Multilingualism in Post-Soviet Countries - Aneta Pavlenko 2008
In the past two decades, post-Soviet countries have emerged as a contested linguistic space, where disagreements over language and education policies have led to demonstrations, military conflicts and even secession. This collection offers an up-to-date comparative analysis of language and education policies and practices in post-Soviet countries.
Problems of the Roman Criminal Law - James Leigh Strachan-Davidson 2019

On the Nature of Suržyk - Salvatore Del Gaudio 2010

E-Health Systems - Joel J.P.C Rodrigues 2016-07-21
e-Health Systems: Theory, Advances and Technical Applications offers a global vision of all the parties involved with e-health system deployment and its operation process, presenting the state of the art in major trends for improving healthcare quality and efficiency of healthcare management. The authors focus on ICT technologies and solutions for health management and healthcare applications, specifically emerging ICT to help reduce costs and improve healthcare quality, and healthcare trends in consumer empowerment and information-rich "Smart Care", with ubiquitous care access from anywhere, at any time, by any authorized person(s) when needed. Split into two parts, this book provides a comprehensive introduction to the concepts of e-health and delves into the processes carried out to store information, as well as the standards that are used; the authors explore applications and implementation of e-health systems, explaining in depth the types of wireless networks and security protocols employed to convert these systems into robust solutions avoiding any kind of data corruption and vulnerabilities. Presents e-Health from implementation at the physical level, to the communication level between different systems and sensors Considers all process security methods and the most relevant related standards Suitable for students, academics, researchers, and professionals involved in applications to improve health management and eHealth systems
Project to Develop a Model Anti-stalking Code for States - 1993

Hippucus's Long Quest - Louis Morris 2015-04-09

Handbook of Strategic e-Business Management - Francisco J. Martínez-López 2013-11-19
This research handbook provides a comprehensive, integrative, and authoritative resource on the main strategic management issues for companies within the e-business context. It covers an extensive set of topics, dealing with the major issues which articulate

the e-business framework from a business perspective. The handbook is divided into the following e-business related parts: background; evolved strategic framework for the management of companies; key business processes, areas and activities; and, finally, emerging issues, trends and opportunities, with special attention to diverse Social Web-related implications. The articles are varied, timely and present high-quality research; many of these unique contributions will be especially valued and influential for business scholars and professionals interested in e-business. Many of the contributors are outstanding business scholars who are or have been editors-in-chief of top-ranked management and business journals or have made significant contributions to the development of their respective fields.

Ukraine - Taras Kuzio 2002-09-11
Ukraine: State and Nation Building explores the transformation of Soviet Ukraine into an independent state and examines the new elites and their role in the state building process, as well as other attributes of the modern nation-state such as borders, symbols, myths and national histories. Extensive primary sources and interviews with leading members of Ukranian elites, show that state building is an integral part of the transition process and cannot be divorced from democratization and the establishment of a market economy.

Malware Forensics Field Guide for Windows Systems - Cameron H. Malin 2012-06-13
Dissecting the dark side of the Internet with its infectious worms, botnets, rootkits, and Trojan horse programs (known as malware) is a treaterous condition for any forensic investigator or analyst. Written by information security experts with real-world investigative experience, Malware Forensics Field Guide for Windows Systems is a "tool" with checklists for specific tasks, case studies of difficult situations, and expert analyst tips. *A condensed hand-held guide complete with on-the-job tasks and checklists *Specific for Windows-based systems, the largest running OS in the world *Authors are world-renowned leaders in investigating and analyzing malicious code

Language, a Right and a Resource - Mikl¢s Kontra 1999-01-01
"This study broadens our knowledge of the important role of language in minority rights and in social and political struggles for LHRs. Exploring the interactions of linguistic diversity, biodiversity, the free market and human rights, the contributors present case studies to highlight such issues as Kurdish satellite TV attempting to create a virtual state on the air through trying to achieve basic LHRs for Kurds in Turkey; the implementation of LHRs in the Baltic states; language rights activism in Canada; the spread of English as an international language; and the obstacles met in education by Roma and the Deaf in Hungary because of lack of appropriate LHRs."
"Language: A Right and a Resource is a multi-disciplinary text which can be used in a variety of different areas of study in the legal profession, linguistics, cultural and political studies."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Collective Task - Tim Davis 2009
A collective project in which 12 poets and artists assign each other a variety of open-ended monthly tasks over the course of a year.

