Isaac Newton and His Falling Apple - Kjartan Poskitt 2011

Everybody's heard of Isaac Newtown. He is horribly famous for discovering gravity, being clever and getting hit on the head with an apple. But not everyone knows that Isaac came from the bottom of the class at school, poked sticks in his eye and nearly blinded himself, and nearly got himself executed. Everything you ever wanted to know about the man with the apple.

The Conquest of Peru - William Hickling Prescott 2004-09

Prescott's classic history of the Andes empire, its culture, and its demise. This absorbingly readable narrative begins with a broad overview of the country and its people. The author, without the benefit of generations of archaeological and historical research, paints an extraordinarily accurate picture of the Empire of the Incas and the daily lives and customs of its people. The author concentrates on the exploits of Fernando Pizarro and his successors as they loot, pillage and dismantle one of the world's great civilizations. Originally published in 1847, Prescott's "Conquest of Peru" is considered one of the great classics of historical writing. It was the first work in the English language on the subject, and achieved wide circulation - both as a historical treatise and as novel entertainment. Although much has been written on the subject since then, this work is still the starting point for all cultural and historical discussion of the Incan world. This masterfully crafted eBook is a faithful presentation of the first edition, and includes the hundreds of footnotes which the author felt were necessary to substantiate his facts and opinions (each is placed on the page on which it is referenced). Revisions from later editions are also included. The eBook is fully-searchable and fully printable. (597pp, 4.86 Mb)

Five Seasons - A. B. Yehoshua 2012-12-01

This tale of an awkward Israeli widower and his misadventures with women is an "extraordinary novel . . . a masterpiece" (Los Angeles Times). After seven long years of illness, Molkho's wife passes, leaving him in mourning, but also with an unexpected sense of freedom. No longer is he bound to being a caretaker for a woman too sick to even bear his touch. His future—and his desires—are his own. As the seasons of his life propel the hapless middle-aged accountant through a series of journeys and a string of infatuations—with an unwanted wife, an aggressive bureaucrat, a young girl, and a Russian émigré—Molkho begins to find the real element that was missing in his life was not romance, but his own will. An absurd, tragic, humorous, and hopeful meditation on love, marriage, and the quiet struggles of average Israeli lives, *Five Seasons* "reconfirms [A. B. Yehoshua's] status as a shrewd analyst of domestic ordeals" (Publishers Weekly).

The Delusions of Certainty - Siri Hustvedt 2017-10-17

"The Delusions of Certainty is a unique book by an extraordinary author. Siri Hustvedt is a notable novelist, art scholar, and a philosopher of science. In this memorable and immensely enjoyable volume, Hustvedt rises above the exhausted debate over the two cultures, to demonstrate not just the possibility but also the advantages of combining the approaches of the arts, humanities, and sciences to illuminate a key aspect of the human condition: the mind-body problem." —Antonio Damasio, bestselling author of *Descartes' Error* and *Self Comes to Mind* "Siri Hustvedt proves her membership in the highest rank of neuroscientists and philosophers who probe the nature of thought and the workings of consciousness. A novelist and a student of psychoanalysis and neuroscience, Hustvedt can ask questions others cannot ask about imagination, identity, epistemology, gendered power, and mortality. Her authoritative knowledge and her courage to challenge the status quo guide the reader to fresh epiphanies about what counts as human nature. The work is, in the end, a work of freedom." —Rita Charon, Columbia University "The Delusions of Certainty is the best book

on the mind-body problem I have ever read. Perhaps only a great novelist and essayist can address what neuroscientists and philosophers fail to question. Siri Hustvedt takes the reader on an inspiring journey into highly relevant and often unanswered questions about what it means to be human." —Vittorio Gallese, University of Parma Prizewinning novelist, feminist, and scholar Siri Hustvedt turns her brilliant and critical eye toward the metaphysical issues of neuropsychology in this lauded, standalone volume. Originally published in her "canonical" (Publishers Weekly) and "absorbing" (Kirkus Reviews) collection *A Woman Looking at Men Looking at Women*, *The Delusions of Certainty* exposes how the age-old, unresolved mind-body problem has shaped—and often distorted and confused—contemporary thought in neuroscience, psychiatry, genetics, artificial intelligence, and evolutionary psychology.

