. To all the entrepreneurs who fail in their first year of business, what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day. Waiting for people to come to you is not a strategy. Understanding exactly WHO your dream customer is, discovering where they're congregating, and throwing out the hooks that will grab their attention to pull them into your funnels (where you can tell them a story and make them an offer) is the strategy. That's the big secret. Traffic is just people. This book will help you find YOUR people, so you can focus on changing their world with the products and services that you sell.
