You could purchase guide More Than Human Theodore Sturgeon or get it as soon as feasible. You could quickly download this More Than Human Theodore Sturgeon after getting deal. So, taking into account you require the ebook swiftly, you can straight acquire it. Its suitably definitely easy and suitably fats, isnt it? You have to favor to in this look

The Dreaming Jewels -
Theodore Sturgeon 2013-04-30
A desperate boy escapes his abusive home by joining a carnival and is drawn into a dark conspiracy in this tale by “a master storyteller” (Kurt Vonnegut). Though only eight years old, little Horton “Horty” Bluett has known a lifetime of sadness. Tormented and abused by his adoptive family, he’s had enough—and with a beloved broken toy he calls

“Junky” as his sole companion, the desperate little boy runs away to join a carnival. There, among the fortune tellers, fire-eaters, sideshow freaks, and assorted “strange people,” Horty hopes to find acceptance and, at long last, a real home. But disgraced doctor Pierre “Maneater” Monetre’s traveling show is no ordinary entertainment, and its performers are not what they appear to be. The Maneater

has sinister plans for the world that go far beyond fleecing unsuspecting rubes and other easy marks—a dark and terrible scheme that requires unleashing the extraterrestrial power of the dreaming jewels, and the unwitting assistance of a young boy who may be far more remarkable than he's ever imagined. The full-length debut by Theodore Sturgeon, a legendary writer who won Nebula and Hugo Awards and authored such classics as *More Than Human*, this journey into a circus of shadows is “an intensely written and very moving novel of love and retribution” (The Washington Star). This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among other sources.

More Than Human - Ramez Naam 2010-08

Originally published: New York: Broadway Books, 2005.

Bright Segment - Theodore

Sturgeon 2002-07-18

Sci-fi master Theodore

Sturgeon wrote stories with power and freshness, and in telling them created a broader understanding of humanity—a legacy for readers and writers to mine for generations. Along with the title story, the collection includes stories written between 1953 and 1955, Sturgeon's greatest period, with such favorites as "Bulkhead," "The Golden Helix," and "To Here and the Easel."

The Man Who Lost the Sea -

Theodore Sturgeon 2013-04-23

By the winner of the Hugo, the Nebula, and the World Fantasy Life Achievement Awards, this latest volume finds Theodore Sturgeon in fine form as he gains recognition for the first time as a literary short story writer. Written between 1957 and 1960, when Sturgeon and his family lived in both America and Grenada, finally settling in Woodstock, New York, these stories reflect his increasing preference for psychology over ray guns. Stories such as "The Man Who Told Lies," "A Touch

Downloaded from
est.uni.caribbean.edu/duon

by guest

of Strange," and "It Opens the Sky" show influences as diverse as William Faulkner and John Dos Passos. Always in touch with the zeitgeist, Sturgeon takes on the Russian Sputnik launches of 1957 with "The Man Who Lost the Sea," switching the scene to Mars and injecting his trademark mordancy and vivid wordplay into the proceedings. These mature stories also don't stint on the scares, as "The Graveyard Reader"—one of Boris Karloff's favorite stories—shows. Acclaimed novelist Jonathan Lethem's foreword neatly summarizes Sturgeon's considerable achievement here.

Black Fire - Sonni Cooper
2000-09-22

SPOCK A TRAITOR? There is sabotage aboard the Enterprise, and Spock's investigation leads him into defiance of the Federation and a bizarre alliance with the Romulan and Klingon Empires against the bloodthirsty Tomarii -- a savage race for whom war and battle are life itself. Now Spock has been

declared a traitor and condemned to the shame of the Federation's highest security prison. And now Captain James Kirk must face the toughest decision of his command, while a lifelong friendship and the destiny of the free universe hang in the balance!