The Children Act - Ian McEwan 2014-09-09

A brilliant, emotionally wrenching novel from the Booker Prize winner and bestselling author of *Atonement* about a leading High Court judge who must resolve an urgent case—as well as her crumbling marriage. Fiona Maye is a leading High Court judge who presides over cases in the family division. She is renowned for her fierce intelligence, exactitude, and sensitivity. But her professional success belies private sorrow and domestic strife. There is the lingering regret of her childlessness, and now her marriage of thirty years is in crisis. At the same time, she is called on to try an urgent case: Adam, a beautiful seventeen-year-old boy, is refusing for religious reasons the medical treatment that could save his life, and his devout parents echo his wishes. Time is running out. Should the secular court overrule sincerely expressed faith? In the course of reaching a decision, Fiona visits Adam in the hospital—an encounter that stirs long-buried feelings in her and powerful new emotions in the boy. Her judgment has momentous consequences for them both. Don't miss Ian McEwan's new novel, *Lessons*, coming in September!

Survival In Auschwitz - Primo Levi 1996

The author describes his twenty month ordeal in the Nazi death camp.

Geometry of the Passions - Remo Bodei 2018-08-08

The passions have long been condemned as a creator of disturbance and purveyor of the temporary loss of reason, but as Remo Bodei argues in *Geometry of the Passions*, we must abandon the perception that order and disorder are in a constant state of collision. By means of a theoretical and historical analysis, Bodei interprets the relationship between passion and reason as a conflict between two complementary logics. *Geometry of the Passions* investigates the paradoxical conflict-collaboration between passions and reason, and between individual and political projects. Tracing the roles passion and reason have played throughout history, including in the political agendas of Descartes, Hobbes, and the French Jacobins, *Geometry of the Passions* reveals how passion and reason may be used as a vehicle for affirmation rather than self-enslavement.

The Great American Novel - Philip Roth 2013-07-02

Philip Roth's richly imagined satiric narrative, *The Great American Novel*, turns baseball's status as national pastime and myth into an unfettered farce. Featuring heroism and perfidy, lively wordplay and a cast of characters that includes the House Un-American Activities Committee. "Roth is better than he's ever been before.... The prose is electric." (The Atlantic) Gil Gamesh is the only pitcher who ever tried to kill the umpire, and John Baal, The Babe Ruth of the Big House, never hit a home run sober. But you've never heard of them -- or of the Ruppert Mundys, the only homeless big-league ball team in American history -- because of the communist plot and the capitalist scandal that expunged the entire Patriot League from baseball memory.

After Dark - Haruki Murakami 2010-07-07

A short, sleek novel of encounters set in the witching hours of Tokyo between midnight and dawn, and every bit as gripping as Haruki Murakami's masterworks *The Wind-Up Bird Chronicle* and *Kafka on the Shore*. At its center are two sisters: Yuri, a fashion model sleeping her way into oblivion; and Mari, a young student soon led from solitary reading at an anonymous Denny's into lives radically alien to her own: those of a jazz trombonist who claims they've met before; a burly female “love hotel” manager and her maidstaff; and a Chinese prostitute savagely brutalized by a businessman. These “night people” are haunted by secrets and needs that draw them together more powerfully than the differing circumstances that might keep them apart, and it soon becomes clear that Yuri's slumber-mysteriously tied to the businessman plagued by the mark of his crime - will either restore or annihilate her. *After Dark* moves from mesmerizing drama to metaphysical speculation, interweaving time and space as well as memory and perspective into a seamless exploration of human agency - the interplay between self-expression and understanding, between the power of observation and the scope of compassion and love. Murakami's trademark humor, psychological insight, and grasp of spirit and morality are here distilled with an extraordinary, harmonious mastery. “Eyes mark the shape of the city. Through the eyes of a high-flying night bird, we take in the scene from midair. In our broad sweep, the city looks like a single gigantic creature—or more, like a single collective entity created by many intertwining organisms. Countless arteries stretch to the ends of its elusive body, circulating a continuous supply of fresh blood cells, sending out new data and collecting the old, sending out new consumables and collecting the old, sending out new contradictions and collecting the old. To the rhythm of its pulsing, all parts of the body flicker and flare up and squirm. Midnight is approaching, and while the peak of activity has indeed passed, the basal metabolism that maintains life continues undiminished, producing the basso continuo of the city's moan, a monotonous sound that neither rises nor falls but is pregnant with foreboding.” —from *After Dark*

