**Solo** - Kwame Alexander 2017-08-01

Solo by Kwame Alexander and Mary Rand Hess is a New York Times bestseller! Kirkus Reviews said Solo is, "A contemporary hero's journey, brilliantly told." Through the story of a young Black man searching for answers about his life, Solo empowers, engages, and encourages teenagers to move from heartache to healing, burden to blessings, depression to deliverance, and trials to triumphs. Blade never asked for a life of the rich and famous. In fact, he'd give anything not to be the son of Rutherford Morrison, a washed-up rock star and drug addict with delusions of a comeback. Or to no longer be part of a family known most for lost potential, failure, and tragedy, including the loss of his mother. The one true light is his girlfriend, Chapel, but her parents have forbidden their relationship, assuming Blade will become just like his father. In reality, the only thing Blade and Rutherford have in common is the music that lives inside them. And songwriting is all Blade has left after Rutherford, while drunk, crashes his high school graduation speech and effectively rips Chapel away forever. But when a long-held family secret comes to light, the music disappears. In its place is a letter, one that could bring Blade the freedom and love he's been searching for, or leave him feeling even more adrift. Solo: Is written by New York Times bestselling author and Newbery Medal and Coretta Scott King Book Award-winner Kwame Alexander Showcases Kwame's signature intricacy, intimacy, and poetic style, by exploring what it means to finally go home An #OwnVoices novel that features a BIPOC protagonist on a search for his roots and identity Received great reviews from Publishers Weekly, School Library Journal, Booklist, and Kirkus. If you enjoy Solo, check out Swing by Kwame Alexander and Mary Rand Hess.

Reckless Endangerment - Robert K. Tanenbaum 1999

Resurrects Butch Karp and Marlene Ciampi in a legal thriller in which the murder of an elderly Jewish couple may be connected to a sixteen-year-old Arab runaway who kills her pimp in self-defense

**Governance and Control of Financial Systems** - Ms Gunilla Sundström 2012-10-01

The recent financial crisis has made it paramount for the financial services industry to find new perspectives to look at their industry and, most importantly, to gain a better understanding of how the global financial system can be made less vulnerable and more resilient. The primary objective of this book is to illustrate how the safety science of Resilience Engineering can help to gain a better understanding of what the financial services system is and how to improve governance and control of financial services systems by leveraging some of its key concepts. Resilience is the intrinsic ability of a system to adjust its functioning prior to, during, or following changes and disturbances, so that it can sustain required operations under both expected and unexpected conditions. This definition is focused on the ability to function, rather than just to be impervious to failure, and thereby bridges the traditional conflict between productivity and safety. The core concept of the book is that the behaviour of the financial services system is the result of the tight couplings among the humans, organizations and technologies that are necessary to provide complex financial functions such as the transfer of economic resources. It is a consequence of this perspective that the risks associated with these systems cannot be understood without considering the nature of these tight couplings. Adopting this perspective, the book is designed to provide some answers to the following key questions about the financial crisis: - What actually happened? - Why and how did it happen? - Could something similar happen again? How can we see that in time and how can we control it? - How can sustainable recovery of the global financial system be established? How can its resilience be improved?

Gone, But Not Forgotten - Phillip Margolin 2012-02-22

· In Portland, Oregon, the wives of several prominent businessmen have disappeared without a trace, leaving behind only a black rose and a note with a simple message: "Gone, But Not Forgotten." · An identical series of disappearances occurred in Hunter's Point, New York, ten years ago—but the killer was caught, the case was closed and the special "rose killer" task force was disbanded. · Betsy Tannenbaum, a Portland wife and mother who has gained national recognition as a feminist defense attorney, is retained by multimillionaire Portland developer Martin Darius—for no apparent reason. · Nancy Gordon, a homicide detective for the Hunter's Point Police Department and an original member of the "rose killer" task force, hasn't slept a full night in ten years, haunted by nightmares of a sadistic killer who, she swears, is still out there. . . · Alan Page, the Portland district attorney, trying to make sense of the sudden series of disappearances, opens his front door one evening to find Nancy Gordon on his doorstep—determined to tell him a story he won't soon forget. · Across the country, in Washington, D.C., the President of the United States has just selected United States Senator Raymond Colby to be the next Chief Justice of the Supreme Court. In a private meeting, Colby assures the President there are no skeletons in his closet. Complex, utterly compelling, and brilliantly executed, GONE, BUT NOT FORGOTTEN is a book that truly lives up to its extraordinary advance praise: Once begun it simply cannot be put down.