Nurses in Nazi Germany - Bronwyn Rebekah McFarland-Icke 2020-11-10
This book tells the story of German nurses who, directly or indirectly, participated in the Nazis' "euthanasia" measures against patients with mental and physical disabilities, measures that claimed well over 100,000 victims from 1939 to 1945. How could men and women who were trained to care for their patients come to kill or assist in murder or mistreatment? This is the central question pursued by Bronwyn McFarland-Icke as she details the lives of nurses from the beginning of the Weimar Republic through the years of National Socialist rule. Rather than examine what the Party did or did not order, she looks into the hearts and minds of people whose complicity in murder is not easily explained with reference to ideological enthusiasm. Her book is a micro-history in which many of the most important ethical, social, and cultural issues at the core of Nazi genocide can be addressed from a fresh perspective. McFarland-Icke offers gripping descriptions of the conditions and practices associated with psychiatric nursing during these years by mining such sources as nursing guides, personnel

records, and postwar trial testimony. Nurses were expected to be conscientious and friendly caretakers despite job stress, low morale, and Nazi propaganda about patients' having "lives unworthy of living." While some managed to cope with this situation, others became abusive. Asylum administrators meanwhile encouraged nurses to perform with as little disruption and personal commentary as possible. So how did nurses react when ordered to participate in, or tolerate, the murder of their patients? Records suggest that some had no conflicts of conscience; others did as they were told with regret; and a few refused. The remarkable accounts of these nurses enable the author to re-create the drama taking place while sharpening her argument concerning the ability and the willingness to choose.

Foundational Practices of Online Writing Instruction - Beth L. Hewett 2015-04-15 Foundational Practices in Online Writing Instruction addresses administrators' and instructors' questions for developing online writing programs and courses. Written by experts in the field, this book uniquely attends to issues of inclusive and accessible online writing instruction in technology-enhanced settings, as well as teaching with mobile technologies and multimodal compositions.

Ancient Laws and Institutes of Wales - Aneurin Owen 1841

E-Health and Telemedicine: Concepts, Methodologies, Tools, and Applications - Management Association, Information Resources 2015-09-23 Advances in medical technology increase both the efficacy and efficiency of medical practice, and mobile technologies enable modern doctors and nurses to treat patients remotely from anywhere in the world. This technology raises issues of quality of care and medical ethics, which must be addressed. E-Health and Telemedicine: Concepts, Methodologies, Tools, and Applications explores recent advances in mobile medicine and how this technology impacts modern medical care. Three volumes of comprehensive coverage on crucial topics in wireless technologies for enhanced medical care make this multi-volume publication a critical reference source for doctors, nurse

practitioners, hospital administrators, and researchers and academics in all areas of the medical field. This seminal publication features comprehensive chapters on all aspects of e-health and telemedicine, including implementation strategies; use cases in cardiology, infectious diseases, and cytology, among others; care of individuals with autism spectrum disorders; and medical image analysis.

History, Language and Society in the Borderlands of Europe - Barbara Törnquist Plewa 2006

Consumer Health Informatics - Deborah Lewis 2006-03-30 According to the Pew Foundation's "Internet in American Life Study," over 60 million Americans per year use the Internet to search for health information. All those concerned with healthcare and how to obtain personally relevant medical information form a large additional target group Many Medical Informatics programs–both in the United States and abroad–include a course in Consumer Health Informatics as part of their curriculum. This book, designed for use in a classroom, will be the first textbook dedicated solely to the specific concerns of consumer health informatics Consumer Health Informatics is an interactive text; filled with case studies and discussion questions With international authorship and edited by five leaders in the field, Consumer Health Informatics has tapped some of the best resources in informatics today

History of Civilization in England - Henry Thomas Buckle 1858

Domestic Annals of Scotland - Robert Chambers 2020-04-16 This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

The Growth of the Manor - Paul Vinogradoff 2010-10-31 An influential 1905 work on the rise of English

feudalism, which focuses particularly on the Domesday Book.
A Tour in Wales - Thomas Pennant 1778

