Verity - Colleen Hoover 2021-10-05

#1 New York Times Bestseller USA Today Bestseller The Globe and Mail Bestseller Publishers Weekly Bestseller Whose truth is the lie? Stay up all night reading the sensational psychological thriller that has readers obsessed, from the #1 New York Times bestselling author of *It Ends With Us*. Lowen Ashleigh is a struggling writer on the brink of financial ruin when she accepts the job offer of a lifetime. Jeremy Crawford, husband of bestselling author Verity Crawford, has hired Lowen to complete the remaining books in a successful series his injured wife is unable to finish. Lowen arrives at the Crawford home, ready to sort through years of Verity's notes and outlines, hoping to find enough material to get her started. What Lowen doesn't expect to uncover in the chaotic office is an unfinished autobiography Verity never intended for anyone to read. Page after page of bone-chilling admissions, including Verity's recollection of the night her family was forever altered. Lowen decides to keep the manuscript hidden from Jeremy, knowing its contents could devastate the already grieving father. But as Lowen's feelings for Jeremy begin to intensify, she recognizes all the ways she could benefit if he were to read his wife's words. After all, no matter how devoted Jeremy is to his injured wife, a truth this horrifying would make it impossible for him to continue loving her.

The Highly Sensitive Person - Elaine N. Aron 2013-12-01

The 25TH ANNIVERSARY EDITION of the original ground-breaking book on high sensitivity with over 500,000 copies sold. ARE YOU A HIGHLY SENSITIVE PERSON? Do you have a keen imagination and vivid dreams? Is time alone each day as essential to you as food and water? Are you noted for your empathy? Your conscientiousness? Do noise and confusion quickly overwhelm you? If your answers are yes, you may be a highly sensitive person (HSP) and Dr. Elaine Aron's *The Highly Sensitive Person* is the life-changing guide you'll want in your toolbox. Over twenty percent of people have this amazing, innate trait. Maybe you are one of them. A similar percentage is found in over 100 species, because high sensitivity is a survival strategy. It is also a way of life for HSPs. In this 25th anniversary edition of the groundbreaking classic, Dr. Elaine Aron, a research and clinical psychologist as well as an HSP herself, helps you grasp the reality of your wonderful trait, understand your past in the light of it, and make the most of it in your future. Drawing on her many years of study and face-to-face time spent with thousands of HSPs, she explains the changes you will need to make in order to lead a fuller, richer life. Along with a new Author's Note, the latest scientific research, and a fresh discussion of anti-depressants, this edition of *The Highly Sensitive Person* is more essential than ever for creating the sense of self-worth and empowerment every HSP deserves and our planet needs. "Elaine Aron has not only validated and scientifically corroborated high sensitivity as a trait—she has given a level of empowerment and understanding to a large group of the planet's population. I thank Dr. Aron every day for her having brought this awareness to the world." —Alanis Morissette, artist, activist, teacher

My Book of Brave - Maureen Gaspari 2017-04-03

Being brave doesn't mean that you are never scared. Bravery means being able to gain control of your fears and move forward. "My Book of Brave" is a unique journal that aims to help anxious children identify their fears and take control of them. Each page of this book provides space to write down a situation from their day and record it in a way that feel most comfortable, whether that be through coloring, writing, drawing or all three. There are 145 pages in this journal, each one

consisting of a feelings chart that can be colored to identify how scary a situation felt, a lined section for writing and a blank box for drawing. Use this book as a journal or diary and track progress over time to see where anxiety has decreased and self-confidence has increased. My Book of Brave includes * A beginning quote about being brave * An explanation on how to use the journal * 145 journal pages - each consisting of a scary chart, lined box section for writing and a box for drawing * A scary chart on the back to use for discussion with a trusted adult A great gift for any child struggling with anxiety in their life.

Supporting the Highly Sensitive Child - James Williams 2017-01-22

This simple, concise book steps beyond a basic understanding of high sensitivity, looking at the challenges and distress that meltdowns can cause for highly sensitive children. And for you. A meltdown can be a terrifying experience for a highly sensitive child and for people witnessing it. This guide gives you the confidence to understand what having a meltdown means, and the knowledge to provide support and comfort. We help you to navigate the reasons why meltdowns happen and how to prevent them where possible, as well as the vital need to be compassionate and caring with yourself and others when they do occur.

The Highly Sensitive Person's Workbook - Elaine N. Aron, Ph.D. 1999-06-08

Are you a Highly Sensitive Person? If so, this workbook is for you. Do noise and confusion quickly overwhelm you? Do you have a rich inner life and intense dreams? Did parents or teachers call you "too shy" or "too sensitive"? If you answered yes to any of these questions, you may be a Highly Sensitive Person (HSP). High sensitivity is a trait shared by 20 percent of the population, according to Dr. Elaine Aron, a clinical psychologist and workshop leader and the bestselling author of *The Highly Sensitive Person*. The enormous response to her book led Dr. Aron to create *The Highly Sensitive Person's Workbook*, designed to honor that long-ignored, trampled-on part of yourself—your sensitivity. A collection of exercises and activities for both individuals and groups, this workbook will help you identify the HSP trait in yourself, nurture the new, positive self-image you deserve, and create a fuller, richer life. You will be able to: Identify your specific sensitivities with self-assessment tests Reframe past experiences in a more positive light Interpret dreams and relate them to your sensitivity Cope with overarousal through relaxation, breathing, and visualization techniques Describe your trait in a work interview or to an unsympathetic family member, new friend, doctor, or therapist

