[Small Business Taxes For Dummies](#) - Eric Tyson
2019-02-12

Small business taxes taxing you out? For most business owners, their single biggest “expense” (and headache) is dealing with their taxes. And while the just passed Congressional tax bill reduced taxes for many of the estimated 30 million small business owners in the U.S., the nation’s taxes continue to be complex. Not being up-to-speed on tax rules and strategies can lead to mistakes that cost business owners thousands of dollars in fines and penalties every year. Small Business Taxes For Dummies assists both current and aspiring small business owners with important tax planning issues, including complete coverage of the tax changes taking effect in 2018, creating an ongoing tax routine, dealing with the IRS, and navigating audits and notices. Includes issues influencing incorporated small businesses, partnerships, and LLCs Offers expanded coverage of other business taxes including payroll and sales taxes Provides websites and other online tax resources Gives guidance to millennials juggling multiple gigs If you’re a current or aspiring small business owner looking for the most up-to-date tax planning issues, this book keeps you covered.

Tax Savvy for Small Business - Frederick W. Daily 2006

Knowing the ins and outs of the tax code is vital to the health of every small business. Virtually

every decision a business makes has tax consequences that can affect its bottom line -- and the IRS is always watching. Tax Savvy for Small Business provides valuable strategies that will free up your time and money for what counts -- running your business, and running it effectively. It explains how to: § deduct current and capitalized expenses § write off up to \$105,000 of long-term assets each year § compare the advantages of LLCs, corporations, sole proprietorships and more § take advantage of fringe benefits § keep records that will head off trouble with the IRS § get tax breaks from business losses § deal with payroll taxes § negotiate payment plans for late taxes § handle an audit § get IRS penalties and interest reduced § maximize retirement funds § use retirement funds as a tax break Completely updated, the 10th edition of Tax Savvy for Small Business provides the latest tax breaks, rules, forms and publications.

Tax Strategies for the Small Business Owner - Russell Fox 2013-01-04

Tax Strategies for the Small Business Owner: Reduce Your Taxes and Fatten Your Profits will help the small business owner increase profits while feeling more comfortable dealing with taxes. It begins by looking at the often overlooked critical decision small business owners face when they start a business: the choice of business entity. The book then

examines all the deductions that a business owner can take legally to reduce taxes. It also provides advice business owners need to make good tax-related decisions: Should I lease or buy? Should I hire an employee or outsource the task? How much will buying a building reduce my taxes and for how long? Many people freeze up when they are forced to prepare or even think about taxes. Some receive a notice from the IRS and put it aside: They're too scared to open it! Yet taxes for the most part follow common sense rules. You just need to know what they are and how they affect your decisions. In this book, readers will learn about the different business entities, the different taxes you must deal with (primarily income taxes), documentation procedures, how to work with a tax professional, how to handle an audit, and, in general, how to use the U.S. Tax Code to your advantage. Among other things, readers learn to take full advantage of tax benefits and avoid potholes hidden in things like: Startup and ongoing expenses Cost of goods sold Depreciation Payroll Retirement plans In short, *Tax Strategies for the Small Business Owner* will not only help you relax when you deal with your taxes—it'll show you how to use tax law to your financial benefit.

101 Strategies for Business Owners to Save Tax - Harvee Pene 2021-12

Paying too much tax is almost everybody's least favourite thing to do - it's expensive, it impacts your livelihood and makes thing profoundly uncomfortable. Look there's nothing wrong with paying your fair share of tax but do you even know what that is and more importantly, how to ensure you don't pay a penny more? Save Tax may well be the difference between you paying what's fair and giving 'til it hurts![illustrative icons]If you want to tip the Treasury every time you pay tax, that's fine. But if you're striving to support your family, your business or your dreams, you might want to Save Tax instead - and to achieve that you will need a trusty and reliable guide. Here it is. Save Tax helps business owners, entrepreneurs and commercial adventurers: Pay only the tax that they need to Find the right people to help you save tax Simplify and demystify tax obligations So, make yourself comfortable, minimise your tax and make the most of your business.