From Zero to Infinity - Constance Reid 1961

Straight White Male - John Niven 2014-10-07

From the bestselling author of *Kill Your Friends*, a wildly funny look at the midlife crisis of a loveable rogue. “A high-octane novel of excess” (Ian Rankin). Irish novelist Kennedy Marr is a first rate bad boy. When he is not earning a fortune as one of Hollywood's most sought after scriptwriters, he is drinking, insulting and philandering his way through Los Angeles, ‘successfully debunking the myth that men are unable to multitask.’ He is loved by many women, but loathed by even more including ex-wives on both sides of the pond. Kennedy's appetite for trouble is insatiable, but when he discovers that he owes 1.4 million dollars in back taxes, it seems his outrageous, hedonistic lifestyle may not be as sustainable as he thought. Forced to accept a teaching position

at sleepy Deeping University, where his ex-wife and teenaged daughter now reside, Kennedy returns to England with a paper trail of tabloid headlines and scorned starlets hot on his bespoke heels. However, as he acclimatizes to the quaint campus Kennedy is forced to reconsider his laddish lifestyle. Incredible as it may seem, there might actually be a father and a teacher lurking inside this ‘preening, narcissistic, priapic sociopath’. “A sharp and knowing satire of the film industry, publishing and academia.” —The Guardian

Almarina - Valeria Parrella 2022-05-12

'One of the most beautiful books published in recent years: an intense, poignant story' Caterina Bonvicini Can a prison free those who enter? Nisida, moored like a boat in the Mediterranean, is a small island nestled between Capri and Bagnoli, off the coast of Naples. Each day, through the early morning light, Elisabetta Maiorano travels across the city, passes by the guards on the way into the detention centre, hands over her bag and arrives at her classroom. All thoughts are suspended once inside. Usually Elisabetta hasn't spoken to anyone since the day before; her only reason for living is to teach mathematics to the group of young inmates who arrive not long after she does. But one day, Almarina shows up and everything changes. She is Romanian and bears the signs of her personal history on her body. Together, closed up in a small classroom, a true island within an island, Elisabetta and Almarina discover a possible pathway to freedom. Warm and intimate, intense and political, Valeria Parrella touches our emotions, giving voice to a loneliness that is universal. *Almarina* is about finding love in unexpected places, about atonement, forgetting and starting over. But mostly it is about two women learning how to live again. Translated by Alex Valente