Act of Revenge - Robert K. Tanenbaum 2000-05-30

Marlene Ciampi finds herself involved in an organized crime plot, while her husband, Butch Karp, supervises the investigation into a Mafia don's murder and their daughter Lucy witnesses a murder.

**New York Court of Appeals. Records and Briefs.** - New York (State).

**New York Court of Appeals. Records and Briefs.** - New York (State).

**The Kindness of Strangers** - Tom Lutz 2021-10

Once again, Tom Lutz takes us to seldom-traveled corners of the world—the small towns of western Madagascar, the terraced rice fields in northern Luzon, the scattered homesteads on the Mongolian steppe, the hilltop churches on Micronesian islands, the riverside docks of Dhaka, Ethiopian weddings in Gondar, funeral pyres in Nepal, traditionalist karaoke bars in Bhutan—to bring us random reports of human kindness. You may never visit these places, but Tom Lutz will do it for you. And while global media may serve up a steady diet of division, violence, oppression, hatred, and strife, The Kindness of Strangers shows that people the world over are much more likely to meet strangers with interest, empathy, welcome, and compassion.

**True Justice** - Robert Tanenbaum 2001-07-31

The shocking death of a newborn infant leaves the public crying for revenge and a fifteen-year-old girl accused of a terrible crime, in a new thriller featuring Butch Karp, chief assistant district attorney for New York County. Reprint.

All the Devils Are Here - Bethany McLean 2011-08-30

"Hell is empty, and all the devils are here." -Shakespeare, The Tempest As soon as the financial crisis erupted, the finger-pointing began. Should the blame fall on Wall Street, Main Street, or Pennsylvania Avenue? On greedy traders, misguided regulators, sleazy subprime companies, cowardly legislators, or clueless home buyers? According to Bethany McLean and Joe Nocera, two of America's most acclaimed business journalists, the real answer is all of the above—and more. Many devils helped bring hell to the economy. And the full story, in all of its complexity and detail, is like the legend of the blind men and the elephant. Almost everyone has missed the big picture. Almost no one has put all the pieces together. All the Devils Are Here goes back several decades to weave the hidden history of the financial crisis in a way no

previous book has done. It explores the motivations of everyone from famous CEOs, cabinet secretaries, and politicians to anonymous lenders, borrowers, analysts, and Wall Street traders. It delves into the powerful American mythology of homeownership. And it proves that the crisis ultimately wasn't about finance at all; it was about human nature. Among the devils you'll meet in vivid detail:

- Angelo Mozilo, the CEO of Countrywide, who dreamed of spreading homeownership to the masses, only to succumb to the peer pressure and the outsized profits of the sleaziest subprime lending.
- Roland Arnall, a respected philanthropist and diplomat, who made his fortune building Ameriquest, a subprime lending empire that relied on blatantly deceptive lending practices.
- Hank Greenberg, who built AIG into a Rube Goldberg contraption with an undeserved triple-A rating, and who ran it so tightly that he was the only one who knew where all the bodies were buried.
- Stan O'Neal of Merrill Lynch, aloof and suspicious, who suffered from "Goldman envy" and drove a proud old firm into the ground by promoting cronies and pushing out his smartest lieutenants.
- Lloyd Blankfein, who helped turn Goldman Sachs from a culture that famously put clients first to one that made clients secondary to its own bottom line.
- Franklin Raines of Fannie Mae, who (like his predecessors) bullied regulators into submission and let his firm drift away from its original, noble mission.
- Brian Clarkson of Moody's, who aggressively pushed to increase his rating agency's market share and stock price, at the cost of its integrity.
- Alan Greenspan, the legendary maestro of the Federal Reserve, who ignored the evidence of a growing housing bubble and turned a blind eye to the lending practices that ultimately brought down Wall Street and inflicted enormous pain on the country. Just as McLean's *The Smartest Guys in the Room* was hailed as the best Enron book on a crowded shelf, so will *All the Devils Are Here* be remembered for finally making sense of the meltdown and its consequences.