The "Not a Tax Book" Tax Book - Andrew Stevens, EA, MBA 2020-01-28

When it comes to taxes, do you know what you don't know? Taxes don't have to be taxing, take control of your finances and learn the secrets of sophisticated tax strategies from professionals! Put money in your pocket with easy to read relatable stories of real people, just like you!* Powerful tax strategies in every story!* Save \$\$\$ this year and every year after that!* Stories conclude with "Questions for your tax professional", so you will always know the right questions to ask.* Each story is easy to read and self-contained, skip straight to the stories that relate to YOU!* Tax Tips for small business owners, read how to save money without spending a dime and so many more, WOW!* Tax Tips for W2 employees, read about RMD tricks, "Bunching", Backdoor Roth's, using college savings accounts to buy a beach house and much MORE!* DON'T GO THERE DOUG! Examples of how to avoid "tax traps" and pitfalls.* Don't miss out on tax saving strategies any longer! Wouldn't it be great if there was a tax book that anyone could read and understand, that wasn't boring, and that actually had great information that you could use today to start saving money? Unlike tax books filed with complicated tax codes, The "Not a Tax Book" Tax Book helps you discover tax reduction strategies through the success stories of real people, just like you. This easy read is packed full of information that will provide you with strategies to save taxes and put your money back where it belongs—in your bank account. If you own a small business and want to maximize your tax benefit, this book is for you! Do you own a rental, contribute to 401K's, IRA's, HSA's, 529's or other accounts with letters and numbers? Then this book is for you! This book gives you the answers you need quickly, with straightforward guidance that will give you a tremendous head start toward keeping more cash in your pocket every month and year after year. About the authors: Michael A. York, EA (Michael A. York & Associates, Salt Lake City, UT) literally grew up in a CPA firm - his dad didn't teach him how to fix anything, he taught Michael how to deduct it, and Michael has spent decades focusing on nothing but taxes. Andrew L. Stevens, EA, MBA (Houston Tax Advisors, Houston, TX) began working in that same tax

firm in 1999, and has since gone to business school, worked in management consulting, started a business and sold it, all while remaining grounded to his roots in taxes. When Michael and Andrew sat down to compare notes, they started with the question, "What is the best thing we have found to educate clients about tax strategy?" Their answers were identical: relatable stories! No one likes code sections and very few understand tax language, but everyone can relate to (and remember!) real stories about real people. So they wrote a book full of real stories about how real people save real money on their taxes, and the best part is that you can use these strategies, too! Taxes don't need to tax you anymore! Need a tax professional? Contact The York Tax Group Tel: (801) 733-8637 info@notataxbook.com www.notataxbook.com

Understanding Taxes For Beginners - Katlyn Pliler 2021-08-12

The book is a realistic tax resource for business owners operating small businesses. The purpose of this book is to offer small businesses an essential tax procedure. The book is divided into three parts, which I consider to be critical tax processes that every small business owner should follow. The following are some essential tips you will learn in this book: - Detailed understanding of various small business structures, as well as how you can easily navigate between structures - The fundamentals of various types of taxation - Legal strategies on how to cut your taxes - Proven record-keeping strategies for your small business - Various tax forms for small businesses, with necessary procedures on how to complete them - How to address and avoid IRS audit, and much more! If you are looking for a detailed guide on tax processes, this book has got you covered!

