Electrical Equipment in Hazardous Locations (Federal Register Publication) (Us Coast Guard Regulation) (Uscg) (2018 Edition) - The Law Library 2019-01-25

The Law Library presents the complete text of the Electrical Equipment in Hazardous Locations (Federal Register Publication) (US Coast Guard Regulation) (USCG) (2018 Edition). Updated as of May 29, 2018 The Coast Guard is issuing regulations applicable to newly constructed mobile offshore drilling units (MODUs), floating outer continental shelf (OCS) facilities, and vessels other than offshore supply vessels (OSVs) that engage in OCS activities. The regulations expand the list of acceptable national and international explosion protection standards and add the internationally accepted independent third-party certification system, the International Electrotechnical Commission System for Certification to Standards relating to Equipment for use in Explosive Atmospheres (IECEx), as an accepted method of testing and certifying electrical equipment intended for use in hazardous locations. The regulations also provide owners and operators of existing U.S. MODUs, floating OCS facilities, vessels other than OSVs, and U.S. tank vessels that carry flammable or combustible cargoes, the option of following this compliance regime as an alternative to the requirements contained in existing regulations. This ebook contains: - The complete text of the Electrical Equipment in Hazardous Locations (Federal Register Publication) (US Coast Guard Regulation) (USCG) (2018 Edition) - A dynamic table of content linking to each section - A table of contents in introduction presenting a general overview of the structure

The Aortic Valve - Manoj. Thubrikar 2018-05-04

This book provides information on the aortic valve. Written in a comprehensive style, it emphasizes the principles behind the development of artificial valves. It covers the principles of valve geometry, tissue structure and function relationships, valve dynamics, fluid dynamics, mechanical stresses, echocardiographic images, mechanisms of valve sounds, valvular pathology, and design and performance of bioprosthetic valves. It enhances our understanding of angiographic and echocardiographic images and calcific stenosis, and will be of value in the development of better prostheses. The Aortic Valve is the ideal text for biomedical engineers and a unique resource for teaching interdisciplinary approaches to medical and engineering students. This work is also an indispensable source for cardiac surgeons, pathologists, cardiologists, and manufacturers of prosthetic valves.

The Room, the Invoice, and the Circus - Jonas Karlsson 2019-09-05

A compendium of three brilliant Jonas Karlsson novellas, with one, The Circus, published for the first time here. In this trilogy Jonas Karlsson explores the quirkier side of human nature, helping us to see the world anew via three eccentric narrators. Firstly, jobsworth Bjorn starts a new career and expects to progress

quickly with his meticulousness and efficiency. But he only gets the recognition he deserves in the Room which, it transpires, only he can visit. Next, a man with a seemingly unremarkable life -- a job in a video store, a small flat, no partner, one good friend and a nice ice cream shop nearby -- receives an enormous invoice for his 'experienced happiness'. Unable to pay, he sets out to discover how, exactly, his happiness bill was calculated. Finally, two old friends decide to visit a circus together. When Magnus disappears during a magic trick, our protagonist is consumed by the need to find him. And yet, as with any Karlsson story, things aren't quite what they seem...

That Winter - Pamela Gillilan 1986

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem Come Away after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection That Winter (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

A Search in Secret India - Paul Brunton 2016-01-01

A Search in Secret India is the story of Paul Brunton's journey around India, living among yogis, mystics and gurus, some of whom he found convincing, others not. He finally finds the peace and tranquility which come with self-knowledge when he meets and studies with the great sage Sri Ramana Maharishi. Paul Brunton was a British philosopher, mystic, traveler, and guru. He left a journalistic career to live among yogis, mystics, and holy men, and studied Eastern and Western esoteric teachings. Dedicating his life to an inward and spiritual quest, Brunton felt charged to communicate his experiences about what he learned in the East to others. His works had a major influence on the spread of Eastern mysticism to the West. Taking pains to express his thoughts in layperson's terms, Brunton was able to present what he learned from the Orient and from ancient tradition as a living wisdom. His writings express his view that meditation and the inward quest are not exclusively for monks and hermits, but will also support those living normal, active lives in the Western world.

