Following the completion of the construction of new St. Peter's in the second decade of the seventeenth century, a series of monumental altarpieces was commissioned to decorate its altars. Here for the first time the altarpieces of St. Peter's are considered collectively, within the liturgical and artistic program of the building as a whole. Louise Rice takes a comprehensive approach to this critical chapter in the history of Italian Baroque art, offering insight into the mechanisms, motives, and meanings of papal patronage in the premier church of Catholicism.

[Caravaggio](#) - Gilles Lambert 2010

A painter ahead of his time: Rebellious art from the Baroque age Notorious bad boy of Italian Baroque painting, Caravaggio (1571-1610) is finally getting the recognition he deserves. Though his name may be familiar to all of us, his work had been habitually detested and forced into obscurity. Not only was his

theatrical realism unfashionable in his time, but his sacrilegious subject matter and use of lower-class models were violently scorned. Caravaggio's great work had the misfortune of enduring centuries of disrepute. It wasn't until the end of the 19th century that he was rediscovered and, quite posthumously, deemed a great master. He is now considered the most important painter of the early Baroque period; without him there would have been no Ribera, Zurbarán, Velázquez, Vermeer or Georges de La Tour. Frans Hals, Rembrandt, Delacroix, and Manet would have been different. In this anniversary edition you'll find over 50 of Caravaggio's best paintings; we think you'll agree that he was a genius beyond his time. About the Series: Each book in TASCHEN's Basic Art Series features: a detailed chronological summary of the life and oeuvre of the artist, covering his or her cultural and historical importance a concise biography approximately 100 colour illustrations with explanatory captions

Caravaggio - Rossella Vodret 2018-02-27

The painting of Michelangelo Merisi called Caravaggio (1571-1610) had such a vast influence that, according to modern scholars, it constituted an "epochal turning point" not only in Italian but also European art. This volume recounts the master's life through lights and shadows, masterpieces and scandals, presenting the paintings that scholars have unanimously acknowledged to be autograph works on the basis of documentary evidence that has emerged in recent years. It analyzes his revolutionary painting skills at a technical and creative level, and depicts a remarkably alive and realistic picture of Caravaggio the "man" and his journey: the move from Lombardy to Rome, followed by his dramatic flight to Naples, Malta, Sicily, and back to Naples again, ending with his tragic death. -- From publisher's description.

Judges - Andrea Camillieri 2015-10-06

Incorporating distinct traditions and styles of crime writing, the three novellas in Judges are united by a theme of idealistic judges in an often futile struggle against crime and corruption. Andrea Camillieri's novella recounts the charming Judge Surra. Leaving his family behind, Surra arrives in the 19th-century Sicilian town of Montelusa from Turin and is given quirky gifts from the locals, but is oblivious to the veiled threats accompanying them. Finally forced to contend with a hostile community and an imminent attempt on his life, Surra proves he is relentless in his quest for justice. Carlo Lucarelli's novella presents a darkly hued Bologna in the 1980s, where judges are frequent targets of assassination attempts. The protagonist, Judge Valentina Lorenzi--"La Bambina"--stumbles upon an extensive money laundering operation involving prominent public officials. Determined to nip Valentina's investigations in the bud, the criminals attack the judge and leave her clinging to life. Ultimately, Valentina is faced with a troubling question: will she break her vow to uphold the letter of the law in order to bring those responsible to justice? The final novella, The Triple Dream of the Prosecutor, by judge and novelist Giancarlo De Cataldo, teeters between dream and reality. Prosecutor Mandati is engaged in a life-long feud with the corrupt mayor of Novere, and his efforts finally pay off on the night before the trial of his life. Kafkaesque, tumultuous, and thoroughly gripping.

Drawing and Painting in the Italian Renaissance Workshop - Carmen Bambach 1999

In *Drawing and Painting in the Italian Renaissance Workshop*, Carmen Bambach reassesses the role of artists and their assistants in the creation of monumental painting. Analyzing representative wall paintings and the many drawings related to the various stages of their production, Bambach convincingly reconstructs the development of workshop practice and design theory in the early modern period. Her exhaustive analysis of archaeological and textual evidence provides a timely and much-needed reassessment of the working methods of artists in one of the most vital periods in the history of art.

[The Triumph of the Cross](#) - Richard Viladesau 2008-04-22

This is a sequel to Richard Viladesau's well-received study, *The Beauty of the Cross: The Passion of Christ*

in *Theology and the Arts from the Catacombs to the Eve of the Renaissance*. It continues his project of presenting theological history by using art as both an independent religious or theological "text" and as a means of understanding the cultural context for academic theology. Viladesau argues that art and symbolism function as alternative strands of theological expression sometimes parallel to, sometimes interwoven with, and sometimes in tension with formal theological reflection on the meaning of crucifixion and its role in salvation history. This book examines the two great revolutionary movements that gave birth to the modern West: the Renaissance and the Protestant Reformation. This period was eventful for both theology and art, and thus particularly fruitful for Viladesau's project. Using individual works of art, over sixty of which are reproduced in this book, to epitomize particular artistic and theological models, he explores the contours of each paradigm through the works of representative theologians as well as liturgical, poetic, artistic, and musical sources. To name a few examples, the theologies of Savonarola, Luther, Calvin, and the Council of Trent, are examined in correlation to the new situation of art in the era of Fra Angelico, Leonardo, Michelangelo, Dürer, Cranach, and the Mannerists. In this book, Viladesau continues to deepen our understanding of the foremost symbol of Christianity.
