**Narcoland** - Anabel Hernandez 2013-09-10  
The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, **Narcoland**

has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, **Narcoland** takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America

and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico’s government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, “Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In

making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels.”

**The 5AM Club** - Robin Sharma  
2018-12-04

Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses,

business titans and the world's wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed "Insider-only" tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, *The 5am Club* is a work that will transform your life. Forever.

*The Power of Your Subconscious Mind* - Joseph Murphy 2018

Harness the power of your subconscious to create a life you desire! *The Power of Your Subconscious Mind* teaches us how to remove the subconscious obstacles that prevent us from achieving the success we wish for. In this book, bestselling author Joseph Murphy asserts that life events are actually the result of the workings of our conscious and subconscious minds. He suggests practical techniques through which one can change one's destiny, principally by focusing and redirecting this miraculous energy. In these pages are the ways in which one can unleash the extraordinary mental powers to acquire self-confidence, attain professional success, create wealth, build harmonious relationships, overcome fears, get rid of bad habits and promote overall well-being and happiness. Covering a variety of topics from healing to academia to riches, the author cites numerous compelling

examples of the power of our thoughts and beliefs in influencing our reality. When we change our thinking and prepare our subconscious mind, we change our destiny. Joseph Murphy was an American author and New Thought minister, ordained in Divine Science and Religious Science. A popular speaker, Murphy lectured on both American coasts and in Europe, Asia, and South Africa. Murphy is considered one of the pioneering voices of affirmative-thinking philosophy.

*The House on Mango Street* - Sandra Cisneros 2013-04-30  
NATIONAL BESTSELLER • A coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago,

inventing for herself who and what she will become. Told in a series of vignettes—sometimes heartbreaking, sometimes deeply joyous—Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers. "Cisneros draws on her rich [Latino] heritage ... and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one." —The New York Times Book Review

*The Code of the Extraordinary Mind* - Vishen Lakhiani  
2016-05-10

What if everything we think we know about how the world works—our ideas of love, education, spirituality, work, happiness, and love—are based on Brules (bullsh\*t rules) that get passed from generation to generation and are long past their expiration date? This book teaches you to think like some of the greatest non-conformist minds of our era, to question, challenge, hack, and

create new rules for YOUR life so you can define success on your own terms. The Code of the Extraordinary Mind is a blueprint of laws to break us free from the shackles of an ordinary life. It makes a case that everything we know about the world is shaped by conditioning and habit. And thus, most people live their lives based on limiting rules and outdated beliefs about pretty much everything--love, work, money, parenting, sex, health, and more--which they inherit and pass on from generation to generation. But what if you could remove these outdated ideas and start anew? What would your life look like if you could forget the rules of the past, and redefine what happiness, purpose, and success mean for you? Not Just a Book, but a Movement Blending computational thinking, integral theory, modern spirituality, evolutionary biology, and humor, personal growth entrepreneur Vishen Lakhiani provides a revolutionary 10-point framework for

understanding and enhancing the human self. You will learn about bending reality. You will learn how to apply unique models like consciousness engineering to help you learn and grow at speeds like never before. You will learn to make a dent in the universe and discover your quest. This framework is based on Lakhiani's personal experiences, the 5 million people he's reached through Mindvalley, and 200 hours of interviews and questions posed to incredible minds, including Elon Musk, Richard Branson, Peter Diamandis, Ken Wilber, Dean Kamen, Arianna Huffington, Michael Beckwith, and other legendary leaders. In a unique fusion of cutting-edge ideas, personal stories, irreverence, and a brilliant teaching style, Lakhiani reveals the 10 powerful laws that form a step-by-step process that you can apply to life to shed years of struggle and elevate yourself to exceptional new heights. The 10 Laws to an Extraordinary Life This book challenges conventional ideas of

