English Grammar and Usage Made Easy - P.D. Antony 2016-08-08

Grammar is a subject that even the best English users tend to neglect. This book can be used as a general reference book by all. For students, it is a grammar guide to refer to any topic at a glance. The description of every rule is easily understandable without teachers' help. It covers all the grammar rules for day-to-day requirements and all parts of speech with plenty of examples. The pronouns are very well-explained, especially nominative and objective pronouns, which are often confusing for many. The case is similar with verbs and adverbs.

English Grammar - Rosemary Allen 1998

Logical English Grammar - Marlon A. Jaun 2018-02-08

Dear English students, teachers and interested party, this book you hold in your hand is very valuable to learn and teach English grammar with a system of clear definitions and in a logical way. I found out that in different grammar books and also different teachers from English schools are used different descriptions for the same meaning. When I was an English language student in Cambridge (UK), 2017, the English grammar was confused for me, because I`m a logical thinker and I will learn with a system, but I couldn`t found a logical system to learn the English grammar. The most problem was that I found different descriptions for the same meaning in different grammar books. As example in some grammar books is written Simple Past and in others Past Simple, but it is still the same. But also continuous and progressive is the same. Another difficult point was the English Tenses, because I couldn`t find a table with all Tenses so I don`t know how many they has. Also here was the problem that for the same Tense I found different descriptions. As example the Past continuous is the same as Past progressive. Another problem was that also different teachers used different descriptions for the same Tense. In some cases they described and explained the Past progressive and other teachers call them Past continuous although it is the same. Completely confused was that this Past progressive in some grammar book is called Past continuous too. This book offers you to learn grammar in a short time, because it is logical and it is a summary of different sources. Don`t waste your time anymore to research in different books to find out what`s the meaning,

definitions and descriptions is. This book solving a lot of problems which students have and it is in a compact form. With this book you save money and time. Sincerely M.A. Jaun

"Thiru V.P. Kannan has brought out a nice manual covering all the aspects of grammar in a comprehensive manner with copious examples and adequate exercises. This book will be of immense help to the students ... deliberately made very simple to enhance the grasping of rural students" Dr. V. IRAI ANBU, I.A.S. "How we say something can be as important as what we say ... Ungrammatical communications lack clarity ... The book is indeed comprehensive ... very helpful as they work to improve their skill in English grammar. Dr. Carl Perrin, Ph. D., Lakewood, NJ, USA "Unlike the conventional books, the book is well structured with units, wholesome by themselves and arranged in a logical sequence ... a boon not only to students but also to learners of English language at all levels as the book is planned and designed in the most practical and natural way." Dr. S. SHANMUGIAH, M.A., Ph.D. Registrar, Tamil Nadu Open University, Chennai "I appreciate his (author's) initiative in working out a scheme of learning English that is interesting and easy to pursue ... it enables the learner to move from the basic to the advanced and achieve mastery by correct and consistent practice ... I commend the book to every teacher and learner." Prof. R. RAJA GOVINDASAMY, M.A., M.A. (USA) Principal, Thiagarajar College, Madurai "Each topic is dealt with utmost care ... I am confident that this book will prove to be an asset to students and teachers. It will also be a source of support and guidance for parents who wish to prepare their wards for the examination and also help them to develop their proficiency in English Grammar." Real Grammar - Carl Eldridge 2016-11-16

Real Grammar takes a fresh approach to English grammar. Real Grammar gives you freedom to communicate effectively in English with clarity and confidence. Traditional grammar books tell you what people say. Real Grammar explains why we say it. Learning why will allow you to truly understand English. You will discover the core concepts of English and gain a deeper understanding of how English works. Once you understand the simple connected core concepts of English, you can use them in a variety of situations to express a wide range of ideas. Real Grammar explores English grammar in a logical way, connecting what you learn with what you already know. Real Grammar features:- Simple explanations- Clear diagrams- Real life examples- Meaningful practice Real Grammar as a teaching resource: As teachers, we want our students to use what they learn in class when they communicate in English. Knowing grammatical structures is one thing, but being able to use them in a natural way can prove challenging. The key is to get the student to understand why. This is done by:- Presenting grammar concepts clearly.- Comparing the new grammar concept to similar grammar concepts the student is already aware of. This helps the students understand the similarities and differences, developing their ability to apply grammar in a way that communicates their thoughts

clearly.- Expanding into uses in other situations. We present other contexts that a part of speech is used in, guiding the student to reason, come to their own conclusions, and discover why. Real Grammar includes explanations and practice activities that can be taught as grammar lessons or can be easily integrated into other English classes. www.realgrammar.com