**Targeted** - Stephen Hunter 2022-01-18

"After being accused of reckless endangerment and forced to answer to the U.S. Congress, master sniper Bob Lee Swagger must protect political hostages in a once-in-a-lifetime standoff"--

*New York Court of Appeals. Records and Briefs.* - New York (State).

*Corruption of Blood* - Robert K. Tanenbaum 2010-12-28

A prosecutor goes after the truth about JFK's assassination in a New York Times bestselling author's "most enthralling legal thriller to date" (Vincent Bugliosi). In a forgotten corner of the Georgetown library, New York prosecutor Butch Karp is about to commit a felony. He cracks the seal on a government file, in which he finds papers, a ledger, a reel of film, and a small jar that holds a chunk of human flesh. Just by looking at this material, he has broken the law. It's the evidence he needs to prove the true identity of the man who killed Kennedy, and now that he has it, Karp is the most dangerous man in America. Brought to Washington to assist in the Congressional investigation into Kennedy's death, Karp was expected to toe the line. As his personal inquiries lead him into a web that stretches from the capos of the mafia to the halls of the Kremlin, this hard-driving attorney realizes the conspiracy that killed Kennedy is still alive—and out for blood. As deputy chief counsel to the 1976 House Select Committee on Assassinations, Robert K. Tanenbaum has an insider's understanding of one of the darkest days in American history. *Corruption of Blood* is a novel inspired by real events by an author who "knows his criminal procedure cold" (Publishers Weekly). This ebook features an illustrated biography of Robert K. Tanenbaum including rare photos from the author's personal collection.

*Before Sufism* - Christopher Melchert 2020-06-08

Christopher Melchert proposes to historicize Islamic renunciant piety (zuhd). As the conquest period wound down in the early eighth century c.e., renunciants set out to maintain the contempt of worldly comfort and loyalty to a greater cause that had characterized the community of Muslims in the seventh century. Instead of reckless endangerment on the battlefield, they cultivated intense fear of the Last Judgement to come. They spent nights weeping, reciting the Qur'an, and performing supererogatory ritual prayers. They stressed other-worldliness to the extent of minimizing good works in this world. Then the decline of tribute from the conquered peoples and conversion to Islam made it increasingly unfeasible for most Muslims to keep up any such régime. Professional differentiation also provoked increasing criticism of austerity. Finally, in the later ninth century, a form of Sufism emerged that would accommodate those willing and able to spend most of their time on religious devotions, those willing and able to spend their time on other religious pursuits such as law and hadith, and those unwilling or unable to do either.

*Reckless Endangerment* - Gretchen Morgenson 2012-06-05

A Washington Post Notable Nonfiction Book for 2011 One of The Economist's 2011 Books of the Year In *Reckless Endangerment*, Gretchen Morgenson exposes how the watchdogs who were supposed to protect the country from financial harm were actually complicit in the actions that finally blew up the American economy. Drawing on previously untapped sources and building on original research from coauthor Joshua Rosner—who himself raised early warnings with the public and investors, and kept detailed records—Morgenson connects the dots that led to this fiasco. Morgenson and Rosner draw back the curtain on Fannie Mae, the mortgage-finance giant that grew, with the support of the Clinton administration, through the 1990s, becoming a major opponent of government oversight even as it was benefiting from public subsidies. They expose the role played not only by Fannie Mae executives but also by enablers at Countrywide Financial, Goldman Sachs, the Federal Reserve, HUD, Congress, and the biggest players on Wall Street, to show how greed, aggression, and fear led countless officials to ignore warning signs of an imminent disaster. Character-rich and definitive in its analysis, and with a new afterword that brings the story up to date, this is the one account of the financial crisis you must read.

**Maryland Reports** - Maryland. Court of Appeals 2002

**Fannie Mae and Freddie Mac** - Oonagh McDonald 2013-07-18

The book demonstrates how politicians and federal agencies dominated Fannie Mae and Freddie Mac and took just thirteen years to wreck the American dream of home ownership.

*New York Court of Appeals. Records and Briefs.* - New York (State).