From the Shadows - Juan José Millás 2019-08-27

Publishers Weekly “Top 10 Book of the Year” selection “Begins as entertaining slapstick, subtly metamorphoses into fable. . . . As [the narrator's] vivid imaginary world fuses with reality this deceptively ethereal novel advances toward a dark and startling finale.” —Wall Street Journal Laid off from his job, Damián Lobo obsessively imagines himself as a celebrity being interviewed on TV. After committing an act of petty theft at an antiques market, he finds himself trapped inside a wardrobe and delivered to the seemingly idyllic home of a husband, wife, and their internet-addicted teenage daughter. There, he sneaks from the shadows to serve as an invisible butler, becoming deeply and disastrously involved with his unknowing host family. Every thread of the plot is ingeniously tied together, creating a potent admixture of parable, love story, and thriller. Millás masterfully reveals the everyday as innately surreal as he renders the unbelievable tangible and the trivial fantastical, and full of dark humor. Juan José Millás is the recipient of Spain's most prestigious literary prizes: the Premio Nadal, Premio Planeta, and Premio Nacional de Narrativa. A regular contributor to *El País*, Millás has also won many awards for his journalism. He is the author of several short story collections and works of nonfiction as well as over a dozen novels, including *From the Shadows*, the first of his novels to be published in North America. He lives in Madrid.

Flush - Virginia Woolf 2013-09-03

Published in 1933 by Hogarth, *Flush* is an experiment in biography, using the medium of a pet dog, the eponymous character, to examine the imagined life of the poet Elizabeth Barrett Browning. While Woolf's approach is essentially fictional, she used existing correspondence between Browning and her husband, combined with poems about *Flush* the dog to create non-fictional threads. On these factual underpinnings, Woolf then layered themes that she wished to explore. Connections to *A Room of One's Own* come across in the way Woolf deals with Browning's life as a woman writer and intellectual, existing in a patriarchal city environment. In choosing such an approach, Woolf certainly betrays the autobiographical elements in the text, given her own status and also allows her to cover the pressures imposed by her private ailments.

The Prague Orgy - Philip Roth 2013-07-02

The Prague Orgy is a startling conclusion to Philip Roth's intricately designed magnum opus, *Zuckerman Bound*. *The Prague Orgy* takes the American novelist Nathan Zuckerman on a quixotic journey to search for the stories of an unknown Yiddish writer. The entries from Zuckerman's notebooks are rich with comedy and dense with observation, detailing his relationship with the oppressed artists of communist Prague. In his bizarre adventures with the city's outcast writers, he discovers a perverse but appealing heroism.

Storia umana della matematica - Chiara Valerio 2016

The Development of Greek Biography - Arnaldo Momigliano 1993
Arnaldo Momigliano traces the growth of ancient biography from the fifth century to the first century B.C. He asks new questions about the origins and development of Greek biography, and makes full use of new evidence uncovered in recent decades from papyri and other sources. By clarifying the social and intellectual implication of the fact that the Greeks kept biography and autobiography distinct from historiography, he contributes to an understanding of a basic dichotomy in the Western tradition of historical writing. *The Development of Greek Biography* is fully annotated, and includes a bibliography designed to serve as an introduction to the study of biography in general.

The Way of a Serpent - Torgny Lindgren 1997

The Tattoo Murder Case - Akimitsu Takagi 2003-07-01

Kinue Nomura survived World War II only to be murdered in Tokyo, her severed limbs discovered in a room locked from the inside. Gone is the part of her that bore one of the most beautiful full-body tattoos ever rendered. Kenzo Matsushita, a young doctor who was first to discover the crime scene, feels compelled to assist his detective brother, who is in charge of the case. But Kenzo has a secret: he was Kinue's lover, and soon his involvement in the investigation becomes as twisted and complex as the writhing snakes that once adorned Kinue's torso. *The Tattoo Murder Case* was originally published in 1948; this is the first English translation.

The Pregnant Widow - Martin Amis 2010-05-11

The eagerly anticipated new novel from the inimitable Martin Amis. Summer 1970 — a long, hot summer. In a castle in Italy, half a dozen young lives are afloat on the sea of change, trapped inside the history of the sexual revolution. The girls are acting like boys, and the boys are going on acting like boys, and Keith Nearing — twenty years old, a literature student all clogged up with the English novel — is struggling to twist feminism and the rise of women towards his own ends. The sexual revolution may have been a velvet revolution (in at least two senses), but it wasn't bloodless — and now, in the twenty-first century, the year 1970 finally catches up with Keith Nearing. *The Pregnant Widow* is a comedy of manners and a nightmare, brilliant, haunting and gloriously risqué. It is Martin Amis at his fearless best.