J.K. Lasser's Small Business Taxes 2020 - Barbara Weltman 2019-11-19

Maximize your bottom line with the nation's most trusted small business tax guide J.K. Lasser's Small Business Taxes 2020 is the small business owner's ultimate guide to a money-saving, stress-free tax season. Providing straightforward advice from the nation's most trusted tax expert on small business taxes, this book gives you the answers you need quickly, with clear, concise guidance. Updated to cover

changes from the Tax Cuts and Jobs Act and other legislation, this edition also includes an e-supplement covering additional developments from Congress and the IRS to keep you fully up-to-date. A complete listing of all available business deductions and credits helps you identify those you qualify for, and includes critical information on dollar limits, recordkeeping requirements, and how to actually take the write-off—all the way down to the IRS form to use. Organizational and planning strategies help you get through the process quickly and with fewer headaches, and this year's changes to the tax laws are explained in terms of how they affect your filing. Keeping up with the intricacies of tax law and filing is a full-time job—but it's not your full-time job. You have a business to run. This book gives you the guidance you need in the time that you have so you can get taxes out of the way and get back to work. Learn which expenses qualify for deductions—and which ones don't Adopt a more organized recordkeeping system to streamline the filing process Explore small-business-specific strategies for starting or closing a business, running a sideline business, and operating in multiple businesses Decode the various forms and worksheets correctly with step-by-step guidance Audit-proof your return Review obligations for the "other taxes," including payroll and excise taxes Every year, millions of small business owners overpay their taxes because they lack the time and expertise to make tax-sensitive business decisions throughout the year only to learn that it's too late to act when it comes to tax time. Now you can put your money back where it belongs—in your business. J.K. Lasser's Small Business Taxes 2020 helps you take wise actions during the year and tells you how to file completely and accurately while maximizing your bottom line.

The Tax Bible - Ken Koenen 2016-12-29

Most small business owners and self employed individuals are more concerned about the day to day issues of running your business rather than digging through thousands of pages of IRS publications to learn what deductions they might be entitled to on their tax returns. They also do not have the funds to hire a staff of tax attorneys to guide them through the maze known as the Internal Revenue Code. This book will be their

staff of tax attorneys to guide them, and to provide them with legitimate deductions that they are entitled to take, but have not been doing so. More importantly, this book will give them methods of record keeping shortcuts designed to take less of their time, yet meet all IRS requirements. There is a lot of talk about a flat tax, and perhaps that would be a good thing. The chances of that happening anytime soon is remote, because politicians love to use (or abuse) the tax code to encourage investment, employment and other pet projects for their states. With the change of administration in the White House a few days away at the completion of this book, there will undoubtedly be many changes to the U.S. Tax Code over the coming months. They buyers of this book will be provided a six (6) month membership to taxsaver.co, (LAUNCHING IN JANUARY, 2017) where the author will be providing updates and changes to the Tax Code for its members. This book is designed to provide the reader with a quick reference not only to different deductions available to them, but also reference to the tax code and other authorities that they can use to provide to their tax preparer at tax time to support their deductions. The book covers everything that a small business owner needs to know, from a brief explanation of the tax system, start up deductions and operating expenses. It covers long term asset deductions and how to handle inventory. It amplifies information on the home office deduction, car and truck use in business, how to combine personal and business travel to make both deductible, as well as getting the most out of their ability to deduct meals and entertainment. It also touches on the many miscellaneous deductions that are available. Finally, it explains how to amend previously filed tax returns when the reader learns how much money they have left on the table in those previous returns. We also discuss strategies to avoid audits and how to handle an audit if one comes up. This book will help the reader to fit their business and circumstances to the available deductions, and start saving thousands of dollars in taxes each year which they could be used by you to grow your business. As long as the Tax Code is allowing all of these deductions and perks, why shouldn't the small business owner take advantage of them? They

should keep that money to build their own business. And with our record keeping guidance and shortcuts, the owner can make their tax return virtually AUDIT PROOF.