relationships, goal-setting, mindfulness, happiness, and meaning. In a unique fusion of cutting-edge ideas, personal stories, and humorous irreverence, and not to mention, humor and napkin diagrams, this framework combines computational thinking with personal growth to provide a powerful framework for re-coding yourself--and replacing old, limiting models that hold you back with new, empowering beliefs and behaviors that set you on the path toward an extraordinary life. A life of more happiness and achievement than you might have dared to dream possible. Once you discover the code, you will question your limits and realize that there are none. Step into a new understanding of the world around you and your place in it, and find yourself operating at a new, extraordinary level in every way...happiness, purpose, fulfilment, and love. This Book Is a Living, Breathing Manifesto That Goes Beyond a Traditional Publication For

those who want more, The Code of the Extraordinary Mind connects to a full on immersive experience including ways for you to dive into particular chapters to unlock additional videos or training and connect with each other and the author to learn via peer-to-peer learning networks.

**The New Positioning: The Latest on the World's #1 Business Strategy** - Jack Trout 1997-05-22

Angel Numbers - Doreen Virtue 2005-04-01

"Why do I always see the numbers 444 (or 111, 333, etc.) everywhere I go?" is one of the most frequently asked questions that Doreen Virtue receives at her worldwide workshops. In her best-selling book *Healing with the Angels*, Doreen included a chapter that

briefly explained the meanings behind these number sequences, and many people have commented that they carry the book with them everywhere to help them interpret the numbers they see daily. By popular request from Doreen's audience members, Angel Numbers has been created to serve as a pocket guide containing the angelic meanings of numbers from 0 to 999. Designed to fit into a purse or pocket for easy transport, Angel Numbers provides an interpretation of more complex number sequences than was previously available in Healing with the Angels. This new book focuses on numbers such as 123, 337, 885, and so on. Whether you're seeing these numbers on license plates, telephone numbers, the clock, or other locations, they're very real messages from the angels. Angel Numbers will help you instantly understand the meaning of these signs!

*A Mind for Numbers* - Barbara A. Oakley 2014-07-31

An engineering professor who started out doing poorly in mathematical and technical subjects in school offers tools, tips and techniques to learning the creative and analytical thought processes that will lead to achievement in math and science. Original.

*A Critical Woman* - Ann Oakley 2011-06-08

This book is available as open access through the Bloomsbury Open Access programme and is available on

[www.bloomsburycollections.com](http://www.bloomsburycollections.com). Barbara Wootton was one of the extraordinary public figures of the twentieth century. She was an outstanding social scientist, an architect of the welfare state, an iconoclast who challenged

conventional wisdoms and the first woman to sit on the Woolsack in the House of Lords. Ann Oakley has written a fascinating and highly readable account of the life and work of this singular woman, but the book goes much further. It is an engaged account of the making of British social policy at a critical period seen through the lens of the life and work of a pivotal figure. Oakley tells a story about the intersections of the public and the private and about the way her subject's life unfolded within, was shaped by, and helped to shape a particular social and intellectual context.

Redirect - Timothy D. Wilson 2011-09-08

"There are few academics who write with as much grace and wisdom as Timothy Wilson. REDIRECT is a masterpiece." - Malcolm Gladwell What if there were a magic pill that could make you happier, turn you into a better parent, solve a number of your teenager's behavior problems, reduce racial prejudice, and close the

achievement gap in education? There is no such pill, but story editing - the scientifically based approach described in REDIRECT - can accomplish all of this. The world-renowned psychologist Timothy Wilson shows us how to redirect the stories we tell about ourselves and the world around us, with subtle prompts, in ways that lead to lasting change.

Fascinating, groundbreaking, and practical, REDIRECT demonstrates the remarkable power small changes can have on the ways we see ourselves and our environment, and how we can use this in our everyday lives.

*Nineteen Eighty-Four* - George Orwell 2021-01-09

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass

surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party

member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

*A Faith to Confess* - Sidney Maurice Houghton 1975

Here in modern English is the most famous of Baptist Confessions containing the heart and soul of the Reformation in terms of clear Biblical truth. Here is a Confession of faith for churches to be founded upon, a faith for church members to know, love, defend and propagate, a faith that church officers can hand on to future generations. The Introduction which forms a preface to this Confession explains its origin and discusses several particularly relevant issues contained in the chapters, thereby increasing the usefulness of the whole.

