2012-2021 - The Dawn of the Sixth Sun -
Sergio Magana "Ocelocoyotl" 2012-09-01
What happens on and after December 21, 2012?
There has been much confusion and many predictions based on the Mayan calendar. Some people think time on Earth will end, but what if

there was an intact and complete resource from the ancestors that will give us the wisdom we need for the shift and an understanding of the coming era? In "2012-2021: The Dawn of the Sixth Sun," Sergio Magana (Ocelocoyotl), mystic and teacher of the ancient Toltec/Aztec lineage

of Mesoamerica, discloses an in-depth understanding from a rich and uninterrupted oral tradition, the meaning of the shift from the Fifth to the Sixth Sun, the possibilities presented to humanity at this time, and ancient teachings and practices designed to support this shift. The Toltecs knew how to interpret the mathematical or universal order that governs all of existence by measuring and observing cycles of time, and the impact they had on the Earth, human consciousness, and perception.

Water for Unity - Masaru Emoto 2015-06-21

A collection of short essays from 17 very well-known authors who have a solid scientific background or renown within their ancestral traditions. What they have in common is that each one, within their discipline, is aiming to use water's molecular structure and memory to improve our world. This book is connected to a worldwide movement which is going to organize at least four significant worldwide events during 2015 and 2016. The essayists themselves are

part of this movement and readers can join too. They will experiment, for instance, with using intention to lower the radioactivity level of Fukushima's water. It is a very young movement but one that has already generated much interest."

Visotonic - Loredana Michelis 2013-03-01

Have you ever considered toning up your face through a series of exercises, just as you can do it for the rest of the body? It can be done... and it works! This method employs both some American miming and acting techniques as well

as some muscular rehabilitation techniques used in hospitals. The result is that the face becomes more tonic and expressive (a combination which is impossible to achieve through plastic surgery!). It simply requires the use of your hands and takes up less than 15 minutes a day: the first results will appear just after three weeks.

A Duchess in Name - Amanda Weaver

2016-01-18

After graduating from British finishing school, an American heiress fulfills her duty and weds a destitute earl. A lie brought them together, but will it also tear them apart? Find out in this can't-miss Victorian marriage-of-convenience story from a compelling new voice in historical romance. Victoria Carson never expected love. An American heiress and graduate of Lady Grantham's finishing school, she's been groomed since birth to marry an English title—the grander the better. So when the man chosen for her, the forbidding Earl of Dunnley, seems to

hate her on sight, she understands that it can't matter. Love can have no place in this arrangement. Andrew Hargrave has little use for his title and even less for his cold, disinterested parents. Determined to make his own way, he's devoted to his life in Italy working as an archaeologist. Until the collapse of his family's fortune drags him back to England to a marriage he never wanted and a woman he doesn't care to know. Wild attraction is an unwanted complication for them both, though it forms the most fragile of bonds. Their marriage of convenience isn't so intolerable after all—but it may not be enough when the deception that bound them is finally revealed. Book one of The Grantham Girls Amelia Wheeler is the next Grantham Girl to rebel against family obligation in A COMMON SCANDAL.

The Morning of the Magicians - Louis Pauwels
2008-12-09

The groundbreaking and classic study that first popularized occultism, alchemy, and paranormal phenomena in the 1960s • Provides profound insights into our perceptions of reality, telepathy, mutants, and parallel universes • Reveals the occult influences on the Nazis and introduces the alchemist Fulcanelli and the work of Charles Fort and Gurdjieff • Over Half a Million Copies Sold This groundbreaking, international bestseller, first published in 1960, couples profound insights into the hidden history

of humanity and our perceptions of reality with the scientific evidence that supports the existence of paranormal activity, telepathy, and extraterrestrial communications. The first book to explore in depth the Nazi fascination with the occult, Pauwels and Bergier also broke new ground with their study of pyramidology, alchemy and its close kinship with atomic energy, and the possibility of a widespread mutation of humanity that would herald the dawn of a new age for the earth. Their study of secret societies, starting with the Rosicrucians, suggests that such changes are actively being pursued in the present day by a "conspiracy" of the most spiritually and intellectually advanced members of the human race. The Morning of the Magicians also explores the anomalous events collected by Charles Fort, the work of Gurdjieff, and the history of the mysterious Fulcanelli, who was widely believed to have manufactured the philosopher's stone--which provided the Nazis the motive for mounting an intensive search for

him during their occupation of Paris. Much more than a collection of strange facts defying conventional wisdom, this book remains a sophisticated philosophical exploration of repressed phenomena and hidden histories that asks its readers to look at reality with ever "awakened eyes."