J.K. Lasser's Small Business Taxes 2022 -

Barbara Weltman 2021-12-02

A complete guide to taxes for small businesses, brought to you by the leading name in taxes The over 30 million small businesses in America are the essential backbone of the American marketplace. Business Chemistry - Kim Christfort 2018-05-22

A guide to putting cognitive diversity to work Ever wonder what it is that makes two people click or clash? Or why some groups excel while others fumble? Or how you, as a leader, can make or break team potential? Business Chemistry holds the answers. Based on extensive research and analytics, plus years of proven success in the field, the Business Chemistry framework provides a simple yet

powerful way to identify meaningful differences between people's working styles. Who seeks possibilities and who seeks stability? Who values challenge and who values connection? Business Chemistry will help you grasp where others are coming from, appreciate the value they bring, and determine what they need in order to excel. It offers practical ways to be more effective as an individual and as a leader. Imagine you had a more in-depth understanding of yourself and why you thrive in some work environments and flounder in others. Suppose you had a clearer view on what to do about it so that you could always perform at your best. Imagine you had more insight into what makes people tick and what ticks them off, how some interactions unlock potential while others shut people down. Suppose you could gain people's trust, influence them, motivate them, and get the very most out of your work relationships. Imagine you knew how to create a work environment where all types of people excel, even if they have conflicting perspectives, preferences and needs. Suppose you could activate the potential benefits of diversity on your teams and in your organizations, improving collaboration to achieve the group's collective potential. Business Chemistry offers all of this--you don't have to leave it up to chance, and you shouldn't. Let this book guide you in creating great chemistry!

Tax Savvy for Small Business - Stephen Fishman 2023-01-31

Create a business tax strategy that will save you time, energy, and money Understanding taxes is an essential part of any small business. Now more than ever, small business owners need to know about business deductions, writing off business assets, and the tax consequences of business decisions. This book has information on all aspects of taxes for a small business owner, from choosing the best business entity to tax deductions, recordkeeping, business losses, payroll taxes, fringe benefits, retirement plans, and much more. It provides valuable tax-related strategies and information to help small business owners save money and run their businesses without getting into trouble with the IRS. Getting your tax matters on track will free up your time to do what really counts: run a profitable business. Tax Savvy for Small Business shows you how to: deduct operating expenses deduct travel, vehicle, and meal expenses take advantage of tax credits write off long-term assets compare business structures keep solid business records, and handle an IRS audit. This completely updated edition of Tax Savvy for Small Business covers tax rules under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, how those rules affect small business owners, and practical tax information every small business owner needs to know to set up and run a business.

Taxpayer's Comprehensive Guide to LLCs and S Corps - Jason Watson 2014-09-03

How can I avoid self-employment taxes? This simple question was the inspiration for creating an article describing the benefits of an S

Corporation. That original article, which was about four pages long, quickly became a series of KnowledgeBase articles on the Watson CPA Group website. The articles touched on basic topics such as how to elect S Corp status, payroll, reasonable salary determination, retirement planning, health care, fringe benefits and liability protection. Those broad topics demanded much more information, both horizontally by spanning into more related issues, and vertically by digging deeper into the granular yet riveting levels of the tax code. The articles were grouped and relabeled as the Taxpayer's Comprehensive Guide to LLCs and S Corps which grew to 39 pages in its first edition. Time marched on, and more information was added to the first edition such as expanded retirement planning concerns, health care options after the Affordable Care Act and business valuations including exit strategies. Boom, we now had our second edition at over 100 pages. At that point it was suggested by some clients and colleagues to convert the PDF into an eBook as well as paperback. So here we are.. Each week we receive several phone calls and emails from small business owners across the country who have read our Taxpayer's Comprehensive Guide to LLCs and S Corps and praised the wealth of information. Regardless of your current situation, whether you are considering starting your own business or entertaining a contracting gig, or you are an experienced business owner, the contents of this book are for you. This book will show you how to reduce your self-employment taxes through an S Corporation election and how to use your corporation to your retirement and fringe benefit advantage. You will also learn the operational considerations of an S Corp plus the 185 reasons you should NOT elect S Corp status. Want to buy or sell a business? That's in here too. This book is written with the general taxpayer in mind. Too many resources simply regurgitate complex tax code without explanation. While in some cases tax code and court opinions are duplicated verbatim because of the precise words, this book strives to explain many technical concepts in layperson terms with some added humor and opinions. We believe you will find this book educational as well as amusing.