Twelve Years a Slave - Solomon Northup 2021-01-01

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Passionate Views - Carl Plantinga 1999-04-23

The movie theater has always been a place where people come together to share powerful emotional experiences, from the fear generated by horror films and the anxiety induced by thrillers to the laughter elicited by screwball comedies and the tears precipitated by melodramas. Indeed, the dependability of movies to provide such experiences lies at the center of the medium's appeal and power. Yet cinema's ability to influence, even manipulate, the emotions of the spectator is one of the least-explored topics in film theory today. In *Passionate Views*, thirteen internationally recognized scholars of film studies, philosophy, and psychology explore the emotional appeal of the cinema. Employing a novel cognitive perspective, the volume investigates the relationship between genre and emotion; explores how film narrative, music, and cinematic techniques such as the close-up are used to elicit emotion; and examines the spectator's identification with and response to film characters. An impressive range of films and topics is brought together by Carl Plantinga and Greg M. Smith, including: the success of *Stella Dallas* and *An Affair to Remember* as tearjerkers; the power of *Night of the Living Dead* to inspire fear and disgust; the sublime evoked in *The Passion of Joan of Arc*, *Aguirre, the Wrath of God*, and *The Children of Paradise*; the emotional basis of film comedy as seen in *When Harry Met Sally*; the use of cinematic cues in *Raiders of the Lost Ark* and *Local Hero* to arouse emotions; the relationship between narrative flow and emotion in *Once Upon a Time in the West* and *E.T.*; the emotive use of music in *The Elephant Man* and *A Clockwork Orange*; *Stranger than Paradise*'s sense of timing; desire and resolution in *Casablanca*; audience identification with the main characters in *Groundhog Day* and *The Crying Game*; portrayal of perversity in *The Silence of the Lambs*, *Flaming Creatures*, and *Shivers*; and empathy elicited through closeups of actors' faces in *Yankee Doodle Dandy* and *Blade Runner*. *Passionate Views* offers a new approach to our understanding of film and will be of interest to anyone fascinated by the emotional power of motion pictures and their relationship to the central concerns of our lives, as well as by the techniques filmmakers use to move an audience.

Surgical Treatment of Epilepsy - Josef Zentner 2007-10-01

Surgery offers a highly efficient treatment option for patients with pharmaco-resistant epilepsies. While most surgical procedures aim at curative treatment, others have been designed for palliative purposes. Although standardized procedures are available, surgical techniques actually applied vary greatly. However, to date no comprehensive overview on different methods is available. The book of Zentner and Seeger compensates for these shortcomings. It comprises the wide spectrum of current procedures and provides a thorough description of surgical steps. Moreover, detailed information as to results and complications of different procedures is given. Thus, this book not only contains practical instructions for neurosurgeons, but also enables neurologists and epileptologists to understand possibilities and limitations of epilepsy surgery and facilitates adequate consultation of patients and relatives.

Film Performance - Andrew Klevan 2019-06-11

Performers make a crucial contribution to the achievement of narrative films. By moving through exemplary sequences, this book closely follows the movement and behaviour of screen performers – Charlie Chaplin, Laurel and Hardy, Cary Grant, Katherine Hepburn, Marlene Dietrich, Barbara Stanwyck, Richard Widmark – and by emphasising their relationship to other aspects of film style – camera, location and plot – it develops accounts that are specific and involved. This study concentrates on films from the 'Golden Age' of Hollywood and moment-by-moment descriptions enable fresh interpretations to emerge and evolve. These reveal the significance and intensity of a performer's engagement with the world of a film.

The Catholic School - Edoardo Albinati 2019-08-13

A semiautobiographical coming-of-age story, framed by the harrowing 1975 Circeo massacre Edoardo Albinati's *The Catholic School*, the winner of Italy's most prestigious award, The Strega Prize, is a powerful investigation of the heart and soul of contemporary Italy. Three well-off young men—former students at Rome's prestigious all-boys Catholic high school San Leone Magno—brutally tortured, raped, and murdered two young women in 1975. The event, which came to be known as the Circeo massacre, shocked and captivated the country, exposing the violence and dark underbelly of the upper middle class at a moment when the traditional structures of family and religion were seen as under threat. It is this environment, the halls of San Leone Magno in the late 1960s and the 1970s, that Edoardo Albinati takes as his subject. His experience at the school, reflections on his adolescence, and thoughts on the forces that produced contemporary Italy are painstakingly and thoughtfully rendered, producing a remarkable blend of memoir, coming-of-age novel, and true-crime story. Along with indelible portraits of his teachers and fellow classmates—the charming Arbus, the literature teacher Cosmos, and his only Fascist friend, Max—Albinati also gives us his nuanced reflections on the legacy of abuse, the Italian bourgeoisie, and the relationship between sex, violence, and masculinity.

