Representing Religion - Tim Murphy 2014-12-05

If religion is continually in a state of flux how can the study of religion critically examine contemporary religious beliefs and values? 'Representing Religion' critically examines this "crisis of representation". The volume traces the history of religious studies, critiquing the concept that "experience" is central to understanding religion. The views of influential semioticians and philosophers - notably Nietzsche, Saussure, Foucault, Barthes, and Bakhtin - are used to construct a new methodology for the critical study of religion. Representing Religion will be of interest to students and scholars of semiotics as well as theory and method in religious studies.

Religion in History / La religion dans l'histoire - Michel Despland 1992-03-03

The history of the concept of "religion" in Western tradition has intrigued scholars for years. This important collection of eighteen essays brings further light to the ongoing debate. Three of the invited participants, W.C. Smith, M. Despland and E. Feil, has each previously written impressive books treating this subject; the last two acknowledged the impact and continuing influence of Smith's work, *The Meaning and End of Religion*. An introduction and a recapitulation of Smith's contribution as a scholar set the stage for a retrospective look at the published literature. Contributors then examine the transformation of words (the classical religio to the modern religion), particularities of religion in nineteenth-century France, Troeltsch's concept of religion, the study of religion from an Asian point of view and the categorization of "World Religions." The concluding essays elaborate contemporary anthropological, cross-disciplinary, semiological, deconstructive and psychoanalytical methodological approaches to the concept and study of "religion." Exploring critically different aspects of the concept and study of religion, these provocative essays typically reflect the methodological pluralism currently existing in the field of Religious Studies. Of interest to scholars and students alike, this collection also contains a complete bibliography of W.C. Smith's publications.

Sufism in the West - Jamal Malik 2006-04-18

With the increasing Muslim diaspora in post-modern Western societies, Sufism - intellectually as well as sociologically - may eventually become Islam itself due to its versatile potential. Although Sufism has always provoked considerable interest in the West, no volume has so far been written which discusses this aspect of Islam in terms of how it is practised in Western societies. Bringing together leading international authorities to survey the history of Islamic mysticism in North America and Europe, this book elaborates the ideas and institutions which organize Sufism and folk-religious practices. The chapters cover: the orders and movements their social base organization and institutionalization recruitment-patterns in new environments channels of disseminating ideas, such as ritual, charisma, and organization reasons for their popularity among certain social groups the nature of their affiliation with the countries of their origin. Providing a fascinating insight into how Sufism operates within different spheres of society, Sufism in the West is essential reading for students and academics with research interests in Islam, Islamic history and social anthropology.

The Performance of Religion - Cia Sautter 2017-01-12

The performing arts are uniquely capable of translating a vision of an ideal or sacred reality into lived practice, allowing an audience to confront deeply held values and beliefs as they observe a performance. However, there is often a reluctance to approach distinctly religious topics from a performance studies perspective. This book addresses this issue by exploring how religious values are acted out and reflected on

in classic Western theatre, with a particular emphasis on the plays put on during the Globe Theatre's yearlong season of 'Shakespeare and the Bible'. Looking at plays such as *Much Ado About Nothing*, *Dr. Faustus* and *Macbeth*, each chapter includes ethnographic overviews of the performance of these plays as well as historical and theological perspectives on the issues they address. The author also utilizes scholarship from other academics, such as Paul Tillich and Martin Buber, in examining the relationship between art and culture. This helps readers of this book to look at religion in culture, and raise questions and explore ideas about how people appraise their religious values through an encounter with a performance. *The Performance of Religion: Seeing the sacred in the theatre* treads new ground in bringing performance and religious studies scholarship into direct conversation with one another. As such, it is essential reading for any academic with an interest in theology, religion and ethics and their expression in culture through the performing arts.