The Purpose Based Retirement - Casey

Weade 2016-09-30

A purposeful guide to retirement planning.

Lasser's Small Business Taxes 2019* is the small business owner's ultimate guide to a money-saving, stress-free tax season. Providing straightforward advice from the nation's most trusted tax expert on small business taxes, this book gives you the answers you need quickly, with clear, concise guidance. Updated to cover changes from the Tax Cuts and Jobs Act and other legislation, this edition also includes an e-supplement covering additional developments from Congress and the IRS to keep you fully up-to-date. A complete listing of all available business deductions and credits helps you

identify those you qualify for, and includes critical information on dollar limits, recordkeeping requirements, and how to actually take the write-off—all the way down to the IRS form to use. Organizational and planning strategies help you get through the process quickly and with fewer headaches, and this year's changes to the tax laws are explained in terms of how they affect your filing. Keeping up with the intricacies of tax law and filing is a full-time job—but it's not your full-time job. You have a business to run. This book gives you the guidance you need in the time that you have so you can get taxes out of the way and get back to work. Learn which expenses qualify for deductions—and which ones don't. Adopt a more organized recordkeeping system to streamline the filing process. Explore small-business-specific strategies for starting or closing a business, running a sideline business, and operating in multiple businesses. Decode the various forms and worksheets correctly with step-by-step guidance. Audit-proof your return. Review obligations for the "other taxes," including payroll and excise taxes. Every year, millions of small business owners overpay their taxes because they lack the time and expertise to make tax-sensitive business decisions throughout the year only to learn that it's too late to act when it comes to tax time. Now you can put your money back where it belongs—in your business. *J.K. Lasser's Small Business Taxes 2019* helps you take wise actions during the year and tells you how to file completely and accurately while maximizing your bottom line. *Tax Savvy for Small Business* - Frederick W. Daily 2001

Despite popular opinion, it is possible to run a profitable, honest business while minimizing taxes and staying out of legal trouble. *Tax Savvy for Small Business* helps readers do just that, detailing year-round tax-saving strategies for: -- claiming all legitimate deductions -- maximizing fringe benefits -- keeping accurate records -- documenting expenses -- surviving an audit. The 5th edition provides the most current IRS rules, the latest tax codes and a new chapter of "Frequently Asked Questions."

What Your CPA Isn't Telling You: Life-changing Tax Strategies - Mark J. Kohler 2011-02-23

This is a powerful story woven around one theme—TAX PLANNING CAN CHANGE YOUR LIFE Tackling the fundamental question asked by all taxpayers - How can I save on taxes? — attorney and CPA Mark J. Kohler empowers you to dismiss standard CPA viewpoints like your tax payment is what it is and you just make too much money. Simplified through the mastery of storytelling, Kohler invites you to immerse yourself in the compelling tale of a typical family’s tax awakening. Through their journey, you’ll discover critical, but underutilized tax strategies to achieve huge tax savings, greater wealth, and, ultimately, a winning pursuit of the American Dream. “Mark brought tax planning to life in a story line we can all relate to personally!” Lori Mackey, award-winning author, CEO of Prosperity4Kids, Inc. “It is about time someone brought the benefits of tax planning to the masses. That is what Mark has achieved in this book.” Dermot Berkery, author of Raising Capital for the Serious Entrepreneur “If you are not happy with your current CPA relationship, and aren't in love with your generic tax planning software, and wonder if there are better options out there. . .you need to read this book!” Tim Higgins, author of Paying For College Without Sacrificing Your Retirement “FINALLY, a tax book that I can not only understand but relate to and actually learn from. I never thought it was possible, however Mark Kohler did it - he made learning about taxes fun.” Starr Hall, www.StarrHall.com, international author, speaker “This book changed the way I saw my taxes and my financial future.” Woody Woodward, filmmaker, author, success Strategist Includes Tax Planning Resource Kit—Access templates, checklists, charts, and videos for additional support!

