With multiple starred reviews, don't miss this humorous, poignant, and original contemporary story about bullying, broken friendships, social media, and the failures of communication between kids. From John David Anderson, author of the acclaimed *Ms. Bixby's Last Day*. In middle school, words aren't just words. They can be weapons. They can be gifts. The right words can win you friends or make you enemies. They can come back to haunt you. Sometimes they can change things forever. When cell phones are banned at Branton Middle School, Frost and his friends Deedee, Wolf, and Bench come up with a new way to communicate: leaving sticky notes for each other all around the school. It catches on, and soon all the kids in school are leaving notes—though for every kind and friendly one, there is a cutting and cruel one as well. In the middle of this, a new girl named Rose arrives at school and sits at Frost's lunch table. Rose is not

like anyone else at Branton Middle School, and it's clear that the close circle of friends Frost has made for himself won't easily hold another. As the sticky-note war escalates, and the pressure to choose sides mounts, Frost soon realizes that after this year, nothing will ever be the same.

Critical Explorations of Young Adult Literature - Victor Malo-Juvera 2019-12-06

Recognizing the determination of a canon as an ongoing process of discussion and debate, which helps us to better understand the concept of meaningful and important literature, this edited collection turns a critical spotlight on young adult literature (YAL) to explore some of the most read, taught, and discussed books of our time. By considering the unique criteria which might underpin the classification of a YAL canon, this text raises critical questions of what it means to define canonicity and designate certain books as belonging to the YAL canon. Moving beyond ideas of what is taught or featured in

textbooks, the volume emphasizes the role of adolescents' choice, the influence of popular culture, and above all the multiplicity of ways in which literature might be interpreted and reflected in the lives of young readers. Chapters examine an array of texts through varied critical lenses, offer detailed literary analyses and divergent interpretations, and consider how themes might be explored in pedagogical contexts. By articulating the ways in which teachers and young readers may have traditionally interpreted YAL, this volume will extend debate on canonicity and counter dominant narratives that posit YAL texts as undeserving of canonical status. This text will be of great interest to graduate and postgraduate students, academics, professionals, and libraries in the field of young adult literature, fiction literacy, children's literacy and feminist studies.