Four Overarching Patterns of Culture - Robert Strauss 2019-08-20

Justice has been the dominant cultural framework of people in the West for two centuries, ever since the rise of constitutional democracies. Consciously or not, most people in the West have a strong awareness of right and wrong. Their sense of morality is generally rooted in an obligation to the rule of law. In democratic societies, the rule of law ultimately relies on constitutional documents ratified by a widely-accepted process of development and implementation. For millennia, honor has been the dominant cultural framework of most people in the East and Middle East. Here, people know that speech and behavior display respect or disrespect. While pervasive in all relationships, honor and shame are most important in the family, extended family, and local community. In the East, honor is not necessarily an internal feeling, as it is in a justice culture. Honor is more often an external attribution bestowed by others rather than claimed by oneself. Harmony is prevalent globally in indigenous cultures. Many indigenous peoples do not distinguish between the supernatural and natural worlds. All aspects of life are connected. Interactions with spirit beings are the key to maintaining harmony in order to be secure. Reciprocity is a common cultural framework in the Global South. Here, one learns to develop connections with the right people in given circumstances for needed resources. These connections may or may not be characterized as "friendships" and provide not so much close friendships as reciprocal exchange. In some places, reciprocity is the means whereby one survives.

Living Religions - Mary Pat Fisher 2010-12-02

Living Religions presents a highly readable and stimulating survey of the modern religious world though an emphasis on the personal consciousness of believers and their own accounts of their religion and relevance in contemporary life. "Religion is not a museum piece. Religion is a vibrant force in the lives of many people around the world, and many religions are presently experiencing a renaissance." - Mary Pat Fisher, Preface to *Living Religions* Along with a team of specialist consultants in each faith, and drawing on a wealth of

scholarly research and firsthand source material, Mary Pat Fisher provides a fresh and challenging insight into the historical development and teachings of traditional faiths, indigenous religions, and new religious movements. She considers how the contemporary beliefs and practices of each of these traditions have evolved, and explores the changing nature of each religion; particularly the role of women, and the issues and controversies such as fundamentalism, violence, globalization, and interfaith initiatives. This Books à la Carte Edition is an unbound, three-hole punched, loose-leaf version of the textbook and provides students the opportunity to personalize their book by incorporating their own notes and taking only the portion of the book they need to class — all at a fraction of the bound book price.

Living Religions - Mary Pat Fisher 2010

Living Religions, now in its eighth edition, is a highly readable and stimulating survey of the world's major religious traditions. It provides a clear and straightforward account of the development, doctrines, and practices of the major faiths, with an emphasis on the personal consciousness of believers and their own accounts of its relevance in contemporary life. The book also describes new and emerging religious movements and explores the attitudes of various faiths towards issues such as the role of women, the environment and society, as well as covering the disturbing rise in violence perpetrated in the name of religion. Highly illustrated with photographs, maps and timelines, this is the leading overview of the modern religious world.

The God Franchise - Alan Dawe 2011-12

"The God franchise is a book about God and the universe we live in. It is also a book about YOU - your loves, your triumphs, your good and not-so-good actions, your fears, and your pain. You will uncover truths about who you are and the purpose of your life. In fact, it is a theory of everything!"--Back cover.

Breaking Normal - Daniel Eisenman 2017-05-30

Over the past decade of creating epic personal development retreats, Daniel Eisenman has traveled around the world experiencing beautiful, exotic settings and amazing people. His one big observation is that so many people keep the lid on their growth and opportunities to thrive. This is a self-imposed limitation ... nobody tells us to do this! Daniel blows the lid off and gives you a retreat experience in a book. What's inside Breaking Normal: ReWild Your Inner Child and Set the Truth Free? *You'll get to feel what it means to be raw and vulnerable, excited and glowing with a sacred knowledge about your future. *You'll learn to communicate with others in a way that cuts through the limitations we used to let entangle us. *You'll have tools and insight for building your own tribe, be it your family or community or the world at large.