Encyclopedia of German Resistance to the Nazi Movement - Wolfgang Benz 1997

Part 2: shorter articles on specific groups and eventsPart 3: 550 brief biographies of the main opponents of National Socialism mentioned in the first two parts
Germany's Underground - Allen Dulles 2019-12-06
Germany's Underground, first published in 1947, is the classic inside look at German resistance movements attempting to overthrow Adolph Hitler and the Nazi regime. Author Allen Dulles, younger brother of John Foster Dulles, was the OSS chief of station in Bern Switzerland, and had extensive personal contacts with members of the German underground. Following the war's end, he was stationed in Germany, providing him with access to captured secret Nazi documents. He was also able to interview the handful of surviving men and women involved in attempts to overthrow the Nazis or assassinate Hitler. Germany's Underground is a fascinating look at the individuals involved in the German resistance as well as an examination of morality and ethics in the midst of a brutal police state. Allen Dulles was appointed director of the U.S. CIA in 1953, a position he held until 1961. Dulles, born in 1893, passed away in 1969.
The German Opposition to Hitler: An Appraisal - Hans Rothfels 2018-04-03
More than a study of resistance among the upper ranks, author Hans Rothfels examines the unprecedented totalitarian state, armed with mid-20th century modern weapons, science, and industry. Professor Rothfels illustrates the true extent of the German resistance, its composition, aim, and the nature of its intent. He also considers the whole question of the moral and practical problems involved in opposing a totalitarian regime.
Haven of Obedience - Marina Anderson 2012-06-28
Natalie Bowen is a successful young businesswoman, envied by many, but her personal life is a disaster. Men can't cope with her dominating attitude and she doesn't know how to change. Luckily, there is The Haven - a weekend retreat that specializes in teaching sexual submission and obedience.
Outlines of Historical Jurisprudence - Paul Vinogradoff 1920
Vinogradoff, Sir Paul. Outlines of Historical Jurisprudence. London: Oxford University Press, 1920. Two volumes. 428; x, 315 pp. Reprinted 1999 by The Lawbook Exchange, Ltd. LCCN 98-42298. ISBN 1-886363-64-1. Cloth. $150. * A complex description and analytical perspective of the growth of jurisprudence from tribal to modern law, beginning with the concept of marital union among tribes and clans and continuing to the "Jurisprudence of the Greek City" in the fourth and fifth centuries. "He goes into everything and differs, where he thinks fit, from the lifelong specialist. He is always himself, never an echo." Marke, A Catalogue of the Law Collection of New York University (1953) 929-930. Each volume is thoroughly indexed.
The Four Ancient Books of Wales Containing the Cymric Poems Attributed to the Bards of the Sixth Century - William Forbes Skene 1868

The Community Development Administrator Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study.
Language Policy and Language Situation in Ukraine - Juliane Besters-Dilger 2009
At head of title: INTAS Project "Language policy in Ukraine: Anthropological, Linguistic and Further Perspectives."
Contested Tongues - Laada Bilaniuk 2005
During the controversial 2004 elections that led to the "Orange Revolution" in Ukraine, cultural and linguistic differences threatened to break apart the country. Contested Tongues explains

the complex linguistic and cultural politics in a bilingual country where the two main languages are closely related but their statuses are hotly contested. Laada Bilaniuk finds that the social divisions in Ukraine are historically rooted, ideologically constructed, and inseparable from linguistic practice. She does not take the labeled categories as givens but questions what "Ukrainian" and "Russian" mean to different people, and how the boundaries between these categories may be blurred in unstable times.Bilaniuk's analysis of the contemporary situation is based on ethnographic research in Ukraine and grounded in historical research essential to understanding developments since the fall of the Soviet Union. "Mixed language" practices (surzhyk) in Ukraine have generally been either ignored or reviled, but Bilaniuk traces their history, their social implications, and their accompanying ideologies. Through a focus on mixed language and purism, the author examines the power dynamics of linguistic and cultural correction, through which people seek either to confer or to deny others social legitimacy. The author's examination of the rapid transformation of symbolic values in Ukraine challenges theories of language and social power that have as a rule been based on the experience of relatively stable societies.

Remote Work and Worker Well-being in the Post-COVID-19 Era - Daniel Wheatley 2021
This edited book presents an understanding of the impacts of the rapid expansion of remote working in response to the global COVID-19 pandemic with the intent to progress understanding and raise awareness of both the benefits and challenges faced from the large-scale adoption of remote working, considering the multiple dimensions in which this large-scale movement is impacting our working lives.
Survey of the Honour of Denbigh 1334 - Wales Honour Denbigh 1914

The Scotts of Buccleuch - Sir William Fraser 1878

Ordinary Level Physics - A. F. Abbott 1977

The Ancient Laws of Wales - Hubert Lewis 1889
The Percy Chartulary - Earls Of Archives Northumberland 2015-08-27