Small Business Taxes For Dummies - Eric Tyson
2019-03-12

Small business taxes taxing you out? For most business owners, their single biggest “expense” (and headache) is dealing with their taxes. And while the just passed Congressional tax bill reduced taxes for many of the estimated 30 million small business owners in the U.S., the nation’s taxes continue to be complex. Not being up-to-speed on tax rules and strategies can lead to mistakes that cost business owners thousands of dollars in fines and penalties every year.

Small Business Taxes For Dummies assists both current and aspiring small business owners with important tax planning issues, including complete coverage of the tax changes taking effect in 2018, creating an ongoing tax routine, dealing with the IRS, and navigating audits and notices. Includes issues influencing incorporated small businesses, partnerships, and LLCs Offers expanded coverage of other business taxes including payroll and sales taxes Provides websites and other online tax resources Gives guidance to millennials juggling multiple gigs If you’re a current or aspiring small business owner looking for the most up-to-date tax planning issues, this book keeps you covered.

Wealth Creation for Small Business Owners

- James E Cheeks 2009-12-18

"Wealth management . . . is not often at the forefront of a young entrepreneur's mind. But with some careful planning you can ensure that you are flush for the future." —Dominic Preston, GrowthBusiness.com Millions of small business owners are sitting on a gold mine and don't realize it! Your enterprises can be tools for creating extensive personal wealth—assets not tied to your businesses. Certain little-known small business laws allow entrepreneurs to use business tax systems to build retirement funds, maintain good health care and insurance, and hold on to family assets. Now, using easy-to-grasp strategies, lawyer and professor James E. Cheeks demonstrates how to legally: Shelter business profits from tax Decide who should hold business assets Withdraw business profits when needed Protect assets from creditor claims Create and preserve family wealth There's a clear path to riches . . . and this valuable guide leads the way.

Loopholes of the Rich - Diane Kennedy

2010-12-28

Loopholes of the Rich helps Americans from all walks of life use the same tax loopholes that the wealthy use to lower their tax bill. With this handy guide, you won't need an accountant to find quick and easy ways to pay less. And there's nothing unethical about these tax loopholes. In fact, the government wants you to take advantage of them! These tax-reducing tactics and strategies can give you the freedom to save for your family's future or for your own financial independence. Plus, you'll find a handy checklist of more than 300 business deductions, real-life tax strategy examples, useful sample forms, explanations of IRS codes and rules, and much more.

Creative Tax Strategies for Creating Financial Freedom - Kara Krystina Ostroski-francis

2012-04-01

"If I can share with you how owning your own business can save you thousands of dollars a year and help you to create financial freedom, would you be interested?" —Kara Krystina In her latest release, *Creative Tax Strategies For Creating Financial Freedom*, Kara Krystina Ostroski-Francis, Esq. takes pleasure in enlightening her readers on the significance of business

ownership, the tax advantages available to business owners, and, ultimately, the way owning a business can be one of the greatest tools for creating financial freedom for families. In addition, *Creative Tax Strategies For Creating Financial Freedom*, educates readers how being a small business owner can save you thousands of dollars a year for life and how to create financial freedom for you and your family. As a tax, corporate, and business attorney, it is Kara Krystina's deeply held belief that everyone should own a business. Please understand, Kara Krystina does not advocate that anyone leave his or her present employer or that you will need to leave your employer in the future. What Kara Krystina encourages in her book is even if you are employed, it is in your best interest to be involved in some additional business venture that is separate and apart from your employment. Why does Kara Krystina hold this belief that everyone should own a business, separate and apart from their employment? Simply stated, Kara Krystina's foundation for her belief is centers on three (3) fundamental business principles. First, acquiring multiple streams of business income is more advantageous than receiving additional employment income. Second, owning a business will make you better off financially than a second income because the tax laws for business owners are more favorable than the tax laws for individuals. Realize, business owners have the opportunity to take many personal expenses that they incur daily and transform those into business expenses within the guidelines of the tax code. And, third and quite possibly the most important of the business principles is a business owner's ability to fund his or her own retirement with incredibly large tax-free contributions each year. If you are considering starting your own business or are presently a sole proprietor, self-employed individual, or a small business owner read *Creative Tax Strategies For Creating Financial Freedom* and learn how to