The Legacy of Wilfred Cantwell Smith - Ellen Bradshaw Aitken (1961-2014) 2017-03-15

First work to address the legacy of Wilfred Cantwell Smith and his influence on the development of religious studies and Islamic studies in the twentieth century. This is the first work to address the legacy of Wilfred Cantwell Smith (1916-2000), whose intellectual and institutional contributions helped shape the field of religious studies in the latter half of the twentieth century. As a young scholar, Smith taught Indian and Islamic history in Lahore for several years and witnessed the partition of India. Upon his return to

North America, he obtained his PhD at Princeton University before embarking upon a long and distinguished career. He founded the Institute of Islamic Studies at McGill University and served as director of the Center for the Study of World Religions at Harvard University. Smith emphasized the place of the scholarly study of Islam in the Western academy long before Islam occupied its current position at the center of global politics, challenged the notion of monolithic world religions, and argued for the importance of dialogical processes and a personalist approach to the study of religion. Contributors to this volume, many of whom were Smith's students, provide a wide-ranging exploration of his influence and legacy

What the World Needs to Know about Interfaith Dialogue - Richard M Landau 2014-04-17

What the World Needs to Know about Interfaith Dialogue, Second Edition is a non-fiction handbook and guide for the increasing numbers of people who are becoming involved with interfaith dialogue. Written in an accessible style, the work explains how to overcome basic differences and yet ensure the longevity and productivity of an interfaith dialogue group. So many dialogue groups grind to a halt because of group politics, differences in approach, and no sense of what the group should do beyond talking. What the World Needs to Know about Interfaith Dialogue addresses all of these issues based on author Richard M. Landau's observations of both failed and successful interfaith dialogue groups over the past 30 years. Readers will come away with a knowledge of the tools required to start and conduct successful interfaith or inter-denominational dialogue. It will aid the reader to build bridges of understanding, resolve conflicts, and identify problems before they develop.

Islam - Adeel Zeerak 2012-09-01

One of the largest and fastest-growing religions, Islam is currently practiced by approximately one-fifth of the world's population. Unlike most religions that only consist of acts of worship, rituals, and a set of beliefs, it also offers a just socio-politico-economic system, which is especially important today as we continue to make significant material and scientific progress. However, although it presents real solutions to problems faced by the whole of mankind, factors such as worldwide media propaganda and the current condition of the Muslim community have seriously distorted the public image of Islam. Adeel Zeerak hopes that his book Islam: A Superior System of Life will help change all that. He says that after careful study, even those with non-Muslim unprejudiced minds will appreciate the beauty of his religion's teachings. To prove the superiority of Islamic system over other systems, he provides concrete data obtained from authentic sources and refrains from using boastful or exaggerative language. Chapters in Islam: A Superior System of Life include: • This is Islam • Characteristics of the Islamic System • Spiritual System • Social System • Economic System • Political System • The Prophet, peace be upon him, the Message, and the Ummah "Despite commendable progress in the field of science and technology, this world is full of evil, exploitation, and injustice," says Zeerak, who believes any effort to find a solution to our problems continually fails because we choose to ignore the light of Divine Guidance. We all know what happened to

prophet Noah's people when they rejected this guidance, but we, thankfully, still exist in this world to follow our Lord and accept Islam. Written for the Muslim and non-Muslim, *Islam: A Superior System of Life* is for readers interested in Islam, the prophet Muhammad (PBUH), the Islamic view of women, the concept of Khilafat, Islamic finance, Islamic spirituality, and Islamic history. The author promises that our obedience to Allah, *subhanahu wa-ta'ala*, will result in endless favors and blessings both in this world and the hereafter.

The Future of God in the Global Village - Thomas R. McFaul 2011-10

In the long trek of human history, the adage that there will never be peace among the nations until there is peace among the religions has never been truer. The growing trend toward spiritually inspired violence throughout the emerging global village of the twenty-first century has taken a terrible toll on the lives of thousands of innocent victims. The primary purpose of this book is to address this issue head-on by examining the role that the earth's diverse faith communities can play in stopping the needless hatreds and hostilities that all too often arise from the search for spiritual fulfillment. At this stage of human evolution, nothing is more urgent.

Experiencing the World's Religions - Michael Molloy 1999

Justice, Crime, and Ethics - Michael C. Braswell 2010-12-29

The contributions in this book examine ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field. Comprehensive coverage is achieved through focus on law enforcement, legal practice, sentencing, corrections, research, crime control policy and philosophical issues. The seventh edition includes three new chapters focusing on deception in police interrogation; using ethical dilemmas in training police; and terrorism and justice. Essays are enhanced with case studies and exercises designed to stimulate critical and creative thinking regarding ethical issues in crime and justice. Discussion questions and lists of key concepts focus readers and help them to understand ethics in the context of the criminal justice system.