**Bronx Hospital** - Tom Walker 2013-04-23

This book is based on my experiences and observations during a most exasperating and frustrating time as a newly hired Director at Bronx Hospital. Sometimes it takes the uninitiated to see the truth. I do not believe that the shock evoked in me upon my arrival as a police lieutenant in the Four-One Precinct in 1971 will ever be duplicated. But this came damn close. At Bronx Hospital, it wasn't the shock of Fort Apache's violence and mayhem. This time, it was in many ways a much more sinister jolt. Most disturbingly, there was a laissez-fair attitude for the routine and outrageous conduct of the staff, the cover-ups, the medical errors and yes, criminal activity, i.e., assaults, sexual abuse, fraud, reckless endangerment and so much more.

*Guaranteed to Fail* - Viral V. Acharya 2011-03-14

Why America's public-private mortgage giants threaten the world economy—and what to do about it The financial collapse of Fannie Mae and Freddie Mac in 2008 led to one of the most sweeping government interventions in private financial markets in history. The bailout has already cost American taxpayers close to \$150 billion, and substantially more will be needed. The U.S. economy—and by extension, the global financial system—has a lot riding on Fannie and Freddie. They cannot fail, yet that is precisely what these mortgage giants are guaranteed to do. How can we limit the damage to our economy, and avoid making the same mistakes in the future? *Guaranteed to Fail* explains how poorly designed government guarantees for Fannie Mae and Freddie Mac led to the debacle of mortgage finance in the United States, weighs different reform proposals, and provides sensible, practical recommendations. Despite repeated calls for tougher action, Washington has expanded the scope of its guarantees to Fannie and Freddie, fueling more and more housing and mortgages all across the economy—and putting all of us at risk. This book unravels the dizzyingly immense, highly interconnected businesses of Fannie and Freddie. It proposes a unique model of reform that emphasizes public-private partnership, one that can serve as a blueprint for better organizing and managing government-sponsored enterprises like Fannie Mae and Freddie Mac. In doing so, *Guaranteed to Fail* strikes a cautionary note about excessive government intervention in markets.

*To Hell with All That* - Caitlin Flanagan 2011-05-01

From The New Yorker's most entertaining and acerbic wit comes a controversial reassessment of the rituals and events that shape women's lives: weddings, sex, housekeeping, and motherhood.

**Reckless** - Bob Deans 2012-04-05

global challenge and change. Instead of devoting the next year to embracing opportunity amid turmoil, though, the lawmakers waged the worst legislative assault in history against the commonsense safeguards we all depend on to protect our environment and health. In a single calendar year, the Republican-led House voted nearly 200 times to weaken, block, or delay needed measures that defend our air, water,

wildlife, and lands. This book tells the story of that misguided campaign, how it put our nation at risk, and where we need to go from here, for the sake of Americans everywhere, for the sake of our children's future.

*The Criminal Lawyer's Guide to Immigration Law* - Robert James McWhirter 2006

This concise guide focuses on the criminal lawyer's most common questions about immigration law and representing noncitizens, from Who exactly is an alien? to Are removal hearings conducted like criminal proceedings?

**Criminal Law** - David C. Brody 2001

Criminal Justice / Law Enforcement

*New York Court of Appeals. Records and Briefs.* - New York (State).

Child Neglect - Diane DePanfilis 2006

*Enemy Within* - Robert K. Tanenbaum 2002-08-02

Acclaimed New York Times bestselling author Robert K. Tanenbaum ratchets up the suspense with an authentic and morally complex mystery set deep inside the New York City police department. When a black man is shot multiple times in the back on the streets of New York by an NYPD golden boy, chaos erupts throughout the city. And in an election year -- a year of secret handshakes and politically motivated favors -- no one feels the pressure more than the men and women who vow to protect and to serve. For Butch Karp, chief assistant district attorney for New York County, bullet holes aren't the only holes in this volatile case, nor in a second shocking puzzle... A slow-witted young man faces the death penalty for murdering a Jewish diamond merchant. Karp is quickly learning that politics mean a lot more than justice when it becomes apparent certain higher-ups would rather whitewash the truth than lose the Jewish vote. Add a serial killer who is murdering the homeless to Karp's daily grind, and it's clear he is surrounded by high-profile time bombs that are promising to blow the city to its core. To make matters worse, Karp's wife, Marlene Ciampi, has become independently wealthy thanks to the Internet stock boom and has decided to enjoy her newly acquired fortune through manic shopping sprees and free-flowing alcohol. Plus, his daughter, Lucy, is skipping school to feed the homeless not far from where the slasher stalks his prey. Desperate to stop the violence before it touches his family, Karp must wade through a system of corruption and conspiracy that threatens to silence his pursuit of the truth...forever.

