American Gods - Neil Gaiman
2001-06-19

The storm was coming....

Shadow spent three years in prison, keeping his head down, doing his time. All he wanted was to get back to the loving arms of his wife and to stay out of trouble for the rest of his life. But days before his scheduled release, he learns that his wife has been killed in an accident, and his world becomes a colder place. On the plane ride home to the funeral, Shadow meets a grizzled man who calls himself Mr.

Wednesday. A self-styled grifter and rogue, Wednesday offers Shadow a job. And Shadow, a man with nothing to lose, accepts. But working for the enigmatic Wednesday is not without its price, and Shadow soon learns that his role in Wednesday's schemes will be far more dangerous than he ever could have imagined. Entangled in a world of secrets, he embarks on a wild road trip and encounters, among others, the murderous Czernobog, the impish Mr. Nancy, and the beautiful

Easter -- all of whom seem to know more about Shadow than he himself does. Shadow will learn that the past does not die, that everyone, including his late wife, had secrets, and that the stakes are higher than anyone could have imagined. All around them a storm of epic proportions threatens to break. Soon Shadow and Wednesday will be swept up into a conflict as old as humanity itself. For beneath the placid surface of everyday life a war is being fought -- and the prize is the very soul of America. As unsettling as it is exhilarating, *American Gods* is a dark and kaleidoscopic journey deep into myth and across an America at once eerily familiar and utterly alien. Magnificently told, this work of literary magic will haunt the reader far beyond the final page.

At the time of writing Rural Rides, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions

Military Recruiting in the United States - Pat Elder
2016-12-08

Military Recruiting in the United States provides a fearless and penetrating description of the deceptive practices of the U.S. military as it recruits American youth into the armed forces. Long-time antiwar activist Pat Elder exposes the underworld of American military recruiting in this explosive and consequential book. The book describes how recruiters manage to convince youth to

enlist. It details a sophisticated psy-ops campaign directed at children. Elder describes how the military encourages first-person shooter games and places firearms into the hands of thousands using the schools, its JROTC programs, and the Civilian Marksmanship Program to inculcate youth with a reverence for guns. Previously unpublished investigative work reveals how indoor shooting ranges in schools are threatening the health of children and school staff through exposure to lead particulate matter. The book provides a kind of "what's coming next manual" for European peacemakers as they also confront a rising tide of militarism. The book examines the disturbing, nurturing role of the Catholic Church in recruiting youth. It surveys the wholesale military censorship of Hollywood films, pervasive military testing in the high schools, and an explosion of military programs directed toward youth. Slippin' Out of Darkness - Bob Ruggiero 2017-10-11

The first biography of the seminal music group WAR whose many hits include "Spill the Wine," "All Day Music," "Why Can't We Be Friends?" "Slippin' into Darkness," "The Cisco Kid," and - of course - "Low Rider." They combined rock, funk, soul, R&B, jazz, and a strong Latin vibe in their music, they have been awarded two Platinum and eight Gold records in their career. Their album "The World is a Ghetto" was the bestselling release of 1973 and was #444 on the list of "Rolling Stone's Top 500 Albums" list. This unauthorized book follows the group from their early incarnations when Harold Brown and Howard Scott met to form the Creators and then the Night Shift, to their partnership with former Animals lead singer Eric Burdon, to a highly successful career on their own with the core original lineup of Brown, Scott, Lee Oskar, Lonnie Jordan, B.B. Dickerson, Papa Dee Allen, and Charles Miller.

The story also follows the band

through their later, leaner years, the tragic deaths of two members, and the conflicts that led to a fissure and a split of performing entities that continues to this day.

Featuring original interviews, archival research, and musical analysis and commentary, "Slippin' Out of Darkness: The Story of WAR" tells the tale of one of the most unique bands in the history of Classic Rock-era music.

But the journey is not theirs alone. They are joined by a handful of travelers, each with a reason for fleeing the city. Among them is Bellis Coldwine, a renowned linguist whose services as an interpreter grant her passage—and escape from horrific punishment. The surviving passengers are brought to Armada, a city constructed from the hulls of pirated ships, a floating, landless mass ruled by the bizarre duality called the Lovers. On Armada, everyone is given work, and even Remades live as equals to humans, Cactae, and Cray. Yet no one may ever leave. Lonely and embittered in her captivity, Bellis knows that to show dissent is a death sentence. Instead, she must furtively seek information about Armada's agenda. The answer lies in the dark, amorphous shapes that float undetected miles below the waters—terrifying entities with a singular, chilling mission. . . .