Spiritual Masters of the World's Religions - Victoria Kennick 2012-12-28

Discusses the notion of a spiritual master and looks at examples in a variety of world religions. What is a spiritual master? *Spiritual Masters of the World's Religions* offers an important contribution to religious studies by addressing that question in the context of such themes as charismatic authority, role models, symbolism, and categories of religious perception. The book contains essays by scholar-practitioners on the topic of spiritual masters in Judaic, Christian, Islamic, Hindu, Sikh, Buddhist, Confucian, and Daoist traditions. It provides a full spectrum of exemplars, including founders, spiritual masters who highlight cultural themes, and problematic figures of modern times. To define spiritual master, the work of Max Weber, Mircea Eliade, Daniel Gold, and Bruce Lincoln is referenced to provide a balanced notion that includes both religionist and reductionist perspectives. This book takes readers from the past spiritual masters to the future of masters of any sort, posing food for thought about the future of master-disciple relationships in an emerging age of egalitarian sentiments. Victoria Kennick is Professor of Humanities at the University of Maryland University College and the author of *Introducing World Religions*. Arvind Sharma is Birks Professor of Comparative Religion at McGill University. His many books include *Hinduism as a Missionary Religion*; *One Religion Too Many: The Religiously Comparative Reflections of a Comparatively Religious Hindu*; and *Religious Studies and Comparative Methodology: The Case for*

Reciprocal Illumination, all published by SUNY Press.

The World's Living Religions - Robert Ernest Hume 1924

The Sacred Is the Profane - William Arnal 2013

The Sacred is the Profane collects nine essays by William Arnal and Russell McCutcheon that advance current scholarly debates on secularism-debates. The essays return, again and again, to the question of what "religion"—word and concept—accomplishes, now, for those who employ it, whether at the popular, political, or scholarly level. The focus here is on the efficacy, costs, and the tactical work carried out by dividing the world between religious and political, church and state, sacred and profane.

Unifying Truths of the World's Religions - C. David Lundberg 2010

In this groundbreaking and exhaustively researched book, David Lundberg convincingly demonstrates that it's the principles that every major faith holds in common--the unifying truths--that have the power and promise to bring us together instead of driving us apart. With over 800 quotations from sacred texts, this inspiring work reveals the simple philosophy that takes shape from those universal truths. These powerful principles, organized in an easy-to-understand way, form the foundation of love, wisdom, personal power, and abundant living. Praised by religious leaders and world peace advocates alike, this award-winning work is an indispensable guide. Regardless of your faith, following these shared principles will enable you to: - Experience higher levels of peace and joy. -Take control of your life and achieve success. -Improve the quality of all your relationships. -Have more love, fulfillment, and meaning in your life. -Rediscover your zest for living. Whether you're a new or seasoned spiritual seeker, churchgoer, world peace advocate, religious scholar or student of comparative religion, this exquisite collection of spiritual teachings will inspire and empower you to enjoy a life of greater love, wisdom, and success. Contains complete source notes, index, and glossary. Winner of several book awards, the book was also a finalist for *ForeWord Magazine's Book of the Year Award* and the *Nautilus Award*.

Problematizing Religious Freedom - Arvind Sharma 2011-08-08

The concept of religious freedom is the favoured modern human rights concept, with which the modern world hopes to tackle the phenomenon of religious pluralism, as our modern existence in an electronically shrinking globe comes to be increasingly characterised by this phenomenon. To begin with, the concept of religious freedom, as embodied in Article 18 of the Universal Declaration of Human Rights, seems self-evident in nature. It is the claim of this book, however, that although emblematic on the one hand, the concept is also problematic on the other, and the implications of the concept of religious freedom are far from self-evident, despite the ready acceptance the term receives as embodying a worthwhile goal. This book therefore problematizes the concept along legal, constitutional, ethical and theological lines, and especially from the perspective of religious studies, so that religious freedom in the world could be enlarged in a way which promotes human flourishing.

