*The Dust of 100 Dogs* - A.S. King 2017-10-03

The first book from LA Times Book Prize and Printz Honor winner A.S. King--a witty, snarky tale of love and family, revenge and reincarnation, and pirates. In the late seventeenth century, famed teenage pirate Emer Morrisey was on the cusp of escaping the pirate life with her one true love and unfathomable riches when she was slain and cursed with "the dust of one hundred dogs," dooming her to one hundred lives as a dog before returning to a human body-with her memories intact. Now she's a contemporary American teenager and all she needs to escape her no-good family and establish a luxurious life of her own is a shovel and a ride to Jamaica...

**L'algoritmo** - Anton Filippo Ferrari 2022-05-05T00:00:00+02:00

Algoritmo è una delle parole chiave del nostro presente e futuro. Online tutto gira intorno a lui, passa da lui. Decide cosa mostrarci, quando e dove. Ci segue. Ci spia. Ci consiglia. Lo fa per pubblicizzare un prodotto, far leggere una notizia, suggerire un ristorante. Per farselo amico e cavalcarlo sono nate nuove figure professionali come gli esperti SEO (Search Engine Optimization, tradotto letteralmente: ottimizzazione per i motori di ricerca) che, ad esempio, operano nel giornalismo web e nel marketing per fare in modo che un prodotto o un articolo appaia per primo nei risultati di ricerca su Google. Sul web infatti regna una regola non scritta: vince solo chi arriva tra i primi, gli altri spariscono. A decidere chi vince e chi perde però non siamo solo noi umani con le nostre azioni, ma sempre lui: l'algoritmo. In questo libro l'autore ne spiega in modo chiaro il funzionamento nell'ambito di numerosi settori (social, intrattenimento, informazione, medicina, sport, politica...) delineandone rischi e potenzialità.

[In Cold Blood](#) - Truman Capote 2013-02-19

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

[Small narratives](#) - Anna Ferrari 2021-12-29

Small stories of ordinary people, to whom extraordinary events can happen (Free will, Macbeth: story of a madman), people who get lost in memories to find meaning in the present (The girl on the bus) or who still find nature in memories of human existence (Memories). A teacher (11th commandment: do not judge) and a mother (A mother) tell of daily life, with its pains and satisfactions, misunderstanding, but also the miracle of finding acceptance in the hearts of others. In What must happen ... it happens we find ourselves

having to deal with the impossibility of predicting destiny and in Black & White life is observed from the point of view of our animals. The eight short stories in this collection are in the name of George Eliot's thought contained in the epigraph: just as there are great personalities in the world, there are also ordinary people deserving as much attention. People like you, like me, like everyone. The opening story, *Black and White*, portrays the lives of two playmates who seem mismatched, a dog, White, and a cat, Black. In reality they are two wonderful beings who love, suffer, are grateful, spiteful, live unaware of the enormous gift they give to their human "parents" simply by existing. The little girl on the bus has a slow start, then suddenly turns and goes back through the years, to when the protagonist was a child, to an episode that deeply marked her emotionally, whose memory is not so much visual as internal and affective. The very nature of this memory brings the narrative to very intimate levels, in which still unresolved traits of her personality are revealed. Free will is a gothic tale: a cursed mirror, the devil, wickedness as an end in itself, unbelieving victims. Everything happens without a reason, as if to say that evil exists and can dispose of human beings at will. *Macbeth*. Story of a madman is built in the footsteps of Shakespearean tragedy, it is set in the world of theater, the names of the main characters are the original ones, the manias, obsessions and distorted passion are the same as the mad regicide. After all, the fantastic has an important part in *Macbeth*: the three witches enunciate prophecies that will make the brave soldier mad. Even in the story, the fantastic folds to itself the destinies of the protagonists who play their lives on the most futile of human feelings: ambition as an end in itself. *Memories* is a delicate journey in the narrator's mind, in a moment of solitude, in which she gets lost in thoughts that are unrelated to each other, which nevertheless have a common theme: the nature of memories and how much of ourselves is a matter to remember. A bit of melancholy, but also of sustained hope and vivacity of thought underlie the inner confession, in which it is not difficult to identify. 11th commandment: do not judge tells the world of school with disillusionment: misunderstanding, jealousy of one's role, indulgence towards parents and students, today the "clients", break the balance of a good teacher who is also a nun. Such are the sadness, the disappointment that the protagonist suffers that these feelings empathically penetrate the reader, and their power is equal to the abandonment of hope in a better world. Not all stories, like life, can have a happy ending. A mother introduces a note of joy. A common school interview becomes an opportunity for mutual growth between the mother and the teacher. Two women with a strong and combative character, surprised by the unusually confidential tone that the conversation assumes, together try to find a way to convey safety and serenity to the people they love and who are experiencing a moment of confusion. The mother understands how to measure herself against her own limits, and consequently the teacher becomes fully aware of the dozens of individuals in a class, of which she often knows very little, but which each have their own moods. [Theory U](#) - C. Otto Scharmer 2009-01-01

