*Montgomery Ward Catalogue of 1895* - Montgomery Ward & Co. 1969-08-01

Tea gowns, bleached damask, and yards of flannel and pillow-case lace, stereoscopes, books of gospel hymns and ballroom gems, the New Improved Singer Sewing Machine, side saddles, anti-freezing well pumps, Windsor Stoves, milk skimmers, straight-edged razors, high-button shoes, woven cane carpet beaters, spittoons, the Studebaker Road Cart, commodes and washstands, the "Fire Fly" single wheel hoe, cultivator, and plow combined, flat irons, and ice cream freezers. What man, woman, or child of the 1890s could resist these offerings of the Montgomery Ward catalogue, the one book that was read avidly, year after year, by millions of Americans on farms and in small towns across the nation? The Montgomery Ward catalogue provides one of the few irrefutably accurate pictures of what life was "really like" in the gay nineties, for it described and illustrated almost anything that anybody could possibly need or want in the way of "store-bought" goods. In fact, in that pre-department store era, it was usually the only source for such goods. Imagine if Montgomery Ward had issued an illustrated catalogue in the days of Louis XIV, or Elizabeth I, or Charlemagne: what insights would we have into the daily life of the "common folk," the farmers and shopkeeper, housewives and schoolchildren . . . what sources of information for historians and scholars, collectors and dealers, what models for artists and designers. In 1895, Montgomery Ward was the oldest, largest, and most representative mail-order house in the country. The brainchild of a former traveling salesman, it issued its first catalogue in 1872, a one-page listing of items. By 1895, the catalogue, reprinted here, had grown to 624 pages and listed some 25,000 items, almost all of them illustrated with live drawings. Montgomery Ward was by then a multi-million dollar business that profoundly affected the American economy; and since it reached the most isolated farms and backwoods cabins, its effect on American culture was almost as great. Now once again available, it is our truest, most unbiased record of the spirit of the 1890s. An introduction on the history of the Montgomery Ward Company and its catalogue has been prepared especially for this edition by Boris Emmet, Ph.D. (Johns Hopkins), a foremost expert on retail merchandising. His monumental work *Catalogues and Counters* has long been recognized as a landmark in the study of American economic history.

*Effective awk Programming* - Arnold Robbins 2001-05-23

*Effective awk Programming*, 3rd Edition, focuses entirely on awk, exploring it in the greatest depth of the three awk titles we carry. It's an excellent companion piece to the more broadly focused second edition. This book provides complete coverage of the gawk 3.1 language as well as the most up-to-date coverage of the POSIX standard for awk available anywhere. Author Arnold Robbins clearly distinguishes standard awk features from GNU awk (gawk)-specific features, shines light into many of the "dark corners" of the language (areas to watch out for when programming), and devotes two full chapters to example programs. A brand new chapter is devoted to TCP/IP networking with gawk. He includes a summary of how the awk language evolved. The book also covers: Internationalization of gawk Interfacing to i18n at the awk level Two-way pipes TCP/IP networking via the two-way pipe interface The new PROCINFO array, which provides information about running gawk Profiling and pretty-printing awk programs In addition to covering the awk language, this book serves as the official "User's Guide" for the GNU implementation of awk (gawk), describing in an integrated fashion the extensions available to the System V Release 4 version of awk that are also available in gawk. As the official gawk User's Guide, this book will also be available electronically, and can be freely copied and distributed under the terms of the Free Software Foundation's Free Documentation License (FDL). A portion of the proceeds from sales of this book will go to the Free Software Foundation to support further development of free and open source software. The third edition of *Effective awk Programming* is a GNU Manual and is published by O'Reilly & Associates under the Free Software Foundation's Free Documentation License (FDL). A portion of the proceeds from the sale of this book is donated to the Free Software Foundation to further development of GNU software. This book is also available in electronic form; you have the freedom to modify this GNU Manual, like GNU software. Copies published by the Free Software Foundation raise funds for GNU development.

**The Death of Competition** - James F. Moore 2016-10-18

Today's marketplace is seeing radical changes in the way companies do business with one another. New partnerships and alliances are constantly being forged, the lines between industries have blurred, and it has become difficult to tell one business from another, and who's competing with whom. The Death of Competition helps managers make sense of this chaos. Using biological ecology as a metaphor, it reveals how today's business environment parallels the natural world, and how, just like organisms in nature, companies must coexist and coevolve within their own business ecosystems. Through numerous examples, he explains the radically new cooperative/competitive relationships like the one forged between IBM and Microsoft and provides a comprehensive framework businesses can use to enhance their own collaborations with their customers, suppliers, investors and communities.

Public Health Consequences of E-Cigarettes - National Academies of Sciences, Engineering, and Medicine 2018-05-18

Millions of Americans use e-cigarettes. Despite their popularity, little is

known about their health effects. Some suggest that e-cigarettes likely confer lower risk compared to combustible tobacco cigarettes, because they do not expose users to toxicants produced through combustion. Proponents of e-cigarette use also tout the potential benefits of e-cigarettes as devices that could help combustible tobacco cigarette smokers to quit and thereby reduce tobacco-related health risks. Others are concerned about the exposure to potentially toxic substances contained in e-cigarette emissions, especially in individuals who have never used tobacco products such as youth and young adults. Given their relatively recent introduction, there has been little time for a scientific body of evidence to develop on the health effects of e-cigarettes. Public Health Consequences of E-Cigarettes reviews and critically assesses the state of the emerging evidence about e-cigarettes and health. This report makes recommendations for the improvement of this research and highlights gaps that are a priority for future research.

