*The Creation of Health -* Caroline Myss 2009-09-23

A collaboration between a traditionally trained physician and a medical intuitive, *The Creation of Health* illuminates the deep connection between emotional dysfunction and physical illness. It describes the role that emotional disturbances play in the most common diseases and ailments from the common cold to arthritis, diabetes, heart disease, and cancer. After providing an introduction to intuitive medicine and its history, method of diagnosis, and relationship to traditional medicine, Myss and Shealy detail the deeper emotional and psychic reasons why illness develops in the body. Dr. Shealy offers a traditional account of a particular disease or ailment, while Dr. Myss sheds light on the deeper causes through her corresponding energy analysis. Confirming the link between illness and emotion, *The Creation of Health* puts forth a groundbreaking vision of holistic healing.

*Defy Gravity -* Caroline Myss 2010-07

New York Times best-selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical; it is also a mystical phenomenon that transcends reason. Inspired by ordinary people who overcame a wide array of physical and psychological ailments - from rheumatoid arthritis to cancer - Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment. Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern it. This knowledge holds the key to understanding what it means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly. [Entering the Castle](#) - Caroline Myss 2007-03-06

Internationally renowned motivational teacher, spiritual instructor, and popular theologian Caroline Myss has created a transcendent work of unique insight and revelation in *Entering the Castle*. This exciting new teaching of contemporary mysticism is also a brilliant synthesis of the psychology of consciousness and of Eastern and Western mystical traditions. Myss provides a highly original inner path to self-knowledge -- which is also the road into a spiritual knowledge of God and your own soul -- as she reveals a necessary external path, one that takes you out into the world to serve God and others as a mystic without a monastery -- without having to retreat into total silence, self-denial, or isolation. As her main template for this extraordinary, modern spiritual journey, Myss uses the beloved, revered writings of *The Interior Castle* by Teresa of Ávila. Adapting Teresa's vision of the soul as a beautiful crystal castle with many floors, or mansions, and many rooms within those mansions, Myss guides us from room to room, helping us meet different aspects of our self, our soul, and our spirit -- preparing us for the ultimate encounter with God and our own divinity. Through intense practices and methods of spiritual inquiry adapted for contemporary life, she helps us to develop our personal powers of prayer, contemplation, and intuition and to ascend the seven levels of soul knowledge that build an ever stronger interior castle of our own -- a soul of strength and stamina. As in all her books, Myss also recounts stories of profoundly moving real-life experiences -- of her own, as well as of her students and of renowned spiritual figures -- that bring home the universal truth of her insights. Presiding over the entire book and journey are the great mystics, ancient and contemporary, of Christianity, Judaism, Islam, and Hinduism with their inspiring lives and discerning spirits. And over all, the benevolence, truth, and gentle and tough love of Teresa of Ávila shine through. Doubtless Myss's most deeply personal, revealing, compassionate, and transforming book yet, *Entering the*

*Castle* is a comprehensive guidebook for the journey of your life -- a journey into the center of your soul. There, peace, God, and a fearless bliss wait for you to discover them...and claim them for your own.

**Sacred Contracts** - Caroline Myss 2013-09-04

Caroline Myss, author of the New York Times bestsellers *Anatomy of the Spirit* and *Why People Don't Heal and How They Can*, presents an exciting, highly original program in this long-awaited book. Based on her internationally popular workshop of the same name, *Sacred Contracts* is a brilliant synthesis of psychology, healing guidance, and spiritual insight. As a medical intuitive, Myss has found that people often don't understand their purpose in life, which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue, and eventually physical illness. But our purpose—our individual Sacred Contract—is often difficult to apprehend. For this reason, Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato, and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets—Abraham, Jesus, the Buddha, and Muhammad—whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories, Myss explains how you can identify your particular spiritual energies, or archetypes—the gatekeepers of your higher purpose—and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions, you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest—in fact, your divine—potential. In this process, you learn how to see your life—and the lives of others—symbolically, allowing you to manage your personal power without getting caught up in emotional drama. You will also learn how to fulfill your Sacred Contract: what you and only you are here on earth to do. Finally, Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas. Both visionary and practical, *Sacred Contracts* is a completely unique process of self-discovery and spiritual archaeology and a bold, powerful work of spiritual wisdom.

*The Motivation Manifesto* - Brendon Burchard 2014-10-28

"The Motivation Manifesto is a poetic and powerful call to reclaim our lives and find our own personal freedom. It's a triumphant work that transcends the title, lifting the reader from mere motivation into a soaringly purposeful and meaningful life. I love this book." —Paulo Coelho The Motivation Manifesto is a pulsing, articulate, ferocious call to claim our personal power. World-renowned high performance trainer Brendon Burchard reveals that the main motive of humankind is the pursuit of greater Personal Freedom. We desire the grand liberties of choice—time freedom, emotional freedom, social freedom, financial freedom, spiritual freedom. Only two enemies stand in our way: an external enemy, defined as the social oppression of who we are by the mediocre masses, and an internal enemy, a sort of self-oppression caused by our own doubt and fear. The march to Personal Freedom, Burchard argues, can be won only by declaring our intent and independence, stepping into our personal power, and battling through self-doubt and the distractions of the day until full victory is won. Recalling the revolutionist voices of the past that chose freedom over tyranny, Burchard—at times poetic yet always fierce—motivates us to free ourselves from fear and take back our lives once and for all.

**The Seven Basic Plots** - Christopher Booker 2005-11-11

This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.