Shows how leaders can access the deepest source of inspiration and vision • Includes dozens of tested

exercises, practices, and real-world examples We live in a time of massive institutional failure, one that requires a new consciousness and a new collective leadership capacity. In this groundbreaking book, Otto Scharmer invites us to see the world in new ways and in so doing discover a revolutionary approach to leadership. What we pay attention to and how we pay attention is key to what we create. What prevents us from attending to situations more effectively is that we aren't fully aware of and in touch with the inner place from which attention and intention originate. This is what Scharmer calls our blind spot. By moving through Scharmer's U process, we consciously access the blind spot and learn to connect to our authentic Self—the deepest source of knowledge and inspiration—in the realm of “presencing,” a term coined by Scharmer that combines the concepts of presence and sensing. Based on ten years of research and action learning and interviews with over 150 practitioners and thought leaders, Theory U offers a rich diversity of compelling stories and examples and includes dozens of exercises and practices that allow leaders, and entire organizations, to shift awareness, connect with the best future possibility, and gain the ability to realize it.

**The City of The Sun** - Tommaso Campanella 2020-10-07

"The City of the Sun" is a philosophical work by the Italian Dominican philosopher Tommaso Campanella. It is an important early utopian work. The book is presented as a dialogue between "a Grandmaster of the Knights Hospitaller and a Genoese Sea-Captain". Inspired by Plato's Republic and the description of Atlantis in Timaeus, it describes a theocratic society where goods, women and children are held in common. One of the most significant aspects of this community is the distribution of work. Once again Campanella engages in an explicit polemic with Aristotle, who had excluded artisans, peasants and those involved in manual labor from the category of full citizenship and from the highest levels of virtue.

**Sette, settimanale del Corriere della sera** - 2001

*The Golden Bough* - James George Frazer 1911

Frazer's series which attempted to define the shared elements of religious belief and scientific thought, discussing fertility rites, human sacrifice, the dying god, the scapegoat, and many other symbols and practices whose influences had extended into 20th-century culture. His thesis is that old religions were fertility cults that revolved around the worship and periodic sacrifice of a sacred king. Frazer proposed that mankind progresses from magic through religious belief to scientific thought.

**The Magicians** - Lev Grossman 2009-08-11

The New York Times bestselling novel about a young man practicing magic in the real world, now an original series on SYFY "The Magicians is to Harry Potter as a shot of Irish whiskey is to a glass of weak tea. . . . Hogwarts was never like this." —George R.R. Martin "Sad, hilarious, beautiful, and essential to anyone who cares about modern fantasy." —Joe Hill "A very knowing and wonderful take on the wizard school genre." —John Green "The Magicians may just be the most subversive, gripping and enchanting fantasy novel I've read this century." —Cory Doctorow "This gripping novel draws on the conventions of

contemporary and classic fantasy novels in order to upend them . . . an unexpectedly moving coming-of-age story." —The New Yorker "The best urban fantasy in years." —A.V. Club Quentin Coldwater is brilliant but miserable. A high school math genius, he's secretly fascinated with a series of children's fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted to an elite, secret college of magic, it looks like his wildest dreams have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined. . . . The prequel to the New York Times bestselling book The Magician King and the #1 bestseller The Magician's Land, The Magicians is one of the most daring and inventive works of literary fantasy in years. No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination.