Pretend I'm Dead - Jen Beagin 2015-10-30

Jen Beagin's funny, moving, fearless debut novel introduces an unforgettable character, Mona—almost 24, cleaning houses to get by, emotionally adrift. Handing out clean needles to drug addicts, she falls for a recipient who proceeds to break her heart in unimaginable ways. She decamps to Taos, New Mexico, for a fresh start, where she finds a community of seekers and cast-offs. But they all have one or two things to teach her—the pajama-wearing, blissed-out New Agers, the slightly creepy client with peculiar tastes in controlled substances, the psychic who might really be psychic. Always just under the surface are her memories of growing up in a chaotic, destructive family from which she's trying to disentangle herself. The story of her journey toward a comfortable place in the world and a measure of self-acceptance is psychologically acute, often surprising, and entirely human.

The Eight Mountains - Paolo Cognetti 2018-03-20

For fans of Elena Ferrante and Paulo Coelho comes a moving and elegant novel about the friendship between two young Italian boys from different backgrounds and how their connection evolves and challenges them throughout their lives. "Few books have so accurately described the way stony heights can define one's sense of joy and rightness...an exquisite unfolding of the deep way humans may love one another" (Annie Proulx). Pietro is a lonely boy living in Milan. With his parents becoming more distant each day, the only thing the family shares is their love for the mountains that surround Italy. While on vacation at the foot of the Aosta Valley, Pietro meets Bruno, an adventurous, spirited local boy. Together they spend many summers exploring the mountains' meadows and peaks and discover the similarities and differences in their lives, their backgrounds, and their futures. The two boys come to find the true meaning of friendship and camaraderie, even as their divergent paths in life—Bruno's in the mountains, Pietro's across the world—test the strength and meaning of their connection. "A slim novel of startling expansion that subtly echoes its setting" (Vogue), *The Eight Mountains* is a lyrical coming-of-age story about the power of male friendships and the enduring bond between fathers and sons. "There are no more universal

themes than those of the landscape, friendship, and becoming adults, and Cognetti's writing becomes classical (and elegant) to best tell this story...a true novel by a great writer" (Rolling Stone Italia).

A Woman in Jerusalem - Abraham B. Yehoshua 2007

Assigned the difficult task of identifying the victim of a suicide bombing at a Jerusalem market, a human resources representative pieces together the woman's past as a former Soviet engineer and a non-Jewish person on a religious pilgrimage.

Nemesis - Philip Roth 2010-10-05

Set in a Newark neighborhood during a terrifying polio outbreak, *Nemesis* is a wrenching examination of the forces of circumstance on our lives. Bucky Cantor is a vigorous, dutiful twenty-three-year-old playground director during the summer of 1944. A javelin thrower and weightlifter, he is disappointed with himself because his weak eyes have excluded him from serving in the war alongside his contemporaries. As the devastating disease begins to ravage Bucky's playground, Roth leads us through every inch of emotion such a pestilence can breed: fear, panic, anger, bewilderment, suffering, and pain. Moving between the streets of Newark and a pristine summer camp high in the Poconos, *Nemesis* tenderly and startlingly depicts Cantor's passage into personal disaster, the condition of childhood, and the painful effect that the wartime polio epidemic has on a closely-knit, family-oriented Newark community and its children.

The Holy Embrace - Mario Brelich 1996

"Pursuing and expanding the concept of the "novelized essay" that had served him so well in *Navigator of the Flood*, his first venture into writing, Brelich here takes up the biblical story of Abraham and Sarah. After the long quiescent interval succeeding the Flood, Abraham, repudiating the idols worshipped by his forebears, "discovers" God - which is to say that the Lord once again takes an interest in human affairs, settling upon another willing but divided patriarch as the instrument for procreating His chosen people. It is Abraham's servile infatuation with his frigid and narcissistic wife Sarah - "the most beautiful woman in the world" - that poses the greatest stumbling block to the Lord's designs. But this is also the story of a long and painful marriage between two mutually exasperating people. How the miracle of the "holy embrace" is finally accomplished - that is, how their son Isaac (whose name means "Laughter") is conceived in accordance with God's command - forms the substance of this profound and witty book." --Book Jacket.

