Management and Organisational Behaviour 11th Edn - Laurie J. Mullins 2016

Now in its 11th edition Laurie Mullins's Management & Organisational Behaviour is the essential guide to OB for students today. Over half a million students have used this engaging and practically focused book as their introduction to the world of management and organisational behaviour, and it continues to evolve and improve to serve the needs of modern students. Using both theory and practical, real-world examples, the textbook considers how organisational performance can be improved through effective management of people. This unique approach to the subject enables students to relate Organi.

Hospitality Management and Organisational Behaviour - Laurie J. Mullins 2013

Using contemporary material and case studies, this book indicates ways in which performance may be improved through better use of human resources. Rigorous academic theory is related to hospitality practice, based on the author's great knowledge of the hospitality industry.

Organization Management in Construction - Paul S. Chinowsky
2011-01-12

Today's construction environment is changing at an unprecedented pace

and executives are facing a diverse set of issues – globalization, economics, workforce demographics, and technology. Moreover the traditional issues of competition and delivery are being challenged by new laws and new industry entrants; and the tasks of project and organization management are being overhauled. This all demands greater leadership from senior management. Construction executives typically reach senior level after many years mastering the art of project management, which has given them very little time or opportunity to learn the concepts and principles of organization leadership – unlike their counterparts in other industries who have been steeped in this. This book provides a comprehensive overview of the key issues that organization leaders must understand and address. It provides concise summaries by leading international authorities of the ten key strategic management issues, shows how they have emerged, and outlines their potential impact on the construction organization.

Management and Organisational Behaviour PDF eBook 11th edition - Laurie j Mullins 2016-02-17

"This is a classic text that...is very comprehensive, well-structured and particularly well-designed from a learning perspective." Dr. Jean-Anne Stewart, Associate Professor, Henley Business School. "Management and

Organisational Behaviour has provided an excellent source for students over many years...the author go out of their way to include additional research evidence/key frameworks and theories that are not covered in many of the other mainstream OB texts. This is a real benefit for those students who want to achieve beyond the basics." Dr. Nick Jackson, Senior Teaching Fellow, University of Leeds. "The book is well written and presented in a logical sequence that makes comprehension and understanding easier. The chapters consist of a series of small, succinct explanations and discussions around important concepts aided by extensive use of theory...The treatment of key concepts is expressed at a level students will find accessible." Dr. Colin Combe, Senior Lecturer, Glasgow Caledonian University. Now in its 11th edition Laurie Mullins's Management & Organisational Behaviour is the essential guide to OB for students today. Over half a million students have used this engaging and practically focused book as their introduction to the world of management and organisational behaviour, and it continues to evolve and improve to serve the needs of modern students. Using both theory and practical, real-world examples, the textbook considers how organisational performance can be improved through effective management of people. This unique approach to the subject enables students to relate Organisational Behaviour to Management in the broader social and cultural contexts. This fully updated new edition incorporates new content and a streamlined structure to deliver the best possible learning experience. Key features include: Expanded Personal Skills and Employability sections as well as 5 new end of chapter exercises and an end of book review to help you to develop your social and work-based skills in preparation for life after study. New and revised management and OB in action case studies help to place the theory of management and organisational behaviour in the context of everyday organisational practice. New and revised end of chapter case studies provide a deeper insight into a wide variety of organisations in the UK and around the world. New Academic Viewpoint features in each part links to relevant research for a deeper understanding of the topics discussed. Management and Organisational Behaviour will appeal to

students at undergraduate level or on related professional courses, as well as to graduates and professionals aspiring to management positions. This bible of Organisational Behaviour is the perfect resource for students from all backgrounds - Management starts with Mullins! *Human Resources Management: Concepts, Methodologies, Tools, and Applications* - Management Association, Information Resources 2012-05-31

Human resources management is essential for any workplace environment and is deemed most effective when a strategic focus is in place to ensure that people can facilitate that achievement of organizational goals. But, effective human resource management also contains an element of risk management for an organization which, as a minimum, ensures legislative compliance. *Human Resources Management: Concepts, Methodologies, Tools, and Applications* compiles the most sought after case studies, architectures, frameworks, methodologies, and research related to human resources management. Including over 100 chapters from professional, this three-volume collection presents an in-depth analysis on the fundamental aspects, tools and technologies, methods and design, applications, managerial impact, social/behavioral perspectives, critical issues, and emerging trends in the field, touching on effective and ineffective management practices when it comes to human resources. This multi-volume work is vital and highly accessible across the hybrid domain of business and management, essential for any library collection.