Raising A Highly Sensitive Child - Alissa Taylor 2021-06-07

Are you the parent of a highly sensitive child, and are you looking for some advice to raise them good and happy? If yes, then keep reading! Raising a highly sensitive child can be a challenging task. But it is not as difficult as you might think. All children are born with an innate sensitivity to their environment. The things that would create an emotional response in a child can overwhelm the senses of a highly sensitive child so that they withdraw or react excessively. To raise a highly sensitive child, you must understand what it means to have Highly Sensitive Person (HSP) traits. Being highly sensitive has nothing to do with being shy or introverted. Some people think that shyness is a form of sensitivity, but they are incorrect. Shyness causes you to avoid crowds and be easily overwhelmed, while sensitivity causes you to be more aware of your surroundings and notice subtleties in the world around you. This book covers: - What is a highly sensitive child? - Symptoms of anxiety in children - Touched by the beauty of emotionality - Autism and

high sensitivity (differences and similarities) - Six ways to help your sensitive child respond more successfully - Eight things to say instead of "stop crying" ...And much more! To successfully raise and care for your highly sensitive child, you need to know what they can handle. Once you have determined their limits, be sure to give them space when possible and encourage them to take breaks often from overwhelming activities. And don't worry, with confidence and understanding, it is possible to raise a happy and well-adjusted highly sensitive child. Click "buy now" to learn more!

[The Empathic Parent's Guide to Raising a Highly Sensitive Child](#) - Freeda Meighan 2020-02-14

Have other people called your child 'too sensitive'? Do you have children who cry too easily or have too many particular demands? Have you felt at a loss on how to confront your child who may be too emotional and flies off into tantrums easily? Your child may be a highly sensitive child. High sensitivity is a personality trait that may not be common but exists in 15 to 20 percent of our population. They are ordinary people, but highly sensitive people may just have some particular needs not shared by everyone. Having a highly sensitive child may be challenging for parents and many have searched for resources on how to take care of them. This book is a product of my own experience of taking care of a highly sensitive child. Hopefully, the insights I have gathered from my personal experience with HSC may also help other parents in taking better care of their highly sensitive children. In this book, you will learn: What a highly sensitive child is and what causes such a personality trait Ways on disciplining a highly sensitive child Proper attitude and approaches to adopt when caring for a highly sensitive child Issues that may hound a highly sensitive child in their adulthood Get this book and you will never look at your child in the same way again. You will learn to appreciate the giftedness of your child's sensitivity and even be thankful you had one. May your parenting problems find confidence in this book dedicated to the creativity of highly sensitive children.

[My Great Big Feelings](#) - Christin Tolentino 2018-02-27

For highly sensitive children and those with sensory processing difficulties. Sweet illustrations and lovely rhymes grace the pages of this special book. Overstimulation and deep empathy are among the many powerful experiences which often accompany being a highly sensitive person. Accepting and embracing heightened sensitivity is one of the most important things we can help our children (and ourselves) learn to do. As we follow along the story of this highly sensitive child, we discover how we can accept, manage and ultimately appreciate possessing this gift of sensitivity. My Great Big Feelings is comforting and empowering for highly sensitive people of all ages. Sensitivities covered in story include: noises, tags/uncomfortable clothing, lights, feeling other's emotions, food textures/temperatures, stressful/overwhelming feelings in general.

[The Highly Sensitive Person in Love](#) - Elaine N. Aron, Ph.D. 2009-11-04

Do you fall in love hard, but fear intimacy? Are you sick of being told that you are "too sensitive"? Do you struggle to respect a less-sensitive partner? Or have you given up on love, afraid of being too sensitive or shy to endure its wounds? Statistics show that 50 percent of what determines divorce is genetic temperament. And, if you are one of the 20 percent of people who are born highly sensitive, the risk of an unhappy relationship is especially high. Your finely tuned nervous system, which picks up on subtleties and reflects deeply, would be a romantic asset if both you and your partner understood you better. But without that understanding, your sensitivity is likely to be making your close relationships painful and complicated. Based on Elaine N. Aron's groundbreaking research on temperament and intimacy, *The Highly Sensitive Person in Love* offers practical help for highly sensitive people seeking happier, healthier romantic relationships. From low-stress fighting to sensitive sexuality, the book offers a wealth of practical advice on making the most of all personality combinations. Complete with illuminating self-tests and the results of the first survey ever done on sex and temperament, *The Highly Sensitive Person in Love* will help you discover a better way of living and loving.

[Sensitive and Strong](#) - Denise J. Hughes 2019-10-22

Embrace the Unique Way God Designed You Perhaps you're bothered by bright lights or you struggle to tune out background noise. Maybe you're quick to notice the details others miss or you need more time to process events. You may feel emotions deeply and hear, "You're just too sensitive." But what if you learned you're not "too sensitive"? What if your sensitivity is part of your design and comes with corresponding strengths? One in five people are HSPs—Highly Sensitive Persons—with the genetic trait of sensory sensitivity. As an HSP, you are not fragile or

frail. You can be a strong friend in relationships, strong partner in business, and strong member of your community. *Sensitive and Strong* is your guide to navigating the HSP journey of exploration and growth. It will help you... discover you're different, not defective understand your genetic disposition to an over-abundance of stimuli see how your sensitivities correlate to key strengths respond to stressful situations with confidence and calm harness your strengths to serve others Release the worry that you're "too high maintenance" or just plain "too much" and embrace the many ways you can be both sensitive and strong.

