This work is the only comprehensive guide to sequels in English, with over 84,000 works by 12,500 authors in 17,000 sequences.
Montana - 2014

Calamity Jane - Richard W. Etulain 2015-08-25
This exhaustive bibliographical reference will be the first stop for anyone looking for Calamity Jane in print, film, or photograph—and wanting to know how reliable those sources may be. Richard W.

Etulain, renowned western-U.S. historian and the author of a recent biography of this charismatic figure, enumerates and assesses the most valuable sources on Calamity Jane's life and legend in newspapers, magazines, journals, books, and movies, as well as historical and government archives. Etulain begins with a brief biography of Martha Canary, aka Calamity Jane (1856-1903), then analyzes the origins and growth of her legends. The sources, Etulain shows, reveal three versions of Calamity Jane. In the most popular one, she was a Wild Woman of the Old West who helped push a roaring frontier through its final stages. This is the Calamity Jane who fought Indians, marched with the military, and took on the bad guys. Early in her life she also hoped to embody the pioneer woman, seeking marriage and a stable family and home. A third, later version made of Calamity an angel of mercy who reached out to the poor and nursed smallpox victims no one else would help. The

hyperbolic journalism of the Old West, as well as dime novels and the stretchers Calamity herself told in her interviews and autobiography, shaped her legends through much of the twentieth century. Many of the sensational early accounts of Calamity's life, Etulain notes, were based on rumor and hearsay. In illuminating the role of the Deadwood Dick dime novel series and other pulp fiction in shaping what we know—or think we know—of the American West, Etulain underscores one of his fascinating themes: the power of popular culture. The product of twenty years' labor sifting fact from falsehood or distortion, this bibliography and reader's guide includes brief discussions of nearly every item's contents, along with a terse, entertaining evaluation of its reliability.

Holstein-Friesian Register - 1913

Western Gunslingers in Fact and on Film - Buck Rainey 2015-11-17

Billy the Kid, Wild Bill Hickok, Belle Starr, Wyatt Earp, the Younger Gang, the Dalton-Doolin Gang and Bat Masterson—these real-life lawmen and lawbreakers have been the basis of so many Hollywood Westerns that it has become difficult to discover where the truth ends and the legend begins. All actually became larger-than-life characters during their lifetimes, as contemporary newspapers and books embellished their deeds for

their own purposes. But it was in Hollywood that the line between reality and myth was completely blurred. Each chapter-length entry here first focuses on the known facts of the people's lives and how each became truly legendary during their lifetimes. The reality is then compared to how they have been portrayed in the movies.

Calamity - Karen R. Jones
2020-02-04

A fascinating new account of the life and legend of the Wild West's most notorious woman: Calamity Jane Martha Jane Canary, popularly known as Calamity Jane, was the pistol-packing, rootin' tootin' "lady wildcat" of the American West. Brave and resourceful, she held her own with the men of America's most colorful era and became a celebrity both in her own right and through her

association with the likes of Wild Bill Hickok and Buffalo Bill Cody. In this engaging account, Karen Jones takes a fresh look at the story of this iconic frontierswoman. She pieces together what is known of Canary's life and shows how a rough and itinerant lifestyle paved the way for the scattergun, alcohol-fueled heroics that dominated Canary's career. Spanning Canary's rise from humble origins to her role as "heroine of the plains" and the embellishment of her image over subsequent decades, Jones shows her to be feisty, eccentric, transgressive—and very much complicit in the making of the myth that was Calamity Jane.

Women in the Western - Matheson Sue Matheson
2020-07-31

In Westerns, women transmit complicated cultural coding about the nature of westward expansionism, heroism, family life, manliness and American femininity. As the genre changes and matures, depictions of women have transitioned from traditional to more modern roles. Frontier Feminine charts these significant shifts in the Western's transmission of gender values and expectations and aims to expand the critical arena in which Western film is situated by acknowledging the importance of women in this genre.