Management Concepts And Strategies - J S Chandan 1997
Simple, clear, unambiguous, well-structured well-grounded and authoritative, this book covers the tools, techniques and strategies used by effective managers.

Organisational Behaviour - Gerald A. Cole 2000
A text on organizational behaviour, for second-year (and beyond) degree students on semesterized courses. A three-part structure links theory, case studies and a workbook section of questions and mini-cases.

Management and Organisational Behaviour - Wendy Bloisi 2007
La 4è de couv. indique : "This second European edition of Management &

Organisational Behaviour builds on the success of the previous edition to offer a comprehensive discussion of behavioural skills and the workings of organisations. Updated to reflect current business practices, the text includes a new chapter on HRM within the organisation and expanded coverage of key topics such as globalisation. The author takes a functional approach, integrating theory and practice in a lively and engaging manner, to promote critical awareness and equip students to deal with real-world management situations. Features include : Strong pedagogy : Each chapter provides a wealth of interactive exercises, progressing through various levels of ability, to suit seminar groups and individual study. These include experiential exercises, questions for study and discussion and case studies linked to chapter topics ; European examples : Provided throughout the text, these examples apply the theory of management and organisational behaviour in both a European and wider global context, allowing students to engage with the material in a relevant way ; A new chapter on HRM within the organisation : This chapter has been added to enhance breadth of knowledge and provide up-to-date coverage of key legislation ; Strong practical focus : Thought-provoking boxes interspersed throughout the text ground academic theory in a dynamic real-world context, highlighting contemporary issues such as research, ethics, diversity, technology and the environment."

The Business Environment - Ian Worthington 2006

By encouraging students to explore the challenges and opportunities managers face in the business environment, this text will provide students with a solid foundation from which to build upon their business knowledge.

New History of the Jews - Eustace Clarence Mullins 2016-01-25

Throughout the history of civilization, one particular problem of mankind has remained constant. In all of the vast records of peace and wars and rumors of wars, one great empire after another has had to come to grips with the same dilemma... the Jews. Despite the persistence of this problem, and despite the enormous amount of literature on this subject, not one writer, either pro or con, has ever faced the dilemma at its source namely, who are the Jews and why are they here? This question

can be answered only if man brings to bear upon it his full intelligence. This question must also be approached on the highest spiritual level, with the deepest motives of Christian charity, and above all, with the greatest respect for man himself, what he is, what his roots are, and what he is becoming. The history of man is the history of conflict, of wars between the haves and the have-nots, of exploitation of man by man, and of terrible massacres. In this blood-stained record, however, the scholar finds only one people who have aroused the most violent antagonisms, no matter where they have settled. Only one people has irritated its host nations in every part of the civilized world to the point that the host has turned against them and killed them or driven them out. This people is called the Jews.

Managing People in the Hospitality Industry - Laurie J. Mullins 1998

Comments on the previous edition: "This book is the best of its kind" Laurie Mullins is to be congratulated on producing an engaging text on human resource management in the hospitality industry. "It is nice to see a textbook in this field that has theoretical concerns as well as vocational ones." The writing style is accessible and free from technical jargon. Managing People in the Hospitality Industry is the third edition of a best-selling text previously called Hospitality Management: A Human Resources Approach. It provides a detailed study of the ways performance can be improved in the hospitality industry through the effective management of people. It is designed to instil in readers a greater awareness of the organisational factors influencing the behaviour and performance of people at work. The approach focuses on the critical analysis of the relevance and applications of general management theory and practice to the hospitality industry. The text recognises the diverse nature of the hospitality industry with many real-life case studies and examples. It is written in a clear and easy to understand style, and develops an understanding of key concepts which are then applied to **Management and Organisational Behaviour** - Laurie J. Mullins 2013 Presenting a managerial approach to the study of organisational behaviour, with an emphasis on improving working performance through a better understanding of human resources, this book contains

summaries, review questions, and assignments.