[Why Is My Child in Charge?](#) - Claire Lerner 2021-09-02

Solve typical toddler challenges with eight key mindshifts that will help you parent with clarity, calmness and self-control. Through stories from her practice, Claire Lerner shows parents how making critical mindshifts—seeing their children's behaviors through a new lens—empowers parents to solve their most vexing childrearing challenges. This process puts parents back in the driver's seat, where they belong and where their children need them to be. These real life stories provide a roadmap for how to tune into the root causes of children's behavior and how to create and implement strategies that are tailored to the unique needs of each child and family. Through these stories, Claire provides a treasure trove of practical solutions that are based in science and which work in real life. *Why Is My Child In Charge?* picks up where other books have left parents hanging. Most parenting books offer solutions that sound good on paper but don't work in practice. They are aspirational rather than achievable, or they offer one-size-fits-all approaches that don't meet the needs of an individual child. They can compound parents' feelings of frustration and thus, can be counterproductive. Case by case, Claire unpacks the individualized process she guides parents through to solve the most common challenges such as throwing tantrums in public; delaying bedtime for hours; refusing to participate in family mealtimes; and resisting potty training. Employing a relatable story-telling approach, Claire elucidates: The faulty mindsets that pose obstacles to parents seeing the situation more objectively The essential mindshifts that enable parents to quickly identify the root causes of the problem The development of an action plan tailored to each unique child and family *Why is My Child in Charge?* is like having a child development specialist in your home. It shows how you can develop "win-win" strategies that translate into adaptable, happy kids and calm, connected and in-control parents. It will help you be the parent you want to be.

[The Highly Sensitive Parent](#) - Elaine N. Aron 2020-03-31

First, she taught you the value of your highly sensitive nature in her bestselling classic *The Highly Sensitive Person*. Now, Dr. Elaine Aron is back to teach you how to utilize your sensitivity to tackle a new challenge: Parenthood. Parenting is the most valuable and rewarding job in the world, and also one of the most challenging. This is especially true for highly sensitive people. Highly sensitive parents are unusually attuned to their children. They think deeply about every issue affecting their kids and have strong emotions, both positive and negative, in response. For highly sensitive people, parenting offers unique stresses—but the good news is that sensitivity can also be a parent's most valuable asset, leading to increased personal joy and a closer, happier relationship with their child. Dr. Elaine Aron, world-renowned author of the classic *The Highly Sensitive Person* and other bestselling books on the trait of high sensitivity, has written an indispensable guide for these parents. Drawing on extensive research and her own experience, she helps highly sensitive parents identify and address the implications of their heightened sensitivity, offering:

- A self-examination test to help parents identify their level of sensitivity
- Tools to cope with overstimulation
- Advice on dealing with the negative feelings that can surround parenting
- Ways to manage the increased social stimulation and interaction that comes with having a child
- Techniques to deal with shyness around other parents
- Insight into the five big problems that face highly sensitive parents in relationships—and how to work through them

Highly sensitive people have the potential to be not just good parents, but great ones. Practical yet warm and positive, this groundbreaking guide will show parents how to build confidence, awareness, and essential coping skills so that they—and their child—can thrive on every stage of the parenting journey. "This book is filled with validating, healing and empowering information about how to navigate one of the most important roles of our lives while being highly sensitive. It changed my life in the most healing and empowering ways." —Alanis Morissette, artist, activist, teacher

[I Had a Black Dog](#) - Matthew Johnstone 2012-03-01

I Had a Black Dog says with wit, insight, economy and complete understanding what other books take 300 pages to say. Brilliant and

indispensable.' - Stephen Fry 'Finally, a book about depression that isn't a prescriptive self-help manual. Johnston's deftly expresses how lonely and isolating depression can be for sufferers. Poignant and humorous in equal measure.' Sunday Times There are many different breeds of Black Dog affecting millions of people from all walks of life. The Black Dog is an equal opportunity mongrel. It was Winston Churchill who popularized the phrase Black Dog to describe the bouts of depression he experienced for much of his life. Matthew Johnstone, a sufferer himself, has written and illustrated this moving and uplifting insight into what it is like to have a Black Dog as a companion and how he learned to tame it and bring it to heel.

Breathe, Mama, Breathe - Shonda Moralis 2017-01-03

A "Mom Must-Read"—Parents A National Parenting Product Award (NAPPA) Winner Easy-to-follow practices that will help moms find quick, daily opportunities to reset and refocus with mindfulness Moms can feel as if they are sprinting through life, crashing onto the pillow at day's end only to start again the next morning. In *Breathe, Mama, Breathe*, psychotherapist Shonda Moralis outlines the benefits of daily meditation and shows moms how to do it—in just five minutes! Plus, she shares over 60 "mindful breaks" that will help moms tune into their own well-being (along with everyone else's): Eat a mindful breakfast—with no phone, TV, or newspaper! Cuddle your child and take three deep breaths together. Give yourself a mindful-mommy high five—because moms can use positive reinforcement, too. Every mom—whether caring for a new baby, an overscheduled grade-schooler, or an angsty teen—can become a mindful mama!

