What Technology Wants - Kevin Kelly

2011-09-27

From the author of the New York Times bestseller *The Inevitable*— a sweeping vision of technology as a living force that can expand our individual potential In this provocative book, one of today's most respected thinkers turns the conversation about technology on its head by viewing technology as a natural system, an extension of biological evolution. By mapping the behavior of life, we paradoxically get a glimpse at where technology is headed-or "what it wants." Kevin Kelly offers a dozen trajectories in the coming decades for this near-living system. And as we align ourselves with technology's agenda, we can capture its colossal potential. This visionary and optimistic book explores how technology gives our lives greater meaning and is a must-read for anyone curious about the future.

[Myth and National Identity in Nineteenth-Century Britain](#) - Stephanie Barczewski

2000-03-02

Scholars have become increasingly interested in how modern national consciousness comes into being through fictional narratives. Literature is of particular importance to this process, for it is responsible for tracing the nations evolution through glorious tales of its history. In nineteenth-century Britain, the legends of King Arthur and Robin Hood played an important role in construction of contemporary national identity. These two legends provide excellent windows through which to view British culture, because they provide very different

perspectives. King Arthur and Robin Hood have traditionally been diametrically opposed in terms of their ideological orientation. The former is a king, a man at the pinnacle of the social and political hierarchy, whereas the latter is an outlaw, and is therefore completely outside conventional hierarchical structures. The fact that two such different figures could simultaneously function as British national heroes suggests that nineteenth-century British nationalism did not represent a single set of values and ideas, but rather that it was forced to assimilate a variety of competing points of view.

World Migration Report 2020 - United Nations 2019-11-27

Since 2000, IOM has been producing world migration reports. The World Migration Report 2020, the tenth in the world migration report series, has been produced to contribute to increased understanding of migration throughout the world. This new edition presents key data and information on migration as well as

thematic chapters on highly topical migration issues, and is structured to focus on two key contributions for readers: Part I: key information on migration and migrants (including migration-related statistics); and Part II: balanced, evidence-based analysis of complex and emerging migration issues.

The Count of Monte Cristo - Alexander Dumas 2019-06-27

The Count of Monte Cristo is an adventure novel by French author Alexandre Dumas. It is one of the author's most popular works, along with The

Three Musketeers. Like many of his novels, it is expanded from plot outlines suggested by his collaborating ghostwriter Auguste Maquet. The story takes place in France, Italy and islands in the Mediterranean during the historical events of 1815–1838. It begins from just before the Hundred Days period (when Napoleon returned to power after his exile) and spans through to the reign of Louis-Philippe of France. The historical setting is a fundamental element of the book. An adventure story primarily concerned with themes of hope, justice, vengeance, mercy and forgiveness, it focuses on a man who is wrongfully imprisoned, escapes from jail, acquires a fortune and sets about getting revenge on those responsible for his imprisonment. However, his plans have devastating consequences for the innocent as well as the guilty. In addition, it is a story that involves romance, loyalty, betrayal and selfishness, shown throughout the story as characters slowly reveal their true inner nature.

The book is considered a literary classic today. According to Luc Sante, "The Count of Monte Cristo has become a fixture of Western civilization's literature, as inescapable and immediately identifiable as Mickey Mouse, Noah's flood, and the story of Little Red Riding Hood."

Racial Formation in the United States - Michael Omi 2014-06-20

Twenty years since the publication of the Second Edition and more than thirty years since the publication of the original book, *Racial Formation in the United States* now arrives with each chapter radically revised and rewritten by authors Michael Omi and Howard Winant, but the overall purpose and vision of this classic remains the same: Omi and Winant provide an

account of how concepts of race are created and transformed, how they become the focus of political conflict, and how they come to shape and permeate both identities and institutions. The steady journey of the U.S. toward a majority nonwhite population, the ongoing evisceration of the political legacy of the early post-World War II civil rights movement, the initiation of the 'war on terror' with its attendant Islamophobia, the rise of a mass immigrants rights movement, the formulation of race/class/gender 'intersectionality' theories, and the election and reelection of a black President of the United States are some of the many new racial conditions Racial Formation now covers.

Introduction to Sociology 2e - Heather Griffiths
2017-12-31

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories,

which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Imperial Leather - Anne McClintock 2013-10-01
Imperial Leather chronicles the dangerous liaisons between gender, race and class that shaped British imperialism and its bloody dismantling. Spanning the century between Victorian Britain and the current struggle for power in South Africa, the book takes up the complex relationships between race and sexuality, fetishism and money, gender and violence, domesticity and the imperial market, and the gendering of nationalism within the zones of imperial and anti-imperial power.

