Introduction to Business Law - Jeffrey F. Beatty  
2005-03

This latest addition to the Beatty/Samuelson series of texts is explicitly written from the ground up to address the specific needs of a 1-

term business law course. It effectively provides both comprehensive breadth of topical coverage and a cost-effective, manageable format for courses lasting just a single semester or quarter. INTRODUCTION TO BUSINESS LAW presents

the full range of business law topics in a series of fast-paced, brief digestible chapters, making the book accessible to a wide range of students. To further support reader-friendliness, this author team's unique hallmark writing style makes the law content unexpectedly sparkle. Through utilizing innovative, story-telling pedagogy, fascinating cases, and business applications that are sure to create student interest, the end result is a text that is authoritative and accurate yet a pleasure to read.

**Foundations of Corporate Law** - Roberta Romano 2010

The most comprehensive and interdisciplinary anthology of corporate law material available, this reader reflects the enormous changes that have occurred in business organization and legal scholarship since the hostile takeover was introduced in the 1980s. The second edition has both completely revised and expanded the material covered in the first edition. New and

revised topics include capital markets, agency theory, behavioral economics, state competition for corporate charters, boards of directors, shareholder voting rights, executive compensation, activist investors, takeovers, securities regulation and comparative corporate governance.

Essentials of Business Law - Jeffrey F. Beatty  
2021-03-16

Discover the business law book you'll actually enjoy reading. Time after time, readers like you have commented that this is the most interesting introduction to law they've ever read.

Beatty/Samuels/Abril's ESSENTIALS OF BUSINESS LAW, 7E is packed with current examples and real scenarios that bring law to life, whether you are a business learner or practicing professional. This reader-friendly presentation uses conversational writing to explain complex topics in easy-to-understand language. The authors draw from their law practices to offer memorable real stories that

illustrate how legal concepts apply to everyday business practice. This edition also emphasizes today's digital landscape with new information on privacy and intellectual property. An updated ethics chapter offers a practical approach, using the latest research to explain why people make unethical decisions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Fundamentals of Canadian Income Tax - Vern Krishna

**Contemporary Canadian Business Law** - John

A. Willes 2020

**Fundamentals of Franchising, Canada** - Peter Snell 2019-06-07

"Updated and expanded to reflect the significant increase in Canadian provinces with franchise laws, this deskbook provides the practical tips, useful definitions and the expert advice you need to counsel clients who intend to expand into the Canadian marketplace."--Provided by publisher. Business Law I Essentials - MIRANDE, DE ASSIS VALBRUNE (RENEE, CARDELL, SUZANNE.) 2019-09-27

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The

textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

**Fundamentals of International Business Transactions.** - Ronald Brand 2000-08-30

**The Canada Income Tax Act: Enforcement, Collection, Prosecution: A Case Compilation, 6th Ed.** - Lyndon Maither

An extensive case compilation of the principal ITA enforcement/collection provisions as before the latest provision renumbering after 2016. Quotes cases that are of historic significance or are merely illustrative. ...sorry folks, don't have the time to bring this up to date. Recommend

starting at the Supreme Ct for juris. and meander down to lower cts.

Principles of Insurance Law - Jeffrey W. Stempel  
2012-01-01

Over the past two decades, there have been a number of important developments in the areas of liability, property, and life and health insurance that have significantly changed insurance law. Accordingly, the Fourth Edition of Principles of Insurance Law has been substantially rewritten, reformatted, and refocused in order to offer the insurance law student and practitioner a broad perspective of both traditional insurance law concepts and cutting-edge legal issues affecting contemporary insurance law theory and practice. This edition not only expands the scope of topical coverage, but also segments the law of insurance in a manner more amenable to study, as well as facilitating the recombination and reordering of

the chapters as desired by individual instructors. The Fourth Edition of Principles of Insurance Law includes new and expanded treatment of important insurance law developments, including: • The critical role of insurance binders as temporary forms of insurance as illustrated in the World Trade Center property insurance disputes resulting from the terrorist attacks of September 11, 2001; • The continuing debate between "legal formalists" and "legal functionalists" for "the heart and soul" of insurance contract law; • What constitutes a policyholder's "reasonable expectation" regarding coverage; • The current property and liability insurance "crisis"; • Risk management and self-insurance issues; • Emerging, and frequently conflicting, case law concerning the intersection of insurance law and federal anti-discrimination regulation; • Ongoing interpretive battles over the preemptive scope of ERISA; • The United States Supreme Court ruling that a California statute attempting to