Raising A Highly Sensitive Child - Katherine Guzman 2021-06
Learn how to nurture your highly sensitive child by elevating their strengths and navigating their differences. Does your child often experience meltdowns or have trouble with highly stimulating environments? Or maybe they are highly intuitive and empathetic? These traits could all be signs that your child is highly sensitive. While being highly sensitive is a personality trait rather than a psychological disorder, your child may develop other disorders, such as anxiety or depression, more easily. Luckily, you can help guide them through their feelings once you understand what they are experiencing. You are not alone; 15-20% of children are highly sensitive, with many being misunderstood as simply fussy or introverted. Katherine Guzman is an authority on the subject after raising a highly sensitive child. Through years of learning about this strong personality trait, they are ready to share their knowledge with you. Katherine has the answers you need, as a parent who is enthusiastic about learning how to effectively raise mentally strong and healthy children. You and your child can learn to expertly manage your child's meltdowns and other unusual feelings. If you are ready to help your child navigate their differences and help them thrive by learning their strengths, then you need to read *Raising a Highly Sensitive Child*. Learning whether your child is highly sensitive will not only help them live a more fulfilling life while growing into healthy adults, but you as a parent will benefit as well. You will learn how to deal with your child's seemingly uncontrollable meltdowns and strong personalities. You will be given the tools to navigate their traits and help them use them to their advantage rather than being held back by what can be seen as weaknesses to others. Your child has exceptional abilities that they can utilize if they are given the correct tools to do so. You can help them see these strengths. Inside *Raising a Highly Sensitive Child*, you will learn: To effectively handle unexpected meltdowns The concept of being highly sensitive The science behind highly sensitive children What it means to be an introvert The different types of sensitive personalities The importance of praising your child's unique strengths How to empower your child to cope with external stimuli Expert advice to constructively discipline your child The common traits of highly sensitive children How to prevent your child from suffering And much more... You may be feeling overwhelmed and stressed if your child displays difficult traits such as constant meltdowns. It is every parent's fear that they are raising their child incorrectly. Simply seeking out help to better understand your child means that you are taking the right steps. Don't let your child suffer through their confusing behavior anymore. Scroll up and click "Buy now" button to discover the path that leads to better parenting!

Quiet Power - Susan Cain 2016-05-03

The monumental bestseller *Quiet* has been recast in a new edition that empowers introverted kids and teens Susan Cain sparked a worldwide conversation when she published *Quiet: The Power of Introverts in a World That Can't Stop Talking*. With her inspiring book, she permanently changed the way we see introverts and the way introverts see

themselves. The original book focused on the workplace, and Susan realized that a version for and about kids was also badly needed. This book is all about kids' world—school, extracurriculars, family life, and friendship. You'll read about actual kids who have tackled the challenges of not being extroverted and who have made a mark in their own quiet way. You'll hear Susan Cain's own story, and you'll be able to make use of the tips at the end of each chapter. There's even a guide at the end of the book for parents and teachers. This insightful, accessible, and empowering book, illustrated with amusing comic-style art, will be eye-opening to extroverts and introverts alike.

The Strong, Sensitive Boy - Ted Zeff 2010-05

In this groundbreaking book, psychologist Zeff explores the unique challenges of sensitive boys, showing parents, educators, and mentors how to help them grow into strong, happy, and confident men.

UnSelfie - Michele Borba 2017-05-23

Includes a Touchstone reading group guide in unnumbered pages at end of work.

The Highly Sensitive Person - Elaine N. Aron, Ph.D. 2020-05-26

The 25TH ANNIVERSARY EDITION of the original ground-breaking book on high sensitivity with over 500,000 copies sold. ARE YOU A HIGHLY SENSITIVE PERSON? Do you have a keen imagination and vivid dreams? Is time alone each day as essential to you as food and water? Are you noted for your empathy? Your conscientiousness? Do noise and confusion quickly overwhelm you? If your answers are yes, you may be a highly sensitive person (HSP) and Dr. Elaine Aron's *The Highly Sensitive Person* is the life-changing guide you'll want in your toolbox. Over twenty percent of people have this amazing, innate trait. Maybe you are one of them. A similar percentage is found in over 100 species, because high sensitivity is a survival strategy. It is also a way of life for HSPs. In this 25th anniversary edition of the groundbreaking classic, Dr. Elaine Aron, a research and clinical psychologist as well as an HSP herself, helps you grasp the reality of your wonderful trait, understand your past in the light of it, and make the most of it in your future. Drawing on her many years of study and face-to-face time spent with thousands of HSPs, she explains the changes you will need to make in order to lead a fuller, richer life. Along with a new Author's Note, the latest scientific research, and a fresh discussion of anti-depressants, this edition of *The Highly Sensitive Person* is more essential than ever for creating the sense of self-worth and empowerment every HSP deserves and our planet needs. "Elaine Aron has not only validated and scientifically corroborated high sensitivity as a trait—she has given a level of empowerment and understanding to a large group of the planet's population. I thank Dr. Aron every day for her having brought this awareness to the world." —Alanis Morissette, artist, activist, teacher

The Boy with Big, Big Feelings - Britney Winn Lee 2019-08-20

Meet a boy with feelings so big that they glow from his cheeks, spill out of his eyes, and jump up and down on his chest. When a loud truck drives by, he cries. When he hears a joke, he bursts with joy. When his loved ones are having a hard day, he feels their emotions as if they were his own. The boy tries to cope by stuffing down his feelings, but with a little help and artistic inspiration, the boy realizes his feelings are something to be celebrated. Written by debut picture book author Britney Winn Lee and boldly illustrated by Jacob Souva, *The Boy with Big, Big Feelings* is relatable for any child, but especially for children experiencing anxiety and extreme emotions, or who have been diagnosed with autism or as a Highly Sensitive Person.