Le Cordon Bleu Pastry School - LE CORDON BLEU 2018-09

Le Cordon Bleu is the highly renowned, world famous cooking school noted for the quality of its culinary courses, aimed at beginners as well as confirmed or professional cooks. It is the world's largest hospitality education institution, with over 20 schools on five continents. Its educational focus is on hospitality management, culinary arts, and gastronomy. The teaching teams are composed of specialists, chefs and pastry experts, most of them honoured by national or international prizes. One of its most famous alumnae in the 1940s was Julia Child, as depicted in the film *Julie & Julia*. There are 100 illustrated recipes, explained step-by-step with 1400 photographs and presented in 6 chapters: Pastries, cakes and desserts; Individual cakes and plated desserts; Pies and tarts; Outstanding and festive desserts; Biscuits and cupcakes, candies and delicacies, and finally the basics of pastry. There are famous classics such as apple strudel, carrot cake, black forest gateau, strawberry cakes, profiteroles... Simple family recipes including molten chocolate cake, cake with candied fruit, hot soufflé with vanilla, Tart Tatin... Delicious and original desserts like yuzu with white chocolate, chocolate marshmallow and violet tartlet, cream cheese and cherry velvet, pistachio crystalline... At the end of the book there is a presentation of all the utensils and ingredients needed for baking and also a glossary explaining the specific culinary terms. This is THE book for pastry lovers everywhere, from beginner to the advanced level and is the official bible for the Cordon Bleu cooking schools around the world in Europe: Paris, London, Madrid, Istanbul; the Americas: Ottawa, Mexico, Peru; Oceania: Adelaide, Melbourne, Perth, Sydney; and Asia: Tokyo, Kobe, Korea, Thailand, Malaysia, Shanghai, India, Taiwan.

Fundamentals Of Management: Essential Concepts And Applications, 6/E - Robbins 2009-09

Hospitality Management and Organisational Behaviour - Laurie J. Mullins 2001

An essential text for HND and first year Hospitality Management degree

students which examines the relevance and applications of general management theory and principles to hospitality organisations. Using contemporary material and case studies the book indicates ways in which performance may be improved through better use of human resources. Rigorous academic theory is related to hospitality practice, based on the author's great knowledge of the hospitality industry. The text takes a vocational basis and the illustration of the theory with real-life examples of hospitality management in action provides a solid and stimulating introduction to the subject. Laurie Mullins' trademark jargon-free style is combined with an attractive layout this to deliver a truly student-friendly textbook. Supplements: OHP masters, based on diagrams in the book provide a complete teaching package Readership: An essential text for HND and first year Hospitality Management degree students.

Whistleblowing in the Australian Public Sector - A. J. Brown 2008-09-01

The product of one of the world's most comprehensive research projects on whistleblowing, evidence from over 8,000 public servants in over 100 federal, state and local government agencies shows that whistleblowers can and do survive, and that often their role is highly valued. Public sector managers face significant challenges in better managing and protecting whistleblowers. There is great variation between the many public agencies making the effort, and the many agencies where the outcomes - for managers and whistleblowers alike - are still likely to be grim. This book is compulsory reading for all public sector managers who wish to turn this negative trend around, and for anyone interested in public accountability generally.

100 Great Business Ideas - Jeremy Kourdi 2009-11-28

Are you looking for a great idea or some inspiration to start a new venture or to help you grow your existing business? This book contains 100 great business ideas, extracted from the world's best companies. Ideas provide the fuel for individuals and companies to create value and success. Indeed the power of ideas can even exceed the power of money. One simple idea can be the catalyst to move markets, inspire colleagues and employees, and capture the hearts and imaginations of

customers. This book can be that very catalyst. Each idea is succinctly described and is followed by advice on how such an idea can be applied to the reader's own business situation. A simple but potentially powerful book for anyone seeking new inspiration and that killer application.