*LSD, My Problem Child* - Albert Hofmann 2005

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert

Hofmann. He traces LSDs path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. We follow Dr. Hofmanns trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmanns powerful conclusion that mystical experience may be our planets best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. Now, more than sixty years after the birth of Albert Hofmanns problem child, his vision of its true potential is more relevant, and more needed, than ever.

and Wall Street Journal bestseller A groundbreaking plan to prevent and reverse Alzheimer's Disease that fundamentally changes how we understand cognitive decline. Everyone knows someone who has survived cancer, but until now no one knows anyone who has survived Alzheimer's Disease. In this paradigm shifting book, Dale Bredezen, MD, offers real hope to anyone looking to prevent and even reverse Alzheimer's Disease and cognitive decline. Revealing that AD is not one condition, as it is currently treated, but three, *The End of Alzheimer's* outlines 36 metabolic factors (micronutrients, hormone levels, sleep) that can trigger "downsizing" in the brain. The protocol shows us how to rebalance these factors using lifestyle modifications like taking B12, eliminating gluten, or improving oral hygiene. The results are impressive. Of the first ten patients on the protocol, nine displayed significant improvement with 3-6 months; since then the

protocol has yielded similar results with hundreds more. Now, *The End of Alzheimer's* brings new hope to a broad audience of patients, caregivers, physicians, and treatment centers with a fascinating look inside the science and a complete step-by-step plan that fundamentally changes how we treat and even think about AD.

Evolve Your Brain - Joe

Dispenza 2010-01-01

Why do we keep getting the same jobs, taking on the same relationships, and finding ourselves in the same emotional traps? Dr. Joe Dispenza not only teaches why people tend to repeat the same negative behaviors, he shows how readers can release themselves from these patterns of disappointment. With the dynamic combination of science and accessible how-to, Dispenza teaches how to use the most important tool in ones body and life—the brain. Featured in the underground smash hit of 2004, "What the Bleep Do We Know!?", Dispenza touched upon the brain's ability to become addicted to negative emotions. Now, in his empowering book *Evolve Your Brain* he explains how new thinking and new beliefs can literally rewire one's brain to change behavior, emotional reactions, and habit forming patterns. Most people are unaware of how addicted they are to their emotions, and how the brain perpetuates

those addictions automatically. In short, we become slaves to our emotional addictions without even realizing it. By observing our patterns of thought, and learning how to 're-wire the brain' with new thought patterns, we can break the cycles that keep us trapped and open ourselves to new possibilities for growth, happiness and emotional satisfaction. Key Features A radical approach to changing addictive patterns and bad habits. Based on more than twenty years of research. Bridges the gap between science, spirituality and self-help—a formula that has proven success. Easy to understand and written for the average reader.

think. System 1 is fast, intuitive, and emotional; System 2 is slower, more deliberative, and more logical. The impact of overconfidence on corporate strategies, the difficulties of predicting what will make us happy in the future, the profound effect of cognitive biases on everything from playing the stock market to planning our next vacation—each of these can be understood only by knowing how the two systems shape our judgments and decisions. Engaging the reader in a lively conversation about how we think, Kahneman reveals where we can and cannot trust our intuitions and how we can tap into the benefits of slow thinking. He offers practical and enlightening insights into how choices are made in both our business and our personal lives—and how we can use different techniques to guard against the mental glitches that often get us into trouble. ### **Cold-Blooded Kindness -**

Barbara Oakley, PhD

2011-04-01

In this searing exploration of deadly codependency, the author takes the reader on a spellbinding voyage of discovery that examines the questions: Are some people naturally too caring? Is caring sometimes a mask for darker motives? Can science help us understand how our concerns for others can hurt everything we hold dear? This gripping story brings extraordinary insight to our deepest questions. Is kindness always the right answer? Is kindness always what it seems?

