An Impossible Distance to Fall - Miriam McNamara 2019-07-02

A story about falling—falling from grace, falling in love—as well as soaring to heights you wouldn't know were possible if you never stepped out into thin air. It's 1930, and Birdie William's life has crashed along with the stock market. Her father's bank has failed, and worse, he's disappeared along with his Jenny biplane. When Birdie sees a leaflet for a barnstorming circus with a picture of Dad's plane on it, she goes to Coney Island in search of answers. The barnstorming circus has lady pilots, daredevil stuntmen, fire-spinners, and wing walkers, and Birdie is instantly enchanted—especially with a girl pilot named June. Birdie doesn't find her father, but after stumbling across clues that suggest he's gone to Chicago, she figures she'll hitch a ride with the traveling circus doing what she does best: putting on a convincing act and insisting on being star of the show. But the overconfidence that made her belle of the ball during her enchanted youth turns out to be far too reckless without the safety net of her charmed childhood, and a couple of impulsive missteps sends her and her newfound community spinning into freefall.

All the Earth, Thrown to the Sky - Joe R. Lansdale 2012-09-11

Jack Catcher's parents are dead--his mom died of a sickness and his dad of a broken heart--and he wants to get out of Oklahoma, where dust storms have killed everything green and hopeful. So when former classmate Jane Lewis and her little brother, Tony, show up in his yard with plans to steal a dead neighbor's car and make a break for Texas, Jack doesn't need much convincing to go with them. But a run-in with one of the era's most notorious gangsters puts a crimp in Jane's plan, and soon the three kids are riding the rails among hoboes, gangsters, and con men, racing to warn a carnival-wrestler-turned-bank-robber of the danger headed toward him faster than a black blizzard on the prairie horizon. This road trip adventure is a colorful ride through Depression-era America.

Incheapit vol#0 - Anna Khairós - Francesco Giannatiempo 2017-12-08

Incheapit is a publishing project originated from the need of combining two ways of making art: works moulded in reutilisation handicrafts, and the writing. Incheapit can be condensed in its own name: a work with start and end open cycle, economically presented, represented and spread. The crisis between incipit and cheap lies in my will to offer starting points to the imaginary, throwing material together and tellying the beginning of the stories that, indeed, are already very short stories in germ. Anna Khairós is the Incheapit's zero. She is the personification of the work reproduced in the disturbed photo whose title is Anark(h)airós, i.e. a free interpretation of the definition of time according to the ancient Greeks (Kairos vs Kronos), identified with the deconstruction of the contemporary social rules. In Incheapit #0, Anna Khairós grabs the time setting us free in the imagination of a kite-book hovered by a Quixote-doublebass or a sandglass-trumpet able to blow up semiotics and semantics of time.

Journey of the Sparrows - Fran Leeper Buss 2002-12-30

Nailed into a crate in the back of a truck, fifteen-year-old Maria, her older sister, Julia, their little brother, Oscar, and a boy named Tomas endure a terrifying and torturous journey across the U.S. border and then north to Chicago. There they struggle to find work-cleaning, sewing, washing dishes-always fearful of arrest and deportation back to the cruelties of El Salvador. By turns heartbreaking and hopeful, this moving story of the secret lives of immigrants is not to be missed. A gripping, lyrical portrayal of a continuing American

dilemma." (Kirkus Reviews, pointer review)

Magic can do a lot--give you flight, show you mermaids, help you taste the stars, and... solve the budget crisis? That's what the grown-ups will do with it if they ever make it to Neverland to steal its magic and bring their children home. However, Gwen doesn't know this. She's just a sixteen-year-old girl with a place on the debate team and a powerful crush on Jay, the soon-to-be homecoming king. She doesn't know her little sister could actually run away with Peter Pan, or that she might have to chase after her to bring her home safe. Gwen will find out though--and when she does, she'll discover she's in the middle of a looming war between Neverland and reality. She'll be out of place as a teenager in Neverland, but she won't be the only one. Peter Pan's constant treks back to the mainland have slowly aged him into adolescence as well. An Italian Saga - Maria Vittoria Cavina Saporetti 2018

From page 150: Freed from his sentimental bonds represented by the allegorical colours, Martino hoped the ceremony was now over; but grandfather Ghisilieri motioned him to kneel down where he stood. So he obeyed, his heart pounding. Martino knew that the custom of investing new knights by dubbing them with a gift of iron, silver or gold spurs was taking hold in Bologna. It was a questionable but no doubt spectacular custom from across the Alps. "Knight Martino" said the noble Giulio Azzoguidi "I do not carry a sword and you will not receive no gift of spurs from me, since our lineage were destined for another"

To Sleep Like a Log - Stefania Sonzogno 2017

Miss Marjoribanks - Mrs. Oliphant (Margaret) 1988

The esteemed English critic Q. D. Leavis declared Margaret Oliphant's heroine Lucilla to be the "missing link" in nineteenth-century literature between Jane Austen's Emma and George Eliot's Dorothea Brooke, and "more entertaining, more impressive, and more likeable than either." Miss Marjoribanks is perhaps the most famous novel in The Chronicles of Carlingford -- Oliphant's popular series of short stories and novels chronicling the middle-class mores of a fictional English provincial town. The novel's heroine, Lucilla Marjoribanks, returns home to tend her widowed father and soon launches herself into Carlingford society, aiming to raise the tone with her select Thursday evening parties. Optimistic, resourceful, and blithely unimpeded by self-doubt, Lucilla is a superior being in every way, not least in relation to men. Margaret Oliphant's acclaimed biographer, Elisabeth Jay, has edited and introduced this Penguin Classics edition. Copyright © Libri GmbH. All rights reserved.

Ho riconosciuto la disperazione di chi si era smarrito e voleva tornare a vivere. E ho incontrato l'amore. Tanto amore. L'amore che si manifesta come e quando meno te lo aspetti." Testo in inglese.