Killdozer! - Theodore Sturgeon
2013-04-09

Killdozer! is the third volume of a series of the complete short stories from Theodore Sturgeon's career. It contains a few of his best and most famous short stories: "Medusa", "Killdozer!" and "Mewhu's Jet." The series editor Paul Williams has dug into the background of each story, and come up with a lot of interesting lore about Sturgeon. Especially of interest in this volume is the alternative original ending to "Mewhu's Jet."

Some of Your Blood - Theodore Sturgeon
2013-04-30

One of the Horror Writers Association's Top 40 Horror Books of All Time—the story of a troubled soldier and his bizarre, violent obsession with

Downloaded from

vampirism. At the height of an unnamed war, a soldier is confined for striking an officer. Referred to as George Smith in official papers and records, the prisoner comes under the observation of Army psychiatrist Philip Outerbridge, who asks the young man to put his story down on paper. The result is a shocking tale of abuse, violence, and twisted love, a personal history as dark and troubling as any the doctor has ever encountered. Believing the patient to be dangerously psychotic, Dr. Outerbridge must dig deeper into his psyche. And when the truth about the strange case of George Smith is fully revealed, the results will be devastating. Told through letters, transcripts, and case studies, *Some of Your Blood* is an extraordinary, poignant yet terrifying, genre-defying novel. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and

the author's estate, among other sources.

Baltic Gambit - E. E. Knight 2015

..David Valentine's loyal Lieutenant Alessa Duvalier disobeys his orders--and finds herself uncovering a betrayal..."--Amazon.com. Selected Stories - Theodore Sturgeon 2013-04-30 Wondrous, horrifying, achingly human: The best short stories by "one of the greatest writers of science fiction and fantasy who ever lived" (Stephen King). One of science fiction's most beloved trailblazers, Hugo and Nebula-Award winning author Theodore Sturgeon wrote novels and short fiction that inspired and amazed readers and critics alike. In *Selected Stories*, thirteen of Sturgeon's very best tales have been gathered into one collection: Here are stories of love and darkness, transcendence and obsession, alien contact and human interaction. In the devastating wake of a nuclear holocaust, an actress performs her swan song before a small audience of

survivors. A machine is possessed and intent upon destruction. Humankind's place in the vast cosmos is explored, as is the strange humanity of evil. In the author's acclaimed story "The Man Who Lost the Sea," a life is reconstructed in bizarre shattered fragments. And in "Slow Sculpture," Sturgeon's award-winning classic, a breast cancer patient surrenders to a healer's most unorthodox methods. Lyrical, often witty, frequently provocative, and always surprising, Selected Stories covers a wide range of human and inhuman emotion and experience, deftly traversing the borders between science fiction, dark fantasy, and horror. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among other sources.

The Cosmic Rape - Theodore Sturgeon 1958

The Ultimate Egoist -

Theodore Sturgeon 2013-04-09

The Ultimate Egoist, the first volume of The Complete Stories of Theodore Sturgeon, contains the late author's earliest work, written from 1937 to 1940. Although Sturgeon's reach was limited to the lengths of the short story and novelette, his influence was strongly felt by even the most original science fiction stylists, including Ray Bradbury, Arthur C. Clarke, and Gene Wolfe, each of whom contributes a laudatory foreword. The more than 40 stories here showcase Sturgeon's masterful knack with clever, O. Henry-ish plot twists, sparkling character development, and almost archetypal, why didn't I think of that? story ideas. Early Sturgeon masterpieces include "It," about the violence done by a creature spontaneously born from garbage and mud, and "Helix the Cat," about an inventor's bizarre encounter with a disembodied soul and the cat that saves it. Sturgeon's unique genius is timelessly

entertaining.

More Than Human - Theodore Sturgeon 2000

All alone: an idiot boy, a runaway girl, a severely retarded baby, and twin girls with a vocabulary of two words between them. Yet once they are mysteriously drawn together this collection of misfits becomes something very, very different from the rest of humanity. This intensely written and moving novel is an extraordinary vision of humanity's next step.