**Reckless Endangerment** - Graham Ison 2014-05-01

A burglary gone wrong turns complicated in this mystery marked by "solid plotting, realistic descriptions of police work, and dry wit" (Booklist). At near midnight on a sweltering hot July Saturday, Det. Chief Inspector Brock is called to a murder in a house at West Drayton, close to Heathrow Airport. The murder victim is Clifford Gregory, the accountant husband of attractive air stewardess Sharon Gregory. Sharon's account of the break-in that resulted in her husband's murder does not ring true, however, and when Brock and his assistant Det. Sergeant Dave Poole seek to interview Sharon a second time, they find that she has disappeared. Brock and Poole soon find themselves caught up in a complex investigation where nothing is as it seems and the more they discover about the case, the less they really know. "A consistently entertaining series." —Publishers Weekly

**The Other Americans** - Laila Lalami 2019-03-26

\*\*\*2019 NATIONAL BOOK AWARD FINALIST\*\*\* Winner of the Arab American Book Award in Fiction Finalist for the Kirkus Prize in Fiction Finalist for the California Book Award Longlisted for the Aspen Words Literary Prize A Los Angeles Times bestseller Named a Best Book of the Year by The Washington Post, Time, NPR, Minneapolis Star Tribune, Dallas Morning News, The Guardian, Variety, and Kirkus Reviews Late one spring night in California, Driss Guerraoui—father, husband, business owner, Moroccan immigrant—is hit and killed by a speeding car. The aftermath of his death brings together a diverse cast of characters: Guerraoui's daughter Nora, a jazz composer returning to the small town in the Mojave she thought she'd left for good; her mother, Maryam, who still pines for her life in the old country; Efraín, an undocumented witness whose fear of deportation prevents him from coming forward; Jeremy, an old friend of Nora's and an Iraqi War veteran; Coleman, a detective who is slowly discovering her son's secrets; Anderson, a neighbor trying to reconnect with his family; and

the murdered man himself. As the characters—deeply divided by race, religion, and class—tell their stories, each in their own voice, connections among them emerge. Driss's family confronts its secrets, a town faces its hypocrisies, and love—messy and unpredictable—is born. Timely, riveting, and unforgettable, *The Other Americans* is at once a family saga, a murder mystery, and a love story informed by the treacherous fault lines of American culture.

Criminal Law Theory - Stephen Shute 2002

Concentrating upon those doctrines that make up the general part of the criminal law this collection of essays by leading American and British legal experts sheds theoretical light on key issues of contemporary relevance.

**Reckless Endangerment** - Gretchen Morgenson 2011-05-24

A Washington Post Notable Nonfiction Book for 2011 One of The Economist's 2011 Books of the Year The New York Times's Pulitzer Prize-winning columnist reveals how the financial meltdown emerged from the toxic interplay of Washington, Wall Street, and corrupt mortgage lenders In *Reckless Endangerment*, Gretchen Morgenson, the star business columnist of The New York Times, exposes how the watchdogs who were supposed to protect the country from financial harm were actually complicit in the actions that finally blew up the American economy. Drawing on previously untapped sources and building on original research from coauthor Joshua Rosner—who himself raised early warnings with the public and investors, and kept detailed records—Morgenson connects the dots that led to this fiasco. Morgenson and Rosner draw back the curtain on Fannie Mae, the mortgage-finance giant that grew, with the support of the Clinton administration, through the 1990s, becoming a major opponent of government oversight even as it was benefiting from public subsidies. They expose the role played not only by Fannie Mae executives but also by enablers at Countrywide Financial, Goldman Sachs, the Federal Reserve, HUD, Congress, the FDIC, and the biggest players on Wall Street, to show how greed, aggression, and fear led countless officials to ignore warning signs of an imminent disaster. Character-rich and definitive in its analysis, this is the one account of the financial crisis you must read.

