The Little Engine That Did It - Dr. Richard John Tscherne 2013-10-24

This book is about a journey. Every one of us is on a journey that leads us into a labyrinth. The roads we travel on are not always straight; they have curves, bumps, and cracks, and travel is not easy. Even so, we continue on that road, trusting that it will lead us to someplace that answers the questions we hold. Once we get there, we understand why the path was not straight. The detours that we took were our greatest

learning lessons. My journey is one of self-love. Once I started to appreciate who I was, my life began to change. I stopped pushing against my brick wall, which was, in my case, being born with cerebral palsy and fighting it for as long as I can remember. Accepting that I have cerebral palsy has enabled my life to evolve; I became humble and empowered and began to understand love. What is your journey? Has it been a straight road or a meandering one? Reflect on that for a moment. See your truth as you read through the pages of this book, and find your "aha" moment to lead you to your own empowerment.

Feeling Like a Kid - Jerry Griswold 2006-12

Outstanding Academic Title for 2007, Choice Magazine In this engaging and reflective essay, Jerry Griswold examines the unique qualities of childhood experience and their reappearance as frequent themes in children's literature. Surveying dozens of classic and popular works for the young—from Heidi and The Wizard of Oz to Beatrix Potter and Harry Potter—Griswold demonstrates how great children's writers succeed because of their uncanny ability to remember what it feels like to be a kid: playing under tables, shivering in bed on a scary night, arranging miniature worlds with toys, zooming around as caped superheroes, listening to dolls talk. No softheaded discussion of kids' "cute" convictions nor a developmentally-focused critique of their "immature" beliefs, Feeling Like a Kid boldly and honestly identifies the ways in which the young think and see the world in a manner different from that of adults. Written by a leading scholar, prize-winning author, and frequent contributor to the Los Angeles Times, this extensively illustrated book will fascinate general readers as well as all those who study childhood and children's literature.

Atlas Shrugged - Ayn Rand 2005-04-21

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action

thriller—nominated as one of America's best-loved novels by PBS's The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

Freight Train - Donald Crews 2011-08-23

In simple, powerful words and vibrant illustrations, Donald Crews evokes the rolling wheels of that childhood favorite: a train. This Caldecott Honor Book features bright colors and bold shapes. Even a child not lucky enough to have counted freight cars will feel he or she has watched a freight train passing after reading *Freight Train*. Donald Crews used childhood memories of trains seen during his travels to his grandparents' farm in the American South as the inspiration for this timeless favorite. New York magazine's The Strategist chose *Freight Train* as one of the "Best (Nonobvious) Baby Books to Bring to a Shower." As The Strategist stated: "The Caldecott Honor Book is spare and minimal in both art and text and follows the journey of a freight train and all its cars until it rolls off the page and into the distance. It's a good way to learn all the different names of train cars, too." Red caboose at the back, orange tank car, green cattle car, purple box car, black tender and a black steam engine . . . freight train.