Racism in the United States, Second Edition -
Joshua Miller, MSW, PhD 2017-01-25

This comprehensive text thoroughly reviews the theories and history of racism, the sociology of and the psychology of racism, intergroup relations and intergroup conflict, and how racism is manifested institutionally, between groups, and between people, providing a unique view of the connections between these multiple perspectives. Readers can then apply this knowledge to their work as helping professionals. Students learn to explore their own biases and how they influence their view of themselves and others, which strengthens their work with future clients. Fulfilling NASW and CSWE cultural competency requirements, this book teaches socially just practices to helping professionals from any discipline. Many people want to dismantle racism but they do not know how. This book gets us closer to that goal. Using critical race theory as a conceptual framework, the text analyzes all levels of racism: personal,

professional, institutional, and cultural. Integrating theory, research, and practice, racism is linked to other forms of oppression with an emphasis on how helping professionals can respond. Tips on how to facilitate racial dialogues are provided. Early chapters map out the contours of racism and later chapters emphasize how to dismantle it. Readers appreciate the book's sensitive approach to this difficult topic. Examples and exercises encourage insight into understanding racism, and insightful analyses offer strategies, solutions, and hope. Readers learn to respond to racism in all contexts including working with individuals, families, groups, organizations, and communities. NEW TO THE SECOND EDITION: Reflects recent sociopolitical changes including "Islamophobia" the Obama presidency, the murders of young men of color by police, the racialization of the criminal justice system, and current immigration issues. More cases and experiential exercises help readers explore how

racism is manifested and how to incorporate the lessons learned into future working environments. More emphasis on the intersectionality of racism and other social oppressions including class, gender, sexual orientation, citizenship, immigration experiences, and disability to give readers a better understanding of the relationship between these issues. PowerPoints and Instructor's resources with sample syllabi, teaching tips, and suggested videos and related websites. An ideal text for advanced courses on racism, oppression, diversity, prejudice and discrimination, or racism and professional practice, this book also appeals to helping professionals (social workers, psychologists, counselors, and nurses) who need to understand racism to better serve their clients.

Critique of Black Reason - Achille Mbembe

2017-02-17

In Critique of Black Reason eminent critic Achille Mbembe offers a capacious genealogy of

the category of Blackness—from the Atlantic slave trade to the present—to critically reevaluate history, racism, and the future of humanity. Mbembe teases out the intellectual consequences of the reality that Europe is no longer the world's center of gravity while mapping the relations among colonialism, slavery, and contemporary financial and extractive capital. Tracing the conjunction of Blackness with the biological fiction of race, he theorizes Black reason as the collection of discourses and practices that equated Blackness with the nonhuman in order to uphold forms of oppression. Mbembe powerfully argues that this equation of Blackness with the nonhuman will serve as the template for all new forms of exclusion. With Critique of Black Reason, Mbembe offers nothing less than a map of the world as it has been constituted through colonialism and racial thinking while providing the first glimpses of a more just future.

Refugee - Alan Gratz 2017-07-25

A tour de force from acclaimed author Alan Gratz (Prisoner B-3087), this timely -- and timeless -- novel tells the powerful story of three different children seeking refuge. A New York Times bestseller! JOSEF is a Jewish boy living in 1930s Nazi Germany. With the threat of concentration camps looming, he and his family board a ship bound for the other side of the world . . . ISABEL is a Cuban girl in 1994. With riots and unrest plaguing her country, she and her family set out on a raft, hoping to find safety in America . . . MAHMOUD is a Syrian boy in 2015. With his homeland torn apart by violence and destruction, he and his family begin a long trek toward Europe . . . All three kids go on harrowing journeys in search of refuge. All will face unimaginable dangers -- from drownings to bombings to betrayals. But there is always the hope of tomorrow. And although Josef, Isabel, and Mahmoud are separated by continents and decades, shocking connections will tie their stories together in the end. This action-packed

novel tackles topics both timely and timeless: courage, survival, and the quest for home. **Trayvon Martin, Race, and American Justice** - Kenneth J. Fasching-Varner 2014-11-04
Trayvon Martin, Race, and "American Justice": Writing Wrong is the first comprehensive text to analyze not only the killing of Trayvon Martin, but the implications of this event for the state of race in the United States. Bringing together contributions from a variety of disciplines and approaches, this text pushes readers to answer the question: "In the wake of the killing of Trayvon Martin, and the acquittal of his killer, how post-racial can we claim to be?" This collection of short and powerful chapters is at times angering and at times hopeful, but always thought provoking, critical, and poignant. This interdisciplinary volume is well suited for undergraduate and graduate students as well as faculty in sociology, social work, law, communication, and education. This book can also be read by anyone interested in social