**Green Morality** - Edward Flattau 2014-07-01

*Green Morality*, renowned environmental columnist's Edward Flattau's fourth book, is a thorough and timely exploration of mankind's moral obligation to create an environmentally sustainable global society. Along the way, he confronts moral hypocrisy, failed environmental movements and policies, globally disastrous scenarios, and reckless endangerment of the world's species. The exploration of destructive and immoral environmental behavior includes coverage of numerous often little publicized actions that have adversely affected humanity and lower life forms. To avoid ultimate wholesale, permanent environmental destruction, Flattau advocates a major realignment of our value system and economic infrastructure, all in the name of creating an environmentally, economically sustainable society. Crossing political and cultural boundaries, Flattau portrays environmentalism as a universal moral imperative that every person has a duty to uphold, not only for the salvation of the modern society, but for the entire planet. Flattau presents an analysis of environmentalism's current situation and its history throughout the twentieth century uncovering the devastation committed by individuals, corporations and governments to the world's species and fellow humans. In the process, he demonstrates how these destructive actions conflict with the very values that the offending parties espouse. Flattau delivers starkly eminent solutions to avert environmental destruction that require a re-alignment of modern society's value system and economic structure, transcending historical, political or institutional obligations.

Becoming a Vincent - C. M. Owens 2017-09

When you live in a place where "turbo speed" internet is a slight step above dial-up, men carry on nine-year beard-growing challenges out of stubborn pride, and your brothers do things like nail all your panties to the outside of your cabin just for funsies, you tend to be a little crazy. You can call it a "locational" hazard, if you will. That's Tomahawk for you. We rank people based on just how crazy they are. And the four craziest families in town are called the Wild Ones. I'm on the bottom tier of those, so technically I'm not as crazy as the other Wild Ones. In fact, if it wasn't for my brothers and their endless antics, I wouldn't be considered a Wild One at all. Ahem. Sure. We'll go with that. Anyway, I have a best friend who endures it all with me. Benson Nolans is my one, constant favorite person. Without him, I'd probably go really crazy, and not the fun kind. It'd be ridiculous, after three years of a flawless friendship, to mess that all up by falling for him. I mean, even if we did

get a little too close one night, it'd be reckless endangerment. Even if we did suddenly feel the chemistry that's always been there and stop toeing the line, it'd be a foolish risk to take. It'd be stupid to start hoping a really fun, but completely irrational, night with zero inhibitions might accidentally happen. Really stupid...Right? \*NO cliffhanger\* Stand-alone book \*Sexual Content\* Adult language \*Completely, 100% crazy

New York Court of Appeals. Records and Briefs. - New York (State).

**Mandated Reporting of Child Abuse and Neglect** - Dr. Kenneth Lau, LCSW 2008-12-02

"[A] concise and detailed description of a very complex issue...rich in detail and insight." --Leslie J. Temme, LCSW School of Social Work, Adelphi University "[A] 'must have' resource for practicing professionals and an invaluable teaching tool for social work students....This is precisely the book that mandated reporters seek to assist in the reporting process and understanding their legal obligations." --Keva M.

Miller, PhD, LCSW School of Social Work, Portland State University In all states, social workers are required to report suspected child abuse and neglect, and face serious penalties if they fail to do so. But not all cases of abuse are obvious. Mandated reporters are thus confronted with a host of both legal and ethical quandaries when filing a report: What are the responsibilities of mandated reporters? What are appropriate grounds for reporting abuse? How and when should a report be made? Does reporting suspected abuse violate client confidentiality? What if my employer encourages me not to report my suspicions? Addressing these questions and more, this book provides clear definitions of different types of child abuse, including physical, sexual, and emotional, and delineates guidelines on how to identify risk factors and signs of child maltreatment. The authors also clarify difficult ethical issues, including client confidentiality and privileged communication, and present numerous case studies and theoretical vignettes culled from their own experiences as social workers. This guide will be the one resource mandated reporters and social work students cannot do without.