leverage European insurers into honoring commitments to Holocaust era policies is preempted by the Executive's power over foreign affairs; • The State Farm v. Campbell decision, which struck down a \$145 million punitive damages award in an insurance bad faith claim as well as setting more restrictive parameters for the recovery of punitive damages; • New issues over the dividing line between "tangible" property typically covered under a property insurance policy and "intangible" property, which is typically excluded - an issue of increasing importance in the digital and cyber age; • Refinement of liability insurance law regarding trigger of coverage, duty to defend, reimbursement of defense costs, and apportionment of insurer and policyholder responsibility for liability payments; • The difficult-to-harmonize decisions concerning when a loss arises out of the "use" of an automobile; • Insurer bad faith and the availability, if any, of actions against a policyholder for "reverse bad

faith"; and • The degree to which excess insurance and reinsurance may be subject to modified approaches to insurance policy construction.

### **Fundamentals of Business (black and White)** - Stephen J. Skripak 2016-07-29

(Black & White version) Fundamentals of Business was created for Virginia Tech's MGT 1104 Foundations of Business through a collaboration between the Pamplin College of Business and Virginia Tech Libraries. This book is freely available at:

<http://hdl.handle.net/10919/70961> It is licensed with a Creative Commons-NonCommercial ShareAlike 3.0 license.

### **Principles of Microeconomics 2e** - Steven A. Greenlaw 2017-09-15

*Fundamentals of EU VAT Law* - Frank Nellen 2020-08-19

Parties to cross-border disputes arising anywhere in the vast Portuguese-speaking world

- a community of more than 230 million in a space that offers a wide array of investment opportunities across four continents - increasingly seek Portugal as their preferred seat of arbitration. A signatory to all relevant international conventions, Portugal has proven to be an 'arbitration-friendly' jurisdiction. This volume is the first and so far only book in English that provides a thorough, in-depth analysis of international arbitration law and practice in Portugal. Its contributing authors are among the most highly regarded legal names in the country, including scholars, arbitrators, and practitioners. The authors describe how international arbitration proceedings are conducted in Portugal, what cautions should be taken, and what procedural strategies may be suitable in particular cases. They provide insightful answers to questions such as the following: What matters can be submitted to arbitration under Portuguese law? What are the validity requirements for an arbitration

agreement? How do the State courts interact with arbitration proceedings and what is the attitude of such courts toward international arbitration? What are the rules governing evidentiary matters in arbitration? How is an arbitration tribunal constituted? How are arbitrators appointed? How may they be challenged? How can an international arbitral award be recognized and enforced? How does the Portuguese legal system address the issue of damages and what specific damages are admitted? How are the costs of arbitration proceedings estimated and allocated? The book includes analyses of arbitration related to specific fields of the law, notably sports, administrative, tax, intellectual property rights (especially regarding reference and generic medicines), and corporate disputes. Each chapter provides, for the topics it addresses, an examination of the applicable laws, rules, arbitration practice, and views taken by arbitral tribunals and state courts as well as those of the

most highly considered scholars. As a detailed examination of the legal framework and of all procedural steps of an arbitration in Portugal, from the drafting of an arbitration agreement to the enforcement of an award, this book constitutes an invaluable resource for parties involved in or considering an international arbitration in this country. The guidance that it seeks to provide in respect of any problem likely to arise in this context can be useful to arbitrators, judges, academics, and interested lawyers.

*Legal Fundamentals for Canadian Business* -  
Richard Yates 2015-03-10

This text gives business law instructors the flexibility to deal with all of the topics, to customize their course by supplementing it with additional material, and/or to concentrate on an area of specialization.