I Don't Like Birthday Parties! - Maureen Gaspari 2021-09-16

More than anything, Lucas wants to enjoy birthday parties like his friends... but he is overwhelmed by all of the sights, sounds and sensations that come with celebrations. When he gets invited to a birthday party for his friend, he makes a brave plan to join in, thinking that he should act like everyone else. But when his plan fails, a new friend teaches him that there is more than one way to enjoy a birthday party... and that's perfectly fine.

The Highly Intuitive Child - Catherine Crawford 2009-02

Provides guidance for raising intuitive children, including techniques to prevent sensory overload and reduce stress, advice on when and how to seek professional help, and how to minimize other every day challenges they face.

Being There - Erica Komisar 2017-04-11

A powerful look at the importance of a mother's presence in the first years of life **Featured in *The Wall Street Journal*, and seen on *Good Morning America*, *Fox & Friends*, and *CBS New York*** In this important and empowering book, veteran psychoanalyst Erica Komisar explains why a mother's emotional and physical presence in her child's life--

especially during the first three years--gives the child a greater chance of growing up emotionally healthy, happy, secure, and resilient. In other words, when it comes to connecting with your baby or toddler, more is more. Compassionate and balanced, and focusing on the emotional health of children and moms alike, this book shows parents how to give their little ones the best chance for developing into healthy and loving adults. Based on more than two decades of clinical work, established psychoanalytic theory, and the most cutting-edge neurobiological research on caregiving, attachment, and brain development, *Being There* explains:

- How to establish emotional connection with a newborn or young child--regardless of whether you're able to work part-time or stay home
- How to ease transitions to minimize stress for your baby or toddler
- How to select and train quality childcare
- What's true and false about widely held beliefs like "I'm not good with babies" and "I'll make up for it when he's older"
- How to recognize and combat feelings of postpartum depression or boredom
- Why three months of maternity leave is not long enough--and how parents can take control of their choices to provide for their family's emotional needs in the first three years

Being a new mom isn't easy. But with support, emotional awareness, and coping skills, it can be the most magical—and essential—work we'll ever do.

Understanding the Highly Sensitive Person - James Williams
2020-11-17

What is high sensitivity? How can you tell whether a person is highly sensitive? How does the highly sensitive person experience the world? This little guide offers straightforward answers to these questions - and plenty more that you may have about high sensitivity. With his trademark simplicity and compassion, author James Williams guides you through how it is to be highly sensitive, and the particular challenges and strengths of this personality trait. This is High Sensitivity 101, with clear, 'in a nutshell' information that helps you to understand yourself or someone close to you. And this understanding can make a world of difference. Before recognising high sensitivity, you may be stumbling about in the dark. With this book, you'll turn on the light.

The Highly Sensitive Child - Elaine N. Aron, Ph.D. 2002-10-08

The bestselling author and psychologist whose books have topped 240,000 copies in print now addresses the trait of "high sensitivity" in children--and offers a breakthrough parenting guidebook for highly sensitive children and their caregivers. With the publication of *The Highly Sensitive Person*, Elaine Aron became the first person to identify the inborn trait of "high sensitivity" and to show how it affects the lives of those who possess it. Up to 20 percent of the population is born highly sensitive, and now in *The Highly Sensitive Child*, Aron shifts her focus to highly sensitive children, who share the same characteristics as highly sensitive adults and thus face unique challenges as they grow up. Rooted in Aron's years of experience as a psychotherapist and her original research on child temperament, *The Highly Sensitive Child* shows how HSCs are born deeply reflective, sensitive to the subtle, and easily overwhelmed. These qualities can make for smart, conscientious, creative children, but with the wrong parenting or schooling, they can become unusually shy or timid, or begin acting out. Few parents and teachers understand where this behavior comes from--and as a result, HSCs are often mislabeled as overly inhibited, fearful, or "fussy," or classified as "problem children" (and in some cases, misdiagnosed with disorders such as Attention Deficit Disorder). But raised with proper understanding and care, HSCs are no more prone to these problems than nonsensitive children and can grow up to be happy, healthy, well-adjusted adults. In this pioneering work, parents will find helpful self-tests and case studies to help them understand their HSC, along with thorough advice on:

- The challenges of raising an highly sensitive child
- The four keys to successfully parenting an HSC
- How to soothe highly sensitive infants
- Helping sensitive children survive in a not-so-sensitive world
- Making school and friendships enjoyable

With chapters addressing the needs of specific age groups, from newborns through teens, *The Highly Sensitive Child* delivers warmhearted, timely information for parents, teachers, and the sensitive children in their lives.