La Sala Delle Carte Geografiche in Palazzo Vecchio - Paola Pacetti 2018

This illustrated edition shows the Earth as it was known in the sixteenth century through the maps and images of the Map Room in the

Florentine Palazzo Vecchio. Different contributions (by Monica Consoli, Massimo Marcolin, Paola Pacetti, Valentina Zucchi) examine in particular the 53 panels depicting various countries as well as the large central globe. The volume refers to various selections of marvelous or peculiar images included in the room's decorations, which together with the maps reflect the cosmological view of the world and its history during the time of Cosimo Medici I. «This invention and caprice was conceived by Duke Cosimo to bring together all of the things of Heaven and Earth, correctly and without error, and to be able to see and measure them, both separately and all together, for those who delight in studying this wonderful profession...» (Giorgio Vasari) 1st Italian edition: June 2007 1st English edition: December 2014 2nd Italian edition: November 2017

Mbraining - Grant Soosalu 2012-04-25
The latest scientific research shows you have

three brains! You have complex and fully functional brains in your heart, your gut and your head. In this groundbreaking book, you'll discover the latest neuroscience findings about your multiple brains (head, heart and gut brains) and what they have to offer for increasing intuitive abilities and for immediately generating wiser decision-making in your daily life. Providing you with numerous practical and easy to learn methods, this book shows how to communicate with and tap into the innate intelligence of your multiple brains. mBraining coaches you in aligning your three brains to achieve greater wisdom, success and happiness in a world of massive change. Utilizing the powerful and practical methodologies of NLP, Cognitive Linguistics and Behavioral Modeling, the authors have synthesized a remarkably wide range of research findings into an integrated approach that is practical, potent, and immediate in its results. Now scientific knowledge is finally catching up with deep

insights from esoteric and spiritual traditions informing us for thousands of years about these three powerful intelligences. This is not a popular science book, nor is it a typical self-help book. This is a book that both breaks new ground as well as complementing many other spiritual and self-development practises. In this book, you'll learn the process of 'mBraining' - the process of aligning and harnessing the power of your multiple brains. The suite of practical methods it provides is part of an amazing new field called 'mBIT' - multiple Brain Integration Techniques. This is a book that changes lives by giving you a real 'how'. Written in an easy to read and entertaining style, this is a highly accessible guide to understanding the scientific basis behind your gut intuitions, your heart-felt emotions, and your head-based creative powers. The lessons in this book can transform your relationship to yourself, to others, and to the world in which you live. If you are serious about your self-evolution, this book is a must read!

Learn to use your multiple brains to do cool and amazing things in your life!

Parents, Teachers and Professionals Working Together for an Inclusive Policy - Sami Basha 2011

Children of the Vampire - Jeanne Kalogridis
2011-08-17

In this terrifying, brilliantly imagine novel, Jeanne Kalogridis returns the same dark, sensual territory she visited in *Covenant with the Vampire*. Once again she explores the breathtaking battle waged in the hart of the Family Dracul—as the innocent take up arms against the monster. In the flickering gaslights of Vienna a brother watches—as a woman of alabaster beauty, his sister, takes two lovers at once. Then she pours her passion into the most forbidden act of all . . . In the streets of Amsterdam a young man, the secret lover of his brother’s wife, is whisked into a waiting carriage for a long journey into darkness and reunion

with his father . . . They are a family bound my an ancient curse, one generation pitted against another, taboos shattered, their firstborn’s blood sipped from a silver chalice. In his stony fortress waits Vlad the Impaler, while his heir, Arkady, cries out to his sons: “Let the curse end with me!” “Jeanne Kalogridis has launched a vampire hero who will haunt my nights for decades—or lifetimes—to come.”—Jacqueline Lichtenber, author of *Those of My Blood*

Shadows in the Water - Kathryn Lasky 2008

The two sets of Starbuck twins use their telepathic powers and the aid of some endangered dolphins to help their father catch a gang dumping toxic waste in the Florida Keys.