The Unique Technique - Maria Higgins  
2016-02-02

I am an optometrist. I owned a very traditional

medical, white coat practice in Pittsburgh, Pennsylvania near the University of Pittsburgh for 10 years. I became bored and uninspired in this vanilla business environment and sterile space. Feeling restless, I sold my practice and began the search for a new place to start a fresh concept in optometry. I found Frederick, Maryland, which is a historic, walkable little city that tops the triangle with DC and Baltimore. I relocated to a new town, in a new state with a brand new practice - Unique Optique. I was an outsider and a transplant, trying to win Frederick's trust and convince the residents of this town to come to my practice to spend money on high-end glasses. To accomplish this feat, I decided that I needed to show our authenticity, exude genuine sincerity, and smile through adversity. I embraced my flaws; I was vulnerable and real. I used social media, in-house events and the decor of the office to display the business's personality. People instantly related to the practice. They saw that I was not perfect,

but I was earnest and that I truly cared. I was proud of my venture. Unique Optique's reviews were stellar and real. The practice grew steadily and by the end of the first year, I was recognized as the Start Up Entrepreneur of Frederick County. Soon, I had requests from business owners and entrepreneurs to come and visit the practice and discuss our unique image strategies. People wanted this quality for their own businesses. I realized that I had helpful and valuable information and put my techniques down on paper. While developing my brand and marketing my business, I have made mistakes, learned from them, and attempted to fix them. I have worked through adversity and difficulties. In the end, I cultivated a brand to which people could relate. This is my experience. I hope it helps you find your Unique Technique."

### **Fundamentals of Canadian Business Law -**

John A. Willes 2008-01

The key words for this text are: "clear, concise and relevant". Most students taking this course

are not going to be lawyers and therefore the emphasis is on a strong business orientation. Key features and competitive advantages include additional core topics such as risk management, negligence, and intellectual property. Case material has also been integrated into each chapter to illustrate the key topics and is presented in summary format as well as in hypothetical examples. Numerous features within the text demonstrate business law to students in a real world context. This text will assist and guide the entrepreneurial student who is aiming to start a business and needs the legal knowledge to avoid pitfalls.

Principles of Administrative Law - David Jones 2020

**Business Law** - Robert W. Emerson 2016-01-04  
Titles in Barron's Business Review series are widely used as classroom supplements to college textbooks and often serve as a main textbook in business brush-up programs. Business Law

focuses on the importance of legal theory in the everyday business world, explaining such subjects as tort responsibility, government regulations, contracts, environmental law, product liability, consumer protection, and international law, among many other topics. Also discussed in detail are the legal aspects of partnerships, franchises, and corporations, as well as special topics that include business crimes, property as a legal concept, intellectual property, and similar pertinent topics. A study aid labeled Key Terms appears at the beginning of each chapter, and You Should Remember summaries are strategically interspersed throughout the text.

Introduction to Brazilian Law - Fabiano Deffenti  
2016-11-15

This is an updated edition of the only full-scale book in English on the law of a country that in recent years has emerged as a leading player on the world's stage. Brazil's markets have flourished as courts, legislators and a

sophisticated legal elite have continuously adapted foreign rules to the country's realities, giving Brazil a formidable edge in attracting foreign investors. Sixteen notable Brazilian authorities describe and analyse the laws, regulations and jurisprudence in all the major fields of legal practice and administration, paying detailed attention to such elements as the following: - the multiple interwoven sources of Brazilian law; - administrative agencies and procedures; - Brazil's unique 'social function of contracts' principle; - corporate and related structures; - the new Brazilian civil procedure code and arbitration rules; - constitutional principles and judicial review; - fiduciary transfers and insolvency issues; - complex rules of criminal procedure; - mandatory succession rules; - labour law compliance; - private international law; and - taxation. Each chapter is followed by an up-to-date reference list of works both in English and in Portuguese. This book provides practitioners with information more

than sufficient to navigate through any area of Brazilian law. Lawyers and scholars will find here an overview that will continue to be useful as a resource in facing and overcoming the challenges inherent in engaging with Brazil's economy and legal realities.

