Chromebook Manual for Beginners - Kent Parr

2020-01-17

Chromebook are incredible to use but just like PC there are little tweaking to make your experience very good. When Google first introduced Chromebooks in 2011, it looked like a wonderful idea, a laptop that can only work a browser, who would want that? But with time, web apps slowly become more powerful and capable, as Google has gradually improved the Chrome OS experience, then Google went even further and added the capability to enable Android apps, and still much more with Linux Desktop

apps. What this means is that Chromebooks of 2019 and 2020 are nothing like the original experience. Today, Chrome OS looks like a modern operating system that provides a first class web browser, mobile apps flexibility and a desktop experience in one box, it can satisfy the need of almost all user, with the notable exception of those who require video or advanced image editing. Hopefully you are at a state in your life where the Internet helps you but doesn't define you. You don't need to have a powerhouse computer that can have 200 spreadsheets running at the same time or watching a movie while you have 100 other apps open! You just want a computer that lets you check up on things, and maybe stream a movie or to. In a word: something simple. If that sounds like you, then all

you have to do is figure out how to use a Chromebook! Fortunately, if you've ever used the Internet, then that part will come pretty easy. This book will walk you through what you need to know so you can be up and running in no time. Ready? Let's get started!NOTE: This book is not endorsed by Alphabet, Inc. It contains content from "The Ridiculously Simple Guide to Chromebook" but with added content on accessibility.

[Ditch That Textbook](#) - Matt Miller 2015-04-13

Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting "by the textbook" implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old,

standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.