Religion and Theology: Breakthroughs in Research and Practice - Management Association, Information Resources 2020-02-07

Religion is considered by many to be something of the past, but it has a lasting hold in society and influences people across many cultures. This integration of spirituality causes numerous impacts across various aspects of modern life. The variety of religious institutions in modern society necessitates a focus on diversity and inclusiveness in the interactions between organizations of different religions, cultures, and viewpoints. *Religion and Theology: Breakthroughs in Research and Practice* examines the cultural, sociological, economic, and philosophical effects of religion on modern society and human behavior. It also explores the impact of gender identity and race within religious-based institutions and organizations. Highlighting a range of topics such as religious traditionalism, spirituality, and comparative religion, this publication is an ideal reference source for theologians, religious officials, managers, government officials, theoreticians, practitioners, researchers, policymakers, advanced-level students, and sociologists.

International Business - K. Praveen Parboteeah 2017-07-06

This book provides students with a balanced perspective on business in a global environment, exploring implications for multinational companies in developed and emerging markets. This is the first text of its kind to emphasize strategic decision making as the cornerstone of its approach while focusing on emerging

markets. Traditional topics, like foreign exchange markets and global competition, are contrasted with emerging operations, like Chinese market intervention and Islamic finance, to provide students with an understanding of successful business strategy. Readers learn to develop and implement these strategies across cultures, and across economic, legal, and religious institutions, in order to cope with competitive players in the global landscape. Application-based chapters open with reading goals and conclude with case studies and discussion questions to encourage a practical understanding of strategy. With in-depth analyses and recommended strategies, this edition provides students of international business with the skills they need for success on the global stage. A companion website features an instructor's manual, test bank, PowerPoint slides, and useful links for instructors as well as practice quizzes, flashcards, and web resources for students.

Living with a Wild God - Barbara Ehrenreich 2014-04-08

From the New York Times bestselling author of *Nickel and Dimed* comes a brave, frank, and exquisitely written memoir that will change the way you see the world. Barbara Ehrenreich is one of the most important thinkers of our time. Educated as a scientist, she is an author, journalist, activist, and advocate for social justice. In *LIVING WITH A WILD GOD*, she recounts her quest-beginning in childhood-to find "the Truth" about the universe and everything else: What's really going on? Why are we here? In middle age, she rediscovered the journal she had kept during her tumultuous adolescence, which records an event so strange, so cataclysmic, that she had never, in all the intervening years, written or spoken about it to anyone. It was the kind of event that people call a "mystical experience"-and, to a steadfast atheist and rationalist, nothing less than shattering. In *LIVING WITH A WILD GOD*, Ehrenreich reconstructs her childhood mission, bringing an older woman's wry and erudite perspective to a young girl's impassioned obsession with the questions that, at one point or another, torment us all. The result is both deeply personal and cosmically sweeping-a searing memoir and a profound reflection on science, religion, and the human condition. With her signature combination of intellectual rigor and uninhibited imagination, Ehrenreich offers a true literary achievement-a work that has the power not only to entertain but amaze.

Teaching Interreligious Encounters - Marc A. Pugliese 2017-08-01

In *Teaching Interreligious Encounters*, Marc A. Pugliese and Alexander Y. Hwang have gathered together a multidisciplinary and international group of scholar-teachers to explore the pedagogical issues that occur at the intersection of different religious traditions. This volume is a theoretical and practical guide for new teachers as well as seasoned scholars. It breaks the pedagogy of interreligious encounters down into five distinct components. In the first part, essays explore the theory of teaching these encounters; in the second, essays discuss course design. The parts that follow engage practical ideas for teaching textual analysis, practice, and real-world application. Despite their disciplinary, contextual, and methodological diversity, these essays share a common vision for the learning goals and outcomes of teaching interreligious encounters. This is a much-needed resource for any teacher participating in these conversations in our age of globalization and migration, with its attendant hopes and fears.

Living in Bible Times - Christopher J. Richmann 2020-01-09

F. F. Bosworth was the only major living link between the late-nineteenth-century divine healing movement that gave birth to Pentecostalism and the post-World-War II healing revival that brought Pentecostalism into American popular culture. At once on the fringes and in the mainstream of American Pentecostalism, Bosworth has largely been ignored by historians. Richmann demonstrates that Bosworth's story not only draws together disparate threads of the Pentecostal story but critiques traditional interpretations of speaking in tongues, Azusa Street, denominational affiliation, divine healing, the relationship to fundamentalism, the Word of Faith movement, and eschatology. In this critique, Richmann provides a much-needed critical biography of Bosworth as well as a fresh interpretation of Pentecostalism.