Essentials of Business Law - Anthony Liuzzo  
2021

"The new, eleventh edition of the Essentials of Business Law program is a practical, concise, and broad-based introduction to the vibrant field of business law. While continuing to offer all of the features that have made the ten prior editions successful, this new edition includes a chapter on the areas of law affected by social media, updated content, and enhanced support materials. Both the traditional areas of law, such as contracts and property, and the emerging areas of law, such as e-commerce and environmental, are covered in short, informative chapters written to capture the essence of each topic. The objective of the text throughout its

coverage is ease-of-use, ease of teaching, ease of assessment, and ease of understanding. It has been developed for those seeking a more fundamental overview of the concepts and principles that are vital to the understanding of business law"--

*Fundamentals of Franchising, Canada* - Peter Snell 2005

A large number of American franchise systems have, over the last 40 years, made Canada one of their chosen international expansion targets. This new book, written by experienced Canadian franchise lawyers, will help you advise your clients who are considering expansion into the Canadian marketplace. The book outlines a host of important differences when comparing the business, law and practice of franchising in Canada and the United States, as well as the numerous similarities between the culture and law of both societies. Topics include: structuring and expansion to Canada; trade-mark and other intellectual property issues; the Canadian

franchise agreement; franchise disclosure issues; privacy issues and dispute resolution and franchise litigation in Canada. The book also includes practice notes throughout the book, highlighting key points.

*International Business Law: Cases and Materials*  
- George D. Cameron III 2015-08-09

INTERNATIONAL BUSINESS LAW: CASES AND MATERIALS is a timely and useful book.

Uncounted millions of “international” transactions occur daily, as goods and services are purchased across the national boundaries of some 200 political units. Capital flows from nation to nation, and so—to a lesser extent—do jobs, as companies seek more favorable locations for their business operations. The “rules” (laws) governing these exchanges quickly become complex, as persons (and governments) from different countries are involved. If problems arise in a cross-border relationship, whose rules apply? What forums are available to resolve disputes? Are there tax implications to the

transaction? If so, where? These and similar questions need to be factored into the decision to “go overseas.” Each of the six chapters in this book begins with a brief overview of the subject-matter, followed by short previews of the chosen case examples. The primary content of the chapters consists of some 120 court and arbitration decisions in real disputes, between real parties. The actual text of the decisions in these cases has been edited; some excerpts are quite brief, others are more substantial. Most “background” facts have been summarized by the author, but the edited-decision part of each case is quoted from the actual recorded text of the court or arbitrator who decided it. Clearly, a minute sample from tens of thousands of cases cannot provide comprehensive coverage of what all the world’s legal rules are. Our objectives here are simply to indicate some of the major potential “flash points” of doing international business, to illustrate some of the significant differences in the applicable legal rules, and to

provide an exposure to the language and process by which international business disputes are resolved. “Fore-warned is fore-armed.” Being aware of these potential trouble spots, a sensible business manager will presumably consider them in making the decision to engage in cross-border transactions, and take appropriate steps to avoid or minimize potential adverse consequences. Chapter I of this book introduces International Law—its course of development and its two major sources (custom and treaties). Chapter II examines the use of national and international courts and arbitrators to resolve cross-border disputes. Chapter III provides basic coverage of the United Nations Convention on Contracts for the International Sale of Goods: when it applies, how the sale contract is formed, when risk of loss on the goods passes from Seller to Buyer, and what responsibilities the Seller has for the quality of the goods sold. Chapter IV looks at some of the legal questions that might arise in conducting cross-border

commercial operations—employment issues, intellectual property issues, and investment issues. Chapter V considers potential questions regarding taxation of international activities, and the regulation of adverse environmental effects. Chapter VI reviews the efforts by national governments to apply their competition regulations to international business transactions, and the difficulties that private parties might have in attempting to enforce legal claims against governments and their agencies. While these are surely not the only legal issues that might arise in connection with international business, they do constitute a significant set of concerns of which managers need to be aware as they venture into the international “stream of commerce.”