Talk Like TED - Carmine Gallo 2014-03-04

Ideas are the currency of the twenty-first century. In order to succeed, you need to be able to sell your ideas persuasively. This ability is the single greatest skill that will help you accomplish your dreams. Many people have a fear of public speaking or are insecure about their ability to give a successful presentation. Now public speaking coach and bestselling author Carmine Gallo explores what makes a great presentation by examining the widely acclaimed TED Talks, which have redefined the elements of a successful presentation and become the gold standard for public speaking. TED ? which stands for technology, entertainment, and design ? brings together the world's leading thinkers. These are the presentations that set the world on fire, and the techniques that top TED speakers use will make any presentation more dynamic, fire up any team, and give anyone the confidence to overcome their fear of public speaking. In his book, Carmine Gallo has broken down hundreds of TED talks and interviewed the most popular TED presenters, as well as the top researchers in the fields of psychology, communications, and neuroscience to reveal the nine secrets of all successful TED presentations. Gallo's step-by-step method makes it possible for anyone to deliver a presentation that is engaging, persuasive, and memorable. Carmine Gallo's top 10 Wall Street Journal Bestseller Talk Like TED will give anyone who is insecure about their public speaking abilities the tools to communicate the ideas that matter most to them, the skill to win over hearts and minds, and the confidence to deliver the talk of their lives. The opinions expressed by Carmine Gallo in TALK LIKE TED are his own. His book is not endorsed, sponsored or authorized by TED Conferences, LLC or its affiliates.

Skills for Success - Stella Cottrell 2010-06-15

Following-on from *The Study Skills Handbook*, this book enables students to think about personal, academic and career goals and to plan

a path to success. Rich in activities that develop valuable career skills, this edition has a new chapter on Understanding your Personal Performance, and updated information on job applications.

Hospitality Management - Laurie J. Mullins 1995

This text provides a detailed study of ways in which performance can be improved in the hospitality industry through the effective management of human resources. It recognizes the diverse nature of the hospitality industry but makes particular reference to the hotel sector. Review, discussion questions, real-life case studies and examples are provided.

Organisational Behaviour and Analysis - Derek Rollinson 2002

The new edition of this successful text provides an overview of organisational behaviour and analysis for students of all levels who are taking their first course in the study of people in organisations. It has been purposefully designed for accessibility and to make teaching and learning both relevant and stimulating. Classic Features *A novel, integrative approach combining both organisational behaviour and organisational analysis. *A deliberate avoidance of the managerialist approach characteristic of many leading textbooks, which better equips students to understand human behaviour in organisations. *Offers a critical framework which encourages students to engage in discussion of the theories and concepts presented in the text. *Comprehensive coverage of major theories and concepts, including crosscultural and international perspectives. *Strong pedagogy, including learning outcomes, short case studies, review and discussion questions and further readings. *Time Out exercises, designed to enable students to draw on their own experiences to apply concepts and theories in personal study or classroom discussion. New Features *Five new sections spread throughout the book, devoted t

Organizational Behavior in Health Care - Nancy Borkowski 2009-12-23
Organizational Behavior in Health Care was written to assist those who are on the frontline of the industry everyday—healthcare managers who must motivate and lead very diverse populations in a constantly changing environment. Designed for graduate-level study, this book introduces the reader to the behavioral science literature relevant to the study of

individual and group behavior, specifically in healthcare organizational settings. Using an applied focus, it provides a clear and concise overview of the essential topics in organizational behavior from the healthcare manager's perspective. Organizational Behavior in Health Care examines the many aspects of organizational behavior, such as individuals' perceptions and attitudes, diversity, communication, motivation, leadership, power, stress, conflict management, negotiation models, group dynamics, team building, and managing organizational change. Each chapter contains learning objectives, summaries, case studies or other types of activities, such as, self-assessment exercises or evaluation.

Mullins: Organisational Behaviour in the Workplace - Laurie J Mullins 2019-07-22

Everything you need to know about organisational behaviour in the workplace for your future career in management, in one industry-leading text. *Organisational Behaviour in the Workplace*, 12th edition by Laurie Mullins is the new, modernised edition of the text *Management & Organisational Behaviour*, ideal for students and professionals. This new version guides students through the person-organisation relationship, shedding new light on aspects regarding the understanding, prediction, and control of human behaviour at work. By incorporating new engaging content and a range of case studies, this revised edition applies theories around the concepts of individual personality and groups, and leadership and management, aiming to help you understand all aspects of organisational behaviour, performance, and culture, from theory to practice. Key features include: Overview topic map that improves the flow of topics and facilitates the connection with other chapters. *Organisational Behaviour in Action* — a series of case studies that give valuable insight into real-world examples. 'You' — critical thinking questions that encourage self-reflection and active reading. New section *Critical Thinking Zone*, written by practitioner Dr. Jacqueline McLean, demonstrating activities that develop critical thinking via different viewpoints in researched articles. Personal skills and employability sections that help you develop your social and work-based skills in preparation for life after studying. Conceptual mind maps of complex

topics that aid understanding and revision. Student companion website that includes further information, self-test questions, and helpful videos. With a plethora of questions, activities, and employability sections, this market-leading text supports your deeper understanding of the subject and the development of your critical thinking and employability skills, which will prove invaluable later in your career.