Say Nothing - Patrick Radden Keefe 2019-02-26

NEW YORK TIMES BESTSELLER • From the author of *Empire of Pain*—a stunning, intricate narrative about a notorious killing in Northern Ireland and its devastating repercussions "Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in 1972. In this meticulously reported book—as finely paced as a novel—Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both sides of

the conflict, he transforms the tragic damage and waste of the era into a searing, utterly gripping saga." —New York Times Book Review

Jean McConville's abduction was one of the most notorious episodes of the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the dress--with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its aftermath uses the McConville case as a starting point for the tale of a society wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past--*Say Nothing* conjures a world of passion, betrayal, vengeance, and anguish. Look for Patrick Radden Keefe's latest bestseller, *Empire of Pain*

Supporting the Highly Sensitive Child - James Williams 2015-10-28

It's not easy to be a highly sensitive child. Nor is it always easy to raise, care for, guide and teach a highly sensitive child. This simple, concise book steps beyond a basic understanding of high sensitivity, looking at the challenges and distress that meltdowns can cause for highly sensitive children. And for you. A meltdown can be a terrifying experience for a highly sensitive child and for people witnessing it. This guide gives you the confidence to understand what having a meltdown means, and the knowledge to provide support and comfort. We help you to navigate the reasons why meltdowns happen and how to prevent them where possible, as well as the vital need to be compassionate and caring with yourself and others when they do occur.

The Orchid and the Dandelion - W. Thomas Boyce MD 2019-01-29

"Based on groundbreaking research that has the power to change the lives of countless children--and the adults who love them." --Susan Cain, author of *Quiet: The Power of Introverts*. A book that offers hope and a pathway to success for parents, teachers, psychologists, and child development experts coping with difficult children. In Tom Boyce's extraordinary new book, he explores the "dandelion" child (hardy, resilient, healthy), able to survive and flourish under most circumstances, and the "orchid" child (sensitive, susceptible, fragile), who, given the right support, can thrive as much as, if not more than, other children. Boyce writes of his pathfinding research as a developmental pediatrician working with troubled children in child-development research for almost four decades, and explores his major discovery that reveals how genetic make-up and environment shape behavior. He writes that certain variant genes can increase a person's susceptibility to depression, anxiety, attention deficit hyperactivity disorder, and antisocial, sociopathic, or violent behaviors. But rather than seeing this "risk" gene as a liability, Boyce, through his daring research, has recast the way we think of human frailty, and has shown that while these "bad" genes can create problems, they can also, in the right setting and the right environment, result in producing children who not only do better than before but far exceed their peers. Orchid children, Boyce makes clear, are not failed dandelions; they are a different category of child, with special sensitivities and strengths, and need to be nurtured and taught in special ways. And in *The Orchid and the Dandelion*, Boyce shows us how to understand these children for their unique sensibilities, their considerable challenges, their remarkable gifts.

The Highly Sensitive Child - Elaine N. Aron 2003

"15-20% of children are Highly Sensitive -- and they are often labelled shy, introverted, fussy or faddy. The real story is very different though and this intelligent, practical book helps parents know what to do, when to back off, and how to ensure their child is given the right sort of treatment at school. This book is the follow up to the author's personal development guide *The Highly Sensitive Person*. It is the first and only book for parents of highly sensitive children. It provides parents with insights and information so they can understand High Sensitivity,

and help their highly sensitive child thrive in the world. It is important for these children to be understood so they can be helped to avoid the common traps of shyness and withdrawal that many highly sensitive fall into as they develop. Contains questionnaire for parents to find out if their child has the traits common in highly sensitive children. Discusses HSC's at different ages -- infant, toddler, school-age and adolescent.." -- Publisher.

Parenting the Highly Sensitive Child - Elena Jenkins 2021-04-24

Do you know what it takes to raise well a highly sensitive child? Are you confident that you can help your child reach their maximum potential while also keeping them healthy and happy? If you are not quite sure about how to do so, then this book is the right choice for you. Highly sensitive children (HSCs) are often misunderstood not just by their peers but also by their family, teachers, and caretakers. Many tend to mislabel them as shy or cold. Others think of them as slow or crybabies. Some may even view high sensitivity as a disorder that should be treated. However, these assumptions are both incorrect and harmful to the growth and development of HSCs. Fortunately, more and more parents are becoming aware of this issue--thanks in part to the growing research about how to better understand HSCs, how to guide them through different kinds of challenges and real-life situations, and how to nurture them into becoming the best versions of themselves. It's good that you are now paying more attention to this matter. However, note that the parenting strategies that will be discussed in this book require the support of the other members of your family, your friends, and the teachers who will be taking care of your child while they are at school. After all, as the famous saying goes, "It takes a village to raise a child." Most importantly, you need to get your HSC to cooperate with you. None of these strategies would work if you did not take the time to explain what high sensitivity truly means, how it could affect the different aspects of their being, and how you could help them handle or cope better with the challenges they would face in day-to-day life. Backed by years of research by several child development experts, this book shall serve as an objective guide for you as a parent of a highly sensitive child. Throughout the chapters, you will learn: How to differentiate high sensitivity from other conditions, such as autism, sensory processing disorder, and ADHD Effective parenting strategies to help your HSC thrive in various situations Tips on how to guide your HSC to developing necessary life skills and abilities Guidelines for both you and your child's teachers to ensure your HSC will have a successful, safe, and fulfilling school life A lot of the issues and challenges faced by HSCs stem from the lack of understanding about the true nature of the high sensitivity trait. Do not be one of those people who simply rely on labels and assume things about these children. As repeatedly explained by renowned HSP expert Dr. Elaine Aron, high sensitivity is a normal and innate trait. Like other personality traits, it has its advantages and drawbacks. Your role as a parent to a child who possesses this trait is to nurture and guide them--not change or mold them into the kind of person that your culture or society believes they should be. So, if you agree with this and you want to know more about the proper ways to raise a highly sensitive child, add this book to your cart now and start learning the various parenting strategies that could do wonders for your HSC.

