*13 Bullets* - David Wellington 2007-05-22

The first book in the Laura Caxton Vampire series from the author of the Monster Island trilogy. All the official reports say that vampires are dead-extinct since the late '80s, when FBI agent Arkeley defeated the last vampire in a fight that nearly killed him. But when state trooper Laura Caxton calls the FBI looking for help in the middle of the night, Arkeley is unsurprised to hear that it sounds like a vampire attack. He's been expecting such a call to come eventually. Sure, it has been years since any signs of an attack, but Arkeley knows what most people don't: there is one left. In an abandoned asylum she is rotting, plotting, and biding her time in a way that only the undead can. Laura Caxton is out of her league on this case and more than a little afraid. Arkeley made it clear

there is only one way out. The worst thing is the feeling that the vampires want more than just her blood. They want her for a reason, one she can't guess; a reason her sphinxlike partner knows but won't say; a reason she has to find out-or die trying.

*Midnight Mass* - F. Paul Wilson 2007-04-01

Vampires have always lived in Eastern Europe. But with the fall of the Soviet Union, they began to spread across the continent, then the world, turning whole populations into vampires--or human cattle. Having overrun India, the far East, and the great cities of North and South America, the forces of Night are now spreading into the countryside to consolidate their conquest. In a town on the New Jersey shore, the vampires have just arrived, along with their human henchmen, the cowboys, who round up human cattle for the overlords in return for the promise of eternal life--later. For the vampires wish only a few of their own kind to rule, and feed. The rest of humanity are to be helpless herds, the source of the blood of life. Falsely accused of abuse, Father Dan is drunk in a basement waiting for the end. His superior has betrayed the local Catholic congregation and become a vampire. Sister Carolyn has become a formidable killer of cowboys and vampires. Dan's niece, escaped from the conquest of New York, has made her way south to find

him. Brought together by Rabbi Zev Wolpin, who is shaken by the vampires' fear of the cross and holy water, they plan their resistance. Against all odds, they discover that there just might be a way for humanity to really fight back. But first they will have to kill the vampire king of New York.