Thunder and Roses -

Theodore Sturgeon 1997-11-07
Thunder and Roses is the fourth volume in The Complete Stories of Theodore Sturgeon. Included in Thunder and Roses are 15 stories, with major works like "Maturity," "The Professor's Teddy Bear," "A Way Home," and the title story, in addition to two works never published before.

Alien Cargo - Theodore Sturgeon 1984

Stories tell of monsters, fairies, a time traveler, a microscopic race, changelings, aliens, contact with another planet,

and other dimensions

And Now the News . . . -

Theodore Sturgeon 2013-04-16
Written between 1955 and 1957, the 15 stories in And Now the News ... include five previously uncollected stories along with five well-known works, two cowritten with genre legend Robert Heinlein. Spanning his most creative period, these tales show why Sturgeon won every science fiction award given.

Godbody - Theodore Sturgeon 2013-04-30

The arrival of a mysterious savior transforms a small town in this provocative parable from "a master storyteller certain to fascinate" (Kurt Vonnegut). Everything changes when Godbody comes to town. He appears out of nowhere, enigmatic and breathtaking, to touch the lives of a chosen few. To them he offers a vision of what life could be—spreading his message of love, generosity, sensuousness, and freedom—and before long he has erased their sadness and opened their hearts. Still, there are those in town who, corrupt

by guest*

and powerful, are threatened by what Godbody brings, and for this reason he must pay the ultimate price. But before his preordained end, Godbody will accomplish something truly miraculous. The final book of Theodore Sturgeon's fabled career, published posthumously, Godbody is a powerful, moving, thought provoking, and sweetly erotic tale of love, truth, and otherworldly second comings that, once read, will never be forgotten. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among other sources.

Venus Plus X - Theodore Sturgeon 2013-04-30

From Hugo and Nebula winner Theodore Sturgeon comes a seeming utopia: a world with only one gender and no poverty, pollution, or war—but at what cost? Charlie Johns has been snatched from his home on Earth and delivered to the

strange future world of Ledom. Here, violence is a vague and improbable notion. Technology has triumphed over hunger, overpopulation, pollution, and even time and space. But there is a change Charlie finds even more shocking: Gender is a thing of the past. Gone are the tensions between male and female. Gone is the human preoccupation with sex. As Charlie explores Ledom and its people, he finds his engrained human precepts are profane in this new world. But then why are his hosts so eager for his approval? Something isn't right about Ledom's ideal existence. And when cracks begin to appear in its flawless facade, Charlie must unearth the city's terrible secrets . . . before it's too late. Theodore Sturgeon's visionary tale is literary science fiction at its most brazen and inventive. A scathing critique of American puritanism that unabashedly explores questions of sexuality and gender, it remains as relevant, insightful, provocative, and troubling as when it first appeared in print. This ebook

features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among other sources.

More Than Human - Theodore Sturgeon 1981

From one of the greatest practitioners of science fiction comes a genre-bending novel that is as affectingly humane as it is speculatively daring. There's Lone, who can make a man blow his own brains out just by looking at him. There's Janie, who moves things without touching them, and the unique power of the teleporting twins. There's Baby, who invented an antigravity engine while still in the cradle, and Gerry, who has everything it takes to run the world -- except for a conscience. Separately, they are talented freaks. Together they compose a single organism that may represent the next step in evolution. As the protagonist of *More Than*

Human struggle to find out whether they are meant to help humanity or destroy it, Theodore Sturgeon explores the questions of power and morality, individuality and belonging, with sophistication and lyricism rarely seen in science fiction. Copyright © Libri GmbH. All rights reserved.