### **Wealth Mentality -** Mentes

LIBRES 2019-12-18

WEALTH MENTALITY If you are one of those people who works hard and yet your INCOME is not even enough to make ends meet or give you the likes you want. If you think that life has been so rude to

you and that you are destined to suffer, then let me tell you that you are thinking as a mind of scarcity, of poverty would think. But, if on the contrary you think that you are the master of your destiny and have total control of your life, then you have the mentality of an abundant man, of a rich man. If you want to reverse this situation, then read this book that will be of great help to empower you and your pocket. You have to understand that in our society today, the gap between rich and poor is widening every day. THE RICH get richer while THE POOR get poorer. To help you understand the satirical situation, it is essential to deepen the MENTALITY of rich and prosperous people and compare it to the way of thinking of poor and poor-minded people. Some of the topics to be discussed will be: The rich believe they create their own destiny, while the poor believe they are predestined. The rich focus on opportunities, while the poor focus on problems. The rich

*Mirror Work* - Louise Hay  
2016-03-22

From the New York Times best-selling author of *You Can Heal Your Life* Mirror work has long been Louise Hay's signature method for cultivating a deeper relationship with yourself and others, and leading a rich and meaningful life. Now, in *Mirror Work*, she shows how in just 21 days, you can master this simple but powerful practice as an ongoing support for positive transformation and self-care. "I have been teaching people how to do mirror work as long as I have been teaching affirmations . . . The most powerful affirmations are those you say out loud when you are in front of a mirror, looking deeply into your eyes. A mirror reflects back to you the feelings you have about yourself. It makes you immediately aware of where you are resisting and where you are open and flowing. It clearly shows what thoughts you will need to change if you want to have a joyous, fulfilling life." - Louise Hay

*The Power of Now* - Eckhart Tolle 2010-10-06

To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject to birth and death." Although the journey is challenging, Eckhart Tolle uses simple language and an easy

question and answer format to guide us. A word of mouth phenomenon since its first publication, *The Power of Now* is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.

*A General Theory of Love* - Thomas Lewis 2007-12-18

This original and lucid account of the complexities of love and its essential role in human well-being draws on the latest scientific research. Three eminent psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive functions of the human brain. *A General Theory of Love* demonstrates that our nervous systems are not self-contained: from earliest childhood, our brains actually link with those of the people close to us, in a silent rhythm that alters the very structure of our brains, establishes life-long emotional patterns, and makes us, in

**Evil Genes** - Barbara Oakley, PhD 2010-06-28  
Have you ever heard of a person who left you wondering, "How could someone be so twisted? So evil?" Prompted by clues in her sister's diary after her mysterious death, author Barbara Oakley takes the reader inside the head of the kinds of malevolent people you know, perhaps all too well, but could never understand. Starting with psychology as a frame of reference, Oakley uses cutting-edge images of the working brain to provide startling support for the idea that "evil" people act the way they do mainly as the result of a dysfunction. In fact, some deceitful, manipulative, and

even sadistic behavior appears to be programmed genetically—suggesting that some people really are born to be bad. Oakley links the latest findings of molecular research to a wide array of seemingly unrelated historical and current phenomena, from the harems of the Ottomans and the chummy jokes of "Uncle Joe" Stalin, to the remarkable memory of investor Warren Buffet. Throughout, she never loses sight of the personal cost of evil genes as she unravels the mystery surrounding her sister's enigmatic life—and death. *Evil Genes* is a tour-de-force of popular science writing that brilliantly melds scientific research with intriguing family history and puts both a human and scientific face to evil.

