hear about a few of these ways, mostly sexual service, kinky play, and BDSM, or perhaps leather care or formal tea service? From housework to driving to child care to personal care, nearly anyone who is in service (or who would like to be) has dozens of skills they already know that they can offer as a service,

and there are countless more practical everyday skills they can learn. Real Service is a handbook for service-oriented submissives and the people they serve, providing techniques to help a service relationship function smoothly, and suggestions for service that can be offered.

Whether you're a trembling novice or a jaded

expert, there's always something new to be discovered in the endlessly changing, complex and titillating world of kink. While there are plenty of other books out there that explain how to give a spanking or tie a half-hitch, *Playing Well With Others* is the first book that explains kink \*culture\* -- the munches, parties, leather bars, conferences, workshops, fetish nights, exploratoriums and all the other gatherings of kinksters that turn BDSM and leather from a bedroom predilection to a lifestyle and a community. You'll learn to:

- Examine your own motivations, needs, wants and desires
- Ease your way into established communities
- Understand etiquette in different adventurous sex communities
- Familiarize yourself with the many types of events available to you
- Care for your relationships as you explore new territory
- Negotiate for play and aftercare
- Go back to the "world at large" without ruffling feathers

### **Submissive's Guide To BDSM Vol. 1 -**

Matthew Larocco 2016-05-03

What does it really mean to be a submissive, or sub? Much of what we see in BDSM practice, especially in the mainstream, focuses on how to become dominant and act like the ideal Dom or Master, or "Top." However, a lot of newcomers are confused as to how this works. They vaguely understand that the submissive or sub or slave is supposed to obey. But they don't understand the emotional dynamics, or how to act like the ideal sub, or even how to enjoy the experience. That's what this book is going to teach you: How to be a better sub, and have a happy & healthy BDSM

lifestyle. Here are just some of the things you will discover in volume 1 of "Submissive's Guide To BDSM": - Why you want to experience punishment... - The science of pain & pleasure... - Type of Doms to beware of... - How to pick the right Dom just for you... - How to protect yourself from wannabe Doms and predators... - The right way to explore taboo fantasies in BDSM... - Type of limits and when & how to use them... - How to communicate with your Dom... - Common mistakes new subs make... - How to "train" your Master... - How to "fire" your Dom if it's not working out... - And much more...

Submissive women have needs just like anybody else. But how can a woman get her needs met when she's relinquished her power to her dominant partner? With warmth, wisdom and a down-to-earth approach, experienced submissive Kacie Cunningham analyzes the realities of the

dominant-submissive lifestyle and suggests ways in which both partners can experience the greatest possible growth and pleasure. At the heart of the book is an emotion Kacie has dubbed "Conquer Me" -- which she defines as "the submissive's internal demand for a show of strength." Without a clear understanding of "conquer me," both submissive and dominant may find themselves at odds -- either fighting unhappily, or watching the passion ebb from their relationship. *Dom's Guide To BDSM Vol. 1* - Matthew Larocco  
2015-08-19

Much of what we've "heard" about BDSM and

the lifestyle is wrong. Our opinions on this lifestyle and art form are oftentimes shaped by other people who have heard something about it and perhaps embellished it to the point of perpetuating myths. The truth is that BDSM is not degrading towards women, and it's also a concept that you will find is not "scary." And even the "pain" that is spoken of is not the type of pain people think it is. This book is written for Doms/Masters in training. It is written for you, the average guy or gal, who doesn't already have a closet full of leather and whips, and who really has little idea about what BDSM is besides what they've heard about it. What you are going to find out, is that the Dom/Master actually has the more complicated role. The master has the task of giving pleasure and discipline to the slave or sub. A great deal of what you do as a Dom will be for the benefit of a sub. You must derive pleasure from giving, have a great desire to please a partner, and not simply take what you want. Still interested? Good. Now that we know

you're a REAL master in training, one that will respect the rules, respect the slave you have power over, and follow protocol, you can begin your Dom training. Only then can you truly earn the utmost respect and admiration from your sub. In Volume 1 of this series we are going to discuss: - How to think and act like a Dom - What the slave expects from you - What not to do and what instincts you do NOT want to follow - Your motivation and your goals - How to find out a sub's taboo - How to negotiate, find agreement and ensure that game play is always safe - How to make a slave yearn for you and desire to be controlled by you - And much more...