Canadian Business Law - Tamra Alexander  
2018-02

*Bowker's Law Books and Serials in Print* - 1995

## **A Hoser's Guide to Canadian History** - Kirt Purdy 2016-03

The great thing about being Canadian is simply this: we don't take ourselves too seriously, which works out pretty well because no one else on the planet takes us seriously, either. If you're reading this book, there's a good chance you're a Canadian. But what does that mean? There are the stereotypical nods, such as politeness and apologizing, but there's so much more! To be honest, you've probably taken part in (or at least talked about) hockey, poutine, curling, canoes, health care, snowshoes, parkas, camping, beer, road work, Canadian Tire, Slurpees, moose, maple syrup, and Tim Hortons in the last 24 hours. "A Hoser's Guide to Canadian History" is your ticket to even more things "Canadian" that you may have missed during your water-cooler discussions, online chats, or your seventeen-hour wait in the local emergency room. As you read this book, you'll discover new and exciting facts about Canada that simply weren't taught in

school. As a History teacher, I found the need to spread the unvarnished truth of this great nation's past. People like Sir John "Eh" MacDonald, Tommy Douglas, and Pierre Trudeau all had a distinct impact on this great country of ours, and part of their stories are included in these pages. Even less-famous folks who helped to shape Canada got a mention: John Humphrey, Laura Secord, and Egerton Ryerson. (Yes, "Egerton" is a real name.) Canada has an exciting past, full of events that have brought us to where we are now. Like all countries, we have some things we'd like to forget, but most of those unpleasant moments happened because we had morons in Parliament, something that doesn't happen anymore. Canadians have no need to apologize for being nice, honest, and caring people. So, please enjoy this book, and if you don't, well, I'm sorry.

**International Business Law and the Legal Environment** - Larry A. DiMatteo 2016-11-25  
International Business Law and the Legal

Environment provides business students with a strong understanding of the legal principles that govern doing business internationally. Not merely about compliance, this book emphasizes how to use the law to create value and competitive advantage. DiMatteo's transactional approach walks students through key business transactions—from import and export, contracts, and finance to countertrade, dispute resolution, licensing, and more—giving them both context and demonstrating real world application. This new edition also includes: New material on comparative contract and sales law & European private law; joint ventures and collaborative alliances. A new part on foreign direct investment that includes a chapter on emerging markets. New chapters on privacy law, and on environmental concerns. Greater coverage of the World Trade Organization. "Case highlights" and court opinions that feature edited court transcripts which expose students to actual legal reasoning and an understanding of the

underlying legal principles. These decisions are drawn from a broad range of countries, offering a truly international look at the subject. Students of business law and international business courses will find DiMatteo's clear writing style easy to follow. A companion web site includes an instructor's manual, PowerPoints, and other tools to provide additional support for students and instructors.

*Bookkeepers' Boot Camp* - Angie Mohr  
2016-05-15

"You can't know how your business is doing until you record it." *Bookkeepers' Boot Camp* is the first book in the Numbers 101 for Small Business series. It shows small business owners the essentials of record keeping, and why it's crucial to a business's success to track financial data. The book gives business owners a greater understanding of the purpose and process of record keeping and a deeper understanding of their businesses. Mohr has helped hundreds of small business owners who didn't understand

the importance of record keeping and always put it off until “later.” These business owners were almost literally buried under a pile of papers, overwhelmed by the immensity of the task at hand. Mohr shows business owners how to sort through the masses of information and paperwork, record what is important, and how to use that information to grow a business for success! Eighty percent of all small businesses started this year will be gone in 5 years. As Mohr says, starting a small business can be “like driving a car in a foreign country where you don't know what the road signs are telling you.” Numbers 101 for Small Business is a new series of easy-to-understand guides for small business owners, covering such topics as bookkeeping, analyzing and tracking financial information, starting a business, growing a business, and exiting a business. Using real life examples, Mohr teaches small business owners how to beat the odds and turn their ideas into successful, growing companies.

*Knightingale* - Stephanie Laws 2012-09-14  
Evil has plagued this world since the dawn of creation seeking to gain control. One family was given supernatural abilities with the sole purpose of protecting the things in this world that evil must never take possession of. Samantha Nelson knew she was cursed. She didn't know that her unnatural ability of forcing the truth out of people was just the beginning of her curse until her family is murdered in a horrific home explosion. Six months later she finds herself face to face with a Knight Protector and her life is turned into utter chaos. When David received his assignment on his twentieth birthday he was told that his destiny would be entwined with a woman soon to be born and that his aging would be halted. Since the moment Samantha was born, David protected her from her enemies. As every Knight before him, he does so in the shadows. But David must face the facts that something even deadlier than her enemies is occurring. No matter how much he

denies it, he is falling in love with her. When her enemies begin to discover ways around his protection and murder her family he is forced to make a decision of what is more important to him; his family or his assignment. All it takes is one warning sign of danger to convince him that he simply cannot live without Samantha and he takes a leap that will change their lives forever. Their only chance of survival is to discover what Samantha's destiny is and the journey leads them straight to the heart of the Knight family where they discover evil has infiltrated and it is up to them to stop the evil before it destroys the family and gains control of the very thing that God created the family to protect.

