*What to Say in Every Job Interview: How to Understand What Managers are Really Asking and Give the Answers that Land the Job* - Carole

Martin 2013-12-27  
"TELL ME ABOUT YOURSELF .  
. ." Decode the hidden meaning  
behind interview questions and  
prepare the perfect answer to  
land the job During a job  
interview, there are no right or  
wrong answers, just better and  
worse answers. When you  
rethink the process in those  
terms, you'll gain a huge  
advantage over the  
competition. What to Say in  
Every Job Interview shows you  
how to focus on the factors of  
the job, rather than answering  
questions "correctly." As a  
professional interviewer,  
Carole Martin has spent years  
on the other side of the desk.  
She knows exactly what she's  
looking for in every job  
candidate and exactly how to  
find it. Now, she reveals all the  
secrets. Martin gives you a  
holistic plan for preparing  
yourself to best answer every  
interviewer's three primary  
concerns: Can you perform the  
job? Are you a good fit with the  
company culture? Can the  
company afford you? What to  
Say in Every Job Interview  
shows you where to find the

critical factor interviewers seek  
with each question and how to  
present yourself in the best  
possible way on the spot and  
under pressure.

In today's ultra competitive job  
market, only the best prepared  
candidates have a chance of  
standing up to the competition  
and progressing through the  
various stages of the interview  
process. From the best-selling  
Ultimate series, Ultimate  
Interview will give you all the  
background information that  
you need as well as essential  
practice to successfully  
navigate the interview rounds  
and secure that job offer.  
Uniquely among interview  
guidebooks, it organises  
common interview questions  
according to specific job types,  
such as management, sales and  
marketing, administrative and  
clerical. Each section looks at

the thinking behind the questions, and suggests an effective method of answering by utilising your experience and skill set, and demonstrating your ambitions. This new edition also focuses on how to transfer the crucial softer skills associated with successful interviews such as how to convey your alignment

to your future employer's values or demonstrate that you are the most willing rather than just capable candidate. With additional advice on researching the background to a vacancy, and how skills and characteristics can be assessed and developed, this book is a must-have for all serious job hunters.
