**Design Your Next Chapter** - Debbie Travis 2020-03-31

If you feel stuck with no idea what you should do next, lifestyle celebrity and TV pioneer Debbie Travis's bestseller is for you. Drawing on the lessons she learned in her own leap into a new way of living, along with a multitude of stories, tips and ideas to jumpstart your dreams, Debbie's created an inspiring roadmap for change. A few years ago, Debbie Travis

realized that she was no longer challenged by her wildly successful TV career, yet she was so busy she was missing out on the people and things that made her happy. She dared to dream about a whole new direction in life—a plan to turn a 13th-century farmhouse in Tuscany into a unique hotel and retreat for people who need a change as much as she did. And now she is not only living that dream but sharing it with others. Her new book draws directly on her own experiences (when she started, Debbie could barely make a bed, let alone run a hotel in a foreign county) and the uplifting stories of personal u-turns shared by women who have come to her retreats. Debbie's "commandments" will inspire women (and men) who have lost track of who they are or what they want to be; who are going through the motions of a career that doesn't satisfy them anymore; who are wondering what to do with themselves now that their kids are gone or their marriage is over. On every page, Debbie shares the tools that helped her transform her life. Her common-sense advice, often delivered with her trademark humour, will help motivate anyone who finds themselves standing at a crossroads wondering "What's next for me?"

**Working with the Law** - Raymond Holliwell 1985-01-03

Science has defined a variety of natural laws that explain the physical world and how it changes. One such law states that for every action there is a reaction, and that for every motion there is corresponding counter-motion. Whether it's visible to the human eye or not, one thing is certain - movement and change will occur as a result. Having studied these principles, author Raymond Holliwell not only understood the universal physical applications, he also understood the spiritual and mental applications as well. By using this law on a spiritual and mental level, Holliwell found that a specific thought could create a desired reaction in his personal and professional life through continual and dedicated practice. As he came to realize the expanded potential of this powerful law, he eventually recognized the ultimate source of the dramatic results - God.

For millions of readers, Bob Proctor's name is synonymous with success. A former protégé of personal development pioneer Earl Nightingale, Proctor first built a wildly successful business career, and then an internationally successful speaking career, elaborating on the principles of Napoleon Hill's Think and Grow Rich and other classic success and prosperity texts. Proctor's position in the business motivation community equals that of Stephen Covey or Og Mandino. But as is not the case with those masters, his books have never been available to the general public—until now! In The ABCs of Success—the first trade book ever published by this master of motivation and prosperity—Proctor goes beyond the simple laws of success and attraction, weighing in on sixty-seven different topics essential to all those who wish to make their dreams a reality, including persistence, winning, effectiveness, and vision. Organized in A-to-Z fashion and composed of brief essays that can be read over and over, The ABCs of Success is an essential resource for anyone who wants the combined wisdom of a century of success thinking in a single, accessible volume.

### **The School of Greatness** - Lewis Howes 2017-10-31

When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In the New York Times bestseller *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. **Life According to Me** - Eileen Gonzalez 2012

Life According to Me is a project of love in which I have been able to reflect on my life, both the mistakes and the triumphs. I have learned many lessons that I truly cherish and follow day by day, and the most important ones are to identify what I want or need, believe in my capabilities to attain it, and to go make it happen. Life is too short to sit

on the sidelines, wishing something better would come along. You need to get up and go make your luck. I want to share with you my life lessons and tell you that without a doubt, there is always hope. There are times you can't see clearly because you are stuck in a painful moment, one that clouds your judgment and keeps you trapped in sadness and uncertainty. I want you to know that there is always hope and opportunity to overcome challenges in your life. As long as you have life, you have opportunity. I have seen this in my life, and I know it's true in yours.