The Empowered Manager - Peter Block 1993-10

Digital version of the book of the same title. Offers search capability, notes option, and bookmark feature.

Management and Organisational Behaviour - Laurie J. Mullins 2016

The New Business Road Test - John W. Mullins 2010

Starting your own business is a daunting task. No matter how talented you are, no matter how much capital you have, no matter how good your business plan is, if you're pursuing a fundamentally flawed opportunity you're heading for failure. So before spending time and money on a new enterprise it's vital to know if your idea is actually going to work in practice. The New Business Road Test shows you how to avoid the obvious mistakes that everyone else makes. The new edition of this best-selling book features: * *A new version of the 7 domains model. *Updated case studies that reflect the changes that have happened in the last four years. *Chapter 13 has been rewritten to make the Industry Analysis Checklist more understandable. *A new author run companion website for readers to access extra information. The third edition of The New Business Road Test will show you how to honestly assess your idea so that you can ensure your business is built on a winning concept. Building on lessons learned by real entrepreneurs and international companies including Nike, Tesco and Starbucks, and using his unique seven domains model of attractive opportunities, John Mullins will show you how to avoid the obvious mistakes that everyone else makes and make sure that your business stands a fighting chance of success.

Work and Organizational Behaviour - John Bratton 2020-11-18

Critical and accessible, the new edition of this bestselling textbook offers valuable insight into contemporary management practices and encourages readers to reflect on the realities of the workplace. *Work and Organizational Behaviour* takes a unique and well-rounded approach, exploring key theories and topics through the lenses of sociology, psychology, ethics and sustainability. Firmly embedded in the latest research and the wider geopolitical environment, this new edition places OB in the context of climate change, the rise of unstable working conditions and the impact of new technologies. A strong suite of pedagogy supports student learning, demonstrating key theories in action and preparing readers for the real world of work. Cases and features illustrate contemporary organizational practices and their impact across the world, in a range of industries. With streamlined content, an improved structure, and an enhanced focus on leadership, *Work and Organizational Behaviour* is an essential companion for OB modules at undergraduate, postgraduate and MBA levels. New to this Edition: - New chapters on 'Work and the gig economy' and 'Human resource management' - New decision making scenarios helping readers to develop practical leadership skills - 200+ new references to recent academic literature - Inclusion of important contemporary topics, including Covid-19 and the gig economy - Coverage of new technologies, including the impact of AI, robots, remote working and big data - Increased coverage of corporate social responsibility and ethics - New end of chapter cases, Reality of Work features and Globalization and Organization Behaviour features

Introduction to Law - Jaap Hage 2017-08-07

This book is exceptional in the sense that it provides an introduction to law in general rather than the law of one specific jurisdiction, and it presents a unique way of looking at legal education. It is crucial for lawyers to be aware of the different ways in which societal problems can be solved and to be able to discuss the advantages and disadvantages of different legal solutions. In this respect, being a lawyer involves being able to reason like a lawyer, even more than having detailed knowledge

of particular sets of rules. Introduction to Law reflects this view by focusing on the functions of rules and on ways of arguing the relative qualities of alternative legal solutions. Where 'positive' law is discussed, the emphasis is on the legal questions that must be addressed by a field of law and on the different solutions which have been adopted by, for instance, the common law and civil law tradition. The law of specific jurisdictions is discussed to illustrate possible answers to questions such as when the existence of a valid contract is assumed.

Management and Organisational Behaviour - Laurie J. Mullins 2007

This eighth edition brings fresh evidence to explore theory in practice, and a wide range of brand new and intriguing examples and case studies on issues and organisations that are engaging, relevant and contemporary.

The Practice of Management - Peter Drucker 2012-07-26

This classic volume achieves a remarkable width of appeal without sacrificing scientific accuracy or depth of analysis. It is a valuable contribution to the study of business efficiency which should be read by anyone wanting information about the developments and place of management, and it is as relevant today as when it was first written. This is a practical book, written out of many years of experience in working with managements of small, medium and large corporations. It aims to be a management guide, enabling readers to examine their own work and performance, to diagnose their weaknesses and to improve their own effectiveness as well as the results of the enterprise they are responsible for.