justice and equity through the lens of race in the 21st century. “This text is an invitation to a rebellion—the inevitable insurgency of Black youth brewing right now across the land as the descendants of enslaved workers step up to exercise their agency, and at that moment become agents of liberty and actors in history.” – William Ayers, Distinguished Professor from the University of Illinois-Chicago “... the authors [...] offer incisive and vivid examinations of the contours of white supremacy today, inviting readers into a much-needed discussion of moral questions surrounding the very foundation life in the U.S.” – Christine Sleeter, Professor Emerita, California State University Monterey “Trayvon Martin, Race, and American Justice: Writing Wrong is a powerful assemblage of voices that speak to the salience of race, gender, and their intersection. Collectively, the authors provide us with poignant reminders of the multiple forces that rail against Black males in our society. Each chapter grabs our attention, ignites our activism,

and encourages us to remain steadfast in the struggle toward a true democracy for all Americans – a society where Black males’ lives are valued and they no longer face daily threats to their humanity.” – Yolanda Sealey-Ruiz, Assistant Professor, Teachers College, Columbia University “While motivated by Trayvon Martin’s unfortunate and tragic death, this impressive collection serves as a one-of-a-kind tribute to Martin and will help to keep his legacy alive. The contributions are evocative and accessible, and while the focus is on Martin, the contributions also call attention to mundane, severe, and systemic racial wrongdoings, biases in existing research, colorblindness and white privilege, and erasures of history and failures of memory.” – Tony E. Adams, Professor at Northeastern Illinois University and NCA book award winner “The editors and contributors have taken a tragic topic and presented it in a way that is engaging, effective, and surprisingly optimistic. There is a style for everyone here, making it a

great text for multiple audiences and classrooms. A truly superb addition to any classroom and a great read for those interested in social justice in today's world." - U. Melissa Anyiwo, Professor and Coordinator of African American Studies, Curry College "Trayvon Martin, Race, and American Justice: Writing Wrong is true to its title; it focuses attention—through critical writing—on the pernicious, pervasive, and persistent violence waged against black men, especially black male youth, in American society. Using the still unpunished pre-meditated murder of Trayvon Martin as a highly emblematic example of this violence, the editors and authors use carefully crafted and sequenced poetry and prose to write truth to power about the economic, political, social, and cultural factors that produce and reproduce systemic aggression toward especially men and boys of African descent, but also toward members of other societally minoritized groups. The breadth and depth of the

contributions included in Trayvon Martin, Race, and American Justice: Writing Wrong makes it a particularly valuable resource for faculty and students engaged in teaching, learning, research, service, and activism related to issues of race, racism, blackness, whiteness, class, caste, classism, language, dialect, literacy, linguicism, geographic and national origin, immigration status, sex, gender, gender identity and expression, masculinity, sexual orientation, size, appearance, and, more broadly, equity, equality, and social justice. Chapters reflect the thoughtful insight and advanced expertise of their authors, who bring increased levels of complexity to historical and contemporary dialogue, discussion, and debate about especially race and racism in the United States. The editors' selection of contributors and organization of contributions balances pain truth-telling with hope and possibility for a more just future. In sum, Trayvon Martin, Race, and American Justice: Writing Wrong reciprocally

links theory and practice relating to issues of power, privilege, oppression, discrimination—and liberation.” – Christine Clark, Professor & Senior Scholar in Multicultural Education, and Founding Vice President for Diversity and Inclusion, University of Nevada, Las Vegas “Chapters in this timely and probing book stare straight at a difficult incident, refuse to ignore injustice, but call on a higher purpose of great academic criticism in “writing the wrong.” Here the wrong is the corrosive and sometimes lethal bias by many in power toward black males, who are too often seen as dangerous and disposable in American society. The killing of Trayvon Martin and the subsequent acquittal of his killer George Zimmerman are examined by minds informed by reflection on theory and history. We hear of conversations that black parents, particularly mothers who often felt on trial themselves, had with their teenage sons. Some of these endangered sons were outraged by the act and

verdict, while some others were indifferent. Chapters are devoted to the incident, the trial and aftermath, and to the future of the struggle against racial injustice. Through what T. J. Yosso calls “resistant capital” we are urged to continue to interrogate a judicial system that prosecutes not only black males but their parents and families. There is much to learn here about the current state of social justice and the way we live with and among each other. In both prose and poetry these impassioned authors strive to write the wrong of Trayvon Martin and many others like him. I recommend this volume highly and will use it in my graduate classes.” – AG Rud, Distinguished Professor, College of Education, Washington State University Kenneth J. Fasching-Varner, PhD is Shirley B. Barton Endowed Assistant Professor of Foundations and Elementary Education and holds a Ph.D in Language, Literacy, and Culture from The Ohio State University. Rema E. Reynolds, PhD is Assistant Professor of Education Policy,

Organization, and Leadership and holds a doctorate in Education from the University of California, Los Angeles. Katrice A. The Encyclopedia will offer an interdisciplinary perspective into these and many other social problems that are a continuing concern in our lives, whether we confront them on a personal, local, regional, national, or global level.