**Business Model You: O Modelo de Negócios Pessoal** - Clark, Tim 2012-10-16

O método de uma página para reinventar sua carreira e a si mesmo O best-seller mundial Business Model Generation: Inovação em Modelos de Negócios introduziu uma maneira visual única para resumir e criativamente debater qualquer negócio ou ideia de produto em uma única folha de papel. Business Model You: O Modelo de Negócios Pessoal usa o mesmo método poderoso de uma página para ensinar aos leitores como desenhar "modelos de negócios pessoais", que revelam novas formas de suas habilidades serem adaptadas às necessidades de mudança do mercado para revelar novas e mais gratificantes possibilidades na carreira e na vida. Produzido pela mesma equipe que criou o Business Model Generation, este livro é baseado na metodologia Business Model Canvas, que rapidamente se tornou referência mundial quando se fala de inovação. Este livro mostra ao leitor como: - Compreender o pensamento do modelo de negócios e desenhar o seu atual modelo de negócio pessoal. - Posicionar o valor de sua habilidade no mercado e definir o seu propósito. - Articular um plano para mudança. - Criar um novo modelo de negócio pessoal harmonizado com este plano para mudança e - mais importante - a testar e a implementar esse novo modelo. - Criar um novo e efetivo modelo de negócio para a sua vida e a sua carreira. Apresentação à edição brasileira: É com grande alegria que apresentamos a edição brasileira do Business Model You. Este tema tem transformado nossas vidas, nos proporcionado o conhecimento de novos amigos, estabelecido novos marcos e ampliado o campo das possibilidades. A produção do conteúdo do Business Model You: O Modelo de Negócios Pessoal teve origem em uma comunidade via internet (vwww.businessmodelyou.com) que reuniu os principais autores do Business Model Generation, Alexander Osterwalder e Yves Pigneur, e, com a iniciativa de Tim Clark, gerou um produto direcionado para auxiliar pessoas a pensarem em suas vidas. A iniciativa reuniu 328 profissionais em 43 países. Em tempos de mudanças frenéticas, as organizações têm se deparado com concorrências antes não imaginadas, decorrentes da inovação e da globalização. Diante desse quadro, as empresas passam a contratar pessoas dentro de projetos para trabalhar por resultados e não mais por atividade, e os profissionais tornam-se empresários de si próprios. Ao mesmo tempo, amplia-se a necessidade do cultivo de uma visão empreendedora por parte dos profissionais, quer seja a sua própria carreira, quer seja a sua posição dentro do contexto organizacional. Passamos a nos engajar em empreendimentos originados por boas ideias, que geram bons projetos e que devem ser pautados pela ética para que consigam decolar dentro deste mercado complexo e competitivo. A antiga forma das relações de trabalho, que tantas vezes provocaram ansiedade nas pessoas por ser o eixo no qual se organizava a vida associativa começa a ter um fim, abrindo espaço para novas possibilidades de relacionamento da vida humana organizada. Então, como ser diferente dentro do quadro que se apresenta para as pessoas que se agrupam em torno de um objetivo comum? Como despertar a visão empreendedora dos futuros líderes que comandarão esta sociedade

em mudanças? Como resgatar o senso de ética em nossos empreendedores? Como educar os nossos jovens para essa visão desafiadora da vida? Estas têm sido algumas das perguntas que nos têm motivado nos últimos anos, promovendo uma oportunidade ou espaço que estimule a autorreflexão, a formação do caráter, o cultivo de valores, o desenvolvimento do nível de consciência que formam cidadãos empreendedores e comprometidos. Vemos alguns sentimentos predominarem entre muitos profissionais que necessitam de um apoio em sua carreira ou negócios: medo, dúvida ou descrença ocorrem eventualmente. E o que precisamos é despertar a confiança. Quando o padrão de comportamento vigente é o medo, a energia resultante é de competição e o relacionamento interpessoal é superficial, consequentemente, a evolução das pessoas acontece de forma isolada. Por sua vez, se o padrão for de confiança, a energia reinante será de colaboração e ocorre a coevolução entre as pessoas. O mundo está passando por constantes mudanças, onde todos os valores estão sendo questionados. Por um lado, temos uma corrida pela cultura globalizada, o ser melhor, a missão de competir e de ganhar sempre. Do outro, temos a visão de uma aldeia humana, onde resgatamos nossos valores, importando realmente o brilho de cada um, a sua contribuição e prevalecendo a colaboração. O Business Model You é um convite para que as pessoas desenvolvam uma nova percepção para o entendimento da vida em sociedade e o papel que lhes é atribuído. Não são receitas ou fórmulas de autoajuda, mas uma descoberta de processo de autorreflexão com resultados que vão além do que se pode prever. Por exemplo: o hidrogênio é inflamável, o oxigênio é respirável. Quando juntamos H e O, temos a água que é "bebível", correspondendo a uma propriedade nova, inesperada, inexplicável a partir de "inflamável" ou "respirável". Quando juntamos diferentes olhares, um novo olhar surgirá inesperado e inexplicável. Assim é a vida. O Business Model You abre essa possibilidade de encontrar outras fórmulas para a vida das pessoas. Cruzar especialidades e conhecimentos e descobrir novos significados, de uma forma simples e direta, divertida e inteligente. Diferente de outros livros voltados à orientação vocacional ou de carreira, este livro proporciona o pensamento visual e resgata a cor e o lúdico para as pessoas. Esperamos sinceramente que ele possa ser tão significativo para quem o ler, assim como foi para nós participar do seu processo de cocriação. Desejamos a todos uma ótima leitura! Maria Augusta Orofino e Renato Nobre Editores do blog [bmgenbrasil.com](http://bmgenbrasil.com) e cocriadores junto aos demais 328 profissionais do Business Model You.
