Light to the Isles - Douglas
Dales 2010-10-29

In this book, Dales succeeds in shedding new light on the theological approach to the evangelism of The British Isles and the work of missionaries to and from the British Isles in the Western church throughout the period 400-800 AD. Although the historical value of the literary texts analysed is substantial, this study gives them an inherent theology pre-eminence. This reprint is thus an examination of particular people, and the beliefs they shared with those who remembered them, and who caused these texts to be written. Through these pages, we discover that the origin of hagiographical literature in this specific area comes from a remote and singular period when the memory of the Roman era and of the church fathers was ever present. It was because of the barbarous condition that the Church faced, that the stream that

fought to keep Latin Christian culture alive to nurture monastic education, missionary activity and the ascetic cultivation of sanctity remained hidden.

"They Made Us Many Promises" - Philip Weeks
2014-08-26

A descendant of The American Indian Experience, this compelling anthology showcases the work of sixteen specialists. Those chapters retained from the original volume have been carefully revised to make them more accessible to the average

undergraduate, while six entirely new and original essays consider important topics: American Indian women; Indian-Spanish relations in the Greater Southwest in the sixteenth and seventeenth centuries; Indian affairs during the Civil War; the ongoing issue of Native Sovereignty; U.S. Indian policy since the Nixon Administration; and the emotional fight over Repatriation. Designed for use as a core text in one- or two-semester courses in American Indian History or as a supplement to any standard U.S. History survey, "They Made Us Many Promises" is certain to challenge readers' assumptions about the past and current roles of Indians in American society.

Europe's Languages on England's Stages, 1590-1620 - Marianne Montgomery
2016-04-22

Though representations of alien languages on the early modern stage have usually been read as mocking, xenophobic, or at the very least extremely anxious, listening closely to these languages in the drama of Shakespeare and

his contemporaries, Marianne Montgomery discerns a more complex reality. She argues instead that the drama of the early modern period holds up linguistic variety as a source of strength and offers playgoers a cosmopolitan engagement with the foreign that, while still sometimes anxious, complicates easy national distinctions. The study surveys six of the European languages heard on London's commercial stages during the three decades between 1590 and 1620-Welsh, French, Dutch, Spanish, Irish and Latin-and the distinct sets of cultural issues that they made audible. Exploring issues of culture and performance raised by representations of European languages on the stage, this book joins and advances two critical conversations on early modern drama. It both works to recover English relations with alien cultures in the period by looking at how such encounters were staged, and treats sound and performance as essential to understanding what Europe's languages

meant in the theater. Europe's Languages on England's Stages, 1590-1620 contributes to our emerging sense of how local identities and global knowledge in early modern England were necessarily shaped by encounters with nearby lands, particularly encounters staged for aural consumption.

Far from the Madding Crowd - Thomas Hardy 1992
Far from the Madding Crowd is perhaps the most pastoral of Hardy's Wessex novels. It tells the story of the young farmer

Gabriel Oak and his love for and pursuit of the elusive Bathsheba Everdene, whose wayward nature leads her to both tragedy and true love. It tells of the dashing Sergeant Troy whose rakish philosophy of life was '...the past was yesterday; never, the day after'. And lastly, of the introverted and reclusive gentleman farmer, Mr Boldwood, whose love fills him with '...a fearful sense of exposure', when he first sets eyes on Bathsheba.

Death of an Englishman -

Magdalen Nabb 2003-07-01

It is just before Christmas and the marshal wants to go South to spend the holiday with his wife and family, but first he must recover from the flu (which has left the Florentine carabinieri short-handed) and also solve a murder. A seemingly respectable retired Englishman, living in a flat on the Via Maggio near the Santa Trinita bridge, was shot in the back during the night. He was well-connected and Scotland Yard has despatched two officers to "assist" the Italians in solving the crime. But it is the marshal, a quiet observer, not an intellectual, who manages to figure out what happened, and why.

"Speak it in Welsh" - Megan S. Lloyd 2007

Speak It in Welsh: Wales and the Welsh Language in Shakespeare examines the marginalized Welsh voice in Shakespeare's plays and seeks to understand why Shakespeare may have included Wales and the Welsh in his plays as he reacts to, reflects, and contributes to the formation of early modern Britain. Today, contemporary English playwrights seldom turn to Wales as a subject or setting for their works, and infrequently do they include Welsh characters in their plays. Yet during the English Renaissance, we find a great

many plays about Wales, set in Wales, or with Welsh characters on stage entertaining English-speaking audiences. From the quarrelling captains in Henry V to the linguistically challenged lovers in I Henry IV, to the monoglot vocalist Lady Mortimer, to the proud Sir High Evans, Shakespeare creates Welsh characters whose voices, language use, and presence help reflect one aspect of British identity. Beginning with Tudor Welsh language policy and its impact on Welsh identity and Britishness, with attention paid to foreign language usage in the Henriad and the characterization of Wales and the Welsh in Shakespeare's plays, *Speak It in Welsh* illustrates how Shakespeare offers a dramatic portrayal of a newly evolving Britain and how he constructs a model for English and Welsh coexistence for a newly forming British identity

The Death of Ivan Ilych - Leo

Tolstoy 2021-11-15

The Death of Ivan Ilych Leo Tolstoy - Ivan Ilyich lives a carefree life that is "most simple and most ordinary and therefore most terrible". Like everyone he knows, he spends his life climbing the social ladder. Enduring marriage to a woman whom he often finds too demanding, he works his way up to be a magistrate, thanks to the influence he has over a friend who has just been promoted, focusing more on his work as his family life becomes less tolerable. While hanging curtains for his new home one day, he falls awkwardly and hurts his side. Though he does not think much of it at first, he begins to suffer from a pain in his side. As his discomfort grows, his behavior towards his family becomes more irritable. His wife finally insists that he visit a physician. The physician cannot pinpoint the source of his malady, but soon it becomes clear that his condition is terminal. Confronted with his diagnosis, Ivan attempts every remedy he can to obtain a cure for his

worsening situation, until the pain grows so intense that he is forced to cease working and spend the remainder of his days in bed. Here, he is brought face to face with his mortality and realizes that, although he knows of it, he does not truly grasp it. During the long and painful process of dying, Ivan dwells on the idea that he does not deserve his suffering because he has lived rightly. If he had not lived a good life, there could be a reason for his pain; but he has, so pain and death must be arbitrary and senseless. As he begins to hate his family for avoiding the subject of his death, for pretending he is only sick and not dying, he finds his only comfort in his peasant boy servant, Gerasim, the only person in Ivan's life who does not fear death, and also the only one who, apart from his own son, shows compassion for him. Ivan begins to question whether he has, in fact, lived a good life. In the final days of his life, Ivan makes a clear split between an artificial life, such as his own, which masks the

true meaning of life and makes one fear death, and an authentic life, the life of Gerasim. Authentic life is marked by compassion and sympathy, the artificial life by self-interest. Then "some force" strikes Ivan in the chest and side, and he is brought into the presence of a bright light. His hand falls onto his nearby son's head, and Ivan pities his son. He no longer hates his daughter or wife, but rather feels pity for them, and hopes his death will release them. In so doing, his terror of death leaves him, and as Tolstoy suggests, death itself disappears.
