Richard M. Hodgetts
2005-02-16

As a discipline of academy inquiry, International Management applies

management concepts and techniques to their contexts in firms working in multinational, multicultural environments.

Hodgetts/Luthans:

International Management was the first mainstream

International Management text in the market. Its 6th edition continues to set the standard for International Management texts with its research-based content and its balance

between culture, strategy, and behavior. International

Management stresses the balanced approach and the synergy/connection between the text's four parts:

Environment (3 chapters):

Culture (4 chapters), Strategy and Functions (4 chapters) and Organizational Behavior

/Human Resource Management (4 chapters).

The Solutions Manual, prepared by Bruce Swensen of Adelphi University, contains solutions to all end of chapter problems for easy reference.

Public Budgeting Systems -

Robert D. Lee Jr. 2009-11-09

A complete and balanced reference, Public Budgeting Systems, Eighth Edition surveys the current state of budgeting throughout all levels of the United States

government. The text emphasizes methods by which financial decisions are reached within a system as well as ways in which different types of information are used in budgetary decision-making. It also stresses the use of

program information, since, for decades, budget reforms have sought to introduce greater program considerations into financial decisions. This updated text includes more cases studies and practical information, figures and charts to make the information more accessible, as well as additional student problems. Using this text, students will gain a first-rate understanding of methods by which financial decisions

are reached within a system, and how different types of information are used in budgetary decision-making.
