Advances in Knowledge Discovery and Data Mining - Jian Pei 2013-04-06

The two-volume set LNAI 7818 + LNAI 7819 constitutes the refereed proceedings of the 17th Pacific-Asia Conference on Knowledge Discovery and Data Mining, PAKDD 2013, held in Gold Coast, Australia, in April 2013. The total of 98 papers presented in these proceedings was carefully reviewed and selected from 363 submissions. They cover the general fields of data mining and KDD extensively, including pattern mining, classification, graph mining, applications, machine learning, feature selection and dimensionality reduction, multiple information sources mining, social networks, clustering, text mining, text classification, imbalanced data, privacy-preserving data mining, recommendation, multimedia data mining, stream data mining, data preprocessing and representation.

A Corporate Welfare Economy - James Angresano 2016-02-12

Although political rhetoric and public perception continue to assume that the United States is the very definition of a free market economy, a different system entirely has in actuality come to prominence over the past half century. This Corporate Welfare Economy (CWE) has come about as government come increasingly under the influence of corporate interests and lobbyists, with supposedly equalising factors such as regulation skewed in order to suit the interests of the privileged while an overwhelming majority of US citizens have experienced a decline in their standard of living. James Angresano examines the characteristics of this mode of capitalism, both from the theoretical point of view but also with key reference to the different sectors of the economy - trade, manufacturing, industry and defense among them.

New Scientist - 1961-01-12

New Scientist magazine was launched in 1956 "for all those men and women who are interested in scientific discovery, and in its industrial, commercial and social consequences". The brand's mission is no different today - for its consumers, New Scientist reports, explores and interprets the results of human endeavour set in the context of society and culture.

Singapore Blue Chips, The: The Rewards & Risks Of Investing In Singapore's Largest Corporates - Vijayaraghavan Nandini 2017-01-24

A pioneering and comprehensive work, The Singapore Blue Chips puts the spotlight on 22 of Singapore's largest corporates. This is the first book that provides a quick snapshot of Singapore's large cap (large market capitalisation) corporates as investment propositions, and is a timely tribute to the nation's 50 years of independence and development. Written for finance professionals and students as well as readers with a general interest in business, investing and finance, each chapter of this book is dedicated to one company and delves into its attractiveness as an investment proposition, the associated investments risk and the company's prospects as of end-2016.

Global Trends in VAT/GST and Direct Taxation - Sebastian Pfeiffer 2015-08-11

Recent developments in direct taxes and VAT/GST Taxes - in general - have become the topic of broad legal and policy discussions. VAT and GST are often said to be the fiscal success story of the 20th century, as almost all developed countries levy VAT or GST or similar all-encompassing broad-based consumption taxes. Global trends in direct taxes are visible at the level of international players, such as the OECD. Due to the OECD's BEPS project, national tax systems are being significantly modified. This book aims at identifying and discussing the current global trends in both VAT/GST and direct taxes. In daily practice, VAT/GST and direct taxes should be regarded simultaneously. Therefore, the Master's theses contained in this book deal with and highlight numerous issues, challenges and opportunities found in both direct taxes and in the VAT/GST area, ranging from nexus in direct taxes and VAT/GST, recent developments in certain policy areas, the definition of taxable persons, tax abuse, non-discrimination rules, charities, transfer pricing, European State aid, immovable property, share deals etc. While the construction of VAT/GST and direct taxes differs, both taxes have similarities. The contributions in this book make a legal comparison of the recent developments in direct taxes and VAT/GST in the relevant fields, provide an analysis of the similarities and differences of the two taxation systems and highlight global trends in taxation.

The Accountant - 1977

The London and China Telegraph - 1874

Portland Transcript - 1855

Niles' National Register - 1844

Fodor's Hong Kong, 17th Edition - 2002

Recommends hotels, restaurants, museums, and parks, briefly describes the history and culture of Hong Kong, and offers tips on sightseeing, night life, leisure activities, and excursions to China