Life of Christ - Fulton J. Sheen 1977-08-16

Widely proclaimed a classic work of Christian faith, *Life of Christ* has been hailed as the most eloquent of Fulton J. Sheen's many books. The fruit of many years of reflection, prayer, and research, it is a dramatic and moving recounting of the birth, life, Crucifixion, and Resurrection of Christ, and a passionate portrait of the God-Man, the teacher, the healer, and, most of all, the Savior, whose promise has sustained humanity for two millennia. With his customary insight and reverence, Sheen interprets the Scripture and describes Christ not only in historical perspective but also in exciting and contemporary terms -- seeing in Christ's life both modern parallels and timeless lessons. His thoughtful, probing analysis provides new insight into well-known Gospel events. An appealing blend of philosophy, history, and biblical exegesis, from the best-known and most-loved American Catholic leader of the twentieth century, *Life of Christ* has long been a source of inspiration and guidance. For those seeking to better understand the message of Jesus Christ, this vivid retelling of the greatest story ever lived is a must-read.

The Devil's Party - Per Faxneld 2013

Twelve scholars present cutting-edge research from the emerging field of Satanism studies. The topics covered range from early literary Satanists like Blake and Shelley, to the Californian Church of Satan of the 1960s, to the radical developments within the Satanic milieu in recent decades. The book will be an invaluable resource for everyone interested in Satanism as a philosophical or religious position of alterity rather than as an imagined other.

Living Religions - Mary Pat Fisher 2014

Religion is not a museum piece but a vibrant force in the lives of many people around the world. *Living Religions* is a sympathetic approach to what is living and significant in the world's major religious traditions and in various new movements that are arising. This book provides a clear and straightforward account of the development, doctrines, and practices of the major faiths followed today.

Tibetan Book of the Dead - W. Y. Evans-Wentz 2020-11-18

Derived from a Buddhist funerary text, this famous volume's timeless wisdom includes instructions for attaining enlightenment, preparing for the process of dying, and moving through the various stages of rebirth.

God among Sages - Kenneth Richard Samples 2017-01-31

Was Jesus just a spiritual leader, like Buddha, Krishna, Confucius, and Muhammad? Or is he something more--something else entirely? In *God among Sages*, apologist Ken Samples offers readers a biblical and historical portrait of Jesus, grounded in the claims Jesus makes about himself. Then Samples compares and contrasts Jesus with Buddha, Krishna, Confucius, and Muhammad using eight relevant categories of evaluation. He also helps readers understand the competing philosophies of religious pluralism, inclusivism, and exclusivism. The result is a clearer understanding of what sets Jesus apart as not simply a teacher to follow but God himself, worthy of our full allegiance and worship. Christians who struggle to answer claims that Jesus was just a good teacher, as well as those haven't quite made up their minds about Jesus's claims to divinity, will value this accessible introduction to comparative religions.

Anthology of World Scriptures - Robert E. Van Voorst 2016-01-01

LooseLeaf for Experiencing the World's Religions - Michael Molloy 2020-01-13

Experiencing the World's Religions, 8e helps students understand the practices and beliefs of all the major religions at a time when the world is rife with sectarian conflicts and statistics show that Americans are

seeking spiritual experience more than ever. By beginning each chapter with personal encounters with people of diverse faiths in his extensive travels, experienced religious scholar Michael Molloy brings alive how religions shape both individuals and whole cultures. In vivid illustrations, the vast majority of which have been replaced for this new edition, Molloy also delves into the art and architecture and celebrations and rituals of the major religions, which enhances students' visual learning. This text is written in an exciting and thought-provoking style, like those of the best travel writers, so that students feel as if they are experiencing the world's religions firsthand.

New Myreligionlab with Pearson Etext -- Standalone Access Card -- For Living Religions: A Brief Introduction - Mary Pat Fisher 2012-06

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. --