Ferocity - Nicola Lagioia 2017-10-10

This Strega Prize winner "ticks all the boxes of a thriller while also being a masterfully written, baroque, many-faceted depiction of modern Italy" (The Spectator). Bari, southern Italy: On a stifling summer night, on the outskirts of town, a young woman named Clara, daughter of the region's most prominent family of real estate developers, stumbles naked, dazed, and bloodied down a major highway. Her death will be deemed a suicide. Her estranged half-brother, however, cannot free himself from her memory or the questions surrounding her death, and the more he learns about Clara's life, the more he reveals the moral decay at the core of his family's ascent to social prominence. Winner of the 2015 Strega Prize, Italy's preeminent prize for fiction, *Ferocity* is at once an intimate family saga, a cinematic portrait of the moral and political corruption of an entire society, and a "gripping" tale of suspense (The Irish Times). "Biting social commentary as well as edge-of-seat reading." —Library Journal (starred review) "Allows the mystery to slowly and captivatingly resolve while offering a layered portrait of contemporary Italian life and the abuses of power that money can excuse." —Publishers Weekly "Complex, darkly absorbing and mysterious literary fiction." —Booklist

The Son - Philipp Meyer 2013-07-18

THE NEW YORK TIMES BESTSELLER NOW A MAJOR TV SERIES starring Pierce Brosnan and co-written by Philipp Meyer The critically acclaimed, New York Times-bestselling epic, a saga of land, blood and power, follows the rise of one unforgettable Texas family from the Comanche raids of the 1800s to the oil booms of the 20th century. Eli McCullough is just twelve years old when a marauding band of Comanche storm his Texas homestead, brutally murder his mother and sister and take him captive. Despite their torture and cruelty, Eli - against all odds - adapts to life with the Comanche, learning their ways and language, taking on a new name, finding a place as the adopted son of the band's chief and fighting their wars against not only other Indians but white men too, which complicates his sense of loyalty, his promised vengeance and his very understanding of self. But when disease, starvation and westward expansion finally decimate the Comanche, Eli is left alone in a world in which he belongs nowhere, neither white nor

Indian, civilized nor fully wild. Deftly interweaving Eli's story with those of his son Peter and his great-granddaughter JA, *The Son* maps the legacy of Eli's ruthlessness, his drive to power and his lifelong status as an outsider, even as the McCullough family rises to become one of the richest in Texas, a ranching and oil dynasty that is as resilient and dangerous as the land they claim. Yet, like all empires, the McCulloughs must eventually face the consequences of their choices. Panoramic, deeply evocative and utterly transporting, *The Son* is a masterpiece American novel - part epic of Texas, part classic coming-of-age story - that combines the narrative prowess of Larry McMurtry with the knife-edge sharpness of Cormac McCarthy. 'Stunning ... a book that for once really does deserve to be called a masterpiece' Kate Atkinson
'Magnificent ... McCarthy's Border Trilogy is a point of reference, as is *There Will Be Blood*, but it is not fanciful to be reminded of certain passages from *Moby-Dick* - it's that good' *The Times* 'Brilliant ... a wonderful novel' Lionel Shriver

