Real Estate Investing For Canadians For Dummies - Douglas Gray
2009-08-26

Looking for a safe haven from the dreaded stock market? Why not consider investing in Canadian real estate? In the past five years, house prices in Canada have risen an average of 38% and, in the last year, the price of new homes surged by a whopping 4.1%, the largest annual increase since 1989. In fact, investment advisors are now suggesting that any well-diversified portfolio should contain some type of real estate investment. With all of these facts in mind, we'd like to introduce investors to the new financial wave of the future. *Real Estate Investing For Canadians For Dummies* is your answer to reliable investing for your hard-earned retirement nest egg. From real estate investing cycles to types of properties and investments, this book is full of useful tips, checklists and worksheets designed to help you make your investments

happen. Whether you're interested in single-family homes, recreational facilities, or commercial properties, this complete guide will provide you with pros, cons and how-to considerations for every real estate investing strategy.

Redefining Retirement - Margret Hovanec 2007-01-01

Boomer women are passing yet another milestone: RETIREMENT! The first wave of women to enter the workforce in significant numbers benefited from the feminist revolution and fought for a place in the world of work. Now these women are leading the rush for the exits. As they retire, they're wondering what was gained, what was lost, and what comes next. They're stepping out into trackless territory. This is the book that will show them that retirement is not the end of a productive life. It can be an exciting gateway into a future that is challenging and rewarding, always provided that we plan for it. Written by two successful professional women, a lawyer and a psychologist, the book explores the practical, personal and psychological issues surrounding retirement. With clear-eyed vigor and enthusiasm they look at what retirement will mean for Canadian women, and offer concrete strategies for gaining control of the retirement process.

Business Plans For Canadians for Dummies - Paul Tiffany
2012-09-20

The only book dedicated to helping Canadians write winning business plans, newly revised and updated Packed with everything you need to get your business moving in the right direction—whether you're part of a large corporation or a one-person show—*Business For Canadians For Dummies*, Second Edition is the ultimate guide to building a better, more productive, and more profitable business. Accessible and comprehensive, the book walks you through every milestone in business planning, including creating a right-on mission statement; pinpointing the needs of your customers; scoping out the competition; simplifying all the financial stuff; staying on top of trends, and fostering a winning atmosphere for your staff. Fully revised and updated, this new edition offers information anyone starting a business in Canada needs to know. Author and small-business expert Nada Wagner presents invaluable resources to help you

write a plan, examines how government policies affect business, and looks at business trends unique to Canada. With inspiring—and cautionary—anecdotes about Canadian businesses, *Business Plans For Canadians For Dummies* is a fun and informative read for any entrepreneur. Newly revised edition of the only book that helps Canadians write better business plans, loaded with all-new content Covers the key milestones in business planning at every stage Filled with anecdotes about real businesses to bring the concepts described vividly to life Includes a brand new sample business plan, complete with financial documents An invaluable resource for entrepreneurs and business owners across the country, *Business Plans For Canadians For Dummies, Second Edition* is the definitive book on building a business plan, and creating a better business.

Business Plans For Dummies - Paul Tiffany 2004-12-31

Whether you're launching a new business or working to strengthen or expand an established one, a business plan is your road map to success Would you take off on a road trip to a new destination without a map or good directions? Probably not. Yet sometimes business owners go full speed ahead without objectives, a mission, or even a destination in mind, much less a map showing them how to get there. That's why so many businesses have difficulty making it - and unfortunately, several don't - in today's competitive marketplace. *Business Plans For Dummies* helps you start a new business with clear goals and a path forward to reach those goals. If you already have a business, this no-nonsense and comprehensive guide can help you realistically determine where your business is and where you want to take it. You'll learn to: Create a detailed business plan Put that plan into action (instead of in a drawer) Use the plan to secure financing Prepare for opportunities Avoid common pitfalls In short, *Business Plans For Dummies* helps you create a map to help you take your business where you want it to go. You'll discover how to: Identify and approach potential financial backers, including venture capital firms, angels, bankers, and others Clarify and crystallize your company's mission, vision, and values Analyze your industry and your competition Identify your customers, including their

needs, habits, purchase triggers, and decision-making processes Objectively analyze your company's strengths and weaknesses Analyze your financial situation to create realistic forecasts and budgets Recognize trends and anticipate changes, both in the overall economy and in your industry Plan for growth, based on new markets, your product's life cycle, or the creation of new products Structure your organization Nurture leadership Complete with diverse techniques and approaches plus a sample business plan, *Business Plans For Dummies* gives you detailed how-to for designing a dynamic business plan that will help you navigate the inevitable curves and detours in today's marketplace and keep you on course. If you're a business owner or entrepreneur - or you want to be one - this friendly and accessible guide is a must-have resource.