More Than Human -

Theodore Sturgeon 1998-12-29
In this genre-bending novel—among the first to have launched sci-fi into the arena of literature—one of the great imaginers of the twentieth century tells a story as mind-blowing as any controlled substance and as affecting as a glimpse into a stranger's soul. There's Lone, the simpleton who can hear other people's thoughts and make a man blow his brains out just by looking at him. There's Janie, who moves things without touching them, and there are the teleporting twins, who can travel ten feet or ten miles. There's Baby, who invented an antigravity engine while still in the cradle, and Gerry, who has everything it

takes to run the world except for a conscience. Separately, they are talented freaks. Together, they compose a single organism that may represent the next step in evolution, and the final chapter in the history of the human race. As the protagonists of *More Than Human* struggle to find out who they are and whether they are meant to help humanity or destroy it, Theodore Sturgeon explores questions of power and morality, individuality and belonging, with suspense, pathos, and a lyricism rarely seen in science fiction. Winner of the Hugo, Nebula, and International Fantasy Awards

Slow Sculpture - Theodore Sturgeon 2013-04-23

Theodore Sturgeon was a model for his friend Kurt Vonnegut's legendary character Kilgore Trout, and his work was an acknowledged influence on important younger writers from Harlan Ellison and Robert Silverberg to Stephen King and Octavia Butler. His work has long been deeply appreciated for its sardonic

sensibility, dazzling wordplay, conceptual brilliance, memorable characters, and unsparing treatment of social issues such as sex, war, and marginalized members of society. Sturgeon also authored several episodes of the original *Star Trek* TV series and originated the Vulcan phrase "Live long and prosper." This twelfth volume of North Atlantic's ambitious series reprinting his complete short stories includes classic works such as the award-winning title story, which won both the Hugo and Nebula Awards in 1971, as well as "Case and the Dreamer," a well-crafted tale of an encounter with a trans-spatial being that is also a meditation on love, and "The [Widget], the [Wadget], and Boff," a creative exploration of the human ability to achieve self-realization in response to crisis. The book includes a new Foreword, an illuminating section of Story Notes, and a comprehensive index for the entire series.

Perihelion Summer - Greg Egan 2019-04-16

*Downloaded from
test.uni.cari.be.edu.doon
by guest*

Greg Egan's Perihelion Summer is a story of people struggling to adapt to a suddenly alien environment, and the friendships and alliances they forge as they try to find their way in a world where the old maps have lost their meaning. Taraxippus is coming: a black hole one tenth the mass of the sun is about to enter the solar system. Matt and his friends are taking no chances. They board a mobile aquaculture rig, the Mandjet, self-sustaining in food, power and fresh water, and decide to sit out the encounter off-shore. As Taraxippus draws nearer, new observations throw the original predictions for its trajectory into doubt, and by the time it leaves the solar system, the conditions of life across the globe will be changed forever. Praise for Perihelion Summer "Egan here doubles down on climate change with his typically rigorous exploration of a cosmic accident's effect on Earth and all its people. His characters are sharp and funny and their courageous response

to the massive challenge they face works as a spur to cause us to think—why couldn't we do as well with our own great challenge? This is what the best science fiction can do that no other genre can, and we need it now more than ever. Bravo!" — Kim Stanley Robinson At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Microcosmic God - Theodore

Sturgeon 2010-11-09

The second of thirteen volumes that reprint all Sturgeon's short fiction covers his prolific output during 1940 and 1941, after which he suffered five years of writer's block.

Showcasing Sturgeon's early penchant for fantasy, the first six selections include whimsical ghost stories, such as "Cargo," in which a World War II munitions freighter is commandeered by invisible, peace-loving fairies. With the publication of his enduring science fiction classic, "Microcosmic God," Sturgeon finally found his voice, combining literate, sharp-edged prose with fascinating speculative science while recounting the power struggle between a brilliant scientist, who creates his own miniature race of gadget makers, and his greedy banker. Every one of the stories here is entertaining today because of Sturgeon's singular gifts for clever turns of phrase and compelling narrative. As Samuel R. Delaney emphasizes in an insightful introduction,