[Three Floors Up](#) - Eshkol Nevo 2017-10-10

THE BASIS FOR THE CANNES FILM FESTIVAL'S PALMA D'OR-NOMINATED FILM Set in an upper-middle-class Tel Aviv apartment building, this best-selling and warmly acclaimed Israeli novel examines the interconnected lives of its residents, whose turmoils, secrets, unreliable confessions, and problematic decisions reveal a society in the midst of an identity crisis. On the first floor, Arnon, a tormented retired officer who fought in the First Intifada, confesses to an army friend with a troubled military past how his obsession about his young daughter's safety led him to lose control and put his marriage in peril. Above Arnon lives Hani, known as "the widow," whose husband travels the world for his lucrative job while she stays at home with their two children, increasingly isolated and unstable. When her brother-in-law suddenly appears at their door begging her to hide him from loan sharks and the police, she agrees in spite of the risk to her family, if only to bring some emotional excitement into her life. On the top floor lives a former judge, Devora. Eager to start a new life in her retirement, Devora joins a social movement, desperately tries to reconnect with her estranged son, and falls in love with a man who isn't what he seems. A brilliant novelist, Eshkol Nevo vividly depicts how the grinding effects of social and political ills play out in the psyche of his flawed yet compelling characters, in often unexpected and explosive ways.

[Nameless Serenade](#) - Maurizio De Giovanni 2018

A Commissario Ricciardi Neapolitan mystery that packs a real punch. Years ago, Vinnie Sannino left Naples on a ship bound for America, where he found fame and wealth as a boxer. But his gilded life in the new world came to an abrupt end when, during a fight, with a heavy punch to the head of his opponent, Vinnie killed a man in the ring. Now, Vinnie's back in Italy, pining for the woman he left behind. Cettina, however, is

now a married woman. She was, at least, until recently when her husband was found dead, killed by a single blow to the head. For Commissario Ricciardi, one of the most faceted cops in fiction, and his partner Maione, it is a going to be a long, rainy, week in Naples.

Bread - Maurizio de Giovanni 2021-10-12

The Bastards of Pizzofalcone Series In the fifth installment in Maurizio de Giovanni's bestselling series, the Bastards of Pizzofalcone face their hardest challenge yet: will they emerge stronger or will they succumb to Naples's darkest forces? Sometimes it takes facing a formidable adversary to truly know one's worth. The Bastards of Pizzofalcone may have found just that: when the brutal murder of a baker rattles the city, they are ready to investigate. There's nothing they wouldn't do to prove themselves to their community. But this time the police are divided: for the special anti-mob branch, the local mafia is doubtlessly responsible for the crime, but the Bastards are not so sure. De Giovanni is one of Europe's most renowned and versatile mystery writers. His award-winning and bestselling novels, all of which take place in Naples, engage readers in gripping tales of Europe's most fabled, atmospheric, dangerous, and lustful city.

L'Indice dei libri del mese - 1984

The Man of Numbers - Keith Devlin 2012-11-01

In 1202, a 32-year old Italian finished one of the most influential books of all time, which introduced modern arithmetic to Western Europe. Devised in India in the seventh and eighth centuries and brought to North Africa by Muslim traders, the Hindu-Arabic system helped transform the West into the dominant force in science, technology, and commerce, leaving behind Muslim cultures which had long known it but had failed to see its potential. The young Italian, Leonardo of Pisa (better known today as Fibonacci), had learned the Hindu number system when he traveled to North Africa with his father, a customs agent. The book he created was *Liber abbaci*, the 'Book of Calculation', and the revolution that followed its publication was enormous. Arithmetic made it possible for ordinary people to buy and sell goods, convert currencies, and keep accurate records of possessions more readily than ever before. *Liber abbaci*'s publication led directly to large-scale international commerce and the scientific revolution of the Renaissance. Yet despite the ubiquity of his discoveries, Leonardo of Pisa remains an enigma. His name is best known today in association with an exercise in *Liber abbaci* whose solution gives rise to a sequence of numbers - the Fibonacci sequence - used by some to predict the rise and fall of financial markets, and evident in myriad biological structures. In *The Man of Numbers*, Keith Devlin recreates the life and enduring legacy of an overlooked genius, and in the process makes clear how central numbers and mathematics are to our daily lives.