- have a blast in your business, entertain more clients, give gifts and travel more
- transform personal expenses into business expenses
- save yourself, your family and your business hundreds, but more likely thousands a year
- lower your taxes every year, indefinitely
- and most importantly, fund your

retirement with incredibly large tax free contributions, all within the guidelines of the tax code. Read this book in its entirety, put into practice the tax deduction strategies outlined, and join other sole proprietors, self-employed, and small business owners on the path to creating financial freedom. This book is part of the SIMPLY STATED SERIES. Similar to Kara Krystina's other writings, you don't need a business degree to understand the material, nor do you need a business background, or previous business ownership experience. This book follows the same basic format as Tax Deduction Strategies Simply Stated and is more or less a reader's digest guide on tax deductions and tax deduction strategies for sole proprietorships, the self-employed, and small business owners. "I believe my reader-friendly writing style conveys the importance of owning a business, highlights the tax advantages available to both businesses and business owners and ultimately, the way owning your own business, trade, or profession can be one of the most beneficial means to help create financial freedom for you and your family." —Kara Krystina

Tax Accounting - Greg Shields 2021-01-09

If you're a business owner wanting to learn more about taxes without going through boring textbooks, then keep reading... Benjamin Franklin once said that "in life, only two things are certain: death and taxes." He wasn't exaggerating about the latter. And because you must deal with taxes for as long as you live and earn money, you must get it right every time. Unlike any other infractions or violations, tax-related offenses have major repercussions. At a minimum, you will pay fines and expenses. But if your tax violations are serious, you may end up in jail. Think about this: the infamous mafia gangster boss Al Capone was indicted and sent to prison not because of his violent crimes, but because of tax violations. Hence, you must take your taxes very seriously. So, what does it take to manage your taxes successfully and avoid the massive inconveniences associated with being flagged by the Internal Revenue Service for tax violations? There are so many answers to this question, but they can be summed up in one term: tax accounting. And that is what this book is all about. Written with non-accountant entrepreneurs in mind, this book can help you

learn important tax accounting principles for ensuring optimal tax management in your business. These include: What tax accounting is. Important tax accounting guidelines. The difference between accounting and bookkeeping. How to claim tax deductions legally. How to choose the right business entity. How to manage payroll tax. Discover if you need an S corporation or a C corporation. And much, much more! By the time you're finished with this book, you'll be armed with sufficient knowledge to ensure proper management of your businesses' income taxes. And while you can never avoid taxes, what you'll learn here can make you and the IRS the best of friends. So, grab your copy of this book now and start your journey towards optimal tax management for your small business. [Tax Savvy for Small Business](#) - Frederick W. Daily 2021-01-26

"Create a business tax strategy that will save you time, energy, and money. Getting your tax matters on track will free up your time to do what really counts: run a profitable business. Tax Savvy for Small Business shows you how to: deduct operating expenses, deduct travel, vehicle, and meal expenses, take advantage of tax credits, write off long-term assets, compare business structures, keep solid business records, and handle an IRS audit. This completely updated edition of Tax Savvy for Small Business covers new tax rules under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and how those rules affect small business owners"--Page 4 of cover.

475 Tax Deductions for Businesses and Self-Employed Individuals - Bernard B. Kamoroff 2011

Rev. ed. of: 422 tax deductions for businesses & self employed individuals. 5th ed. c2004.