**Fundamentals of Franchising** - Joseph J.

Fittante (Jr.) 2016-12-01

Written specifically to help lawyers and non-lawyers brush up on franchise law, this respected publication - now in its fourth edition - is charged with useful definitions, practical tips, and expert advice from experienced franchise

law practitioners. This practical guide examines franchise law from a wide-range of experiences and viewpoints. Each chapter is written by two experienced practitioners to provide a well-rounded guide to the fundamentals of franchise law and key issues in the practice, including trademark law; structuring the franchise relationship; disclosure issues; registration; franchise relationship laws; antitrust law; counseling franchisees; and more.

*Business Organizations* - Robert Yalden 2018  
*Business Organizations: Practice, Theory and Emerging Challenges*, 2nd Edition is more than just a comprehensive update to *Business Organizations: Principles, Policies, and Practice*. It provides a detailed discussion of the fundamentals that shape this area of law, and reviews important debates surrounding the nature of business organizations and the role they play in Canadian society. Through this approach, this casebook aims to enhance the reader's understanding of business

organizations, and the ways in which legal and policy decisions impact how they function. In addition to substantial revisions and updates, this edition features entirely new material. Most notably, the text now includes chapters that engage emerging issues related to Indigenous peoples, which in part act as a response to the calls to action from the Final Report of the Truth and Reconciliation Commission of Canada. This edition also features a new chapter on social enterprises and the increased momentum of social entrepreneurship. Drawing on the perspectives of leading Canadian business scholars and commentators, this text is designed to be an accessible classroom and research resource. It is a must-have addition to the faculty, firm, or private library of anyone interested in the various dimensions of the law of business organizations.

**International Legal Books in Print,  
1990-1991: Subjects** - Michael D. Chapman  
1990

**Civil Liability for Bunker Oil Pollution  
Damage** - Dan Malika Gunasekera 2010

This book deals with the liability conventions brought into existence by the International Maritime Organization and concentrates on the newly adopted instrument dealing with bunker oil pollution as an area of great concern for every stakeholder involved in shipping business. The work covers a wide spectrum ranging from the Convention itself to its scope of application, liable and aggrieved parties, jurisdiction, requirements of liability and admissibility of claims, defences and exoneration from liability. It addresses many areas of interest and of importance to international and national legal advisors, lawyers, law students and anyone interested in the relevant field such as shipowners, charterers, shipbrokers, ship personnel and associated contractors and sub-contractors.

**Commercial Lending Law** - Brian D. Hulse  
2017-06-01

Updated and expanded in a two-volume set, this compilation is a valuable resource for lawyers negotiating or reviewing commercial lending laws outside their own jurisdiction. With contributions from experts across the country, this practical guide outlines all aspects of commercial lending laws in all 50 states and Canada. Designed to save lawyers countless hours of research time by including the relevant information in a complete, two-volume set.

*Cengage Advantage Books: Fundamentals of Business Law Today: Summarized Cases* - Roger LeRoy Miller 2015-01-01

Packed with 2013 and 2014 cases, **FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES**, 10e covers core business law topics like contracts and sales in a concise paperback. Summarized cases integrated

throughout the text illustrate key points of law without unnecessary detail. Intended for the one-term course focused primarily on contracts and sales, the text condenses the latest legal topics--including cyberlaw, health-care, financial reform, and more--for quick comprehension. An entire chapter is devoted to Internet Law, Social Media, and Privacy. Current, abbreviated, and affordable, **FUNDAMENTALS OF BUSINESS LAW TODAY: SUMMARIZED CASES**, 10e provides an easy-to-understand alternative to traditional Business Law texts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Canadian Business and the Law** - Dorothy DuPlessis 2001-01