Microcosmic God - Theodore Sturgeon 2013-04-09

The second of a planned 10 volumes that will reprint all Sturgeon's short fiction covers his prolific output during 1940 and 1941, after which he suffered five years of writer's block. Showcasing Sturgeon's early penchant for fantasy, the first six selections include whimsical ghost stories, such as "Cargo," in which a World War II munitions freighter is commandeered by invisible, peace-loving fairies. With the publication of his enduring SF classic, "Microcosmic God," Sturgeon finally found his voice, combining literate, sharp-edged prose with fascinating speculative science while recounting the power struggle between a brilliant scientist, who creates his own miniature race of gadget makers, and his greedy banker. Voice found or not, every one of the stories here is readable and entertaining today because

of Sturgeon's singular gifts for clever turns of phrase and compelling narrative. As Samuel R. Delaney emphasizes in an insightful introduction, Sturgeon was the single most influential SF writer from the 1940s through the 1960s.

The Ultimate Egoist - Theodore Sturgeon 2010-11-09

A collection of the early works of Theodore Sturgeon, acclaimed Grand Master of Science Fiction—featuring forewords by Ray Bradbury and Arthur C. Clarke Although Theodore Sturgeon's reach was limited to the lengths of the short story and novelette, his influence was strongly felt by even the most original science fiction stylists—including Ray Bradbury, Arthur C. Clarke, and Gene Wolfe. Written from 1937 to 1940, the stories here showcase Sturgeon's masterful knack for clever, O. Henry-ish plot twists, sparkling character development, and almost archetypal, "Why didn't I think of that?" story ideas. Early Sturgeon masterpieces include "It," a story about the violence done by a creature

spontaneously born from garbage and mud, and “Helix the Cat,” about an inventor's bizarre encounter with a disembodied soul and the cat that saves it. Featuring more than forty stories, *The Ultimate Egoist* is a timelessly entertaining tour through the early career and unique genius of this legend of science fiction.

I, Libertine - Theodore Sturgeon 2013-06-18

The novel that began as a radio hoax, Theodore Sturgeon's *I, Libertine* is a hilarious erotic romp through the royal boudoirs of eighteenth-century London. Inspired by a notorious radio hoax in the mid-1950s, popular radio host and prankster Jean Shepherd exhorted his faithful listeners to approach their local booksellers the next morning and request copies of the historical novel *I, Libertine* by Frederick R. Ewing—a book that had never been written, by an author who had never been alive. The hoax was so successful that *I, Libertine* became the talk of the town, even earning the unique

distinction of being banned by the Archdiocese of Boston, despite the fact that it didn't yet exist. Now there was nothing left to do but write the thing . . . and fantasy and science fiction legend Theodore Sturgeon was called in to work his magic. Originally written pseudonymously, Sturgeon's *I, Libertine* is a glorious tale of close shaves, daring escapes, and wildly licentious behavior. It covers the bawdy misdeeds of Captain Lance Courtenay as he carelessly romps through the royal court and the bedchambers of London's finest ladies. Chock-full of wicked wit and Sturgeon's trademark twists and turns, it is a hilarious, picaresque adventure that Ewing himself would certainly have been proud to call his own, if he had existed. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among

other sources.

**American Science Fiction:
Four Classic Novels 1953-56
(LOA #227) - Various**

2012-09-27

Following its acclaimed three-volume edition of the novels of science fiction master Philip K. Dick, The Library of America now presents a two-volume anthology of nine groundbreaking works from the golden age of the modern science fiction novel, works by turns satiric, adventurous, incisive, and hauntingly lyrical. Long unnoticed or dismissed by the literary establishment, these visionary "outsider" novels grappled in fresh ways with a world in rapid transformation and have gradually been recognized as American classics that opened new imaginative territory in American writing. This first volume contains: Frederik Pohl & C. M. Kornbluth / The Space Merchants Theodore Sturgeon / More Than Human Leigh Brackett / The Long Tomorrow Richard Matheson / The Shrinking Man LIBRARY OF AMERICA is an independent

nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

The Perfect Host - Theodore Sturgeon 2013-04-16

The fifth of ten volumes that will reprint all Sturgeon's short fiction covers his prolific output volume contains 15 classics and two previously unpublished stories, including "Quietly." *The Perfect Host* provides enough of a representative sampling of Sturgeon's "greatest hits" to give the uninitiated a good sense of what all the fuss was about way back when. At the same time it offers a generous selection of alternate takes and rarities, notably several of