[J.K. Lasser's Small Business Taxes 2017](#) - Barbara Weltman 2016-10-03

The ultimate money-saving tax guide for the small business owner J.K. Lasser's Small Business Taxes is designed to help business owners make sense of their taxes and file correctly, on time, without over- or under-paying. Maximize your bottom line with a complete listing of all available business expense deductions, small business tax planning strategies, and the most up-to-date tax laws and requirements, including plain-English

instructions on how to qualify, how to claim, and how to file. There's an e-supplement with the latest tax developments from the IRS and Congress. From employee wages and advertising, to repairs, rents, debts, and more, this book answers all of your questions about your 2016 filing. Stop wading through mountains of paperwork and browsing sketchy tax advice—this book puts America's most trusted tax advisors to work for your business. Detailed guidance includes recordkeeping requirements, dollar limits, sample forms, and checklists, and even shows you exactly which line on which form needs what information—and where to find it. Business taxes have so many moving parts that putting it all together can seem more difficult than actually running your business in the first place. J.K. Lasser puts a stop to the madness by breaking down the requirements, forms, and processes into a sensible workflow, with expert help that can save your business money. Organize your recordkeeping for a more streamlined filing Claim income and losses from business, property, and capital gains Identify the many business expenses that qualify as deductions Learn professional planning strategies specifically for small businesses Work more efficiently with your own tax advisor You're an expert on your business, not taxes. Unless you're inclined to moonlight as a tax accountant, you need a trusted expert on your side to help you keep more money where it belongs—in your business. J.K. Lasser's *Small Business Taxes* is the ultimate guide to filing quickly, correctly, and with less stress, so you can get filed and get back to work.

Small Business Tax Facts - Ronika Khanna Starting a business or becoming self employed opens up a whole new world of tax considerations. This book will guide you through the fundamentals to ensure that you pay the taxes you need to but no more than that. In learning about the different types of tax and the sorts of deductions that businesses are entitled to you can have a better understanding of your small business tax and save time and money. Our tax companion: Makes sure you don't miss any deductions by providing a comprehensive list of expenses that you as a small business or self employed owner claim, and explains them in

detail with easy to follow examples Explains simply the key basic tax concepts that every taxpayer should know Provides details on how to do your accounting and what you need before preparing your tax return Takes you step by step through the process of completing the T2125 business tax return schedule along with examples Explores the more complex sections such as capital cost allowance, motor vehicle/car and home office expenses Takes you through the process of understanding and completing your GST/HST returns plus a special appendix on provincial sales taxes Discusses eligibility of common expenses that are less straightforward *Tax Strategies for the Small Business Owner* - Russell Fox 2014-03-18

Tax Strategies for the Small Business Owner: Reduce Your Taxes and Fatten Your Profits will help the small business owner increase profits while feeling more comfortable dealing with taxes. It begins by looking at the often overlooked critical decision small business owners face when they start a business: the choice of business entity. The book then examines all the deductions that a business owner can take legally to reduce taxes. It also provides advice business owners need to make good tax-related decisions: Should I lease or buy? Should I hire an employee or outsource the task? How much will buying a building reduce my taxes and for how long? Many people freeze up when they are forced to prepare or even think about taxes. Some receive a notice from the IRS and put it aside: They're too scared to open it! Yet taxes for the most part follow common sense rules. You just need to know what they are and how they affect your decisions. In this book, readers will learn about the different business entities, the different taxes you must deal with (primarily income taxes), documentation procedures, how to work with a tax professional, how to handle an audit, and, in general, how to use the U.S. Tax Code to your advantage. Among other things, readers learn to take full advantage of tax benefits and avoid potholes hidden in things like: Startup and ongoing expenses Cost of goods sold Depreciation Payroll Retirement plans In short, *Tax Strategies for the Small Business Owner* will not only help you relax when you deal with your taxes—it'll show you how to use tax law to your

financial benefit.

The Tax and Legal Playbook - Mark J. Kohler
2019-07-23

The Tax Rules Have Changed. Your Business Should, Too. The Tax Cut and Jobs Act of 2017 marks the biggest tax reform in more than 30 years. The changes to the tax code are complex (especially for the small-business owner), but you don't have to go it alone. CPA and Attorney Mark J.