The Gramming Guide to English Grammar with Exercises - Péter Simon
2016-01-05

The Gramming Guide to English Grammar is a resource book on the grammar of Standard British English. It is intended for intermediate to advanced students of English as a second or foreign language who have already studied the basic grammar of English. It covers the most important areas of English grammar and concentrates on structures which may cause difficulty at an intermediate level or above. The book starts with a pretest that helps you identify the areas you need to work on. The pretest is followed by eleven chapters, broken down to a number of subchapters that each deal with a specific grammar point. The related explanations are accompanied by real-life sample sentences, timeline diagrams, tables, and quotes. If a similar point or the same point is discussed in a different part of the book, you will find cross-references to that point. Where appropriate, chapters begin with guiding questions and end with revision questions. Most of the chapters are followed by exercises, including multiple choice, sentence transformation, error correction, gap filling and matching exercises, as well as communicative tasks that can be done in language lessons. At the end of the book, there is an appendix which contains a list of the most common irregular verb forms and the most important spelling rules; a list of the quotes that appear in the book; and a glossary that defines grammatical terms frequently used in the explanations. The chapters in this book are not arranged in order of difficulty. This way, the book can be used for quick reference on specific points of interest, as well as for systematic study, either as a self-study grammar book or as additional material in an ESL/EFL course. No matter which way you use the book, it is recommended that you follow the cross-references, which will lead you to further information on a given item. The exercises, which come with suggested answers, are best done using pen and paper. These exercises will not only help you to practise grammar but also to tie grammatical forms to real-world meaning.

The English Tenses Practical Grammar Guide - Phil Williams
2014-08-17

A comprehensive guide to the grammatical forms, rules and usage patterns of all 12 aspects of the English language, The English Tenses: Practical Grammar Guide is ideal as either an accompaniment to core texts or as a full self-study guide. For English learners of an intermediate level and above, this book introduces the reader to flexible uses of the English tenses, with simple, easy-to-follow explanations and colourful examples. This guide explains the theory behind the grammar of the different aspects of English, as well as the many ways native English speakers adapt the rules. It covers simple, continuous, perfect and perfect continuous forms in the past, present and future, explaining their uses for showing time, emphasis and other purposes. Also covered are the specific applications of bare infinitives, participles and time clauses. Phil Williams, tutor and author of the website "English Lessons Brighton," takes the reader from the past, to present to future, in a friendly, readable style - carefully comparing the tenses along the way. The book offers valuable advice to guide students towards more natural, and fluent, use of advanced English language. It highlights confusing areas in grammar, and compares individual tenses directly, to show how the rules are applied and can sometimes change.

Linguistic Perspectives on English Grammar - Martin J. Endley
2010-12-01

The proposed book is best described as a linguistically oriented textbook taking the grammar of English as its subject matter. It is directed to professional teachers of English (ESL and EFL) and their students, as well as those currently training to become teachers of English. The book is also likely to be of interest to interpreters, translators and other English language professionals. It will explore selected aspects and problem areas of English from a broadly "functional" linguistic perspective. My experience as a teacher and teacher trainer has shown me that this perspective has the potential to inspire teachers and students with a genuine enthusiasm for the grammatical features of English and that it often enables them to "make sense" of the grammar in a way that all too often other approaches signally fail to do. An important focus of the book is on understanding grammar as a series of conventionalized patterns rather than a set of rules (which is how grammar has traditionally been presented). Moreover, unlike many other grammar books, this book emphasizes how the grammatical constructions under consideration are employed in various types of communicative situation, attention being given to the importance of discourse context in interpreting the target forms. In line with contemporary linguists generally, the approach adopted is descriptive rather than prescriptive. While the main focus is on English, I offer occasional comments on how the issue under discussion is expressed in languages other than English. Apart from the inherent interest which I hope such comparisons may have for the reader, I take the view that these can be helpful in casting further light on the grammar of English.

Handbook of Communication Skills & English Grammar - Arvind Shah
2021-01-19

This book is written with the objective to make English language learning easy for good communication skills. A Concise Grammar for English Language Teachers - Tony Penston 2005

ELEMENTS OF ENGLISH GRAMMAR - Fernando Herrero Salas 2016-03-23

Esta pequeña Gramática inglesa, titulada ELEMENTS OF ENGLISH GRAMMAR ha sido concebida para su uso en las clases de enseñanza del Inglés, específicamente pensando en alumnos de 14 a 18 años, de forma que sin demasiadas explicaciones teóricas dispongan de unos cuadros sinópticos tanto de la morfología de los componentes básicos de la gramática inglesa como también de los elementos sintácticos que permitan una rápida comprensión y utilización de ellos a la hora de expresar un pequeño discurso coherente de forma inteligible, sea ello en forma escrita o hablada. Es necesaria, por tanto, su presentación y utilización en clase de forma que puedan entender o consultar luego rápidamente, por su cuenta, las estructuras y funciones que se presentan en esta pequeña obra, y que van redactados en un Inglés simple. Todas las estructuras van acompañadas de un buen número de ejemplos, sin dejar ninguna de las variantes teóricas tratadas sin ejemplificación clara. De especial utilidad son los cuadros dedicados a las Funciones y a la Sintaxis ya que la trabazón de un discurso lingüístico viene determinada por la correcta comprensión de los conjuntos y conjunciones que rigen la adecuada matización de la información comunicativa.