Sturgeon's best forays into other forms of genre writing, plus previously unreleased cuts and liner notes.

The Stars are the Styx - Theodore Sturgeon 1979

Heavy Metal Presents Theodore Sturgeon's More Than Human - Theodore Sturgeon 1978

More Than Human - Theodore Sturgeon 2013-04-30
Six misfits, one powerful entity. An award-winning novel about belonging by “one of the greatest writers of science fiction and fantasy who ever lived” (Stephen King). Individually, they are a seemingly simpleminded young man living in the woods who can read the thoughts of others, a runaway girl with telekinetic powers, twin girls who can barely speak but can teleport across great distances, and an infant with a mind like a supercomputer. Together, they are the Gestalt—a single extraordinary being comprised of remarkable parts—although an essential piece may be

missing . . . But are they the next stage in human development or harbingers of the end of civilization? The answer may come when they are joined by Gerry. Powerfully telepathic, he lacks a moral compass—and his hatred of the world that has rejected him could prove catastrophic. Winner of the International Fantasy Award and considered Theodore Sturgeon’s masterpiece, *More Than Human* is a genre-bending wonder that explores themes of responsibility and morality, individuality, and belonging. Moving and suspenseful, lyrical and provocative, the novel was one of the first to elevate science fiction into the realm of literature, and inspired musicians and artists, including the Grateful Dead and Crosby, Stills and Nash. From the Nebula Award-winning author of *Godbody*, *The Dreaming Jewels*, and other great works of science fiction, this is an unforgettable reading experience and a must for anyone who enjoys Ramsey Campbell, Robert Silverberg,

or Philip José Farmer. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among other sources.

Baby Is Three - Theodore Sturgeon 2013-04-16

Baby Is Three is the sixth volume in the series devoted to the complete works of one of science fiction's titans. Like others in the series, this one includes extensive notes and background information on each story by editor Paul Williams. The early 1950s, during which this material was written, was the beginning of Sturgeon's greatest creative period. The title story for this collection was later expanded into the International Fantasy Award winning novel More Than Human. Sturgeon's whimsical, sardonic sense of humor lifts his work out of the mundane realm of genre science fiction. This wide-ranging collection shows

precisely why he has been cited as a primary influence by authors as varied as Stephen King, Ray Bradbury, and Carl Sagan.

To Marry Medusa - Theodore Sturgeon 2013-04-30

A Nebula Award-winning author reinvents the alien invasion novel with this story of a malevolent, galaxy-consuming hive mind—and its surprising human hosts. Drunk, angry, abusive, and pathetic, Dan Gurlick exists at the very lowest level of human civilization, sleeping in junkyard cars and scrounging through garbage cans for his dinner. But his last rotting meal contains something unexpected: a spore that originated from a galaxy many light-years away. First, Dan eats the spore, then, the spore eats Dan; and the homeless alcoholic becomes a host for the Medusa. An insatiable alien hive mind, the Medusa has already consumed the life forms of a billion planets. Now, it hungers for the dominant species of Earth. But to do so, it must somehow unite the

planet's intelligent creatures into a single shared consciousness: an assignment the miserable wretch Dan may prove surprisingly capable of carrying out. To Marry Medusa is suspenseful, inventive, and surprisingly compassionate; a vibrant and unforgettable exploration of what it means to be more—or less—than human. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among other sources.