Management - John Naylor 2004

This text is written for those studying management for the first time. Written in an accessible style and illustrated with a wide variety of diagrams and examples, it encourages its audience to engage in a critical discussion of key themes and concepts of management. The second edition The text retains all the strengths of the first edition within a more concise and refined structure. The foundations of management, its origins and context, are examined in the light of contemporary themes such as globalisation, social responsibility, quality and enterprise.

Practical applications and examples taken from many sectors, nations and organisational sizes and types both illustrate and challenge taken-for-granted management assumptions and prescriptions.

Scottish Business Law - Moira MacMillan 1997-01

The book provides a clear, readable and concise account of a broad range of topics for students who are studying law as part of another course. It is widely used on national diploma courses, and also on first degree courses in Accountancy, Business Studies and Commerce.

Develop Your Leadership Skills - John Adair 2013-03-03

Develop Your Leadership Skills is John Adair's most accessible title on leadership. Full of exercises and checklists, it will boost your confidence levels and guide and inspire anyone on their journey to becoming a leader of excellence. Acknowledged as a world expert, John Adair offers stimulating insights into recognizing and developing individual leadership qualities, acquiring personal authority and, most importantly, mastering core leadership functions such as planning, communicating and motivating. Suitable for anyone who wishes to improve or develop their leadership skills, this guide distills the essence of John Adair's teaching and provides a framework for becoming an effective leader.

Social Intelligence - Daniel Goleman 2006-09-26

Emotional Intelligence was an international phenomenon, appearing on the New York Times bestseller list for over a year and selling more than five million copies worldwide. Now, once again, Daniel Goleman has written a groundbreaking synthesis of the latest findings in biology and brain science, revealing that we are "wired to connect" and the surprisingly deep impact of our relationships on every aspect of our lives. Far more than we are consciously aware, our daily encounters with parents, spouses, bosses, and even strangers shape our brains and affect cells throughout our bodies—down to the level of our genes—for good or ill. In Social Intelligence, Daniel Goleman explores an emerging new science with startling implications for our interpersonal world. Its most fundamental discovery: we are designed for sociability, constantly engaged in a "neural ballet" that connects us brain to brain with those around us. Our reactions to others, and theirs to us, have a far-reaching

biological impact, sending out cascades of hormones that regulate everything from our hearts to our immune systems, making good relationships act like vitamins—and bad relationships like poisons. We can “catch” other people’s emotions the way we catch a cold, and the consequences of isolation or relentless social stress can be life-shortening. Goleman explains the surprising accuracy of first impressions, the basis of charisma and emotional power, the complexity of sexual attraction, and how we detect lies. He describes the “dark side” of social intelligence, from narcissism to Machiavellianism and psychopathy. He also reveals our astonishing capacity for “mindsight,” as well as the tragedy of those, like autistic children, whose mindsight is impaired. Is there a way to raise our children to be happy? What is the basis of a nourishing marriage? How can business leaders and teachers inspire the best in those they lead and teach? How can groups divided by prejudice and hatred come to live together in peace? The answers to these questions may not be as elusive as we once thought. And Goleman delivers his most heartening news with powerful conviction: we humans have a built-in bias toward empathy, cooperation, and altruism—provided we develop the social intelligence to nurture these capacities in ourselves and others.

Organisational Behaviour in the Workplace - Laurie J. Mullins 2019
A comprehensive textbook, completely refreshed to engage students through real life case studies and develop their critical thinking. A new title to reflect the focus on organisational behaviour and written specifically for undergraduate first year students.

Essentials of Organisational Behaviour - Laurie J. Mullins 2011
This concise introduction to Organisational Behaviour has been developed specifically for short courses and/or non-specialist business students. It focuses on the core topics of the discipline in a detailed and engaging way, providing a readable introduction to the key theory and offering real-life examples to show its application in practice. Written for students on undergraduate and postgraduate degree programmes, this text is particularly suitable for students of non-business disciplines (e.g. engineering, IT, social sciences and others) who are taking an introductory module in business.

Organizational Behaviour - Andrzej Huczynski 2009-07-01
This text encourages participate teaching and active learning through a structured style and format, with each chapter containing a list of key concepts and objectives.