[The Rising Tide of Color Against White World-supremacy](#) - Lothrop Stoddard 1921

The Cultural Cold War - Frances Stonor Saunders 2013-11-05

During the Cold War, freedom of expression was vaunted as liberal democracy's most cherished possession—but such freedom was put in service of a hidden agenda. In *The Cultural Cold War*, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet of the [CIA's] activities between 1947 and 1967" by the *New York Times*, the book presents shocking evidence of the CIA's undercover program of cultural interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the

Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (The Wall Street Journal), and its story of covert cultural efforts to win hearts and minds continues to be relevant today.

The Social Construction of Race and Ethnicity in the United States - Joan Ferrante-Wallace 2001 This groundbreaking collection of classic and cutting edge sociological research gives special attention to the social construction of race and ethnicity in the United States. It offers an in-depth and eye-opening analysis of (a) the power of racial classification to shape our understanding of race and race relations, (b) the way in which the system came into being and

remains, and (c) the real consequences this system has on life chances. The readings deal with five major themes: the personal experience of classification schemes; classifying people by race; ethnic classification; the persistence, functions, and consequences of social classification; and a new paradigm: transcending categories. For individuals who want to gain a fuller understanding of the impact the ideas of race has on a society that is consumed by it. *Welcoming the Stranger* - Matthew Soerens 2018-07-03

World Relief staffers Matthew Soerens and Jenny Yang move beyond the rhetoric to offer a Christian response to immigration. With careful historical understanding and thoughtful policy analysis, they debunk myths about immigration, show the limits of the current immigration system, and offer concrete ways for you to welcome and minister to your immigrant neighbors.

[Life of Pi](#) - Yann Martel 2022-01-27

"Life of Pi will make you believe in the power of theatre" (Times). After a cargo ship sinks in the middle of the vast Pacific Ocean, there are five survivors stranded on a lifeboat - a hyena, a zebra, an orangutan, a Royal Bengal tiger, and a sixteen year-old boy named Pi. Time is against them, nature is harsh, who will survive? Based on one of the most extraordinary and best-loved works of fiction - winner of the Man Booker Prize, selling over fifteen million copies worldwide - and featuring breath-taking puppetry and state-of-the-art visuals, Life of Pi is a universally acclaimed, smash hit adaptation of an epic journey of endurance and hope. Adapted by acclaimed playwright Lolita Chakrabarti, this edition was published to coincide with the West End premiere in November 2021.

Around the World in 80 days - Jules Verne
1881

Around the World in Eighty Days, an adventure novel first published in 1873, was written by the French writer Jules Verne. Phileas Fogg is a rich

Englishman living in London, whose life moves strictly by the clock. He employs a new servant, Passepartout, after his previous servant makes the silly mistake of serving shaving water two degrees cold. Later that day, Phileas goes to the Reform Club as usual, where he gets into an argument with his whist partners who debate whether one can travel all around the world in eighty days. He bets a fortune to prove that he can accomplish the feat, being unaware that a look-alike has recently robbed a bank.

Folk Devils and Moral Panics - Stanley Cohen
2011

'Richly documented and convincingly presented'
-- New Society Mods and Rockers, skinheads, video nasties, designer drugs, bogus asylum seekers and hoodies. Every era has its own moral panics. It was Stanley Cohen's classic account, first published in the early 1970s and regularly revised, that brought the term 'moral panic' into widespread discussion. It is an outstanding investigation of the way in which the media and

often those in a position of political power define a condition, or group, as a threat to societal values and interests. Fanned by screaming media headlines, Cohen brilliantly demonstrates how this leads to such groups being marginalised and vilified in the popular imagination, inhibiting rational debate about solutions to the social problems such groups represent. Furthermore, he argues that moral panics go even further by identifying the very fault lines of power in society. Full of sharp insight and analysis, *Folk Devils and Moral Panics* is essential reading for anyone wanting to understand this powerful and enduring phenomenon. Professor Stanley Cohen is Emeritus Professor of Sociology at the London School of Economics. He received the Sellin-Glueck Award of the American Society of Criminology (1985) and is on the Board of the International Council on Human Rights. He is a member of the British Academy.

Defenders of Freedom - Vincent N. Parrillo
2015-09-01

Based on actual events, this historical novel tells of people fighting for minority rights against oppressors. Although briefly about soldiers in the First World War, this is mainly the story of advocates on behalf of immigrants, of activists for women's right to vote, and of one man who, as the Ellis Island Commissioner, defied his bosses in Washington and even Congress to ensure that helpless victims of patriotic hysteria would have due process of law.