Collezione Giuseppe Iannaccone - Alberto Salvadori 2018-02-15

The first volume on the Collezione Giuseppe Iannaccone covers the works produced in the period 1920-45, personally chosen by the collector and purchased up to the date of 30 November 2016. The collection was built up specifically as a homogeneous group of works essentially representing the course of artistic developments from 1920 to 1945 outside the canons of the Novecento Italiano movement and the "return to order". The first part of the book is devoted to Giuseppe Iannaccone and his personal vision of the history of art, describing the life and the decisions that characterize the collection with the greatest possible fidelity. Flavio Fergonzi then presents the twenty-five years in question with a study that puts forward and examines twelve critical themes for Italian art. This is followed by essays meticulously analyzing the cultural, historical and artistic events of the period 1920-45 by scholars who have explored and studied the collection in depth. The rich critical apparatus comprises a list of the works with all the technical data required for the purposes of historical reconstruction; a critical chronology of the period 1920-45 including events in Italy's political and social history, biographical data, information on exhibitions, prizes and publications regarding the artists concerned and a critical anthology for each work; a list in chronological order of exhibitions featuring the works; and a bibliography by artist in alphabetical order including books, newspapers, periodicals and exhibition catalogues.

Politics and Popular Culture - Leah A. Murray 2010-06-09

In recent years we have seen a continuation and perhaps even acceleration in the trend of popular culture

having a discernible effect on politics. From *The Daily Show* to candidates' use of Facebook and MySpace, politics have opened up to new technologies as we come online for the next generation. Our political world has become popularized, or our popular world has become politicized in a new way, facilitated by the entertainment media and new technologies. This volume's authors attempt to make sense of the changing political popular world through a series of interdisciplinary essays that explore the ramifications of popular cultural depictions of politics drawing on literature in a variety of fields: political science, history, literature, fine arts and communications. We explore three major phenomena in a politicized popular culture. First, we explore the role that the entertainment media play in understanding politics. What is interesting about our fictional political worlds is we are allowed, as a people, to consider different political ideals without the baggage of our last vote or our ideology. We can step outside ourselves and challenge the way we think on particular issues. Second, we explore the real world of politics as it has been shaped over the last century of new technology. As powerful a medium television proved to be to politics, the latest technological breakthroughs have proved to be a paradigmatic shift. From Twitter to Facebook, our politicians are able to keep in almost constant contact with their constituencies, which has vast implications for the way political discourse will progress. Third, we explore what happens when the real world and media collide. Entertainment media change their messages when major political events happen such as the case when spymaster tropes were forced to evolve when 9/11 changed the international dynamic. Robert Ludlum's Jason Bourne series had to be conceptualized on film in a new way after this event. The more connected our political world and our popular world become, and given the trends, we can only assume they will become increasingly intertwined, the more important it is for us to understand how these connections affect the world. This volume is a powerful pass at comprehending all that is happening across the politicized popular world.

A European Television Fiction Renaissance - Luca Barra 2020-11-30

This book maps the landscape of contemporary European premium television fiction, offering a detailed overview of both the changes in the digital production and distribution and the emergence of specific national and transnational case histories. Combining a media-production approach with a textual and audience analysis, the volume offers a complex, stratified, systemic view of ongoing aesthetic, sociocultural and industrial developments in contemporary European TV. With contributions from leading experts in the field, the book first offers an overview of the industrial, policy and cultural context for the renaissance of European television drama over the past decade, based on original comparative research. This research is then supported by case study chapters from the key contexts within which quality European television is being produced, offering a complex and complete picture of the industry's strengths and limitations, its traditions and trends, its constraints and future perspectives. *A European Television Fiction Renaissance* is a must-read book for TV scholars working across Europe and beyond in the areas of media studies, international communications and television studies, media industries studies, production studies, European studies, and media policy studies as well as for those with an interest in television drama, Netflix, globalisation, pay TV and on demand.

Sick - Tom Leveen 2013-10-01

Brian and his friends are not part of the cool crowd. They're the misfits and the troublemakers—the ones who jump their high school's fence to skip class regularly. So when a deadly virus breaks out, they're the only ones with a chance of surviving. The virus turns Brian's classmates and teachers into bloodthirsty attackers who don't die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian's sister, Kenzie, and his ex-girlfriend with a

panic attack problem, Laura. Brian and Chad, along with some of the theater kids Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won't be easy, and it will test everything they thought they knew about themselves and their classmates. Praise for SICK "The gore and action will leave enthralled readers thrilled and then sated with each kill on either side." —Booklist "Between the pacing and the heroes' salty, blue language (full of lovingly creative, genital-inspired insults), reluctant readers who love zombies will devour it, right up to the abrupt end." —Kirkus Reviews "Sick is well written, with great detail, even if it is a little gory." —VOYA Magazine Awards 2014 Quick Picks for Reluctant Young Readers list from YALSA *Grey's Anatomy. Dal cuore alla «care»* - Laurent Jullier 2013