The Nine Steps - Anne Givaudan 2020-05-07

After looking into the world of the afterlife for a long time, Anne Givaudan and Daniel Meurois were able to focus their attention on what might be called the world of "pre-birth". Using their familiar method of projecting consciousness, for the nine months which make up a pregnancy,

they followed the path of Rebecca, a soul preparing to take on a body of flesh. Day after day, week after week, they faithfully recorded how the being to be incarnated went through many metamorphoses. Like a documentary article, their testimony retraces the various psychic and physical changes which everyone undergoes in the womb and the worlds which lead to it. This is a new way of looking at foetal life and the process of reincarnation. Written in a simple, direct style, the originality and amount of information the book offers make it a work that does not just speak to those who are to give birth to a child, or have already done so, but also all those for whom life is an everlasting source of wonder.

Singular loves - Anne Givaudan 2020-05-07

In this work, Anne GIVAUDAN invites us to contact the men and women who have the painful sensation that their soul is not aligned with their body. Without any judgment, any a priori or any classification, she pushes back the

limits of the known worlds to allow us to dive into an unknown world. What is hiding behind these faces with often tragic or guilt-generating situations? That is what we will discover behind the life stories of these beings who underwent extreme circumstances. This is not about indicting or glorifying anyone, or anything, but simply about uncovering a different and less-known facet of LIFE.

The House of Death - Paul Doherty 2001

A magnificent new murder-mystery featuring Alexander the Great. It is 334 Bc and the young Alexander waits with his troops by the hellespont, poised to attack the empire of the great Persian king, Darius III. To win the approval of the gods for his enterprise he makes many offerings, yet the smoke does not rise, the sacrifices are tainted. Worse, his guides are being brutally murdered, Persian spies are in the camp, and Alexander's generals have their own secrets. Into this turmoil comes Telamon, a physician and boyhood friend of Alexander. As

the climax builds and Alexander throws off his nervous fears, winning a brilliant and bloody triumph over the Persians, Telamon at last succeeds in uncovering their enemies

The Way of the Essenes - Anne Meurois-Givaudan 1992-11-01

Two thousand years after the fact, new light is shed on Christ's hidden life as an initiate in the mystical society of the Essene Brotherhood. In the first English-language edition of the European bestseller, Anne and Daniel Meurois-Givaudan describe the way of life in the Essene communities of first-century Palestine. Through direct revelation, the authors received--over a two-year period--detailed knowledge of the Essene teachings and their role in preparing Christ for his mission. At once unpretentious and astonishing, this beautifully written and evocative story lucidly recreates the life and personality of Christ and his role in the spiritual development of humankind. Since the discovery of the Dead Sea Scrolls, questions continue to

arise as to the identity of the Essenes and what role they might have played in the life of Jesus. This account complements the gospels, clarifying and enlarging upon mysterious parts of the record--including Christ's mystical and metaphysical teachings of Essene techniques for spiritual advancement. The authors' retelling of the Passion of Christ and its aftermath is an extraordinary account that may forever reshape our understanding of these biblical events.

Mbraining Coloring Book - Grant Soosalu 2018-12-26

mBraining Wisdom Coloring Book - Bring Calmness and Wisdom to your Mind and Life... The growing new field of mBIT (multiple Brain Integration Techniques), also known as 'mBraining', shows that we have complex, functional and adaptive neural systems or 'brains' in our heart and gut regions. Research shows these brains are used in embodied cognition, decision-making and intuitive wisdom. Each of our multiple brains also has a 'highest

expression' - the most integrative, adaptive and generative way of being, which when aligned together allows for an emergence of deep intuitive wisdom. For the heart the highest expression is Compassion, for the head it is Creativity and for the gut it is Courage. This adult coloring book provides drawings that represent all of these aspects of the multiple brains and their highest expressions. Allowing you to immerse yourself in the creative endeavor of mindfully coloring in imagery that speaks to autonomic coherence and calmness, and to the heart, head and gut brains and their integrative emergent wisdoming. We hope you enjoy many hours of mindful mBraining coloring and that

this process evokes deep in your heart, mind and soul the desire to truly, really and deeply make a difference in the world. - Provides hours and hours of calming stress relief, mindful wisdom, flow and joyful, creative expression. - Images inspired by the new field of mBRAINING (multiple braining - head, heart, gut). - Designed to evoke the Highest Expressions of Compassion, Creativity and Courage. - Ancient spiritual wisdom meets modern neuroscience in practical application. - 20 beautiful drawings to color in along with 20 mindmaps to color, enhance and explore.