Empath Children - Judy Dyer 2021-06-04

Are you struggling to deal with an overwhelmed empath child? Do you want to learn the most powerful strategies to cultivate your child's empathic gift? As frustrated as you might feel right now, raising an empath child is one of the greatest blessings the universe could have given you. Empath children are wonderfully powerful creatures and they must be treated as such. As a parent of an empath child, it is essential that you are fully aware of the complexities of this miraculous gift, and how to effectively handle the overwhelm your child will experience as a highly sensitive person. So how do you ensure that your empath child thrives, while simultaneously managing overwhelm? In *Empath Children*, Judy Dyer shares how to unlock the reservoir of potential deep within your empath child, despite the negative effects associated with overwhelm. It teaches you how to equip your child with the tools they need to navigate this world, not just so they can survive, but so they can thrive in a world that has a limited understanding of who they are. You will gain powerful insight into: Detecting and managing anxiety in empath children Bullying and empath children Administering gentle discipline The relationship between diet and high sensitivity The power of bedtime routines Imagine a life where your child no longer comes home from school, a friend or relative's house overwhelmed and plagued with anxiety. By consistently applying the strategies set out in this book, that's exactly what you can expect. You will discover everything you need to bring out the warrior in

your empath child so they can start living the empowered life that has been destined for them today. Discover the Secrets to Raising an Empath Today by Clicking the "Add to Cart" Button at the Top of the Page.

The Highly Sensitive Person - Elaine N. Aron, Ph.D. 1997-06-02

NATIONAL BESTSELLER • Are you a highly sensitive person? Discover how to better understand yourself and create a fuller, richer life with the help of a clinical psychologist. "To say this book changed my life would be an understatement. I am forever grateful to Elaine Aron."—Alanis Morissette, singer, songwriter, activist Do you have a keen imagination and vivid dreams? Is time alone each day as essential to you as food and water? Are you "too shy" or "too sensitive" according to others? Do noise and confusion quickly overwhelm you? If your answers are yes, you may be a Highly Sensitive Person (HSP). Most of us feel overstimulated every once in a while, but for the highly sensitive person, it's a way of life. In this groundbreaking book, Dr. Elaine Aron, a highly sensitive person herself, shows you how to identify this trait in yourself and make the most of it in everyday situations. In *The Highly Sensitive Person*, you will discover: • Self-assessment tests to help you identify your particular sensitivities • Ways to reframe your past experiences in a positive light and gain greater self-esteem in the process • Insight into how high sensitivity affects both work and personal relationships • Tips on how to deal with over-arousal • Information on medications and when to seek help • Techniques to enrich the soul and spirit Drawing on many years of research and hundreds of interviews, *The Highly Sensitive Person* will change the way you see yourself—and the world around you

The Empath's Survival Guide - Judith Orloff 2017-04-04

What is the difference between having empathy and being an empath? "Having empathy means our heart goes out to another person in joy or pain," says Dr. Judith Orloff "But for empaths it goes much farther We actually feel others' emotions, energy, and physical symptoms in our own bodies, without the usual defenses that most people have." With *The Empath's Survival Guide*, Dr. Orloff offers an invaluable resource to help sensitive people develop healthy coping mechanisms in our high-stimulus world—while fully embracing the empath's gifts of intuition, creativity, and spiritual connection. In this practical and empowering book for empaths and their loved ones, Dr. Orloff begins with self-assessment exercises to help you understand your empathic nature, then offers potent strategies for protecting yourself from overwhelm and replenishing your vital energy For any sensitive person who's been told to "grow a thick skin," here is your lifelong guide for staying fully open while building resilience, exploring your gifts of deep perception, raising empathic children, and feeling welcomed and valued by a world that desperately needs what you have to offer.

Small Fry - Lisa Brennan-Jobs 2018-09-04

A frank, smart and captivating memoir by the daughter of Apple founder Steve Jobs. Born on a farm and named in a field by her parents—artist Chrisann Brennan and Steve Jobs—Lisa Brennan-Jobs's childhood unfolded in a rapidly changing Silicon Valley. When she was young, Lisa's father was a mythical figure who was rarely present in her life. As she grew older, her father took an interest in her, ushering her into a new world of mansions, vacations, and private schools. His attention was thrilling, but he could also be cold, critical and unpredictable. When her relationship with her mother grew strained in high school, Lisa decided to move in with her father, hoping he'd become the parent she'd always wanted him to be. *Small Fry* is Lisa Brennan-Jobs's poignant story of childhood and growing up. Scrappy, wise, and funny, young Lisa is an unforgettable guide, marveling at the particular magic of growing up in this family, in this place and time, while grappling with her feelings of illegitimacy and shame. Part portrait of a complex family, part love letter to California in the seventies and eighties, *Small Fry* is an enthralling story by an insightful new literary voice.