*Free Play* - Stephen Nachmanovitch 1991-05-01  
*Free Play* is about the inner sources of spontaneous creation. It is about where art in the widest sense comes from. It is about why we create and what we learn when we do. It is about the flow of

unhindered creative energy: the joy of making art in all its varied forms. *Free Play* is directed toward people in any field who want to contact, honor, and strengthen their own creative powers. It integrates material from a wide variety of sources among the arts, sciences, and spiritual traditions of humanity. Filled with unusual quotes, amusing and illuminating anecdotes, and original metaphors, it reveals how inspiration arises within us, how that inspiration may be blocked, derailed or obscured by certain unavoidable facts of life, and how finally it can be liberated - how we can be liberated - to speak or sing, write or paint, dance or play, with our own authentic voice. The whole enterprise of improvisation in life and art, of recovering free play and awakening creativity, is about being true to ourselves and our visions. It brings us into direct, active contact with boundless creative energies that we may not even know we had.

David J. Schwartz 2014-12-02  
The timeless and practical advice in The Magic of Thinking Big clearly demonstrates how you can: Sell more Manage better Lead fearlessly Earn more Enjoy a happier, more fulfilling life With applicable and easy-to-implement insights, you'll discover: Why believing you can succeed is essential How to quit making excuses The means to overcoming fear and finding confidence How to develop and use creative thinking and dreaming Why making (and getting) the most of your attitudes is critical How to think right towards others The best ways to make "action" a habit How to find victory in defeat Goals for growth, and How to think like a leader "Believe Big," says Schwartz. "The size of your success is determined by the size of your belief. Think little goals and expect little achievements. Think big goals and win big success. Remember this, too! Big ideas and big plans are often easier -- certainly no more difficult - than small ideas

and small plans."

**The Millionaire Fastlane** - MJ DeMarco 2011-01-04  
10TH ANNIVERSARY EDITION  
Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a

wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to

immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime. **The Symbolic Species: The Co-evolution of Language and the Brain** - Terrence W. Deacon 1998-04-17 "A work of enormous breadth, likely to pleasantly surprise both general readers and

experts."—New York Times Book Review This revolutionary book provides fresh answers to long-standing questions of human origins and consciousness. Drawing on his breakthrough research in comparative neuroscience, Terrence Deacon offers a wealth of insights into the significance of symbolic thinking: from the co-evolutionary exchange between language and brains over two million years of hominid evolution to the ethical repercussions that followed man's newfound access to other people's thoughts and emotions. Informing these insights is a new understanding of how Darwinian processes underlie the brain's development and function as well as its evolution. In contrast to much contemporary neuroscience that treats the brain as no more or less than a computer, Deacon provides a new clarity of vision into the mechanism of mind. It injects a renewed sense of adventure into the experience of being human.

## **Putting the Power of Your Subconscious Mind to Work**

- Joseph Murphy 2009-02-03

All new, never-before-published? from the author of the phenomenal bestseller *The Power of Your Subconscious Mind*. When Dr. Joseph Murphy wrote his bestselling book *The Power of Your Subconscious Mind*, he set forth the basic techniques for enriching one's life by programming the subconscious mind. This all-new book, based on forty years of previously unpublished research, shows how the subconscious mind can be used by people in their workplace when dealing with both routine and unexpected problems faced on the job. To illustrate Murphy's principles, editor Arthur Pell has provided examples from the lives of past and contemporary business leaders who have achieved success by applying these concepts in their professional lives. This book covers the most vital subjects in career and business success including: establishing goals, developing self-confidence and resilience,

mastering the law of attraction, leading a dynamic team, effective communication, managing time efficiently, and more.

*Think and Grow Rich -*

Napoleon Hill 2020-10-12

Ever wondered how life would be if we could condition our minds to Think and Grow Rich? Author Napoleon Hill claims to have based this book on twenty years of rigorous research on the lives of those who had amassed great wealth and

made a fortune. Observing their habits, their ways of working and the principles they followed, Hill put together laws and philosophies that can be practiced in everyday life to achieve all-round success. The narrative is rich with stories and anecdotes, which not only inspire, but also show a way forward to take action. After all, riches are not just material, but also pertaining to the mind, body and spirit. Having sold more than fifteen million copies across the world, this book remains the most read self-improvement book of all times!