Small Business Kit For Dummies - Richard D. Harroch 2010-03-11

Millions of Americans own their own businesses, and millions more dream of doing the same. But starting your own business is a pretty complicated matter, especially with all the legal issues and paperwork. This updated edition of the top-selling small business resource is chock-full of information, resources, and helpful hints on making the transition from a great idea to a great business. If you've got a great idea for your own business, you need the kind of straightforward advice you'll find here — the kind of advice you'd normally only get from business schools and MBA courses. *Small Business Kit For Dummies, Second Edition* covers all the basics on: Recent tax law changes Balancing your finances Hiring and keeping employees Effective management strategies Accounting fundamentals In addition to the basics of business, you'll also find top-class advice on more advanced business basics, like business plans, the ins and outs of contracts, and using the Internet to expand your business. For entrepreneurs large and small, this comprehensive resource offers authoritative guidance on all your biggest business concerns, and offers unbeatable advice on such topics as: Choosing your business structure — from LLCs to S corps How to develop and write a standard business proposal Going public, issuing stock, and keeping a stock ledger Raising capital and understanding securities laws

Bookkeeping standard practices Tax basics for small businesses Handling the paperwork for new hires Designing employee compensation plans Working with independent contractors and consultants Patent and copyright protections Dealing with the Press In addition, the book includes a CD-ROM full of helpful resources — forms, contracts, and even sample versions of the most popular software for small businesses. Lacy Eye - Jessica Treadway 2015-03-10

A haunting, evocative novel about a woman who might have to face the disturbing truth about her own daughter. Hanna and Joe send their awkward daughter Dawn off to college hoping that she will finally "come into her own." When she brings her new boyfriend, Rud, to her sister's wedding, her parents try to suppress their troubling impressions of him for Dawn's sake. Not long after, Hanna and Joe suffer a savage attack at home, resulting in Joe's death and Hanna's severe injury and memory loss. Rud is convicted of the crime, and the community speculates that Dawn may also have been involved. When Rud wins an appeal and Dawn returns to live in the family home, Hanna resolves to recall that traumatic night so she can testify in the retrial, exonerate her daughter, and keep her husband's murderer in jail. But as those memories resurface, Hanna faces the question of whether she knows her own daughter-and whether she ever did.

Small Business Financial Management Kit For Dummies - Tage C. Tracy
2007-07-30

If you're a small business owner, managing the financial affairs of your business can seem like a daunting task—and it's one that far too many people muddle through rather than seek help. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Kit's Law - Donna Morrissey 2001-05-03

Morrissey's acclaimed, bestselling debut. "A Dickensian brawl of a novel . . . never a dull moment! The reader is willingly swept along in the tide." —St. Louis Post-Dispatch In this powerful novel from one of the most gifted storytellers to emerge from Canada since Carol Shields, we find "all the old-fashioned virtues: a vivid sense of place, an intricate and suspenseful plot, and a feisty heroine whom we can't help rooting for on every page" (Margot Livesey). Kit Pitman is fourteen and lives in a ramshackle cottage on the outer banks of Newfoundland, where isolation is all she knows. The only visitors are fogbound fishermen and an occasional young man brought ashore to keep the bloodlines clean. But Kit's isolation is compounded by the mystery that surrounds her family and her illegitimate birth. Her mother, Josie, is mentally disabled and often runs wild among the clapboard houses that dot the shore. Meanwhile, her grandmother Lizzie staunchly guards them both from the disapproving glances pious townsfolk cast their way. But when Lizzie dies suddenly, Kit and her childlike mother are left vulnerable to life's harsh realities and to unexpected dangers that repeatedly threaten to break them apart. A wrenching story ensues, as Morrissey depicts with exceptional grace the way the lines between mother and daughter in this unlikely relationship, although blurred, are deeply felt. *Kit's Law* is a

novel of extraordinary, almost mythical power and marks the debut of an enormous new talent. "An extraordinary trinity of women." —Thomas Keneally, #1 bestselling author of *Schindler's List* "A stunning debut." —The Telegraph "Impossible to put down." —The Sunday Business Post "Speaks directly to the heart." —The Globe and Mail

Estate Planning For Dummies - N. Brian Caverly 2011-03-08

If you're like most people, you want to be sure that, once you've passed on, no more of your property and money will be lost to the government than is absolutely necessary. You want to know that you'll be leaving your heirs your assets and not your debts. You want to be absolutely certain that your will is ship-shape, your insurance policies are structured properly, and that every conceivable hole in your estate plan has been filled. And most of all, you'd like to do all of this without driving yourself crazy trying to make sense of the complicated jargon, jumble of paperwork, and welter of state and federal laws involved in the estate planning process. Written by two estate planning pros, this simple, easy-to-use guide takes the pain out of planning for your ultimate financial future. In plain English, the authors walk you step-by-step through everything you need to know to: Put your estate into order Minimize estate taxes Write a proper will Deal with probate Set up trusts Make sure your insurance policies are structured properly Plan for special situations, like becoming incompetent and pet care Craft a solid estate plan and keep it up-to-date Don't leave the final disposition of your estate up to chance and the whims of bureaucrats. *Estate Planning For Dummies* gives you the complete lowdown on: Figuring out what you're really worth Mastering the basics of wills and probate Using will substitutes and dodging probate taxes Setting up protective trusts, charitable trusts, living trusts and more Making sense of state and federal inheritance taxes Avoiding the generation skipping transfer tax Minimizing all your estate-related taxes Estate planning for family businesses Creating a comprehensive estate plan Straightforward, reader-friendly, easy-to-use, *Estate Planning For Dummies* is the ultimate guide to planning your family's future.