The Out-of-Sync Child - Carol Stock Kranowitz 2006-04-04

The groundbreaking book that explains Sensory Processing Disorder (SPD)--and presents a drug-free approach that offers hope for parents--now revised and updated. Does your child exhibit... Over-responsivity--or under-responsivity--to touch or movement? A child with SPD may be a "sensory avoider," withdrawing from touch, refusing to wear certain

clothing, avoiding active games--or he may be a "sensory disregarder," needing a jump start to get moving. Over-responsivity--or under-responsivity--to sounds, sights taste, or smell? She may cover her ears or eyes, be a picky eater, or seem oblivious to sensory cues. Cravings for sensation? The "sensory craver" never gets enough of certain sensations, e.g., messy play, spicy food, noisy action, and perpetual movement. Poor sensory discrimination? She may not sense the difference between objects or experiences--unaware of what she's holding unless she looks, and unable to sense when she's falling or how to catch herself. Unusually high or low activity level? The child may be constantly on the go--wearing out everyone around him--or move slowly and tire easily, showing little interest in the world. Problems with posture or motor coordination? He may slouch, move awkwardly, seem careless or accident-prone. These are often the first clues to Sensory Processing Disorder--a common but frequently misdiagnosed problem in which the central nervous system misinterprets messages from the senses. The Out-of-Sync Child offers comprehensive, clear information for parents and professionals--and a drug-free treatment approach for children. This revised edition includes new sections on vision and hearing, picky eaters, and disorders such as autism, among other topics.

Psychotherapy and the Highly Sensitive Person - Elaine N. Aron
2011-04-27

In Psychotherapy and the Highly Sensitive Person, Dr. Elaine Aron redefines the term "highly sensitive". She dispels common misconceptions about the relationship between being sensitive and other personality traits, such as being introverted, and further defines the trait for the benefit of both the clinician and patient. Dr. Aron's book suggests ways to adapt treatment for highly sensitive patients and how to deal with the issues that usually arise, providing a helpful guide for both doctor and patient.

Not Your Typical Dragon - Dan Bar-el 2013-02-07

Everybody knows your typical dragon breathes fire. But when Crispin tries to breathe fire on his seventh birthday, fire doesn't come out--only whipped cream! Each time Crispin tries to breathe fire, he ends up with Band-Aids marshmallows teddy bears? Crispin wonders if he'll ever find his inner fire. But when a family emergency breaks out, it takes a little dragon with not-so-typical abilities to save the day. With wry humor and whimsical illustrations, Not Your Typical Dragon is the perfect story for any child who can't help feeling a little bit different.

The Midnight Library - Matt Haig 2020-09-29

The #1 New York Times bestselling WORLDWIDE phenomenon Winner of the Goodreads Choice Award for Fiction | A Good Morning America Book Club Pick | Independent (London) Ten Best Books of the Year "A feel-good book guaranteed to lift your spirits."--The Washington Post The dazzling reader-favorite about the choices that go into a life well lived, from the acclaimed author of How To Stop Time and The Comfort

Book. Somewhere out beyond the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another book for the other life you could have lived if you had made a different choice at any point in your life. While we all wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better? In *The Midnight Library*, Matt Haig's enchanting blockbuster novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the Midnight Library to decide what is truly fulfilling in life, and what makes it worth living in the first place.

The Highly Sensitive Parent - Elaine N. Aron, Ph.D. 2020-03-31

First, she taught you the value of your highly sensitive nature in her bestselling classic *The Highly Sensitive Person*. Now, Dr. Elaine Aron is back to teach you how to utilize your sensitivity to tackle a new challenge: Parenthood. Parenting is the most valuable and rewarding job in the world, and also one of the most challenging. This is especially true for highly sensitive people. Highly sensitive parents are unusually attuned to their children. They think deeply about every issue affecting their kids and have strong emotions, both positive and negative, in response. For highly sensitive people, parenting offers unique stresses--but the good news is that sensitivity can also be a parent's most valuable asset, leading to increased personal joy and a closer, happier relationship with their child. Dr. Elaine Aron, world-renowned author of the classic *The Highly Sensitive Person* and other bestselling books on the trait of high sensitivity, has written an indispensable guide for these parents. Drawing on extensive research and her own experience, she helps highly sensitive parents identify and address the implications of their heightened sensitivity, offering:

- A self-examination test to help parents identify their level of sensitivity
- Tools to cope with overstimulation
- Advice on dealing with the negative feelings that can surround parenting
- Ways to manage the increased social stimulation and interaction that comes with having a child
- Techniques to deal with shyness around other parents
- Insight into the five big problems that face highly sensitive parents in relationships--and how to work through them

Highly sensitive people have the potential to be not just good parents, but great ones. Practical yet warm and positive, this groundbreaking guide will show parents how to build confidence, awareness, and essential coping skills so that they--and their child--can thrive on every stage of the parenting journey. "This book is filled with validating, healing and empowering information about how to navigate one of the most important roles of our lives while being highly sensitive. It changed my life in the most healing and empowering ways." --Alanis Morissette, artist, activist, teacher
